

Design Specifications:

Eco Berber™ Roll Goods

High Traffic, Indoor and Outdoor Applications

No Art Fees
No Set-Up Fees
10 Day Production

Eco Berber mats are produced using an inlay process, where colored material is cut and pieced together by hand before pressing into rubber. As a result, there are very strict design requirements for this product.

Minimum Text Height: 2" (includes lower case text)

Minimum Line Thickness: 1/4"

Any space between letters or design elements must be at minimum 1/4"

The text requirements are for general use; however, special fonts and very thin letter forms may need to be made larger or thicker and will be approached on a case-by-case basis.

Gradients, tints, screens and transparencies are not supported and should not be used.
