

It is with great pleasure that we announce the merger of Mountville Mills and The Andersen Company. The businesses you've trusted for more than half a century are joining as **M+A Matting** to better serve your matting needs.

Though we believe the new combined efforts of Mountville and Andersen will be a tremendous benefit to you, there are several things we want to point out that will NOT change:

- All Mountville and Andersen employees are being retained. You will continue to work with the same people you have worked with in the past.
- All offices and plants will remain open and operational.
- The products we currently provide to you will continue to be offered by M+A Matting.

As you can imagine, there are a lot of items behind the scenes that must be done. Our target completion date is scheduled for July 1, 2018; however, you will begin to see exciting changes before and after this date.

If you have any questions about the merger, you can contact any of us at any time. We are grateful to you not only for the opportunity to provide you with matting, but also for your loyalty and friendship which have enriched our relationship. We are confident that this change will serve us all well.

Sincerely,

M+A Matting
