

ABOUT US

Custom Mixing is Our Business

Mountville Rubber Company, LLC, a division of M&A Matting, is a custom rubber mixing business that serves customers with black and colored rubber from two factories in Lagrange, GA. As a financially strong and growth oriented organization, Mountville Rubber Company, LLC has made recent investments to improve its facilities and increase its capacity. We are a safe, modern and efficient operation offering a combined annual capacity of 80,000,000 pounds. With the ability to offer higher volume production on two 268 Liter mixers, one dedicated for color mixing and one dedicated for black mixing, Mountville Rubber has a lot to offer those needing custom compounding services. Our experienced staff is dedicated to providing the highest quality and service levels in the business, which is why we back our products with a 100% satisfaction guarantee.
