

Mountville Rubber is an ISO:9001:2015 certified company, serving customers with black and colored rubber compounds from two plants in LaGrange, GA. This financially strong, growth-oriented company has made investments of \$8,000,000 to increase capacity and modernize equipment. Mountville Rubber's plants are safe and efficient, offering a combined annual capacity of 80,000,000 pounds.

Mountville Rubber has a lot to offer those needing custom compounding services. With two mixing lines, we are equipped to handle high volume mixes as well as smaller volume mixes. Additionally, our experienced staff is committed to providing the highest quality and service levels in the business. This commitment to excellence is reflected in our **100% customer satisfaction guarantee.**
