

HOW WIC HELPS THE PUEBLO OF SAN FELIPE

MISSION OF WIC

To assure healthy pregnancies, healthy birth outcomes and healthy growth and development for women, infants and children up to age 5 who are at nutritional risk, by providing nutritious supplemental foods, breastfeeding promotion and support, education on healthy eating, and referrals to healthcare and critical social services.

FUN FACTS

HELD AN EVENING NUTRITION EDUCATION SESSION WITH WORLD BF WEEK WHICH RESULTED IN HIGH PARTICIPATION.

THE PUEBLO OF SAN FELIPE WIC USES SURVEY MONKEY TO ASK PARTICIPANTS ABOUT THEIR WIC EXPERIENCE.

SAN FELIPE WIC PARTICIPATION RATE HAS BEEN SLOWLY INCREASING, WITH MORE PHONE CALLS AND HOME FOOD PACKAGE DELIVERIES.

FROM OUR PARTICIPANTS

"In a world filled with unknowns, one thing has remained true throughout my journey as a mother. It's that breastfeeding is the single most beneficial thing I have been able to do for my children. Currently, I have been separated from my baby for two months. He was born at only 24 weeks and 3 days and is in the NICU. I have been pumping exclusively and it has been the hardest thing I have ever done. Without the support from the WIC staff, I wouldn't have been able to give him the one thing that has helped him more than medicine. I am so grateful for the amazing support and love I have received from WIC. WIC has no doubt played an unforgettable part in helping me give my three children the best nutrition possible."
