President & CEO Report to 2019 Annual Business Meeting
Calendar Year 2018: Baltimore, MD

Douglas Greenaway
NWA Success Highlights

• Strong WIC representation among the over 266,000 comments in response to the public charge proposed rule, impacting immigrant families accessing WIC and other public services.

• Launched a three-year extension of the national recruitment & retention campaign to bring more families to WIC, keep families on WIC longer, and improve public perception of the program.
NWA Success Highlights

• NWA received a three-year grant from the Robert Wood Johnson Foundation to support a new NWA project called Catalyzing Retention Efforts in WIC (CREW): Developing and Disseminating Evidence-Based Resources to Enhance the WIC Participant Experience.

• NWA received funding from the David & Lucile Packard Foundation to hold regional convenings with WIC staff for advocacy and social media trainings, discuss WIC’s role in addressing maternal and infant mortality, and explore growing state WIC associations.
NWA Success Highlights

• NWA unveiled a multimedia exhibit called “WIC Voices,” highlighting the personal experience of WIC participants in 12 clinics nationwide.

• NWA submitted public comments on menu labeling, added sugars, the Dietary Guidelines for Americans, FDA’s Nutrition Innovation Strategy, detention of migrant children, and the 2020 Census.
NWA Success Highlights

• NWA convened new task forces to address maternal mortality, infant mortality, farmer’s markets, the recruitment and retention of Registered Dietitians in WIC, and the inclusion of dads in WIC.

• WIC agencies in New Jersey, Puerto Rico, and the US Virgin Islands hosted NWA staff to discuss WIC advocacy around health disparities, including maternal and infant mortality.
Government Affairs Successes

• Breastfeeding Peer Counselor Fly-In with 6 peer counselors from 5 states on January 15th meeting with 30 House & Senate offices, including Chair Bobby Scott, D-VA, House Ed & Labor Committee and Ranking Member Virginia Foxx, R-NC.

• Fought back against immigration threats via Congress and the administration;

• Led nutrition community in opposing USDA efforts to relocate and reorganize Economic Research Service;
