What is WIC?

WIC is the Women, Infants and Children Supplemental Nutrition Program. It is a health and nutrition program.

Women who are pregnant (or were recently pregnant), and children up to age 5 that qualify for WIC benefits get healthy foods, education, and referrals to other services.

- WIC foods are good sources of protein, iron, calcium, folic acid, Vitamin C and fiber. These foods help mom have a healthy pregnancy. They also help children to be healthy and grow well.

- WIC promotes breastfeeding and gives help to moms and babies to breastfeed successfully.
