

Fish Weighing Scales at a Location Near You

The Arizona Game and Fish Department has placed 26 fish weighing scales at locations across the state. The scales are intended to ease the difficulty many anglers have had finding certified scales to weigh their record fish catches. The purchase of these scales is another example of the partnership between the Nongame Endangered Wildlife Program through the state Tax Checkoff Project, the Sportfish Restoration Program, and anglers. The fate of sportfishing and conservation of aquatic species are firmly connected and the success of each program is integral to the other. Remember to check the appropriate box on your state tax form to contribute to the Nongame Endangered Wildlife Program.
