

Guidelines for Writers
Arizona Wildlife Views
The official magazine published by
the Arizona Game and Fish Department
Effective July 1, 2016

Note: The current guidelines, posted to the magazine's website, govern the terms and conditions at time of publication.

Subject matter: General interest, how-to, photo features, popularized technical material on Arizona wildlife and wildlife management, habitat issues, outdoor recreation (involving wildlife, boating, fishing, hunting, bird watching, animal observation, off-highway vehicle use, etc.), and historical articles about wildlife and wildlife management. No "me and Joe" articles, anthropomorphism of wildlife or opinionated pieces not based on confirmable facts.

Guidelines: Queries or articles submitted on speculation are welcome. In general, e-mail queries are preferred. The deadline is June 1 for a query or article to be considered for the following calendar year. Articles accepted for publication may lie in wait for the appropriate issue. Submissions with professional-quality enhancements (digital photos, artwork) are encouraged. However, acceptance of an article does not guarantee accompanying photos and/or artwork will be used with the article when published.

Submissions: All copy must be submitted electronically (e-mail attachments as MS Word files are strongly preferred).

Payment: Contributors must obtain an Arizona vendor number via procure.az.gov. The number is required for us to process payment. Upon publication, we send an acknowledgment of services for material published, along with two contributor copies. Payment is made following issuance of the acknowledgment of services.

Fees and use rights: Fees are based on the assigned word count. Fees are \$250 (under 800 words), \$450 (800 to 1,199 words), \$600 (1,200 to 1,799 words), \$800 (1,800 to 2,500 words). Fees purchase: first North American serial rights, the right to use the title and a brief description of the article in promotional materials (whether printed or electronic), and the right to reprint an article for educational purposes only.

An additional fee of \$100 is added to purchase the right to republish text in the digital version of Arizona Wildlife Views. Arizona Wildlife Views articles may also be republished on the department's website and in social media outlets. All other uses, printed or electronic, remain protected and subject to further compensation.
