

Kopin to Demonstrate Advanced Soldier & Pilot Vision Systems During SOF Week 2025

WESTBOROUGH, Mass. - Kopin Corporation (NASDAQ: KOPN) a leading provider of application-specific optical systems and high-performance microdisplays for defense, training, enterprise, industrial, consumer and medical products, today announced its presence at SOF Week 2025, taking place in Tampa, Florida, from May 5-8, 2025.

During SOF Week, Kopin will demonstrate its advanced displays, optics and head-mounted systems specifically designed for Augmented Reality applications in both combat environments and Virtual Reality applications for training environments. These front-edge technologies and products are designed to enhance situational awareness and support faster decision-making for the war fighter. Kopin's visitors will experience live demos of DayVAS™ and DarkWAVE™ augmented HUD modules for daytime and nighttime use, VR head-mounted displays for training, high-brightness/high-contrast MicroLED displays, and other tailored solutions for special operations forces.

Hear about Kopin's latest initiative to define the optimal color MicroLED specifications for Extended Reality (XR) heads-up displays (HUDs) in warfighter XR applications. Learn more here: <https://tinyurl.com/d8hwz7zs>.

Forward Looking Statements

Statements in this press release may be considered "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), which are subject to the safe harbor created by such sections. Words such as "expects," "believes," "can," "will," "estimates," and variations of such words and similar expressions, and the negatives thereof, are intended to identify such forward-looking statements. We caution readers not to place undue reliance on any such "forward-looking statements," which speak only as of the date made, and advise readers that these forward-looking statements are not guarantees of future performance and involve certain risks, uncertainties, estimates, and assumptions by us that are difficult to predict. These forward-looking statements may include statements with respect to the expected performance and benefits of DayVAS and DarkWAVE; and belief that our high-performance microdisplays combined with innovative near-eye optics enable Kopin's HUD products to meet the needs of the warfighter by enhancing the utility and safety of the ATAK systems in use today. Various factors, some of which are beyond our control, could cause actual results to differ materially from those expressed in, or implied by, such forward-looking statements. All such forward-looking statements, whether written or oral, and whether made by us or on our behalf, are expressly qualified by these cautionary statements and any other cautionary statements that may accompany the forward-looking statements. In addition, we disclaim any obligation to update any forward-looking statements to

reflect events or circumstances after the date of this press release, except as may otherwise be required by the federal securities laws. These forward-looking statements are only predictions, subject to risks and uncertainties, and actual results could differ materially from those discussed. Important factors that could affect performance and cause results to differ materially from management's expectations are described in Part I, Item 1A. Risk Factors; Part II, Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations; and other parts of our Annual Report on Form 10-K for the fiscal year ended December 30, 2024, or as updated from time to time by our Securities and Exchange Commission filings.
