Revenue in the twelve months ended December 31, 2021 of \$5,382,565 was up 53.5 percent from \$3,506,268 in the twelve months ended December 31, 2020. "We are pleased to announce favorable results for the year ended December 31, 2021 as compared to the same period in 2020," stated Mark Raab, the Company's Corporate Controller. "There were positive impacts to earnings from the accounting for Employee Retention Tax Credits and PPP loan forgiveness during the year, but the financials also reflect a continued strengthening of operating results as tourist activity in New York City continues to rebound. While there are no guarantees that tourist traffic will continue to increase, and the long-term impact of the pandemic remains to be determined, we are optimistic that this trend will continue," concluded Mr. Raab.
