NEW YORK, Aug. 15, 2022 (GLOBE NEWSWIRE) -- Saker Aviation Services, Inc. (OTCQB: SKAS), an aviation services company specializing in ground-based services to the general aviation marketplace, today announced its financial results for the three months ended June 30, 2022.

"We are pleased to announce the financial results for the three months ended June 30, 2022 as compared to the same period in 2021," stated Mark Raab, the Company's Corporate Controller. "Our increase in revenue is primarily due to higher demand for tours in New York City as tourist activity continues to rebound from 2021 levels, as well as increased activity at our Kansas location. While there are no guarantees that tourist traffic in New York will continue to increase, we are optimistic that this trend will continue. Our increase in net income is primarily due to higher levels of demand at our New York location as well as higher non-recurring other income items recorded in the second quarter of 2022 as compared to the same quarter in 2021," concluded Mr. Raab.
