Time: 10:45 a.m. Eastern time (7:45 a.m. Pacific time) - Track 3

Webcast: <https://wsw.com/webcast/oppenheimer19/lwlg/2799300>

A live audio webcast and archive of the Oppenheimer Summit presentation will be available using the link to the conference website above. For more information or to schedule a meeting, please contact your ROTH or Oppenheimer representative.

### **About Lightwave Logic, Inc.**

Lightwave Logic, Inc. (NASDAQ: LWLG) is developing a platform leveraging its proprietary engineered electro-optic (EO) polymers to transmit data at higher speeds with less power. The Company's high-activity and high-stability organic polymers allow Lightwave Logic to create next-generation photonic EO devices, which convert data from electrical signals into optical signals, for applications in data communications and telecommunications markets. For more information, please visit the Company's website at [lightwavelogic.com](http://lightwavelogic.com).
