

SharpLink Announces Total ETH Holdings Rise to 837,230 as of August 31, 2025

Total Staking Rewards Increased to 2,318 ETH as of August 31, 2025

MINNEAPOLIS, MN, Sept. 02, 2025 (GLOBE NEWSWIRE) -- SharpLink Gaming, Inc. (Nasdaq: SBET) ("SharpLink" or the "Company"), one of the world's largest corporate holders of Ether ("ETH") and prominent industry advocate of Ethereum adoption, today issued its update on the Company's ETH purchases for the period Monday, August 25, 2025 through Sunday, August 31, 2025; and capital raised through its At-the-Market ("ATM") facility during the week Monday, August 25 through Friday, August 29, 2025.

"SharpLink continues to execute our treasury strategy with precision, successfully growing our ETH holdings to 837,230 and consistently earning staking rewards. We remain opportunistic in our capital raising initiatives and will continue to closely monitor market conditions to maximize shareholder value," stated Joseph Chalom, Co-Chief Executive Officer of SharpLink.

Key Highlights for the Week Ending August 31, 2025:

- Purchased 39,008 ETH.
- \$46.6 million in net proceeds were raised through the ATM facility this past week.
- Average ETH purchase price for the week was \$4,531.
- Total ETH holdings increased to 837,230, currently valued at over \$3.6 billion.
- Total staking rewards rose to 2,318 ETH since launch of treasury strategy on June 2, 2025.
- ETH Concentration rose to 3.94, up over 97% since June 2, 2025.
- Approximately \$71.6 million cash and equivalents on hand.

* To enhance transparency into the Company's yield performance, SharpLink introduced a new reporting metric called "ETH Concentration." This metric is calculated by dividing the number of ETH SharpLink holds by each 1,000 assumed diluted shares issued and outstanding ("Assumed Diluted Shares Outstanding"). Assumed Diluted Shares Outstanding represents the sum of (i) SharpLink's actual shares of common stock issued and outstanding as of the end of each reporting period, inclusive of disclosed ATM sales, plus (ii) the additional shares that would be issued upon the assumed exercise or settlement of all outstanding warrants, pre-funded warrants, stock option awards, and restricted stock units. Notably, Assumed Diluted Shares Outstanding is not calculated using the treasury stock method. It does not account for equity award vesting conditions, stock option exercise prices, or contractual restrictions limiting the convertibility of debt instruments. Additionally, it excludes any assumed share repurchases that would ordinarily be considered under the treasury stock method. Cash-converted basis assumes full cash deployment into ETH at week-ending closing price.

Forward-Looking Statement

Statements in this press release about future expectations, plans and prospects, as well as any other statements regarding matters that are not historical facts, may constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, and these forward-looking statements are subject to various risks and uncertainties. Such statements include, but are not limited to, the execution of the Company's treasury strategy and other statements that are not historical facts, including statements which may be accompanied by the words "intends," "may," "will," "plans," "expects," "anticipates," "projects," "predicts," "estimates," "aims," "believes," "hopes," "potential" or similar words. Actual results could differ materially from those described in these forward-looking statements due to certain factors, including without limitation, the Company's ability to achieve profitable operations, fluctuations in the market price of ETH that will impact the Company's accounting and financial reporting (see accounting rules discussed below), government regulation of cryptocurrencies and online betting, changes in securities laws or regulations, customer acceptance of new products and services, the demand for its products and its customers' economic condition, the impact of competitive products and pricing, the lengthy sales cycle, proprietary rights of the Company, changes in applicable laws or regulations, and its competitors, general economic conditions and other risk factors detailed in the Company's annual report and other filings with the SEC. Under U.S. generally accepted accounting principles, entities are generally required to measure certain crypto assets at fair value, with changes reflected in net income each reporting period. Changes in the fair value of crypto assets could result in significant fluctuations to the balance sheet and income statement results. Additionally, for certain types of crypto assets, the Company may be required to record associated impairment charges reflected in net income as a result of a decrease in the market price of ETH below the cost value at which the Company's ETH are carried on its balance sheet. Any forward-looking statements contained in this press release speak only as of the date hereof, and the Company does not undertake any responsibility to update the forward-looking statements in this press release.
