

Silynxcom Announces New Orders from Fire and Police Departments in Europe

Netanya, Israel, Feb. 24, 2026 (GLOBE NEWSWIRE) -- Silynxcom Ltd. (NYSE American: SYNX) ("Silynxcom" or the "Company"), a manufacturer and developer of ruggedized tactical communication headset devices, today announced the receipt of two new purchase orders from first-response units in two European countries.

The first order is a repeat purchase from a police department in Europe. This customer has previously acquired and is actively using the Company's advanced tactical headset systems and related communication accessories..

The second order comes from a fire department in Europe. This department will deploy the Company's rugged tactical communication equipment to enable clear and reliable communication in high-risk environments and complex rescue operations.

We believe that these new orders reflect the growing adoption of Silynxcom's combat-proven technologies among European first-response and security forces and the repeat order from a European police department reflects continued trust in Silynxcom's proven solutions for high-stakes law enforcement operations. The Company continues to expand its presence across Europe, serving leading customers through its network of professional distributors.

With a broad and established footprint in the region, Silynxcom is well-positioned to support the increasing demand for reliable, mission-critical communication solutions in challenging operational conditions.

About Silynxcom Ltd.

Silynxcom Ltd. develops, manufactures, markets, and sells ruggedized tactical communication headset devices as well as other communication accessories, all of which have been field-tested and combat-proven. The Company's in-ear headset devices, or In-Ear Headsets, are used in combat, the battlefield, riot control, demonstrations, weapons training courses, and on the factory floor. The In-Ear Headsets seamlessly integrate with third party manufacturers of professional-grade ruggedized radios that are used by soldiers in combat or by police officers in leading military and law enforcements units. The Company's In-Ear Headsets also fit tightly into the protective gear to enable users to speak and hear clearly and precisely while they are protected from the hazardous sounds of combat, riots or dangerous situations. The sleek, lightweight, In-Ear Headsets include active sound protection to eliminate unsafe sounds, while maintaining ambient environmental awareness, giving their customers 360° situational awareness. The Company works closely with its customers and seek to improve the functionality and quality of the Company's products based on actual feedback from soldiers and police officers "in the field." The Company sells its In-Ear Headsets and communication accessories directly to military forces, police and other law enforcement units. The Company also deals with specialized networks of local distributors in each locale in which it operates and has developed key strategic partnerships with radio equipment manufacturers.

Forward-Looking Statements

This press release contains "forward-looking statements" within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995 and other federal securities laws and are subject to substantial risks and uncertainties. Forward-looking statements contained in this press release may be identified by the use of words such as "anticipate," "believe," "contemplate," "could," "estimate," "expect," "intend," "seek," "may," "might," "plan," "potential," "predict," "project," "target," "aim," "should," "will" "would," or the negative of these words or other similar expressions, although not all forward-looking statements contain these words. For example, the Company uses forward-

looking statements when it discusses anticipated customer deployment and use of its products, expected market adoption, future growth opportunities, expansion of its activities in Europe, its competitive positioning, and anticipated demand for its products. Further, certain forward-looking statements are based on assumptions as to future events that may not prove to be accurate. These and other risks and uncertainties are described more fully in the section titled "Risk Factors" in the Company's Annual Report on Form 20-F for the year ended December 31, 2024 filed with the U.S. Securities and Exchange Commission (the "SEC") on May 13, 2025, and other documents filed with or furnished to the SEC which are available on the SEC's website, www.sec.gov. The Company cautions you not to place undue reliance on any forward-looking statements, which speak only as of the date they are made. The Company undertakes no obligation to update these statements for revisions or changes after the date of this release, except as required by law.
