

## **Silynxcom Secures Order from European Army, Marking Entry into Additional European Market**

**Netanya, Israel, May 20, 2026 (GLOBE NEWSWIRE)** -- Silynxcom Ltd. (NYSE American: SYNX) ("Silynxcom" or the "Company"), a manufacturer and developer of ruggedized tactical communication headset devices, announced today that it has received a purchase order from an Eastern European army for its tactical communication systems.

The order includes a range of Silynxcom's field-proven tactical communication products, selected to meet the operational requirements of modern ground forces.

"This order reflects the growing international recognition of Silynxcom's ability to deliver reliable, mission-critical communication solutions that enhance operational effectiveness and soldier safety," said Nir Klein, CEO of Silynxcom. "We are proud to be chosen by this European army and view this as an important milestone in our expanding cooperation with European defense forces. It further demonstrates the trust placed in our systems by leading militaries around the world."

Silynxcom continues to expand its global footprint, with its solutions currently deployed by multiple elite military and law enforcement units worldwide.

### **About Silynxcom Ltd.**

Silynxcom Ltd. develops, manufactures, markets, and sells ruggedized tactical communication headset devices as well as other communication accessories, all of which have been field-tested and combat-proven. The Company's in-ear headset devices, or In-Ear Headsets, are used in combat, the battlefield, riot control, demonstrations, weapons training courses, and on the factory floor. The In-Ear Headsets seamlessly integrate with third party manufacturers of professional-grade ruggedized radios that are used by soldiers in combat or by police officers in leading military and law enforcements units. The Company's In-Ear Headsets also fit tightly into the protective gear to enable users to speak and hear clearly and precisely while they are protected from the hazardous sounds of combat, riots or dangerous situations. The sleek, lightweight, In-Ear Headsets include active sound protection to eliminate unsafe sounds, while maintaining ambient environmental awareness, giving their customers 360° situational awareness. The Company works closely with its customers and seek to improve the functionality and quality of the Company's products based on actual feedback from soldiers and police officers "in the field." The Company sells its In-Ear Headsets and communication accessories directly to military forces, police and other law enforcement units. The Company also deals with specialized networks of local distributors in each locale in which it operates and has developed key strategic partnerships with radio equipment manufacturers.
