

WeTouch Launches Taiwan Office, Targeting \$10 Million in Annual Revenue

NOVAKON Collaboration Materialized with Initial Deliveries in Progress

CHENGDU, CN / [ACCESS Newswire](#) / August 6, 2025 / WeTouch Technology Inc. ("WeTouch" or the "Company"), a global innovator in touchscreen display solutions, today announced that the company has officially launched its Taiwan region office, marking another major milestone in its Asia-Pacific expansion. Following the successful rollout of its Korea operations, the Taiwan region office serves as a new strategic anchor - linking the region's robust industrial ecosystem with broader cross-strait and global supply chains.

As its first major achievement in Taiwan, WeTouch has entered into a cooperation agreement with NOVAKON, a leading Taiwanese automation company. The initial order from NOVAKON has already moved into the fulfillment stage.

"The Taiwan area is not just a market - it's a strategic bridge between advanced manufacturing and high-potential export networks," said Mr. Zongyi Lian, CEO of WeTouch Technology Inc. and a native of Taiwan area. *"This early success with NOVAKON affirms our local execution capabilities and validates our belief that deep localization is the key to long-term regional success."*

Market Outlook: Taiwan Revenue Expected to Reach \$10 Million Annually

With strong early momentum, WeTouch anticipates that its Taiwan area operations will generate approximately \$10 million in annual revenue, driven by increasing demand across the automation, electronics, and high-value export sectors. The company plans to further invest in local talent, infrastructure, and strategic partnerships to support its long-term growth ambitions.

The Company expects to complete its fiscal year 2024 audit by the end of August 2025, in alignment with its reporting and disclosure schedule.
