

Plains Midstream Canada Comments on Pipeline Incident

Earlier today Plains Midstream Canada (Plains) coordinated with the Energy Resources Conservation Board (ERCB) on the issuance of a press release regarding a release of crude oil along the Rainbow pipeline in the Evi area, located east of the Peace River, AB. Plains has the following to add to that press release:

"Environmental assessment staff, spill response specialists, and monitoring equipment are being mobilized. Our crews are working to contain the spill, minimize its impact, and begin clean-up efforts. Southbound crude oil flows on the Rainbow Pipeline from the Nipisi Terminal to Edmonton remain in service."

Plains Midstream Canada is an indirect subsidiary of Plains All American Pipeline, L.P. (NYSE:[PAA](#))

Plains All American Pipeline, L.P. is a publicly-traded master limited partnership engaged in the transportation, storage, terminalling and marketing of crude oil, refined products and liquefied petroleum gas and other natural gas related petroleum products. Through its general partner interest and majority equity ownership position in PAA Natural Gas Storage, L.P. (NYSE: [PNG](#)), PAA is also engaged in the development and operation of natural gas storage facilities. PAA is headquartered in Houston, Texas.
