

Plains All American Pipeline Announces Open Season for Permian Basin to Corpus Christi Pipeline

Potential to Add Up to 575,000 Barrels Per Day of Permian Basin Pipeline Takeaway Capacity

A subsidiary of Plains All American Pipeline, L.P. (NYSE:PAA) today announced it has received sufficient customer interest to conduct a binding open season for committed crude oil transportation from the Permian Basin to the Corpus Christi/Ingleside area (the "Pipeline"). Origin points will be Orla, Wink South, Midland, Crane and McCamey, TX. The open season provides an opportunity for shippers to enter into transportation services agreements providing for long-term crude oil transportation on the Pipeline and committed tariff rates.

The Pipeline will include a combination of existing pipelines and two new pipelines. The first new pipeline will extend from Wink South to McCamey, TX, and the second pipeline will extend from McCamey to the Corpus Christi/Ingleside area. Subject to receipt of necessary permits and regulatory approvals, the Pipeline could be operational in third-quarter 2019.

Additional information is contained in a Notice of Open Season that is posted on our website at <https://www.plainsallamerican.com/customer-center/pipeline-tariffs/open-seasons>.

Interested parties should contact Kevin Snodgrass at 713-646-4616. As described in the Notice of Open Season, interested entities must sign a confidentiality agreement before receiving the open season documents. The open season begins on December 13, 2017 and will end at 12 p.m. CT on January 12, 2018.

Forward Looking Statements

This press release may include certain statements concerning expectations for the future that are forward-looking statements as defined by federal law. Such forward-looking statements are subject to a variety of known and unknown risks, uncertainties, and other factors that are difficult to predict and many of which are beyond management's control. An extensive list of factors that can affect future results are discussed in PAA's Annual Report on Form 10-K and other documents filed from time to time with the Securities and Exchange Commission. PAA undertakes no obligation to update or revise any forward-looking statement to reflect new information or events.

Plains All American Pipeline, L.P. is a publicly traded master limited partnership that owns and operates midstream energy infrastructure and provides logistics services for crude oil, natural gas liquids ("NGL"), and natural gas. PAA owns an extensive network of pipeline transportation, terminalling, storage and gathering assets in key crude oil and NGL producing basins and transportation corridors and at major market hubs in the United States and Canada. On average, PAA handles over 5 million barrels per day of crude oil and NGL in its Transportation segment. PAA is headquartered in Houston, Texas.
