Data Analyst, Sales

About the job:

One of the Boston area's fastest growing technology companies, Jobcase is the only social media site dedicated to empowering the world's workforce. Jobcase is a social media platform that connects our 90 million+ members to each other and potential employers.

We are looking for a Quantitative Data Analyst to join our Employer Solutions Marketing team. You will be responsible for building, automating, and maintaining data pipelines for our customers and prospects database. The ideal candidate is self-directed and detail oriented, with strong analytical, problem solving, and creative thinking skills.

What you’ll be doing here:
- Build, automate, and maintain data pipelines for collection and replication of information.
- You’ll query, wrangle, and clean messy data. Gather and process raw data at scale (including writing scripts, web scraping, calling APIs, etc.)
- Process unstructured data into a form suitable for analysis - and then do the analysis and build visualizations.

About you and your skills:
- Can creatively collect and scrape data through a variety of means (e.g., APIs and spiders)
- Demonstrable skill for cleaning, organizing, and preparing data for analysis
- Ability to write lengthy code as needed to solve problems, automate processes, or execute data science models
- Ability to work on multiple projects with limited input from management
- Ready to wear any hat necessary to help the company succeed and able to identify what must be done next without directly receiving an assignment from management
- Intellectually curious, with a demonstrated commitment to continuous growth
- Bachelor’s Degree.
- 2-4 years of relevant experience.
- Solid experience with data, mathematics, or statistics.
- Proficient in Python, R, or other programming languages (s).
- Proficient in designing efficient and robust ETL workflows a plus.
- Strong attention to detail and ability to meet tight deadlines in a fast-paced environment.
- Excellent communications skills and a team player.
- Ability to perform under tight deadlines.

About Jobcase:
- Affiliated partner of MIT's Computer Science and Artificial Intelligence Laboratory, CSAIL
- We cover 100% of both medical and dental
- We pay for employee parking/MBTA costs
- Unlimited PTO
- Fully stocked kitchen & we host lots of fun all-company events
- Boston Business Journal best place to work 2015, 2016, 2017, 2018
