Baltimore, Maryland 21202

**Water Contract 1387
Various Locations of Rehabilitation and
Water Main Replacement**

May 2025

To Whom it May Concern,

Below is the project construction status update. Planned Work for May 2025

Work in Progress:

- Installation of new 8-inch ductile iron water main in the 2200 block of Tucker Lane.
- Transferring of water house connections to the newly installed water mains where disinfection and testing have been completed. You may experience a 30–60-minute service interruption when you are being connected to the new water main.
- Permanent restoration Terrace Road and North Calverton Road
- Installation of new 8-inch ductile iron water main on the 1600 block of Etting Ave.
