Government Finance Officers Association Distinguished Budget Award

GOVERNMENT FINANCE OFFICERS ASSOCIATION

Distinguished Budget Presentation Award

PRESENTED TO

**City of Baltimore
Maryland**

For the Fiscal Year Beginning

July 01, 2024

Christopher P. Morill

Executive Director

Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of Baltimore, for its Fiscal 2025 Budget for the fiscal year beginning on July 1st, 2024. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as a financial plan, as an operations guide, and as a communications device.

This award is valid for a period of Fiscal 2025 only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

Intentionally left blank.

FISCAL 2026

SUMMARY OF THE ADOPTED BUDGET

Introduction

Intentionally left blank.

BRANDON M. SCOTT
MAYOR

*100 Holliday Street, Room 250
Baltimore, Maryland 21202*

To: The Honorable Board of Estimates and City Council

From: Mayor Brandon M. Scott

Subject: Fiscal 2026 Adopted Budget

Outlook for Fiscal 2026

Fiscal 2026 marks a pivotal moment for the City of Baltimore. As with most of our budget outlooks each year, this one was filled with both opportunities and challenges, exacerbated by uncertainty at the federal level and a growing state deficit. Even in the face of a challenging budget, my Administration is committed to investing in our young people and older adults, improving our core service delivery, and continuing the historic progress we have made on public safety. The Fiscal 2026 budget is a reflection of our city's values. This is not just our city's financial plan for the next year, it is a blueprint for our future—designed to continue to invest in the safety, health, and prosperity of every resident.

This budget prioritizes youth development, public safety, neighborhood revitalization, and responsible stewardship of our resources. By building on the progress we've made and strategically investing in our city's growth, we can ensure that Baltimore remains a place where opportunity is accessible to all, and every neighborhood has the tools it needs to thrive.

In these uncertain times, my administration remains focused on creating a stronger, more equitable future for all Baltimoreans. With this budget, we continue to work toward being a city where every resident has the chance to reach their full potential, and where our collective well-being is at the center of every decision.

While this budget looks ahead to next fiscal year, making lasting progress toward these goals requires us to look beyond the immediate budget and focus on the long-term strategies that will drive sustained investment in our city. Later this year I will be publishing the City's next 10-Year Financial Plan, which will outline our financial goals through Fiscal 2036. This plan will guide how we invest in our city to meet the needs of both current and future generations. The cornerstones of this plan are:

1. Making investments to continue improving core City Service Delivery
2. Increasing capital spending for Infrastructure Investment; and,
3. Investing in strategies to provide Property Tax Relief for Baltimore's homeowners

The full plan will follow later this year, but the work begins with this year's budget proposal by focusing on stepping up infrastructure investment. My proposed budget increases the GO borrowing allocation and makes additional investments in capital projects. The Capital Budget includes \$125 million in GO Borrowing for capital projects, a 56% increase from prior borrowing levels, which will grow our investments in affordable housing, school construction, and City parks. We will also invest \$40 million in additional capital projects, allowing us to increase investment in homeless shelters, home ownership incentives, and parks facilities.

Fiscal 2026 Spending Plan

The spending plan I submit for your consideration balanced an \$85.0 million shortfall by optimizing citywide costs, enhancing revenue in targeted ways, and continuing our focus on core city services. We approached these decisions by looking to avoid mistakes of the past where the budget was balanced on the backs of core services and investments in our communities. This year, we've made strategic adjustments in partnership with the agencies affected to ensure there are no major disruptions or impacts to city services. Specific actions reflected in my budget include:

- \$26.6 Million to generate new revenue. This package of proposals focuses on updating outdated fee structures and deterring nuisance behavior impacting quality of life in our city. This package does not include any increases to the City's property or income tax.
- \$43.7 Million to generate citywide savings through optimizing costs and aligning the budget with actual spending trends.
- \$14.7 Million in savings to individual agency budgets. These reductions avoid any major disruptions or impacts to City services.

The budget plan includes \$216.4 million from federal grants, which is essentially consistent with the Fiscal 2025 budget. We will continue to closely monitor the status of federal awards to understand where we may need to make future adjustments. I focused key investments in the budget around the Pillars that guide the outcomes we want to drive for our residents. These investments are summarized below.

Prioritizing Our Youth

The Adopted Budget invests \$634.4 million across all funds in services focused on Prioritizing our Youth. Key highlights and investments include:

- YouthWorks: Allocating funds to support 8,500 YouthWorks spots for the upcoming summer. Additional funding for the program is made available by leveraging funds from the Children and Youth Fund.
- Recreation Centers: The budget funds operating costs for three new Recreation Centers that will come online in Fiscal 2026: Chick Webb, Parkview, and Gardenville. The budget also allocates \$600,000 in recurring funding to continue enhancing programming across the City's Recreation Centers.
- Bmore for Healthy Babies: Allocating \$850,000 for the B'More for Healthy Babies program to continue providing services to over 10,000 families annually. This City investment will help to leverage matching Medicaid funds to support the program.

Building Public Safety

The Adopted Budget invests \$1.2 billion across all funds in services focused on Building Public Safety. Key highlights and investments include:

- Group Violence Reduction Strategy: Fully funding the staffing model for the Group Violence Reduction Strategy allowing the program to reach citywide.
- Police Department Civilianization: Continuing the strategy of transitioning administrative tasks from sworn Police Officers to civilian roles. The Fiscal 2026 budget civilianizes administrative functions for Police Districts, Asset Forfeiture, and Employee Wellness. The net savings from these actions is \$1.1 million annually.
- Parking & Traffic Safety: Continuing to enhance parking and traffic safety efforts within the Department of Transportation. The Adopted Budget maintains funding to continue 24-hour parking enforcement and staffing levels for these services.

Clean and Healthy Communities

The Adopted Budget invests \$1.1 billion across all funds in services focused on ensuring Clean and Healthy Neighborhoods. Key highlights and investments include:

- **Solid Waste Stabilization:** Investing \$5.0 million to continue enhancing recycling and trash collection within the Department of Public Works. The Fiscal 2026 budget provides funding to create an additional 15 crews making way for shorter routes and less reliance on overtime. The Adopted Budget also invests funding to create a dedicated team focused on improvements to Solid Waste facilities.
- **Deploying Opioid Restitution Funds:** The Adopted Budget allocates \$36.7 million from the Opioid Restitution Fund into City services focused on combatting the impacts of the opioid epidemic in our City. In Fiscal 2026, these funds will be used to expand opioid response efforts within the Health Department, provide funding opportunities to community-based organizations, and enhance EMS and homeless shelter operations.

Equitable Neighborhood Development

The Adopted Budget invests \$349.6 million across all funds in services focused on Equitable Neighborhood Development. Key highlights and investments include:

- **Bmore Fast Initiative:** Earlier this year I announced the Bmore Fast program to improve the City's permitting process. The Adopted Budget fully funds the newly launched permitting system and allocates funding to expand the permit review staff within the Fire Department. My budget also transfers the Office of Zoning Administrator from the Department of Housing and Community Development to the Planning Department. This change ensures the team enforcing the zoning code is aligned with the team establishing the City's zoning code.
- **Vacants Initiative:** I continue to work towards executing the \$3.0 billion initiative to eliminate vacants in the City of Baltimore. My budget expands on investments made this year by adding an additional \$1.5 million to further expand staffing cost focused on this critical work.
- **Establishing the Mayor's Office of Art, Culture, & Entertainment:** Maintaining a robust and vibrant arts and culture scene is part of the heartbeat of the City. In Fiscal 2026, I am providing \$2.0 million to establish a new team within my office that will be focused on cultivating events for our City, streamlining the special events process for neighborhoods, and coordinating with community-based partners. This effort is part of a broader plan to support the arts engine in our city including a renewed and more focused BOPA investment.

Responsible Stewardship of City Resources

The Adopted Budget invests \$221.7 million across all funds in services focused on the Responsible Stewardship of City Resources. Key highlights and investments include:

- **Investment to Reduce Reliance on Contracted Services:** During the pandemic, many services within City government turned to utilizing external contractors to backfill vacancies in critical City positions. My budget provides funding to create quality City jobs to replace the use of contractors within the Department of Finance and Information Technology. This transition is estimated to save the City \$1.5 million annually.
- **Continued Focus on Core Service Delivery:** One of the core tenets of my second term is to enhance and improve core City services that our residents depend on. Whether its ensuring trash is collected or that potholes are being repaired in a timely manner, I continue to focus all levels of City government on making these services work better for our residents. The Office of Performance and I-Team (Innovation Team) will continue to help agencies better leverage data to improve these services.

The Road Ahead

We find ourselves at a time of great uncertainty. We cannot control how decisions being made the federal level will flow through to our community, but we can ensure we have the tools to weather the upcoming uncertainty. The plan I have laid out for Fiscal 2026 seeks to do that by continuing to focus our fiscal stewardship through a structurally balanced budget while continuing to make measured investments in services that improve the quality of life for our residents.

A handwritten signature in cursive script that reads "Brandon M. Scott".

Brandon M. Scott
Mayor

About Baltimore

Baltimore City is the historic, business, education, and cultural center of Maryland, located between Washington, D.C. and New York City along the Interstate 95 corridor. The City was founded in 1729, incorporated in 1797, and became independent from Baltimore County in 1851. It is the most populous city in Maryland and the 30th most populous city in the United States.

The City is situated in one of the most populous, wealthiest and best educated population centers in the country. This provides access to a large and diversified workforce for the city, as well as expanded opportunity for residents. However, residents face various socio-economic issues and inequities that are rooted in historic policies, such as redlining and segregation. The City is working to address these realities every day by providing targeted equitable services to residents.

Baltimore benefits from a robust inter-city transportation network that includes multiple Interstate highways, the Amtrak Northeast Regional and Acela corridors, the Baltimore-Washington International Thurgood Marshall Airport, and the Maryland Area Rail Commuter (MARC) system. In the City, residents and visitors are served by a public transportation system that features a combination of light-rail, metro-rail, and bus service administered by the Maryland Transit Administration, which saw over 52.9 million riders in 2023. Off land, the Port of Baltimore functions as a major import and export hub, processing over 52.3 million tons of general cargo in 2023 and serving the in-land population as the closest seaport for the Midwest region. While Port operations were temporarily disrupted following the collapse of the Francis Scott Key Bridge, operations were able to resume in summer 2024. Bridge reconstruction efforts are underway and anticipated to be completed in 2028.

The City is home to multiple higher education institutions, such as Johns Hopkins University, University of Maryland Baltimore, Morgan State University, Coppin State University, and Maryland Institute College of Art. Johns Hopkins and the University of Maryland also extend into the healthcare sector, operating medical systems that serve the greater Baltimore region alongside Mercy Medical System and LifeBridge Health. This prominent health care and knowledge-related industry presence provides Baltimore with a strong economic backbone.

Geography and location

Baltimore City is located in the Central Maryland Region where the Patapsco River enters the Chesapeake Bay. The City has a total area of 92.1 square miles of which 11.67 square miles is water. This waterfront location provides the City with 61 miles of shoreline with residential, industrial, recreational, and military development along it.

Baltimore has designated 5,102 acres, or nearly 10% of the land, as park space. Some of the largest parks include Gwynns Falls-Leakin Park, which is the second largest woodland park in the United States, Druid Hill Park, and Herring Run Park. The neighboring municipalities of Baltimore and Anne Arundel County offer additional State parks and recreation areas within a 30-minute drive of downtown Baltimore.

The City officially contains 278 neighborhoods, that are grouped into 56 community statistical areas. Given the diverse topography, history, and demography of Baltimore, each of these areas offer a diverse set of amenities and cultural significance.

Demographic Profile and Trends

Based on U.S. Census data, Baltimore City has an estimated population of 585,708 as of the 2020 Census (revised July 25, 2025) and a population density of 6,360 people per square mile.

Income Distributions

The tables below presents historical data on average annual pay and per capita income of Baltimore City, Maryland, and US residents. Per capita income takes into consideration the entire population of Baltimore, including individuals outside the labor force such as children and retirees, while average annual pay only considers employed individuals. Employed individuals in Baltimore earn more on average than at the state or national level; however, the Baltimore's income distribution across the entire population (per capita) lags behind state and national levels. Data presented below is derived from annualizing average weekly pay figures provided by the Federal Reserve economic data.

Municipal Organization Chart

PREPARED BY THE DEPARTMENT OF LEGISLATIVE REFERENCE

Municipal Structure

Under the Baltimore City Charter the City's executive functions are vested in the Mayor, the Board of Estimates, and an independent Comptroller. The City's legislative functions are vested in the City Council.

Recent Charter Amendments

The City Charter defines the organization, powers, functions, and procedures of the City of Baltimore. In addition, it establishes the terms for election and removal, as well as term limits for elected officials.

In November 2022, Baltimore City voters passed a Charter amendment establishing term limits for the Mayor, City Council, City Council President, and Comptroller. The term limits establish that elected officials cannot hold the same office for more than two consecutive terms and cannot hold the same office for more than eight years during any 12-year period. These limits begin taking effect with officials elected in 2024.

Executive

Mayor

The Mayor is the chief executive officer of the City elected for four-year terms with no term limit restrictions. If the Mayor is disabled or absent from the City, the President of the City Council acts as ex-officio Mayor. If the Mayor resigns, is permanently disqualified, or dies in office, the President of the City Council becomes Mayor for the remainder of the term. The Mayor appoints department heads and municipal officers, serves on the Board of Estimates, and appoints two of the other four members of the Board of Estimates. The Mayor also has the authority to approve or veto ordinances.

- *Mayor:* Brandon M. Scott

Chief Administrative Officer

The Chief Administrative Officer provides additional professional management capacity to support the day-to-day operations of City government and advises the Mayor on the effective, efficient, and economically prudent administration of public resources. The City Administrator executes the Mayor's policies with the assistance of colleagues across City government. The City Administrator's Office is comprised of the Deputy City Administrator and three Deputy Mayors.

- *Chief Administrative Officer:* Faith P. Leach
- *Deputy City Administrator:* Shamiah Kerney
- *Deputy Mayor for Community and Economic Development:* Justin Williams
- *Deputy Mayor for Equity, Health, and Human Services:* Letitia Dzirasa
- *Deputy Mayor for Operations:* Khalil Zaied
- *Deputy Mayor for Public Safety:* Anthony Barksdale

Comptroller

The Comptroller is a citywide elected official that is a member of the Executive branch, but is independent of the Mayor. The Comptroller is elected to four-year terms with no term limit restrictions. Pursuant to Article V of the City Charter the Comptroller serves as a member of the Board of Estimates and the Board of Finance. The Comptroller has executive responsibility for the Department of Accounts Payable, the Department of Audits, the Department of Real Estate, the Department of Telecommunications, and the Municipal Post Office.

- *Comptroller:* Bill Henry

Board of Estimates

The [Board of Estimates](#) (BOE) formulates and executes the fiscal policy of the City with its primary policy tool being the recommended annual Ordinance of Estimates, the City's budget. The BOE is also responsible for awarding contracts and supervising all purchasing by the City. The BOE is composed of five voting members: the President of the City Council, who serves as President of the BOE, the Mayor, the Comptroller, the City Solicitor, and the Director of the Department of Public Works.

- *City Council President:* Zeke Cohen
- *Mayor:* Brandon M. Scott
- *Comptroller:* Bill Henry
- *City Solicitor:* Ebony Thompson
- *Interim Director of Public Works:* Matthew Garbark

Legislative

City Council President

The City Council President is citywide elected position that presides over the City Council and serves as a voting member. The Council President is also President of the Board of Estimates. The Council President is elected to four-year terms with no term limit restrictions. In the event of a vacancy in the Mayor's office, the Council President becomes Mayor for the remainder of that term. If the position of Council President is vacant, the members of the Council elect a new Council President

- *City Council President:* Zeke Cohen

City Council

The [City Council](#) is the City's legislative body, with the power to enact all ordinances and resolutions. City Council members are elected from 14 districts, and the President is elected at-large, by all voters of the City.

- *First District:* Mark Parker
- *Second District:* Danielle McCray
- *Third District:* Ryan Dorsey
- *Fourth District:* Mark Conway
- *Fifth District:* Isaac "Yitzy" Schleifer
- *Sixth District:* Sharon Green Middleton, Vice President
- *Seventh District:* James Torrence
- *Eighth District:* Paris Gray
- *Ninth District:* John T. Bullock
- *Tenth District:* Phylcia Porter
- *Eleventh District:* Zac Blanchard
- *Twelfth District:* .Jermaine Jones
- *Thirteenth District:* Antonio Glover
- *Fourteenth District:* Odette Ramos

Intentionally left blank.

FISCAL 2026

SUMMARY OF THE ADOPTED BUDGET

Budget Plan

Intentionally left blank.

Revenues and Expenditures

The total Fiscal 2026 Adopted Budget by the Department of Finance for the City of Baltimore is \$4.63 billion. This is an increase of \$420.1 million or 9.98% above the Fiscal 2025 Adopted Budget.

The Adopted Budget includes appropriations for both the [Operating Budget](#) and the [Capital Budget](#). The operating budget funds the daily business of the City, specifically covering programs, services, staff, and supplies. The capital budget funds physical infrastructure projects for the City, specifically major renovations and replacements that are long-term investments.

The Adopted operating budget is \$3.7 billion, an increase of \$220.6 million or 6.34%. The Adopted capital budget is \$932.0 million, which is an increase of \$199.5 million or 27.24%. The capital budget is subject to cyclical changes due to the timing of large construction projects.

See the [Key Budgetary and Financial Policies](#) for more information.

Ten-Year Financial Forecast

Long-term financial planning is essential to maintaining core City services through periods of revenue fluctuation. In accordance with the City Charter and fiscal policy, Baltimore is required to adopt a balanced budget each year. To support this mandate, the Bureau of the Budget and Management Research (BBMR) develops a 10-year financial forecast as part of the annual budget process. This long-range outlook enables the City to anticipate budget shortfalls and implement responsible and deliberately proactive strategies to maintain structural balance.

The Government Finance Officers Association (GFOA) recommends that governments forecast at least five years into the future, or longer for those reliant on debt issuance or utility rates. Baltimore exceeds this standard with its 10-year planning horizon. During the annual budget process, the City evaluates opportunities to reduce costs or enhance revenues, ensuring a balanced budget while pursuing long-term initiatives that strengthen the City's fiscal outlook. Examples of these initiatives include evaluating City owned physical assets, reassessing tax credit programs, and identifying alternative revenue sources.

In Fall 2024, BBMR produced a 10-year forecast based on early Fiscal 2026 projections. The current forecast assumes a balanced Fiscal 2026 budget, achieved through a combination of revenue enhancements and expenditure adjustments. Over the forecast period (Fiscal 2026–Fiscal 2035), revenues are projected to grow at an average annual rate of 2.4%, while operating expenses are expected to increase by 3.6%, resulting in an average annual structural deficit of approximately 1.2%. Key assumptions underlying the forecast include:

- Continued State mandated education funding contributions;
- Funding for salary costs based on ongoing labor negotiations;
- Continued inflation between 3.0% and 5.0% for contractual and material costs; and,
- Average property tax growth of 4.6%, with property tax credit costs remaining proportional to property taxes.

To address the projected long-term deficit, BBMR is preparing an update to the 10-Year Financial Plan. This updated plan will incorporate targeted initiatives aimed at achieving structural balance and will be published later this year.

10-Year Financial Forecast
(in millions)

Expenditures: Recommended vs. Adopted Budget

The preliminary budget is first introduced on behalf of the Department of Finance to the Board of Estimates (BOE). The BOE holds a special meeting with the Department of Finance and agency heads to discuss the budget along with a Taxpayers’ Night for residents to share their thoughts on the budget. Following these events, the BOE votes on the preliminary budget and, once approved, the recommended budget is sent to City Council for review. The City Council hosts a Taxpayers’ Night similar to the BOE, as well as a week of budget hearings with agencies. After these events, the City Council votes on the recommended budget. The City Council approved budget is then sent to the Mayor for review. The Mayor may approve the total budget or use their authority to issue a line item veto, vetoing some items and approving the rest of the budget.

The Fiscal 2026 [budget process](#) was the third year where the City Council had expanded authority to move funding within the General Fund by a majority vote.

Council Amendments

There were three amendments introduced during Council deliberations on the Fiscal 2026 budget. Ultimately two amendments were approved by the City Council.

Amendment 1: Multiple Agencies

- Amount Reallocated: \$8,015,000
- Approved: Yes

Purpose: Funding was reallocated for the following purposes:

- State’s Attorney Office: \$400,000 for Evidence Review Team
- Sheriff: \$750,000 for staffing costs
- City Council: \$2.9 million for community based organizations
- MR-Educational Grants: \$500,000 for youth related programming
- Mayor’s Office of Immigrant Affairs: \$2.0 million to expand and legal and support services for immigrant populations
- Department of Consumer Protection & Business Licensing: \$250,000 to stand up the newly established office

- Liquor License Board: \$75,000 for additional staffing costs
- Legislative Reference: \$150,000 for additional staffing costs
- Department of Public Works: \$750,000 for a zero waste curbside composting pilot
- Funds were reallocated from various agencies by assuming savings from various contracts and eliminating vacant positions

Amendment 2: Transfer funds from the State’s Attorney Office to the Office of the Inspector General

- Amount Reallocated: \$112,000
- Approved: Yes

Purpose: Transfer funding for the State’s Attorney Office to the Inspector General for additional staffing resources.

Amendment 3: Multiple Agencies

- Amount Reallocated: \$7,929,478
- Approved: No

Purpose: Reallocate funds from various agencies to offset the use of the Children and Youth Fund for the YouthWorks program.

Expenditures: Operating and Capital Fund Types

The Fiscal 2026 Adopted Budget totals \$4.6 billion spread across six different fund sources. Each type, and the individual fund sources that comprise it, are described below.

General Fund

The General Fund is the City's largest and principal fund, supported by locally generated revenues and some State Aid. The General Fund is used to budget and account for all activities not required by law, accounting practice, or management objective to be separately budgeted. These funds have the most flexibility in how they can be spent.

Special Purpose Budget Funds

The City's budget contains two special purpose budgetary funds, the Parking Management and Convention Center Bond funds. These funds are merged with the General Fund in the City's Annual Comprehensive Financial Report. The Parking Management Fund budgets for the operations of on-street parking activities and operations of parking facilities supported by the General Fund. The Convention Center Bond Fund budgets for debt service supported by the City's Hotel Tax, a General Fund revenue source. The City completed its final Convention Center debt service payment in Fiscal 2020, with future year contributions being made to offset future expansion or renovation costs.

Grant Funds

These funds are used to budget and account for all activities that have restricted uses supported by dedicated revenue. This group consists of federal, State, and private grant funds.

Special Revenue Funds

These funds are used to budget and account for all activities that have restricted uses supported by dedicated revenue funds from a variety of revenue sources that are restricted to a specific use by law, mandate, or policy. Budget appropriations for these funds represent spending authority for revenue anticipated to be received during the budget year.

Enterprise Funds

These funds are used to budget and account for operations, including debt service, that are financed and operated as an ongoing concern. Costs of providing services, including depreciation, are financed or recovered primarily through user charges or other dedicated revenues. Enterprise funds in the City's budget are the Conduit, Parking, Stormwater Utility, Water Utility, and Wastewater Utility funds. Repayment of debt service expenses incurred by the City Industrial Development Authority, an enterprise fund, are reflected in the debt service payments of the respective funds that have utilized Authority financing.

Internal Service Funds

The budget includes proprietary type funds accounting for the financing of goods and services provided by certain City agencies to other agencies on a cost reimbursement basis. These include: Mobile Equipment, Printing and Graphics, Municipal Post Office, Department of Telecommunications, Risk Management, Public Buildings, Unemployment Insurance, Hardware and Software Replacement, and 800 MHz Radio Maintenance.

Capital Project Funds

All revenue sources, including loan proceeds, intergovernmental grants, certain dedicated revenues, and fund transfers comprised of Pay-As-You-Go support from current revenues of other funds are budgeted and accounted for in this fund group.

Expenditures: Operating and Capital Fund Sources

Major funds are those whose revenues or expenditures constitute more than 10% of the total appropriated budget. All of the budgeted funds are audited in the Annual Comprehensive Financial Report (ACFR).

Fund Balance Categories

A fund balance is the accumulated difference between actual revenues and expenditures over time in each fund. The City utilizes generally accepted accounting principles (GAAP) and classifies its GAAP fund balance into the following categories:

Nonspendable fund balance

Nonspendable fund balance includes activity that is not in spendable form such as inventories, prepaid amounts, long-term portions of loans and notes receivable, and activities that are legally or contractually required to remain intact such as principal balance in a permanent fund.

Restricted fund balance

Restricted fund balance has constraints placed upon the use of the resources either by external creditors, grantors, contributors, or imposed by law through a constitutional provision or enabling legislation.

Committed fund balance

Committed fund balance can be used only for specific purposes pursuant to constraints imposed by the formal vote of the Board of Estimates (BOE), the City's highest level decision-making authority. Amounts in this category may be redeployed for other purposes with the formal vote of the BOE. Committed amounts cannot be used for any other purpose unless the City removes or changes the specific use by taking the same type of action it used to previously commit the amounts.

Assigned fund balance

Assigned fund balance includes amounts that are constrained by the City to be used for specific purposes, but are neither restricted nor committed for a stated intended use as established by the BOE. The BOE has delegated the authority to assign amounts for a specific purpose to the City's Director of Finance. These are resources where the constraints/restrictions are less binding than that for committed funds. For governmental funds, other than the General Fund, this is the residual amount within the fund that is not restricted or committed.

Unassigned fund balance

Unassigned fund balance is the residual amount of the General Fund not included in the four categories described above. The General Fund is the only positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for the specific purpose exceed the amounts restricted, committed, or assigned to those purposes, negative unassigned fund balance may be reported.

Fund Balances for Governmental Funds

As of June 30, 2024, the City’s governmental funds reported combined ending fund balances of \$922.1 million. The General Fund unassigned fund balance is \$259 million. The focus of the City’s governmental funds is to provide information on near-term inflows, outflows, and balances of resources that are available for spending. Such information is useful in assessing the City’s financing requirements.

As of publication, the City is completing the closeout process for the Fiscal 2025.

**Fund Balance for All Governmental Funds

General Fund

In Fiscal 2024 the General Fund reported a net \$21.1 million loss in overall fund balance. In Fiscal 2024 General Fund revenue came in \$49.6 million higher than expenditures. The overall reduction in fund balance is attributed to net transfers and other uses.

Fiscal Year		Amount
Fiscal 2020	Beginning fund balance	837,319,000
	Total Revenues	1,920,628,000
	Total expenditures	(1,940,917,000)
	Net transfers and other uses	(8,340,000)

	Net change in fund balance	75,934,000
	Ending fund balance	943,150,000
Fiscal 2024	Beginning fund balance	943,150,000
	Total Revenues	2,358,146,513
	Total expenditures	(2,308,539,191)
	Net transfers and other uses	(70,694,322)
	Net change in fund balance	(21,087,000)
	Ending fund balance	922,063,000

Grant Funds

The Grants Revenue Fund is used to account for the spending of various Federal, State and special purpose grant funds. Most of these grants are funded on an expenditure reimbursement basis. Should any portion of the grants receivable be determined uncollectable, the balance may be written off against the General Fund. The Grants Revenue Fund ended Fiscal 2024 with a \$35.9 million deficit. This deficit is due to timing of grant drawdowns, revenue from Fiscal 2024 grants was received during Fiscal 2025.

Fiscal Year		Amount
Fiscal 2020	Beginning fund balance	21,606,000

	Net change in fund balance	(84,000)
	Ending fund balance	(84,000)
Fiscal 2024	Beginning fund balance	(84,000,000)
	Total revenues	487,689,000
	Total expenditures	(534,051,000)
	Net transfers and other uses	10,522,000
	Net change in fund balance	(35,840,000)
	Ending fund balance	(35,924,000)

The Agency Detail publications, [volume I](#) and [volume II](#), contain Fiscal 2026 budget information by agency and service. Please refer to these volumes for further detail to support the information in this Summary of the Adopted Budget publication.

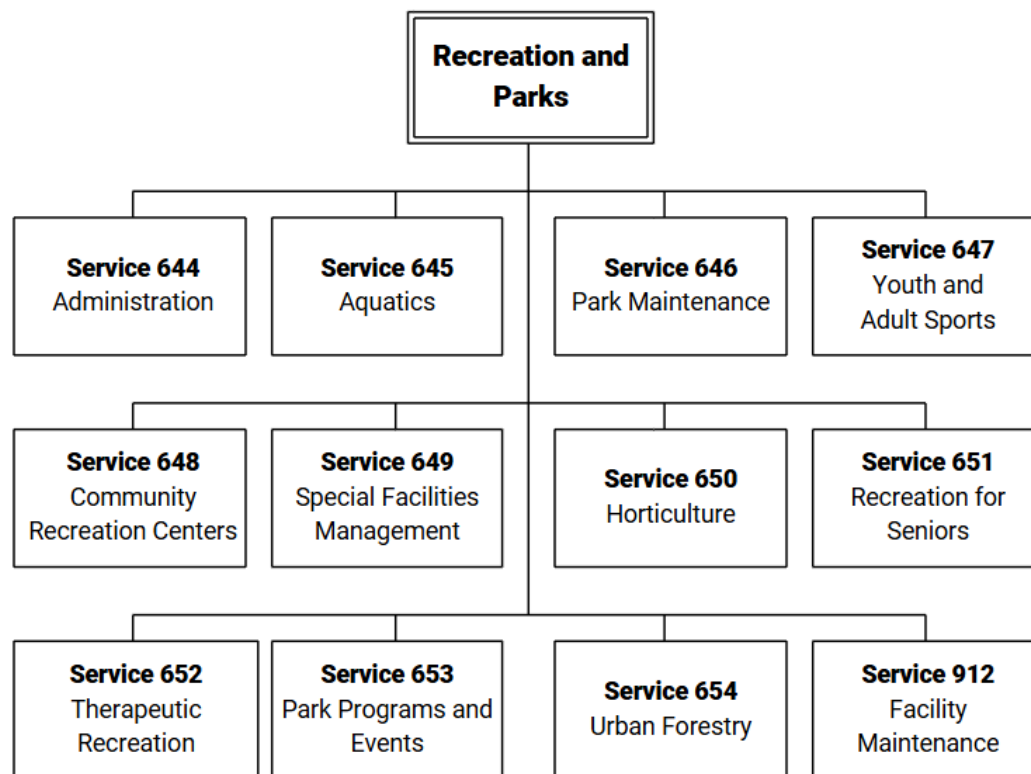

Agency-Level

The agency-level detail section, which is available for every agency in the City, has the following seven components:

- **A1:** Agency organizational chart
- **A2:** Agency description
- **A3:** Agency operating budget by fund, with key operating budget items
- **A4:** Agency operating budget by service
- **A5:** Agency operating budget by object
- **A6:** Agency budgeted positions by service
- **A7:** Agency capital budget

Below is an annotated example of an agency-level detail section.

A1: Agency organizational chart, which shows the services within each agency.

Recreation and Parks

Baltimore City Recreation and Parks (BCRP) is the primary provider of recreational, cultural, and physical activities to the residents of the City of Baltimore. The agency is comprised of three major divisions: Recreation, Parks, and Horticulture.

The Recreation Division administers activities in its more than 45 community centers. In addition to full-time staff, the agency operates with up to 600 part-time and seasonal employees during the busy summer months. The agency also provides therapeutic recreation activities and senior recreation programs. City residents can participate in many types of activities which include indoor/outdoor aquatics, ice and roller skating, hockey, soccer, basketball, football, dancing, acting, music, tennis, track and field, boxing, biking, kayaking, after-school, and out-of-school programs.

The Parks Division is responsible for the beautification, management, and maintenance of parkland, playgrounds, and turf. It also plans and implements outdoor recreation programs in City parks, including nature and environmental education, sports, and various festivals. Regular park maintenance functions include grass mowing, ball field preparations, and building and playground repairs.

The Horticulture Division is responsible for the Rawlings Conservatory and Cylburn Arboretum. The Urban Forestry Division is responsible for the planting and caring of all trees in the public rights-of-way and City parks. Park Programs is responsible for the Rhythm and Reels program, park permits, park volunteer program, the "\$5 5K" running series, biking, kayaking, hiking, and camping in city parks.

A2: Agency Description

Operating Budget Highlights

Fund Name	Fiscal 2024 Actual		Fiscal 2025 Budget		Fiscal 2026 Budget	
	Dollars	Positions	Dollars	Positions	Dollars	Positions
General	58,081,727	362	56,090,018	354	61,339,978	366

A3: Agency operating budget numbers by fund, with key operating budget items expected during fiscal year.

The Fiscal 2026 Recommended Budget reflects:

- Eliminating three positions and the costs associated with the care and housing of the former mounted unit under now under the joint partnership between Rec and Parks and BPD's Community Policing Section.
- Reducing the Aquatics budget by \$268,000 to reflect opening six days a week during summer 2025. The six-day week will allow for maintenance and upkeep of park pools once/week.
- Increasing operating costs for three newly renovated Recreation Centers, Chick Webb, Gardenville, and Parkview, that will come online in Fiscal 2026. The Recommended Budget includes a \$2.6 million increase for these facilities, this increase includes additional staff and operating costs for these locations.
- Creating a new Facility Maintenance service within the agency. The total budget for the new service is \$7.4 million including 28 positions. This service was created by reallocating existing positions and services from elsewhere in agency. The new service is intended to improve the agency's ability to monitor and track agency wide maintenance costs.
- Continuing State funding of \$10 million from Program Open Space, with \$7 million dedicated to operating expenses and \$3 million to support ongoing capital projects.

Total	26,645,000	19,050,000	30,336,840

The Fiscal 2026 Recommended Budget reflects:

- \$5.0 million for City Springs Park.
- \$3.6 million for CC Jackson Park expansion.
- \$3.1 million for improvements to Clifton Park.
- \$0.9 million for design of Lillian Jones Recreation Center improvements.

Service-Level

The service-level detail section, which is available for every service in the City, has the following four components:

- **S1:** Service description and operating budget and positions by fund
- **S2:** Service performance measures
- **S3:** Service key operating budget items
- **S4:** Service change table
- **S5:** Service operating budget by object and activity
- **S6:** Service permanent full-time funded positions by fund

Below is an annotated example of a service-level detail section.

Service 645: Aquatics

This service is responsible for providing swimming opportunities to the public year-round. The goal of this service is to allow residents to engage in physical activities at the various aquatic locations throughout the city. Activities performed by this service include the operations of the City's 6 large park pools, 14 neighborhood walk-to-pools, 4 indoor pools, and the ABC, Solo Gibbs, North Hartford, and Henrietta Lax splash pads.

S1: Service description budget, and positions information.

Fund Name	Fiscal 2024 Actual		Fiscal 2025 Budget		Fiscal 2026 Budget	
	Dollars	Positions	Dollars	Positions	Dollars	Positions
General	2,768,791	6	3,314,709	6	3,270,985	6

Performance Measures

S2: Service performance measures with brief explanation.

Type	Measure	Fiscal 2021	Fiscal 2022	Fiscal 2023	Fiscal 2024	Fiscal 2025	Fiscal 2026
		Actual	Actual	Actual	Target	Actual	Target
Effectiveness	% of scheduled days that outdoor pools are open to the public excluding weather during the summer season (Memorial Day through Labor Day)	90%	56%	93%	85%	82%	87%
Output	Total attendees at outdoor pools during the summer season (Memorial Day through Labor Day)	57,812	87,834	109,799	92,000	185,020	200,000

Major Operating Budget Items

The Recommended Budget reflects:

S3: Key operating budget items expected in this service during fiscal year.

- Changing the schedule for all pools to six days per week compared to the prior seven day schedule. Closure days will fall on either Monday or Tuesday and will be alternate with the nearest location. This action will allow a dedicated day for maintenance versus completing this work through overtime when pools are closed. This change is estimated to save \$230,000 annually.
- Allocating \$107,000 for security services at all pool locations and increased costs for pool chemicals and supplies.
- Funding to support three neighborhood pools that will come back online in summer 2025: Walter P. Carter, Coldstream, Towanda, and one indoor pool: Chick Webb.

Change Table - General Fund

Changes or adjustments	Amount
Fiscal 2025 Adopted Budget	3,314,709
Changes with service impacts	
Increase to bring 4 pools online	156,004
Reducing pool schedules to 6 days a week	(229,936)
Changes without service impacts	
Increase in employee compensation and benefits	13,867
Change in IRA and Reclass Adjustments	(912)
Decrease to active employee health benefit costs	(11,499)
Change in pension contributions	(4,555)
Change in allocation for workers' compensation expense	(616)
Increase in contractual services expenses	2,748
Change in Municipal Telephone Exchange	(93,055)
Adjustment to utilities	(20,706)
Adjustment to city fleet costs	1,906
Increase in operating supplies and equipment	41,541
Decrease to computer hardware and software replacement contributions	(6,025)
Increase to programming and security expenses	64,340
Increase to pool chemical and supplies	43,173
Fiscal 2026 Recommended Budget	3,270,985

FISCAL 2026

SUMMARY OF THE ADOPTED BUDGET

Fiscal Environment

Intentionally left blank

Fiscal 2026 Economic Outlook Summary

While most national economic indicators remain stable, emerging signs are beginning to point towards worsening economic headwinds driven by federal actions. According to the National Bureau of Economic Research (NBER), the U.S. has sustained 58 months of expansion. In 2024, the Bureau of Labor Statistics (BLS) reported an average unemployment rate of 4.0%, with 82,600 new jobs added monthly. The Bureau of Economic Analysis (BEA) recorded 1.8% real GDP growth for 2023 (the most current data available).

While these factors are backwards looking, more real time indicators show signs of weakness. Since March 2025 the S&P 500 and Nasdaq Composite have declined by 5.8% and 8.2% respectively. The University of Michigan's Consumer Sentiment Index notes a sharp drop from 64.7 to 57.0 in March 2025. The Federal Reserve Bank of Atlanta revised its GDP forecast from +1.8% to -2.8%.

This uncertainty flows through to the City's budget through impacts on the labor market, property values, and overall market performance; however, this uncertainty comes at a time when the City is demonstrating ongoing resilience. In 2024, the City's population rose by 0.5% to 568,271—the first increase since 2014. As of the 3rd Quarter in calendar year 2024 (the most recent publicly available data) BLS data shows the number of local employers reached a record 15,871, up by 1,380 from the previous year, driven largely by service industries.

Job numbers rose to 348,904 in calendar year 2024—up 1.5% from 2023—marking the highest average since 2010. However, while over 5,000 residents joined the labor force in 2024, only 1,532 secured jobs, raising unemployment to 4.0%, though still well below the 20-year average of 7.3%.

Taxable income also grew. Data from the Comptroller of Maryland shows fewer returns were filed in 2023 but the average taxable income rose 3.6% to \$68,849, and income tax per return increased 3.5% to \$2,127—driving continued revenue growth and budget surpluses.

This outlook aims to provide insight into how economic uncertainty is impacting the City's financial outlook. The analysis discusses how federal action around tariffs, budget cuts, and immigration policies will flow to City revenues.

Federal Tariffs

Since spring 2025, the federal government has discussed sweeping tariffs targeting China, Mexico, and Canada, including:

- 10% on all imports
- 25% on steel, aluminum, autos
- 25% on all Mexican and Canadian goods
- An additional 34% on Chinese goods

While intended to boost domestic production, these tariffs risk inflation and recession. The U.S. relies heavily on imports—especially from these countries—many of which cannot be quickly replaced. Labor cost disparities further complicate re-shoring manufacturing. For instance, U.S. workers earn on average \$10.31 or 49.6% more than their global counterparts. The table below provides a comparison of hourly wages across countries (based on 2012 BLS data adjusted for inflation).

Average Hourly Compensation for Manufacturing Jobs - Comparison
Adjusted by Inflation (2012-2024)

If domestic supply can't meet demand, consumer prices will rise. If production ramps up, businesses will face significantly higher labor costs. Without considering retaliatory tariffs, these measures may reduce hiring, drive inflation, and increase recession risk.

Local Impact of Tariffs

Manufacturing makes up 4.2% of jobs in State and 3.0% of jobs in the City. A modest gain in manufacturing employment could occur, but inflation would likely outweigh these benefits. Sectors like construction, hospitality, agriculture, and food services will likely see higher costs and labor shortages.

These pressures will likely constrain departmental budgets and capital spending. In the short term, spikes in material and equipment costs will reduce the City's purchasing power. Over the long term, the City may face recurring budget gaps as it adjusts to a higher-cost environment.

Federal Budget Cuts & Layoffs

A smaller federal government driven by layoffs and budget cuts at the federal level will have major implications on the regional economy. In March 2025, Moody's Analytics reported that the State of Maryland faces the greatest risk from federal cuts. Federal funding for universities, public health and low-income programs, international aid, and research institutions has been reduced or cut entirely.

One area expected to have an imminent impact on the State's and the City's labor force and area's overall income is the effect of federal layoffs, and the potential spillover these cuts may have on other industries. According to Bureau of Labor Statistics data for calendar year 2023, more than 158,000 workers, or 5.9% of the State's 2.7 million jobs, are federal employees. The City is home to nearly 12,100 federal jobs, representing 3.5% of all City jobs. Average federal salaries are higher than those in most other industries. In the State, federal employees earn an average of \$126,468, 66.3%, or \$50,416 more than the average across all industries. In the City, federal workers earn an average of \$103,456, 29.7%, or \$23,696 more than the citywide industry average.

Local Impact of Federal Budget Cuts & Layoffs

These shifts have two major implications for City revenues: first, the potential pay cut a laid-off federal employee may face if rehired once rehired in another sector; and second, the anticipated reduction in overall taxable income across the State. This includes the impact of these workers remaining unemployed or moving to another state. The table below illustrates the difference in the average annual pay by employer in the City as of Calendar 2023.

Baltimore City Average Pay - Comparison by Major Sectors

Sectors	Average Annual Pay	\$ Difference	% Difference
All Industries	\$79,827	\$(23,696)	(22.9)%
State Government	\$84,504	\$(19,019)	(18.4)%
Private Sector	\$79,122	\$(24,401)	(23.6)%
Local Government	\$69,325	\$(34,198)	(33.0)%
Federal Government	\$103,523	\$0	0.0 %

From the income perspective, it is expected that in the short-term, the City, and all other jurisdictions in Maryland would experience an immediate reduction on their income tax distributions, resulting from the reduced cash collected through withholding and estimated payments. The long-term impact by jurisdiction will become clearer once the place of residence of affected federal employees is reconciled through tax returns. However, the estimated potential impact on the City's taxable base can be made by assuming that 1,000 of the federal jobs located in the City are held by City residents. The table below illustrates changes in income and the income tax impact to the City of these 1,000 workers.

Estimated Impact of Federal Layoff - 1,000 City Residents

Current Employer	Estimated Income by Industry	Gross Income Difference	Est'd Income Tax Impact
Federal Employee	\$103,523,000	\$0	\$0
Hired by State	\$84,504,000	\$(19,019,000)	\$(524,011)
Hired by Private	\$79,122,000	\$(24,401,000)	\$(672,296)
Hired by City	\$69,325,000	\$(34,198,000)	\$(942,223)
Unemployed/Leaves the City	\$0	\$(103,523,000)	\$(2,852,266)

In simple terms, if all 1,000 displaced federal workers find employment at the average private-sector wage, the City could see a reduction of approximately \$672,000 in income tax revenue. This loss could increase to as much as \$2.9 million if those individuals do not find new jobs or move out of the City.

Beyond the evident impact on income tax revenue, the ongoing restructuring of the federal government poses additional underlying risks to the City's economy. Many professional service organizations, research institutions, healthcare providers, and universities located in the City have started to execute program cuts due to the reduction of federal contracts and grants, which would potentially lead to unanticipated job losses. Businesses that have not fully recovered from the COVID-19 years may experience declining sales again. The City's housing market could also be affected if displaced workers choose to relocate, potentially increasing vacancy rates. The Federal Reserve may be forced to again increase interest rates to control inflation, which would discourage refinancing and acquisition of new homes. The multiplier effect of federal layoffs and funding reductions may have an unprecedented impact to the City, could trigger an overall slowdown in economic activity, and disrupt long-term growth for both the City and the State.

Immigration Policies

While it is true that the U.S. has always implemented border control and deportation procedures to regulate illegal immigration, recent policies have expanded their scope beyond undocumented workers. These policies, framed around national security and economic concerns, have increasingly targeted a broader range of immigrants.

The most recent immigration measures focus on deporting millions of undocumented immigrants and restricting the legal status of thousands of foreign workers. These actions appear aimed at creating more job opportunities for U.S. born workers; yet many of the jobs held by immigrants are in sectors that U.S. born workers are often unwilling to fill such as agriculture and construction. In 2022, the U.S. Department of Agriculture released the National Agricultural Workers Survey (NAWS) indicating that, between 2019 and 2020, 63% of farmworkers were from Mexico and another 5% from Central American countries. Meanwhile, the Bureau of Labor Statistics reported that Hispanic construction workers increased their share of employment in the industry from 20.3% in 2003 to 30% in 2020. Policies that reduce the availability of immigrant labor in these and other sectors such as cleaning, landscaping, and food services, etc., risk harming the U.S. economy. Labor shortages can disrupt supply chains, raise labor costs, and contribute to inflationary pressures.

Local Impact of Immigration Policies

It is important to note that Hispanics are not the only demographic affected by current immigration policies; however, given their growing participation in the City's economy these policies may have particularly significant implications at the local level. According to data from the U.S. Census Bureau's annual American Community Survey, the Hispanic population has been the only ethnic group in the City to experience consistent growth in recent years, increasing by 20,455 people, or 78.9%, from 25,920 in 2010 to 46,375 in 2023. Their share of the total population increased from 4.2% to 8.2% during a period when the City as a whole lost over 55,700 residents. Furthermore, a 2018 analysis by students from the McCourt School of Public Policy at Georgetown University found that Hispanics not only had the highest labor force participation rate among all ethnic groups but were also the only group projected to continue growing.

These findings suggest that current immigration policies may have broader consequences for the City by affecting a key demographic that has contributed significantly to recent population and economic growth. In addition to potential reductions in the labor force, these policies could hinder business development, job creation, and overall consumer spending.

Conclusion

While the City and the broader U.S. economy have demonstrated resilience and moderate growth in recent years, mounting fiscal, policy, and global pressures present significant risks moving forward. Local indicators remain largely positive, with gains in employment, population, and taxable income. However, the evolving impacts of federal tariffs, budget cuts, and immigration policies introduce considerable uncertainty for the City's economic outlook.

As stewards of public resources, the City remains committed to sound fiscal management, strategic investment, and data-informed decision-making. The Fiscal 2026 Recommended Budget reflects both the progress made and the vigilance required to navigate emerging risks. Moving forward, Baltimore will continue to monitor economic conditions closely and adapt its strategies to ensure long-term fiscal sustainability and the delivery of essential services to residents.

Fixed Costs

In general, “fixed costs” are expenses that the City is required to pay by law or contract that cannot be easily reduced in the short-term. As shown in the chart below, the City’s fixed costs include contributions to employee pension systems, health care for retirees, the State-mandated contribution to Baltimore City Public Schools (BCPS), and payment of debt service.

General Fund Fixed Costs Trend
Dollars in billions

Pension Costs: The City funds three pension systems for sworn fire and police employees, civil service employees, and elected officials. As of Fiscal 2024, the City’s retirement system included 10,285 eligible retirees & beneficiaries in the civilian system (ERS) and 6,506 retirees in the Fire & Police system (F&PERS).

Retiree Health: Of the 22,409 retirees eligible to enroll in City retiree healthcare plans, 12,148 or 54% are enrolled in plans. Among those retirees enrolled in plans, 7,652 are City retirees and 4,496 are retirees of City Schools or State librarians. The City pays 50% of the healthcare premium cost for the majority of enrolled retirees based upon years of service. Prescription drug coverage is bundled with medical coverage for retirees over the age of 65 enrolled in City plans. The City pays 80% of the premium of the prescription drug premium cost for the 1,367 retirees under the age of 65 enrolled in a prescription drug plan.

Debt Service: The City Charter mandates that payment of the principal and interest on municipal debt must be funded. The General Fund budget includes funding to pay debt on General Obligation Bonds used for capital projects, county transportation bonds, Tax Increment Financing (TIF), Conditional Purchase Agreements (CPA), and economic development loans from the State.

City Schools Required Contribution: State law requires that Baltimore City maintain its education funding effort from year to year on a per-pupil basis and pay a portion of the normal cost of the teacher pension system.

Other: Workers’ compensation claims; insurance and liability costs; a State-mandated contribution to Baltimore City Community College; gas, electric, sewer and water costs; and tipping fees for solid waste disposal.

Fixed Cost Trends

Fixed costs represent 37.1% of total General Fund expenditures in the Fiscal 2026 Adopted Budget, a decrease from Fiscal 2025. From 2022 through 2024, there was a sharp increase largely attributed to the State-mandated City increase in contributions to the Baltimore City Public Schools. Under the new funding formulas established in the Blueprint for Maryland’s future, the City’s required contributions have increased by \$128.6 million, or 48.7%, in a four year period. City contributions for City Schools’ operations now total \$392.3M in Fiscal 2026. Any increase in these costs can crowd out other discretionary City investments in City workforce salaries, service delivery, Capital investment, and new programming.

Fixed Costs vs Revenues
(Dollars in millions)

Employees’ Retirement Systems

In 2010, the City reformed the Fire and Police Employee Retirement System (FPERS), which had grown in cost by 81% from \$48 million Fiscal 2005 to \$87.5 million in Fiscal 2010. These reforms included:

- Replacing the variable benefit with a cost of living adjustment capped at 2%.
- Modifying age and years of service requirement to 25 years of completed service or age 55 with 15 years of completed service.
- Increasing employee contributions from 6% to 10% over a four-year period from Fiscal 2011 to Fiscal 2014.
- Extending the time-period used for calculating average final compensation from 18 months to 3 years.

The F&P reform effort also called for a New Hires pension plan, for new sworn entrants to the City workforce. City Council legislation was proposed in 2015 but was not acted on. The funded status of the system has declined since the initial 2010 period of reforms, from 82.0% in Fiscal 2011 to 71.8% in Fiscal 2024.

In 2013, the City also reformed the Employee Retirement System (ERS) for civilian employees. These reforms included:

- For existing civilian employees hired before July 1, 2014, phasing in employee contributions of 1% of salary per year up to a cap of 5% contributions in Fiscal 2019.
- Creating a new retirement system for employees hired after July 1, 2014. These employees can choose to enter the new Retirement Savings Plan (RSP) with mandatory employee contributions plus a City match, or a hybrid plan, which includes a mix of RSP and a guaranteed benefit under the Employee Retirement System.

In May 2019, a judgment was reached in the Baltimore Circuit Court on the longstanding litigation between the City and Fire and Police employees over pension reforms that were enacted in 2010. The judge upheld the City’s modification that extended the years of service required to earn a pension from 20 to 25 years. But the judge also ruled that the City unfairly withdrew benefits from already retired employees, and that those retirees were entitled to seek damages for lost benefits from the City. The City paid damages to affected retirees estimated at \$35.5M in Fiscal 2021.

For the Fiscal 2024 year-end report, which informs the Fiscal 2026 budget, both the ERS and F&P systems experienced investment gains due to broader market performance. The ERS system reported a 7.7% return and the F&P system reported a 9.8% return, both on a market value basis. The ERS system is currently funded at 80% based on the actuarial value of assets. Overall, actuarial report required contributions are expected to increase for Fiscal 2026 for both systems, due to the smoothing of investment gains against prior losses. The closure of new Class C entrants, with new hires entering the new ERS pension system, is expected to mitigate some of the increase.

Contribution to Employee Retirement Systems (All Funds)
(Dollars in millions)

ERS figures also include Library, Sheriff’s Office, and Elected Officials.

Health Care for Employees and Retirees

From Fiscal 2005 to Fiscal 2010, the City’s cost of providing medical and drug benefits to its employees and retirees grew by \$69 million, or 40%, from \$172.2 million to \$241.7 million.

These costs were on an unsustainable path, and could no longer be ignored as the City faced the fiscal consequences of the Great Recession. Several changes to health care plans have been made that have collectively reduced the City’s costs by \$150 million compared to baseline estimates. The recent changes are summarized below both graphically and sequentially:

Baltimore City Health Care Costs
(Dollars in millions)

Fiscal 2011 Changes

- 10% prescription drug premium co-share for retirees

Fiscal 2012 Changes

- Prescription co-pay tier adjustments for retirees
- Reduce the number of Medicare supplemental plan options for retirees from five to two
- \$100 annual pharmacy deductible for retirees
- Drug Quantity Management
- Prescription Drug Prior Authorization
- Mandatory pre-certification/enhanced utilization review/case management
- Step Therapy

Fiscal 2013 Changes

- As of January 1, 2013, the City paid 79.2% of premium costs for a new standard network medical benefit plan that requires deductibles and co-insurance. Employees could opt to pay the full incremental cost for a medical plan with lower out-of-pocket costs. The City also required all employees and retirees to pay 20% of their prescription drug premium costs.

Fiscal 2014 Changes

- The City conducted a dependent eligibility audit to ensure that health care benefits are not provided to ineligible recipients. As a result of the audit, approximately 1,500 ineligible dependents were dropped from coverage, saving \$4.5 million.

Fiscal 2017 Changes

- The City shifted several health care plans to a self-funded model, which decreased external administrative costs and provided the City with greater flexibility in determining premiums. This shift decreased City costs by \$7 million in calendar year 2017.
- The City reduced Medicare supplemental plan reimbursements paid by the City from 100% to 80%, which decreased costs by \$8.6 million in calendar year 2017.

Fiscal 2019 Changes

- The City rebid health care and prescription drug coverage contracts and switched from Express Scripts to CVS Caremark. The shift from 9 to 4 health care providers and the new prescription drug provider saved the City nearly \$35 million.

Fiscal 2020 Changes

- There were no changes to healthcare policy, but the City saw a greater percentage of retirees not enrolling in City sponsored plans.

Fiscal 2022 Changes

- In January of 2021, the City offered a new Medicare Advantage Plan (MAPD) to retirees, in place of the Medicare Supplement Plan offered previously. The MAPD plan bundles medical and prescription drug coverage under one premium and offers similar benefits as the supplemental plan, but with expected savings to the City of \$33.3 million in Fiscal 2022 for retiree healthcare. The City raised active employee premium rates in January of 2021 due to increasing health claim costs, resulting in a projected cost increase to the City for active employee healthcare of \$22.8 million in Fiscal 2022. Net healthcare savings for Fiscal 2022 for both retirees and active employees is \$10.5 million (all funds). Fiscal 2022 represents the first full-year effect of the changes implemented in January 2021.

Fiscal 2024 Changes

- There were no changes to healthcare policy.

Fiscal 2025 Changes

- The City will contribute the actuarial determined contribution (ADC) amount to the OPEB Trust Fund beginning in Fiscal 2025. This change allows the City to draw on some OPEB Trust fund resources rather than contributing the full PAYGO cost. This change is consistent with the funding approach for City pensions, and is enabled by the rapid improvement in the funded status of the plan to 97.7% as of the end of Fiscal 2023. The improvement in the funded status was largely driven by the transition of retirees to Medicare Advantage Plans in 2021.

Fiscal 2026 Changes

- No anticipated changes to healthcare policy.

Debt Service

Debt service costs are the principal and interest payments due in the current year for previously issued City debt. The uses a variety of debt instruments including General Obligation bonds, revenue bonds, and Tax Increment Financing (TIF) bonds, among others. The City's total debt service is projected at \$384.4 million for Fiscal 2026.

In the General Fund debt service is budgeted at \$127.8 million for Fiscal 2026, an increase of nearly \$10 million from Fiscal 2025. The change is due to added contribution from the General Fund for the Beverage Tax contribution towards City Schools construction (\$4.3 million increase), GO bond issuance (\$4 million increase), and debt service related to the Convention Center Hotel (\$1.2 million increase). The budget assumes the issuance of new GO Bond debt in Fiscal 2026 based on scheduled project needs and available authority; no additional County Transportation Bond debt is assumed. The following chart illustrates General Fund debt service over the past 10 years:

Debt Service History

(Dollars in millions)

Risk Management

Risk management costs include workers compensation, insurance, legal liability, and administration. The City’s self-insured costs, including workers’ compensation and legal liability, are projected through an annual actuarial valuation. Other insurance and administrative costs are determined by analysis of historical actuals and trends; these costs include personnel in the Department of Finance (Risk Management) and the Law Department (workers’ compensation and auto liability), as well as other brokerage, medical, and contractual costs.

Cost Center	Fund Name	FY25 Budget	FY26 Budget
Workers’ Comp - Direct	Multiple Funds	73,687,130	68,565,079
Risk Management Administration	Multiple Funds	8,846,526	9,200,387
Auto - Animal Liability Insurance	Multiple Funds	5,144,939	5,402,186
Judgments and Suits - Awards (Law)	Multiple Funds	4,109,828	4,088,636
General Tort Liability Insurance	General and Fleet Funds	3,922,779	4,118,918
Legal Fees	General Fund	3,744,000	2,000,000
Insurance - Other Risks	Multiple Funds	2,061,724	2,162,895
Property and Casualty Insurance	Multiple Funds	1,853,594	1,946,274
Total		103,370,520	97,484,375

Table in dollars.

While most costs are budgeted centrally within the City’s Self-Insurance Fund, Service 126, workers’ compensation is allocated across City agencies, and administrative costs are captured within the Departments of Finance and Law. The Fiscal 2026 budget includes an annual contribution into the City’s Risk Management Fund to pay workers’ compensation claims. The City’s annual contribution required to cover claims, which is updated annually, is informed by the actuarial firm the City works with to forecast risk liabilities.

Workers' compensation funding is allocated on a per position basis and different costs are assigned per position based on the agency. Agencies have varying levels of risk for workers' compensation per the nature of the work carried out in different agencies, with Police and Fire employees being at highest risk for injury on the job. Agency allocations are informed by prior year claims with regard to the volume, severity, and longevity of claims the City must pay out for employees injured on the job.

Debt Service

After expenses for personnel, contractual services and grants, subsidies and contributions, the single largest type of expenditure made in the City budget plan is for debt service payments. Debt Service pays the interest and principal costs on the bonds issued by the City to build capital projects. In the formulation of the annual budget, the City Council is empowered by the Charter to reduce all appropriations except “such amounts as are for the payment of interest and principal of the municipal debt.” Because of this provision the bonds are backed by the “full faith and credit” of the City.

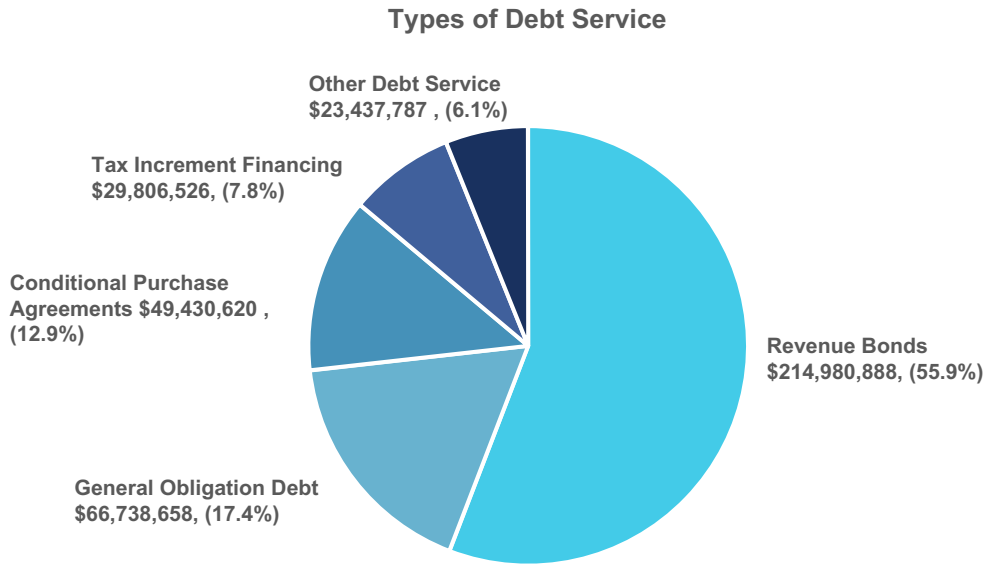

Issuing debt, particularly General Obligation and tax-supported bonds, allows the City to spread the cost of large scale projects among the generations that will ultimately benefit from them.

The Fiscal 2026 budget for debt service (all funds) is \$384.4 million, \$22.4 million higher than the Fiscal 2025 appropriation level.

Table in millions of dollars.

Types of Debt Service Payments

General Obligation Bonds

(Dollars in millions)

General Obligation (GO) Bonds are borrowed funds used for capital projects that are repaid from future General Fund revenue. They are important because they give the City flexibility to fund projects for which there are no other fund sources available. By law, GO Bonds are supported by the full faith and credit of the City. This means that, in the unlikely event of a default, the City will use its taxing authority to repay the bonds.

Every two years, the City must get permission from voters through a ballot referendum to issue these bonds to borrow funds for capital projects. The questions are sometimes referred to as loan authorizations, as voters are authorizing the City to issue debt that will be paid back over time. Each bond issue question refers to a “loan” dedicated to a broad purpose, such as affordable housing or community and economic development. In 2024, voters authorized issuing up to \$125.0 million annually for the Fiscal 2026 and 2027 budgets.

The State Constitution requires that GO debt may not have a term longer than 40 years. In general, the City’s debt has a maximum maturity of no more than 20 years. Payment of this long-term debt is a first requirement for revenues derived from local property taxing powers. The City has no statutory limitation on the property tax levy.

The table below shows the principal and interest required to service the existing General Obligation Bond debt of the City until maturity. This data is based on current capital appropriations, it does not reflect borrowing reflected in the future years of the Capital Improvement Plan (CIP).

Payment Type	2026	2027	2028	2029	2030	2031-35	2036-40	2041-45	Total

Table in millions of dollars.

Conditional Purchase Agreements

(Dollars in millions)

Conditional Purchase Agreements (CPAs) are long-term capital leases with annual principal and interest payment schedules that must be met for the City to acquire the asset. The City has entered into various CPAs to construct or purchase facilities and/or to acquire equipment.

CPAs do not constitute a debt of the City within the meaning of any constitutional or statutory limit, nor are they supported by a pledge of the full faith and credit or taxing power of the City. In contrast to GO debt, the City is not obligated to make annual appropriations. In the event the City fails to meet scheduled payments, the agreements are terminated and the City loses the right to use or acquire the financed asset. The City appropriates payments for facilities and equipment that continue to meet the City’s public service objectives.

The table below shows the principal and interest required to service the existing CPA debt of the City until maturity.

Payment Type	2026	2027	2028	2029	2030	2031-35	Total
Conditional Purchase Agreement

Total	49.4	34.9	28.7	23.7	19.5	42.2	198.4

Table in millions of dollars.

Revenue Bonds

(Dollars in millions)

Revenue bond financing supports the capital requirement needs of enterprise operations, including the Parking Enterprise fund. The revenue generated by the operations is pledged to support debt service payments of these funds. Revenue bonds are not general obligations of the City. In the case of the Parking Enterprise Fund, revenues from parking taxes, parking fines and penalties, and other parking revenues provide an additional security for the payment of debt service. Parking revenues in excess of parking debt service and operating expenses are transferred to the General Fund.

Under provisions of Subtitle 4, Maryland Industrial Land Act (MILA), and Title 5, Maryland Industrial and Commercial Redevelopment Fund (MICRF), of Article 83A of the Annotated Code of Maryland, the City and other subdivisions of the State, may borrow funds for industrial or commercial development projects. The funds may be loaned to private enterprises for the development of specific projects. In the case of MICRF loans, the funds borrowed from the State may also be used to insure or guarantee projects. The State sets the interest rate, term, and repayment provisions of the loans. In both cases, the City is liable for repayment of principal and interest amounts on the loans in the event of failure or default of the private enterprise. Such loans are not considered general obligations of the City. The City uses these loan programs as part of its economic development program to stabilize and expand employment and tax base. Payments from businesses utilizing these programs provide General Fund revenue supporting expenses for this borrowing program.

The City may also elect to engage in swaps (referenced as the payment type “SWAP” in the below tables). If the City incurs debt with a higher fixed interest rate, or a variable interest rate, a swap between debt obligations may allow the city to limit exposure or better manage overall risk.

The table below shows the principal and interest required to service the existing Revenue Bond debt of the City until maturity.

Payment Type	2026	2027	2028	2029	2030

Table in millions of dollars.

Tax Increment Financing Bonds

(Dollars in millions)

Tax Increment Financing (TIF) bonds are widely used financing mechanisms that have been adopted by the City for public improvements, such as development of land and public infrastructure, within designated development districts. TIF bonds increased after Fiscal 2022 due to the sale of the first round of bonds for the Port Covington Development.

The tax increment is the difference between the amount of property tax revenue generated prior to and after the public improvements are made. A bond is issued based upon the expectation of increased real property taxes and proceeds from this bond are used to pay for improvements. The tax increment is used to cover debt payments on the bonds.

Taxes remain the same within the development district unless the tax increment is not sufficient to cover debt service. TIF bonds are backed by a local law that allows for a supplemental tax to be levied in the development district in the case of a tax increment shortfall. When the bonds are repaid, all TIF revenues revert to the General Fund.

The table below shows the principal and interest required to service the existing TIF debt of the City until maturity.

Payment Type	2026	2027	2028	2029	2030	31-35	36-40	41-45	46-50	51-55	Total
TIF Special Obligation Bonds

Total	2.4	1.0	1.0	1.0	1.1	4.8	5.0	3.9	20.2

Table in millions of dollars.

Debt Management Policy

The amount of debt authorized and issued annually is subject to limits incorporated in the City’s debt policy. This policy, adopted by the Board of Estimates on August 22, 1990, sets forth borrowing limits for the capital budget process and establishes guidelines for capital budget plans. The policy is subject to review every five years or as recommended by the Director of Finance. The current policy limit on annual General Obligation borrowing is \$80 million. The City’s annual cash borrowing is guided by authorized project requirements.

City policy consolidates most financing arrangements in the Bureau of Treasury Management and recognizes conditional purchase agreements as debt service for the purpose of evaluating the City’s financial condition and budget planning. The policy also calls for scheduling debt service payments to minimize fluctuations in annual budgetary requirements and increased utilization of pay-as-you-go (PAYGO) financing, in which capital projects funded from current year General Fund revenues, to reduce borrowing requirements.

In Fiscal 1992 and 1993, the Maryland General Assembly enacted legislation and City voters ratified local legislation permitting the City to issue GO Bonds with call provisions and to refinance debt, thus allowing the City to take advantage of favorable interest rates and achieve debt service expense savings. The City first took advantage of this legal authorization in an April 1992 GO Bond sale. Legislation enacted and approved by the City voters has improved debt management by authorizing:

1. the City to negotiate GO Bond sales;
2. the Board of Finance to structure debt maturities and interest payment schedules;
3. the Board of Finance to approve fixed, variable, or other interest rates on bonds; and
4. the City to issue “mini bonds” in denominations as small as \$500.

Legal Debt Limits

The City of Baltimore’s legal debt limit is \$80 million for GO bonds. Whether the City is under the legal limit, however, does not determine whether debt will be issued. Prior to an issuance of new debt or a refunding of existing debt, Baltimore considers a number of factors, including, but not limited to:

- The purpose for which the debt is being issued. Generally speaking, debt should be issued for capital projects and economic development and not for operating expenditures.
- Whether there is sufficient revenue to cover the annual debt service. The City must identify a source of revenue that can be relied on to cover the annual payments for the life of the debt. Debt repayment can take decades one-time or temporary sources of revenue and/or cost savings cannot be relied on to make a responsible decision about the affordability of a debt issue. This analysis must also consider what type of revenue can and cannot be used to pay for debt service. Certain types of debt (e.g. taxable, revenue bonds) cannot be repaid with revenue generated from taxes.

- The relationship between annual debt service and the total budget. The percentage of annual spending dedicated to debt should be consistent with that of similarly sized cities. The Fiscal 2026 Adopted Budget includes \$384.4 million for debt service – this is 9.3% of total All Funds spending (consistent with the Fiscal 2025 Adopted Budget). The Fiscal 2026 Adopted Budget for the City’s General Fund includes \$128 million for debt service, or 4.9% of total General Fund spending. Generally, debt service should not exceed 10% of total expenditures.
- Whether the savings associated with a refunding exceed the cost of issuance. Very rarely would it make sense to pay more to issue a refunding than what will be saved. This situation would only make sense if the refunding released the City from other restrictions or obligations.

All GO debt is secured by the full faith and credit of the City. The City has unlimited taxing authority with respect to property taxes to support GO debt service requirements. The City is not constrained by any legal limits on the amount of its GO debt, but is guided by prudent limits set forth in local debt policy. In addition to conservative debt management policies, the City is controlled in the amount of debt that may be incurred by the Constitution of Maryland, which requires a three-step procedure for the creation of debt by the City of Baltimore. First, there must be an act of the Maryland General Assembly or a resolution of the majority of the City’s delegates to the General Assembly. Then, pursuant to State authorization, the Mayor and City Council must approve an ordinance. Finally, the voters of the City must ratify the debt issuance.

Effects of Existing Debt on Current and Future Operations

Based on traditional debt ratio evaluation criteria, current debt burdens and those forecasted, the City’s debt is within acceptable limits. As a result of the annual debt review by the rating agencies, the City maintains a GO bond rating of Aa2 with Moody’s Investor Service and AA with Standard & Poor’s. These credit ratings reflect the judgment of the rating agencies that the City has strong capacity to pay principal and interest on debt. Debt service requirements, in and of themselves, do not place an unusual burden on the resource base of the City. Selected debt management factors are listed below.

- The City’s net GO debt is below the 4% industry standard for tax supported debt as percentage of actual taxable value of property (1.1%, 2020).
- In addition, net GO debt is below the \$2,250 per capita figure established in the City’s debt policy (\$826.67, 2020).
- The City is not constrained by any legal limits on its debt authorization limit but is guided by prudent limits set forth in local debt policy.
- The City has no overlapping debt and no instance of default.
- The City has unlimited taxing authority with respect to property taxes.

Principal and interest obligations of the Water and Wastewater Utility and Parking Enterprise funds are payable from the earnings of the respective funds. Appropriate ratios of pledged revenues to maximum annual debt service obligations must be and are maintained for the respective funds.

General Debt is made up of GO bonds and bond anticipation notes. Conditional purchase agreements or capital lease obligations do not constitute a pledge of the full faith and credit or taxing powers of the City. The agreements are subject to termination if sufficient funds are not appropriated by the City Council. Revenue debt is composed of Water Utility, Wastewater Utility, Parking Enterprise, Stormwater Utility, and Convention Center revenue financings. Other debt consists of tax increment financing (TIF) and long-term financing with the State and federal governments.

The City issued the 2013B bonds to refunded Series 1998A, 2001A, 2003A, 2003B, 2004A, and 2005A. The amortization was structured to pay off the refunded bonds within the same 20-year maturity schedule of the original bonds. The last large payment occurred in Fiscal 2023 in the amount of \$21.6 million; the savings is reflected in the Fiscal 2026 debt service budget.

The City does not have a GO statutory debt limit but is subject to a three-step process described in “Legal Debt Limits” above. Outstanding debt per capita and the ratio to assessed value may increase, but still remain below danger point thresholds. Revenue debt service constitutes the largest increase due primarily to continued borrowings for the Water and Wastewater Utility funds. A large portion of these borrowings is in response to the City’s consent decree between the City, U.S. Environmental Protection Agency, and the Maryland Department of the Environment to reduce sanitary sewer overflows during heavy rainfall, water meter upgrades, and water infrastructure replacement. Most of this additional debt service will be paid over a 30-year amortization period.

Revenue debt limits are established from time to time by the City Council and are issued in accordance with their respective bond indentures. The City has a TIF policy in effect that places limits on the types of TIF projects and, among other things, requires the project demonstrate it can pay for City services and is consistent with the City’s economic and development goals.

Long-Term Liabilities

There are significant fiscal risks that affect Baltimore’s financial position. These liabilities take the form of Recurring Liabilities and One-Time Liabilities, which are described in detail below.

Recurring Liabilities

Pensions and Retiree Health Care

As with many cities and states across the country, Baltimore faces large-scale, long-term liabilities associated with retiree pension and health benefits. Pensions and retiree health plans have pay-as-you-go costs equal to the benefits distributed or claimed that year, but they also have accrued obligations to be paid in the future. Actuaries determine the amount of assets that must be set aside now to ensure adequate resources are available in the future. The chart above shows the decline in long-term liabilities between Fiscal 2011 and 2024.

The primary driver of the decrease is the change in liability for post-employment health benefits. Due to consistent City contributions to the OPEB Trust Fund and the move of retirees to more efficient Medicare Advantage Plans, the City’s outstanding liability has been dramatically reduced in the Fiscal 2024 valuation.

Liabilities related to Other Post-Employment Benefits (OPEB liability) and retiree healthcare have continued to decline due to a series of reform efforts undertaken over the last decade. As of the end of Fiscal 2024, the City’s OPEB liability was over 100% funded. Improvement in the overall position is attributable to switching to Medicare Advantage plans and strong investment performance.

Liabilities for the FPERS and ERS pension plans continue to grow due to ongoing amortization of prior year investment losses, the steady decrease in number of active employees, the growing number of retirees, and the adoption of more conservative actuarial methods. For the Fiscal 2024 year-end actuarial report, the funded ratio for ERS remained level at 80.0%, and FPERS increased slightly from 71.7% to 72.2%.

Convention Center Hotel

The Baltimore Hotel Corporation (BHC) is a non-profit entity that was formed to own, develop, and manage the Convention Center Hotel. The construction was financed with \$300 million of tax-exempt municipal bonds in 2006.

The repayment of debt is paid from two dedicated revenue sources: Property Tax revenues generated by the Hotel above the baseline level and Hotel Tax revenues generated by the Convention Center Hotel, also known as "site specific Hotel Tax". If those revenues are not sufficient to cover the debt service cost, the City must contribute to cover the deficit, not to exceed 25% of general Hotel Tax revenue (\$7 million).

Quarantine Road Landfill

The City's Quarantine Road landfill is nearing the end of its useful life and on track to reach capacity in Fiscal 2027 based upon current waste generation conditions. State and federal laws and regulations require that a landfill is covered, maintained, and monitored for a minimum of thirty years after closure.

The City makes annual contributions to a Landfill Trust Fund to plan for future closure costs, estimated at \$32.4 million, and new landfill development costs, estimated to cost \$108 million.

In the capital budget, the City has appropriated \$29.7 million for the landfill expansion. The Fiscal 2026 Capital Budget and CIP includes an additional \$6 million (\$3 million annually from Fiscal 2026 through Fiscal 2027) to complete this project. The Fiscal 2026 operating budget includes \$7.9 million for costs associated with closing the existing location and developing the new location.

Budget Process

Fiscal 2026 Budget Schedule

The table below shows the budget calendar for Fiscal 2026. In accordance with the Charter of Baltimore City, a schedule is published each year to prepare the upcoming fiscal year's budget. Article VI, Section 3 of the Charter mandates the following timeline and events:

- The Department of Finance introduces a proposed budget, including operating and capital revenue and expenses, to the Board of Estimates (BOE) at least 30 days prior to the BOE adoption of the budget.
- The BOE must hold public hearings that allow City Council members, agency heads, and City residents to share their thoughts on the proposed budget.
- The BOE must submit a recommended budget to the City Council at least 45 days before the beginning of the fiscal year.
- The City Council has at least 40 days after receipt of the BOE recommended budget to enact the budget. The City Council must adopt the budget at least five days before the start of the fiscal year, July 1.

Item	Description	Scheduled Date
Preliminary Budget at BOE	Transmittal of Department of Finance Recommendations to the Board of Estimates.	April 2, 2025
Preliminary Budget Presented to BOE	Presentation on the Fiscal 2026 Preliminary Budget by Budget Director.	April 2, 2025
Special Meeting of the BOE	Presentation of the Fiscal 2026 budget with agency heads.	April 23, 2025
Taxpayer's Night	Presentation of the Fiscal 2026 budget to the public, with an opportunity for public comment.	April 23, 2025
Ordinance at BOE	Board of Estimates adopts proposed Ordinance of Estimates. This includes transmittal of the Executive Summary Budget Book.	May 7, 2025
Ordinance at City Council	Introduction of proposed Ordinance of Estimates to City Council and publication in two daily newspapers, as well as transmittal of the Agency Detail to City Council.	May 12, 2025
Taxpayers' Night	Presentation of the Fiscal 2026 budget to the public, with an opportunity for public comment.	May 15, 2025
Budget Hearings	Budget hearings with agency representatives to discuss the Fiscal 2026 proposed budget.	May 28 - June 4, 2025
Ordinance Passage	Passage of Ordinance of Estimates for Fiscal Year ending June 30, 2026.	June 16, 2025

In Fiscal 2011, Baltimore implemented Outcome Budgeting. The process required agencies to make service-level budget proposals that justify investments in strategies geared towards achieving citywide outcomes and goals. Although the process has evolved significantly over the past decade, the underlying principle remains the same: to not only keep Baltimore’s budget sustainably balanced, but also to get the best use of City resources by devoting resources to services that achieve the best results for our residents.

Strategic planning for the budget process is centered on a set of Pillars, which are broadly defined goals for the City. Although these have been modified and adjusted to reflect the priorities of each Mayoral administration, similar themes are common. The Fiscal 2026 budget was built around Mayor Scott’s five citywide Pillars: Prioritizing Our Youth, Building Public Safety, Clean and Healthy Communities, Equitable Neighborhood Development, and Responsible Stewardship of City Resources. Operating budget information is provided by Pillar in the [Operating Budget Recommendations](#) chapter.

The budget process operates in a cycle that repeats each year: first, develop a strategic plan; next, budget resources in a manner informed by the strategic plan; and finally, track performance against the plan. A more detailed description of the budget process is provided below.

Performance Management

Regular performance management sessions (commonly known as Stats) are held between the Mayor’s Senior Team, the Mayor’s Office of Performance and Innovation (OPI), and agency leadership to discuss performance, identify problems, diagnose causes, and direct resources to solve problems. Staff from the Bureau of the Budget and Management Research (BBMR), Department of Human Resources, and Baltimore City Information and Technology staff also participate in these meetings. Performance management meetings are either agency-focused or topic-focused, centered on a Mayoral priority, and include multiple agencies. OPI has developed a set of “Stat” meetings, including PoliceStat, FireStat, and CleanStat. Stat meetings are also convened around major priority and operational issues, these Stats include (but are not limited to) DowntownStat, ProcurementStat, and Grants ManagementStat.

Service-Level Performance Measures

Agency services have identified and track a family of measures that tell the story of How Much the service performed, How Well service delivery was executed, and whether anyone was Better Off. Performance measures for the budget process were originally established in the Fiscal 2011 and 2012 budgets. These measures were integrated with the City’s performance plan process in Fiscal 2025.

The table below gives examples from Service 609: Emergency Medical Services.

Type	Description	Performance Measure
Output	How much service is being delivered	Number of EMS responses
Efficiency	The cost in dollars and/or time per unit of output	Percent of EMS fees collected versus total billable
Effectiveness	How well the service meets standards based on customer expectations	Percent of EMS responses within 9 minutes
Outcome	How much better off is the resident	Percent of patients surviving cardiac arrest

Performance measures must meet the S.M.A.R.T. test:

Label	Type	Description
S	Specific	Measure is clear and focused
M	Measurable	Can be quantified and allow for analysis
A	Ambitious	The target should stretch the service to improve performance
R	Realistic	The target should make sense given the organization's fiscal constraints
T	Time Bound	There should be a clear timeframe for achieving the targeted performance

Agency Performance Plans

In Fiscal 2024 City agencies prepared and submitted annual performance plans outlining performance goals for all City services. As part of their Fiscal 2026 budget proposals, agencies submitted updated performance plans to report out on prior year performance and provide performance goals for Fiscal 2026. Beyond their use in the budget process, performance plans are updated and reviewed on a quarterly basis. During quarterly reviews, the City Administrator meets with agencies to discuss and solve barriers impacting agency performance and to celebrate progress made in critical areas. Agency performance plans are published on the Office of Performance and Innovation [website](#).

Community Engagement

Community engagement is critical to any city budgeting process. As part of the Fiscal 2026 budget process, Mayor Scott hosted multiple budget forums and listening sessions to provide information on the City's budget and gather feedback from the public on their priorities, allowing this feedback to be incorporated in the Preliminary Budget. Neighborhoods and community associations were also given the opportunity to request engagement sessions to discuss the Fiscal 2026 budget. Taxpayer Night forums were held in April and May for residents to provide testimony to the Board of Estimates and City Council regarding the Fiscal 2026 budget.

Operating Budget Process

The planning process for Baltimore's budget begins in August. The major milestones in the operating budget process are described below.

Current Level of Service (CLS)

The budget planning process started with projections to determine the cost of providing the same level of service in the upcoming year. This projection served as the baseline for the preliminary budget and assumed that the City will maintain the same level of services, but added necessary costs, such as extraordinary inflation, or removed prior year one-time costs, such as a new software or study. The CLS budget also included changes across agencies, such as cost of living adjustments for salaries, negotiated pay increases, or changes in health benefit costs. Based on CLS, BBMR assessed whether the City expected to be operating with a surplus or deficit, which informed strategic planning and guidance for agencies in developing budget proposals.

Agency Budget Proposals

Following the CLS analysis, the Mayor issued budget guidance for City agencies and offices. This guidance was used by agencies to prepare proposals summarizing their performance goals, service level priorities, and funding plans to achieve these goals. The Fiscal 2026 budget guidance requested one proposal per service in all agency budgets and solicited enhancement requests for new initiatives and programs.

Operating Budget Recommendations

Budget proposals were reviewed and evaluated by BBMR and the Mayor's Office. BBMR presented recommendations throughout a series of Tollgate meetings with the Mayor's Office. Proposals were evaluated to identify key investments needed to advance citywide priorities.

Preliminary Budget

The Mayor utilized recommendations from BBMR to develop a balanced budget that reflects his priorities. The Preliminary Budget summarizes major revenues and lays out the proposed spending plan for the upcoming year. The Preliminary Budget is introduced to the Board of Estimates (BOE) for consideration.

Board of Estimates Review

The BOE will hold a series of hearings with agencies and residents to understand the recommendations outlined in the Preliminary Budget. Resident feedback is shared during the annual Taxpayers' Night. The Mayor has the opportunity to propose modifications to the Preliminary Budget based on feedback received during this stage. The BOE compiles its recommendations into the Ordinance of Estimates that is referred to the City Council for consideration.

City Council Review and Approval

Following the introduction of the Ordinance of Estimates, the City Council will hold agency hearings and a second Taxpayers' Night. Fiscal 2026 will be the third year where the City Council will have the opportunity to amend the budget through transfers across City services with General Fund appropriations.

Budgetary and Accounting Basis

Budgetary Basis

The City of Baltimore budgets and reports finances on a cash basis. This means that revenue is recorded when it is received, not when it is earned and that expenditures post when they are paid, not when they are obligated. The Department of Finance does track and analyze receivables and payables and reports on them in the [Annual Comprehensive Financial Report](#). Budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP), except that:

- Encumbrances are considered to be expenditures chargeable to appropriations and carried over from year-to-year.
- No depreciation is budgeted in enterprise funds.
- Investments in supply inventories and assets restricted for self-insurance purposes are not considered to be appropriated.
- Revenues accruing to sinking funds are not appropriated. Unencumbered appropriations lapse at the close of the fiscal year unless authorized by the Board of Estimates to be carried forward to the subsequent budget year.

Budgetary Units

Annual appropriations authorized by City Council in the Ordinance of Estimates are by Agency/Operating Department, service (previously called “program”), and fund. Budget presentation is similar, but also presents each service by object of expense. The budget provides a myriad of schedules and exhibits that provide summary and detail information from a fund, agency, and service perspective.

- Agencies/Operating Departments represent the major unit of the operating and capital budget plans and are further divided into sub-units or bureaus, and divisions.
- Services represent specific activity areas within an agency, department and/or bureau. Budget presentations of services summarize expenditures by object of expense, service units called activities, and by fund.

Revenues and Expenditures

Revenues are detailed by fund type (General, grant funds including federal, State and private source grants, and Enterprise), and by various revenue categories and sources. Information provided in the revenue detail for funds other than the grant funds includes the prior year actual, the current year budget, current year projection, and the estimate for the budget year under consideration.

Expenditures are summarized by fund source for each agency. Services within the agency are summarized by object of expense, by service units called activities, and by fund sources. Each presentation includes the prior year actual expense, the current year budget, and the budget year request by the agency and the budget year recommendations.

Relationship Between Budgeting and Accounting

The major differences between the budget presentation and GAAP for governmental funds are:

- Encumbrances are recorded as a reservation of fund balance (budget) as opposed to expenditures (GAAP).
- Certain revenues and expenses, (e.g., compensated absences) not recognized for budgetary purposes are accrued (GAAP).
- Self-insurance contributions are recognized as expenditures for budget purposes only.

Enterprise Fund differences consist of the following:

- Encumbrances are recorded as an expense of the following accounting period (budget) as opposed to expenditures (GAAP).
- Certain items, e.g., principal expense and capital outlay, are recorded as expenditures for budgetary purposes as opposed to adjustments of the appropriate balance sheet accounts (GAAP).
- Depreciation is not recognized for budgetary purposes and recorded as an expense for GAAP.

Fund Structure

General Fund: The General Fund is the general operating fund of the City. It is supported by locally generated revenues and some State Aid. It is used to account for all activities of the City not accounted for in some other fund.

Special Funds: Special Funds are used to account for all funding groups that have legally restricted or dedicated uses. These include federal or State grants, State-shared motor vehicle or highway user revenue and grants from private or other non-governmental sources.

Enterprise Funds: The Enterprise Funds are used to account for operations, including debt service, that are financed and operated as an ongoing concern where costs of providing services are financed or recovered primarily through user charges. Enterprise Funds included in the City budget are Water and Wastewater, Parking Enterprise, Conduit and Loan and Guarantee funds.

More detail on the fund structure, including the relationship between fund sources and agencies, can be found in the [Expenditures: Operating and Capital Fund Sources](#) section.

Accounting Basis

Organization

The City's accounting system is organized and operated on the basis of funds and account groups, each of which is considered a separate accounting entity. The accounting and financial reporting policies of the City conform to generally accepted accounting principles and standards as promulgated by the Governmental Accounting Standards Board and the American Institute of Certified Public Accountants.

General, Debt Service, and Capital Projects

The General, Debt Service and Capital Projects funds are computed on the modified accrual basis of accounting, whereby revenues are recorded when they become both measurable and available to finance expenditures of the current period. Expenditures are recorded when goods and services are received and actual liabilities are incurred and become payable in the current period. Revenues which have been accrued meet tests of materiality and are measurable. They include property taxes collectible within 60 days; locally imposed taxes; state-collected and state-shared taxes; federal, state and other grant and entitlement revenues; and interest earnings. All other revenues are recorded when received.

Enterprise and Internal Service Funds

The accounting basis used for the Enterprise and Internal Service funds is the accrual basis of accounting whereby revenues are recorded at the time they are earned and expenses are recorded when liabilities are incurred.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of funds are recorded to reserve that portion of the applicable appropriation, is employed in the General, Special, and Capital Projects funds. Encumbrances are treated as a reservation of fund balance for these funds.

Operating and Capital Plan Budgetary Control

Operating Plan

Level of Control

Budgetary control is maintained at the service level for each operating fund (and at the project level for each capital project), by the encumbrance of estimated purchase or contract amounts prior to the release of purchase orders to vendors. Purchase orders which result in an overrun of either operating or capital balances are not released until additional appropriations are made available. In addition, the City has established a program of financial vulnerability assessment to provide ongoing review of internal financial controls.

Mechanisms

- *Bureau of the Budget and Management Research:* All purchase requisitions are reviewed for justification and approved for funds by an analyst in the Bureau of the Budget and Management Research (BBMR). BBMR prepares regular revenue and expenditure projections to serve as operating guides for policymakers and budget administrators in support of budget monitoring in order to ensure that budgetary shortfalls are not incurred. All purchase requisitions and all items going before the Board of Estimates (BOE) for contract awards are reviewed for justification and approved for funds by an analyst in BBMR.
- *Mayor's Expenditure Control Committee:* All personnel matters that require BOE approval must be submitted to the Expenditure Control Committee for review and recommendation prior to submission to the BOE.
- *Space Utilization Committee:* All actions affecting the disposition of property through sales, the leasing of City-owned real property and City leasing of property owned by third parties, interdepartmental leases, and the declaration of surplus real property are reviewed by the Committee. Recommendations are developed prior to submission to the BOE for final action to assure optimum return on real estate transactions.
- *Contingent Fund:* This account exists to fund emergency and/or unanticipated expenditures. The City Charter limits the annual contingent appropriation to \$1 million. Prior to approval of expenditures from the Fund, the BOE reports to the City Council the circumstances surrounding the request of the expenditure.

Appropriations

The adopted budgetary plan is prepared and appropriated on a service basis by fund. The City's integrated financial management system tracks spending by service, activity, and object level within each fund. Purchase orders which result in an overrun of either operating or capital balances are not released until additional appropriations are made available.

Encumbered Funds

Funds encumbered for contracts, purchase orders and capital improvements are carried over to the next fiscal year upon agency request and availability of funds.

Carryovers

Unencumbered appropriations for a particular service, purpose, activity, or project may, upon the recommendation of the head of the municipal agency concerned and the Director of Finance, and with the approval of the BOE, be carried over to the next fiscal year if necessary to accomplish that service, purpose, activity, or project. Appropriations which are not carried over lapse at the end of the fiscal year in which appropriated, except for special funds (e.g., State and federal grants, enterprise funds, etc.), the balances of which are automatically carried over.

Capital Plan

Government accounting standards and the City Charter require that operating revenues and expenses be clearly distinguished from revenues and expenses associated with capital projects (these are the design, development, construction and extraordinary repair and rehabilitation of physical plant and facilities, excluding vehicle acquisitions). The BOE has defined capital projects as physical betterment or improvements costing more than \$50,000; items of repair, maintenance, or emergency nature costing more than \$100,000; and Bureau of Water and Wastewater items of repair, maintenance, or emergency nature costing more than \$250,000. Physical improvements are not restricted to buildings, but encompass a wide range of projects including street and highway construction, maintenance and improvement of water and sewer systems, community development programs, and playground development. In general, capital facilities are considered to have at least a 15-year useful life. Projects funded in the Capital Budget Plan have been included in the six-year Capital Improvement Plan.

Appropriations

A large share of appropriations in the Capital Budget derive from federal grants, State grants, General Obligation bonds, revenue bond proceeds, and County grants. County grants pay for a prorated share of water and wastewater improvements.

Significant appropriations are derived from the Water Utility and Wastewater Utility Funds used to finance the local share of utility improvements.

The City embraces a Pay-As-You-Go capital funding policy, which annually finances a portion of capital improvements from current revenues of the General Fund and Water and Wastewater Utility Funds.

Monitoring

The Capital Accounting Section of the Bureau of Accounting and Payroll Services manages an automated system which checks documents and actions creating obligations or charges in capital project accounts against available appropriations. All documents creating shortfalls are returned to agencies for corrective actions. In addition, the Section reviews BOE actions, extra work orders, and other actions to determine impact on project balances. All agencies' ongoing capital projects are monitored by agencies on a continuous basis by assigned project engineers who are responsible for construction oversight to prevent project delays and overruns, as well as to ensure compliance with project approval procedures and appropriation limits.

Periodic surveys are conducted to assess the physical condition of facilities in the City's inventory. Those facilities in need of improvements are considered in a subsequent Capital Improvement Program along with other City priorities for funding in a future year.

Particular attention is directed in the Capital Improvement Plan to infrastructure rehabilitation and facilities modernization.

Integrated Financial System

The Department of Finance has an integrated financial management system, which links capital planning and the accounting function. This system supports the monitoring activity described above. This system allows a careful tracking of authorized charges to the various projects and comparison to detailed project cost estimates. The system also assures the integrity of project payments to consultants and contractors.

Cost Control

Value engineering standards and techniques are applied to control costs in the design and project scope development phases, as well as to anticipate and resolve project problems early. The BOE must approve all costs that would exceed any funding previously approved by the Board for a project.

Key Budgetary and Financial Policies

The establishment of clear objectives to align budget planning and ongoing agency operations to address the long-term issues and concerns confronting the City fails unless supported by sound fiscal management policies. This section presents major budgetary and financial policies that frame annual budget plan development and implementation. Many supporting policies, including payroll, purchasing, and retirement, are not summarized here.

Operating and Capital Budget Policies

Fundamental budget policies are set forth in the City Charter.

- **Balanced Budget:** The adoption of a balanced budget is not mandated by the conditions stated in Article II of the City Charter; however, it is implicit that the revenues the City projects to receive in the next fiscal year from all existing revenue sources must be sufficient to cover the total anticipated expenditures of the next fiscal year. The Department of Finance recommends an operating budget to the Board of Estimates that includes the appropriations needed for the operation of each City agency, program, purpose, activity, and project, as well as the specific revenue sources. Total revenues are either equal or greater than the recommended appropriations, and may be supplemented, if necessary, with prior year fund balance.
- **Public Hearings:** The Charter mandates that the Board of Estimates and the City Council conduct public hearings on the proposed budget.
- **Timely Adoption:** The Charter schedule requires budget adoption no later than five days before the fiscal year begins.
- **Budget Amendment:** The Charter provides means for adopting supplemental appropriations funded from unanticipated revenues and/or new grants and sources that materialize during the year, except for property tax revenue. The City's policy is to minimize the use of supplemental appropriations. In addition, the Charter allows for and spells out the procedures for amending the budget to transfer appropriations between programs within an agency and between agencies.
- **Budget Monitoring and Execution:** Budget analysts work closely with agency fiscal officers throughout the fiscal year, from implementing the current year budget to planning the next year's budget. Expenditure and revenue projections are developed and reviewed on a monthly basis. The Mayor, through the Department of Finance, exercises appropriate fiscal management to adjust budget policies, as necessary, to live within the limits of the current adopted plan. The City Council reviews budget performance each quarter, during the budget development period in the fourth quarter, and during the normal course of hearings on supplemental appropriations.
- **Long-Range Capital Plan:** The Charter requires the Department of Planning to develop a long-range Capital Improvement Plan (CIP), which is updated every year. The plan is prepared in conformance with basic capital budgeting policies, which include appropriating funds in the year in which projects are likely to begin, financing a portion of capital improvements from current revenues, and estimating the impact of capital projects on the operating budget.

Fiscal 2025 Compliance

As of publication, the City is completing closeout entries for the Fiscal 2025 budget to ensure all City agencies end the fiscal year within budget. The Fiscal 2025 budget met all requirements regarding hearings, adoption, and capital funding.

Financial Forecasting Policies

The City maintains a ten-year revenue and expenditure forecast for the General Fund. The multi-year forecast provides the basis for establishing budget targets and resource allocation to meet the Mayor's budget priorities.

Reserve Policies

In 1993, the Budget Stabilization Reserve, also known as the unassigned fund balance or Rainy Day Fund, was established. The Reserve is designed to provide budgetary flexibility should material funding shortfalls or unanticipated expenses occur. It may not be used to supplement a planning year budget, and funds drawn from the reserve must be replenished within five fiscal years.

In 2010, Baltimore voters approved a Charter amendment that eliminated a provision limiting the size of the unassigned portion of the General Fund balance to 1% of budgeted revenues. This restriction had placed the City in a relatively poor position compared to other large cities and worked against the City's interest in achieving sound financial practices. The Charter permits a \$1 million contingency appropriation and the Fiscal 2023 budget included the full \$1 million.

Financial Reporting Policies

The City has received the Government Finance Officers Association (GFOA) annual award for Excellence in Financial Reporting for over 25 years and the Distinguished Budget Presentation award each year applied since Fiscal 1988. The [Comprehensive Annual Financial Report](#) is prepared in conformance with the Governmental Accounting Standards Board requirements. The City annually prepares the required full disclosure statements to comply with Securities and Exchange Commission requirements, provides fully descriptive notes in its annual financial report and disclosure statements, and secures an unqualified independent audit report.

Investment Policies

The City's investment policy, adopted in July 1995, covers investment objectives, types of investments, delegation of authority to invest, internal controls, and reporting requirements. The City operates on a pooled cash basis and maintains a tiered portfolio containing a pyramid of investments with a long-term base and short-term top, in order to maximize and stabilize returns. The City has maintained a ratio of current assets to current liabilities greater than 1.0 since 1989, a ratio of less than 1.0 is considered a fiscal stress warning sign.

Self-Insurance Policies

The City, through its Office of Risk Management, has a comprehensive program of risk exposure identification, evaluation, control, and financing. The City is self-insured in the area of casualty and property losses, including the uninsured portion of City buildings and contents, worker's compensation and employers' liability, employees' and retirees' health insurance, and third party general liability and automobile liability losses. To the extent possible, the City plans to address concerns about risk management reserves by making additional appropriations and by adjusting agency premiums to help provide adequate funding.

Debt Policies and Credit Rating

In 1990, the City adopted a formal debt policy which sets forth annual borrowing limits, consolidation of all financing arrangements within the Department of Finance, refunding and refinancing policies, and limits on key debt management ratios. In the development of the annual borrowing plan, the effects of debt on key ratios outlined in the policy are updated and analyzed. The objective is to maintain the City’s reputation in the credit rating community as having a conservative approach to all aspects of debt management including debt service expenses, debt retirement schedules, and debt capacity ratios. The policy recognizes the fundamental role that debt has in the effort to maintain or improve the City’s credit rating.

Long-Term Bond Ratings	Moody’s Rating	Standard & Poor’s Rating
General Obligation Loans	Aa2	AA
Water Senior Lien	Aa3	AA-
Wastewater Senior Lien	Aa3	AA-
Water Subordinate Lien	A1	AA+
Wastewater Subordinate Lien	A1	AA+
Stormwater Senior Lien	Aa2	AA-

The City maintains a General Obligation (GO) bond rating of ‘Aa2’ from Moody’s Investors Service and ‘AA’ from Standard & Poor’s. In May 2007, both of these ratings were upgraded from ‘A1’ and ‘A+’, respectively, after 40 years of being at the same rating, reducing the City’s borrowing costs and saving the City money. In 2014, Standard & Poor’s upgraded the City’s bond rating from ‘AA-’ to ‘AA’, citing strong fiscal management. The City prepares an annual debt report, semi-annual multi-year debt service projections, and a periodic debt affordability analysis.

Fiscal Policies for Economic Development

The Comprehensive Economic Development Strategy plan submitted to the State in 1999 sets forth economic development goals, objectives and priorities. A primary goal of the economic development plan is to attract more job generating businesses to the City. To that end, the City has developed a variety of development incentives including loans, grants, and tax incentive programs. The budget plan estimates and reports on one type of tax expenditure, property tax credits. The City is committed to performing consistent and thorough analysis of the cost and benefit of its tax incentive programs.

Fiscal Stability Practices

- **Employee and Retiree Benefits Program Costs:** Since total employee compensation costs are the largest share of the City’s expenses, it is absolutely essential that options to control costs of employee benefits be examined. The City has an ongoing joint labor-management Health Insurance Committee. Certain recommendations made by the committee are subject to bargaining processes with employee groups.
- **Budget Emergencies:** The City Charter provides a mechanism for the Department of Finance, under guidelines approved by the Board of Estimates, to establish expenditure schedules or strict budgetary allotments when warranted by financial conditions. In addition, the City Charter permits the budget to include up to \$1.0 million in General Fund appropriations as a contingent fund for emergencies.

FISCAL 2026

SUMMARY OF THE ADOPTED BUDGET

Revenue

Intentionally left blank.

Major Revenues Forecast

The Fiscal 2026 General Fund Adopted Budget reflects \$2.6 billion in General Fund revenue, \$259.7 million, or 11.1%, higher than the Fiscal 2025 Adopted Budget of \$2.3 billion. Revenue projections are based on trend data including actual revenue patterns through the 3rd Quarter of Fiscal 2025. Major revenue sources include Property Taxes, Highway User Revenues, Income Taxes, and Earnings on Investments among others. Each major revenue source of the Fiscal 2026 budget is detailed below.

Revenue Category	Budget Amount		Change Amount	
	FY25	FY26	Dollar	Percent
Property Taxes	1,144,536,000	1,200,300,000	55,764,000	4.9%
Income Tax	466,452,000	493,670,000	27,218,000	5.8%
Highway User Revenues	234,719,000	271,940,000	37,221,000	15.9%
State Aid	107,680,000	101,445,000	(6,235,000)	-5.8%
Recordation & Transfer Taxes	92,125,000	104,825,000	12,700,000	13.8%
Energy Tax	51,166,000	51,774,000	608,000	1.2%
Telecommunication Tax	33,686,000	32,300,000	(1,386,000)	-4.1%
Net Hotel Tax	30,762,000	28,500,000	(2,262,000)	-7.4%
Earnings on Investments	41,603,000	24,441,000	(17,162,000)	-41.3%
Traffic Cameras	26,825,000	29,547,000	2,722,000	10.1%
Net Parking Revenues	23,020,466	21,962,949	(1,057,517)	-4.6%
Children and Youth Fund	(15,152,000)	(16,150,000)	(998,000)	6.6%
Total Tax Credits (Excl. Homestead)	(100,898,000)	(94,160,000)	6,738,000	-6.7%
All Other	211,175,534	356,957,051	145,781,517	69.0%
Total General Fund Revenue	2,347,700,000	2,607,352,000	259,652,000	11.1%

Table in dollars.

Property Taxes

Fiscal 2026 Adopted Budget Projection: \$1.20 billion
Change from Fiscal 2025: 4.9% increase

Real and Personal Property Tax Revenues
(Dollars in millions)

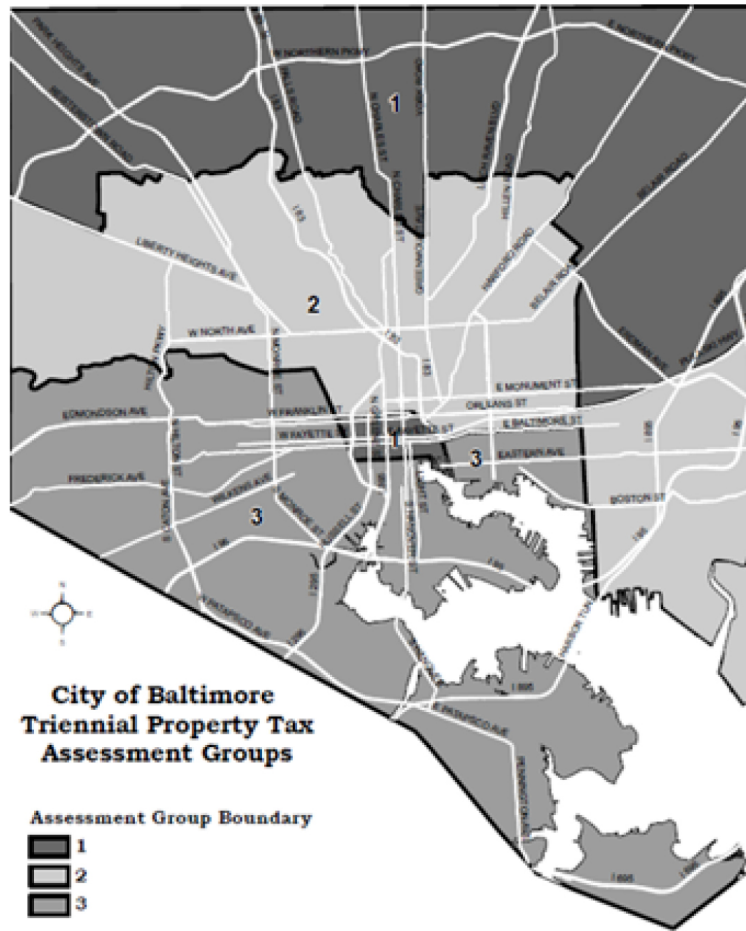

Property Tax revenue is projected to be \$55.8 million higher than the Fiscal 2025 Adopted Budget. The projection is driven by the continued strong growth in the assessed value of City properties. The Real and Personal Property rates will remain unchanged at \$2.248 and \$5.62 per \$100 of assessed value respectively. Each year, the State Department of Assessments and Taxation (SDAT) estimates the value of all taxable real property and issues new assessments for approximately one-third of properties. Personal property is assessed annually, and valuations are established by SDAT based on income tax returns filed by individual businesses.

Real Property Taxes, excluding the cost of the Assessment Tax Credit (ATC), also known as the Homestead Tax Credit, are estimated to yield \$1,098.8 million, an increase of 6.0% or \$62.3 million from the Fiscal 2025 Budget. Personal Property Taxes are estimated to yield \$137.3 million in Fiscal 2026, an increase of 2.1% or \$2.9 million from the Fiscal 2025 Budget. The Homestead Tax Credit protects owner-occupied residential properties from assessment increases that exceed 4% annual growth by phasing the increase in over multiple years. The cost of administering the City’s Homestead Tax Credit is projected to increase by \$9.4 million, or 35.5%, from \$26.4 million in Fiscal 2025 to \$35.8 million in Fiscal 2026.

The Fiscal 2026 Real Property tax projection excludes from the taxable base 3,933 properties, equivalent to \$3.1 million in property tax revenues, which are part of a newly established noncontinuous Tax Increment Finance (TIF) Conservation District as part of the Mayor’s Vacants initiative. Property tax proceeds from these properties will be used to pay for debt service costs associated with the first round of borrowing for this plan.

The Fiscal 2026 budget captures reassessments for Group 1, which represents the northern and a portion of the Downtown areas (see map below). Properties in Group 1 were last time reassessed in Fiscal 2023, which captured real estate activity up to the end of Calendar 2021. Group 1 assessments will grow an average of 17.4% over three years reflecting the strength of the real estate market, especially residential properties, that the City experienced in 2022 and 2023. This figure includes 11.0% growth for commercial, which includes taxable and exempt properties, and 21.0% growth for residential property assessments. Despite this growth, the City will experience the third lowest assessment increase in the State. The statewide average assessment growth is 20.1% (commercial average=16.4%; residential average=21.1%).

The Fiscal 2026 reassessment marks the 12th consecutive year of assessment increases in the City after four consecutive years of decline. This is the first time since Fiscal 2010 that the City will experience three back-to-back double-digit increases. Group 1 assessment data shows that out of the 68,372 taxable properties, 62,345 will experience an increase in assessment values for the next three years, 1,722 will experience an immediate reduction in assessment values, and 4,305 will not change assessment values. Among the properties that have increased in value, 59,874 (or 96.0%) are residential properties.

While assessment of properties in Group 1 are anticipated to increase on average by 5.7%, Real Property taxes are expected to grow by 6.0% in Fiscal 2026. This reflects the increase in assessment of properties in in Group 3, which were reassessed last year, are now phasing in value increases at 8.4%. The projection anticipates the value and number of assessment appeals will proportionally increase; however, this projection accounts for such adjustments.

Fiscal Year	Assessment Group	Full Cash Value Assessment Increase
Fiscal 2011	Group 1	(2.6)%
Fiscal 2012	Group 2	(8.7)%
Fiscal 2013	Group 3	(6.8)%
Fiscal 2014	Group 1	(3.1)%
Fiscal 2015	Group 2	7.0 %
Fiscal 2016	Group 3	9.6 %
Fiscal 2017	Group 1	10.9 %
Fiscal 2018	Group 2	6.2 %
Fiscal 2019	Group 3	3.6 %
Fiscal 2020	Group 1	8.4 %
Fiscal 2021	Group 2	9.1 %
Fiscal 2022	Group 3	4.1 %
Fiscal 2023	Group 1	6.6 %
Fiscal 2024	Group 2	21.6 %
Fiscal 2025	Group 3	17.9 %
Fiscal 2026	Group 1	17.4 %

Property Tax Credits

Fiscal 2026 Adopted Budget Projection: \$94.2 million (Cost of offering tax credits) Change from Fiscal 2025: (6.7)% decrease

The anticipated cost of offering tax credit programs in Fiscal 2026, not including the Homestead Tax Credit, is \$94.2 million. This cost is realized through foregone property tax revenue from properties receiving various credits.

Since Fiscal 2010, the cost of offering various tax credits has increased by 593.2%. From Fiscal 2010 to Fiscal 2018 the average annual cost was \$43.4 million, representing 5.5% of Real Property Tax revenues. From Fiscal 2019 through Fiscal 2024 the average annual cost increased to \$96.9 million, or 10.5% of Real Property Tax revenue. This change was primarily the result of the increased costs associated with three tax credits: the High-Performance Market Rate Rental, the Brownfield, and the Historic (CHAP) tax credits. The cost of these credits grew from \$7.2 million to \$17.5 million, from \$19.7 million to \$21.5 million, and from \$10.6 million to \$12.7 million, between Fiscal 2019 and Fiscal 2024 respectively.

The Fiscal Year 2026 estimate reflects a projected reduction in the cost of three tax credits: the Enterprise Zone Tax Credit (EZTC), the Historic Preservation Tax Credit (CHAP), and the High-Performance Market-Rate Rental Housing Tax Credit (HPMRRH). The EZTC is expected to have a net decrease of \$5.7 million, or 32.8%, compared to the Fiscal Year 2025 Budget. This reduction is due to the expiration of real property credits on a handful of projects and the decrease in the anticipated value of Personal Property Enterprise Zone Tax Credits (PPEZTC). The CHAP tax credit is projected to decline by \$1.9 million, or 15.2%, from the Fiscal Year 2025 Budget. This is primarily due to the expiration of 387 tax credits at the end of Fiscal Year 2025. The HPMRRH tax credit is expected to decrease by \$1.3 million, or 7.8%, compared to the Fiscal Year 2025 Budget. This reduction is the result of scheduled reductions in the credit percentages for HPMRRH-Targeted tax credits. The targeted portion of this credit has expired, and city properties are no longer eligible for this component. Any new qualifying properties remain eligible for the City-Wide component of the HPMRRH tax credit.

Tax Credits as a Percent of Real Property

Tax Credit Costs: Historical Trends

Tax Credits	Avg.Cost	Actual Amount				Budget Amount	
	FY16-20	FY21	FY22	FY23	FY24	FY25	FY26

Table in millions of dollars.

Targeted Homeowners Tax Credit

In Fiscal 2020, the City reached a significant milestone in fully implementing the 20 Cents by 2020 program. This tax reduction program, known as the Targeted Homeowners Tax Credit (THTC), provides tax relief for owner-occupied properties. The average effective rate for owner-occupied properties with the credit is estimated at \$2.048 per \$100 of assessed value, and now saves the average homeowner more than \$428 annually in property taxes to nearly 74,800 homeowners in the City. In Fiscal 2026, the City will maintain this rate for owner-occupied residents. The chart below shows the history of the program to date.

Effective Property Tax Rate History (Per \$100 of Assessed Value)

Income Tax

Fiscal 2026 Adopted Budget Projection: \$493.7 million
Change from Fiscal 2025: 5.8% increase

Income Tax revenue is projected to be \$27.2 million higher than the Fiscal 2025 Adopted Budget. The income tax rate remains unchanged at 3.2%; the maximum allowed under State law.

The Adopted Budget reduces the Fiscal 2026 income tax projection by \$5.9 million. This reduction brings local estimates in line with the State’s Fiscal 2026 income tax projections. The revised projection assumes 4.9% income tax growth for the remainder of Fiscal 2025 and 2.4% for Fiscal 2026; this is down from 6.0% and 3.0% respectively.

The Fiscal 2026 estimate reflects continued improvements in the City’s income taxable base resulting from the City’s job market. In December 2024, the State Comptroller released the Income Tax Summary Report showing a net decrease of 194 tax returns filed by City residents from 2022 to 2023. As shown in the table below, the City is seeing growth in the number of filers making more than \$30,000, while the number of filers making less than \$30,000 continues to decline.

Income Tax Bracket	Change in # Tax Returns
< \$30,000	5,579 Decrease
\$30,000-\$59,999	475 Increase
\$60,000-\$149,999	3,426 Increase
\$150,000-\$499,000	1,436 Increase
> \$500,000	48 Increase

Source: Maryland State Comptroller

Employment data from the Bureau of Labor Statistics indicates that the City labor market experienced a slight downturn during calendar year 2024. Data as of December 2024 shows that an average of 3,797 residents joined the City’s labor force during Calendar 2024 from the average of 274,275 in 2023; however, only 10% or 387 were successfully absorbed by the job market, which explained the increase in the City’s unemployment rate from 2.9% in Calendar 2023 to 4.1% in 2024. The City’s unemployment rate is higher than the State’s 2.8%, and remains at the same level of the national average of 4.1%.

State Highway User Revenue

Fiscal 2026 Adopted Budget Projection: \$271.9 million
Change from Fiscal 2025: 15.9% increase

Highway User Revenues (HUR) are projected to be \$37.2 million higher than the Fiscal 2025 Adopted Budget. HUR is funded by statewide proceeds from the fuel tax, titling tax, vehicle registration fees, corporate income tax, and a portion of the State sales tax. The projected growth is driven by action taken during the 2022 Legislative Session when the Maryland General Assembly passed House Bill 1187. Under the new allocation formula, the City's share of HUR is anticipated to continue to increase through Fiscal 2027. The City will receive 12.2% of statewide HUR in Fiscal 2026 and 2027. In Fiscal 2028 the City's share of HUR will decrease to 9.5%.

Through the 3rd Quarter Fiscal 2025, Highway User Revenues are projected to be \$0.4 million lower compared to budget. This reduction is due to lower-than-expected activity during the first five months of the fiscal year with both Fuel tax (-5.9%) and Vehicle Registration (-11.6%) showing declines compared to Fiscal 2024. Although the projected amount is higher than Fiscal 2024 actual revenue, this increase is primarily due to the increase in the Baltimore City HUR allocation of 11.0% in Fiscal Year 2025 compared to 9.5% in Fiscal Year 2024.

State law requires that HUR funds be used by local governments for eligible transportation-related uses. Eligible uses include street construction or maintenance, transportation facilities, street cleaning, police enforcement of traffic laws, stormwater drainage of roads, street lighting, and maintenance of footpaths and bicycle trails. These expenditures must equal or exceed the amount of revenue from HUR, demonstrating that the City is compliant with State law. HUR eligible costs that exceed the allocation have been subsidized through the City's General Fund. The Mayor's Preliminary Budget recommendations makes no change in service levels for HUR eligible services in the operating budget.

Service	Fiscal 2025 Budget	Fiscal 2026 Budget	Difference
Transportation			
500 - Street Lighting (Less transfers)	21.1	22.3	1.2
681 - Administration	10.6	11.3	0.7
683 - Street Management	39.0	45.7	6.7
684 - Traffic Management	11.3	12.1	0.8

From Fund Balance	20.7	0.0	(20.7)
HUR-Eligible Expenses Subsidized by General Fund	(5.5)	0.0	5.5

Table in millions of dollars.

State Highway User Revenue (Historical)
(Dollars in millions)

The Fiscal Year 2026 Budget is the highest allocation in HUR funding, a 116.5% increase from a low of \$125.6 million in Fiscal 2012. The rise in annual allocations over recent fiscal years has allowed the City to increase funding for transportation capital projects; however, uncertainty around a potential decline to HUR funding in Fiscal 2028 will limit the City’s ability to continuing investing in these projects.

State Aid

Fiscal 2026 Adopted Budget Projection: \$101,445,000
Change from Fiscal 2025 : (5.8)% decrease

State Aid Revenue
(Dollars in millions)

State Aid is projected to be \$(6.2) million lower than the Fiscal 2025 Adopted Budget. The decline in revenue is driven by State Aid reductions included in the Governor’s proposed Fiscal 2026 budget. The primary driver of this decline is a 50% reduction in the Teacher’s Retirement Supplement from \$10.0 million to \$5.0 million. Partially offsetting the above noted reduction is an increase of \$1.6 million in funding for local health operations. The City also receives State Aid for a portion of the maintenance costs for the War Memorial Building, the funding for this project in Fiscal 2026 is \$0.2 million, which is in line with the Fiscal 2025 Budget.

The Income Tax Disparity Grant is based on a formula designed to ensure that jurisdictions statewide receive per capita Income Tax receipts equivalent to at least 75% of the statewide average. The Governor’s proposed Fiscal 2026 Budget fully funds this program. In Fiscal 2026, the City will receive \$79.1 million from this program.

State provisions for this program restrict the increases and amounts jurisdictions can receive. However, the combination of the City’s declining population and slower income tax growth compared to the rest of the State would require this amount to be higher to achieve the 75% State average income tax level intended by the formula. Under the program caps, the City’s allocation will stay at \$79.1 million for Fiscal 2026.

Recordation and Transfer Taxes

Fiscal 2026 Adopted Budget Projection: \$104.8 million
Change from Fiscal 2025: 13.8% increase

Recordation & Transfer Taxes
(Dollars in millions)

Transfer and Recordation tax revenue is projected to be \$12.7 million higher than the Fiscal 2025 Adopted Budget. These revenue sources are largely driven by property values and levels of activity within the real estate market. While real estate activity has been in-line with budgeted expectations, City home values remain strong. Residential home sale prices have grown in value by 4.7% since July 2024. Transactions subject to Transfer Tax are up by 4.4% compared to Fiscal Year 2024, while those subject to Recordation Tax are down by 1.1%. Data as of December 2024 indicates that the average yield per transaction subject to both taxes is up by 4.9% in Transfer tax and 5.1% in Recordation Tax. This data is a sign of continued stability of prices of city properties. The Fiscal 2026 projected revenues assumes an increase in market activity.

The average price of residential property sold in the City has consistently grown since it broke the \$200,000 average price mark in July 2020. Based on data from July-February Fiscal Year 2025, the average sales price of a City home is \$260,834, a 3.7% increase from the same period of the previous Fiscal Year.

Activity in the real estate market has slowed substantially since interest rates have increased. In Fiscal 2024, residential units sold fell to 7,456, a reduction of 763 units or 9.3% lower than Fiscal 2023 according to data from ShowingTime. During this period, the City also saw a minor increase in the number of days properties were on the market, taking an average of 35 days to sell in Fiscal 2024, up from an average of 34 days in Fiscal 2023. Even with the slowed activity, the market is performing better than it had pre-pandemic when average days on the market lingered between 54 to 82 days during the period of Fiscal 2015 through 2020.

Energy Taxes

Fiscal 2026 Adopted Budget Projection: \$51.8 million
Change from Fiscal 2025: 1.2% increase

Energy Tax Revenues
(Dollars in millions)

Energy Tax revenue is projected to be \$0.6 million higher than the Fiscal 2025 Adopted Budget. The projected revenue growth is driven by adjustments to tax rates and changes in user group consumption patterns.

Energy Tax revenues include taxes on electricity, gas, steam, fuel oil, and liquid petroleum gas. Revenue from the Energy Tax has been relatively flat in recent years, driven by decreases in consumption that can be attributed to the broader adoption of energy efficient devices; however, unseasonably warm or cold weather can affect these receipts. Reductions due to lower consumption have been partially offset by rate increases.

Baltimore City Code mandates that the City’s Energy Tax be levied as a unit tax based on the number of units of energy delivered to users in Baltimore City. These units are kilowatt-hours for electricity, therms for natural gas, pounds for steam, and gallons for fuel oil and liquefied petroleum gas.

In accordance with Article 28, Section 25-14, the annual Energy Tax rates are adjusted by the annual percentage change in the Baltimore, Columbia, Towson Consumer Price Index (CPI) as reported by the United States Department of Labor. The metric is calculated by comparing December of the preceding calendar year to the December of the next calendar year. The CPI used for Fiscal 2026 is 3.4%, higher than the 2.1% in Fiscal 2025 .

User Group	Electricity	Natural Gas	Fuel Oil	LPG	Steam
Commercial	0.010835	0.140112	0.160133	0.195429	0.003408
Residential	0.003470	0.041180	0.057795	0.061902	0.000979
Nonprofit	0.007597	0.111303	0.138206	0.169940	0.002016

¹ Units of measure: electricity = kWh, natural gas = therm, fuel oil and LPG = gal, and steam = lbs.

Net Parking Revenues

Fiscal 2026 Adopted Budget Projection: \$22.0 million
Change from Fiscal 2025: (4.6)% decrease

Parking Revenues (Net Transfer to the General Fund)
(Dollars in millions)

Net parking revenue is projected to be \$(1.1) million lower than the Fiscal 2025 Adopted Budget. The Fiscal 2026 Budget considers a set of initiatives that began in the second half of Fiscal 2025 which are expected to have a positive impact on revenues in Fiscal 2026. The projection includes recommendations for implementing across the board increases to parking fines and penalties estimated to account for \$2.6 million in additional revenues. It also accounts for anticipated increase in budgeted expenditures for parking related services (budgeted within the Department of Transportation-Service 682). Adjustments to expenditures reflect actual spending trends for services in recent years.

Net Parking Revenues are the remaining proceeds after the operating expenses of the Parking Enterprise and Management funds have been paid. Parking revenues are dependent on vehicle usage, City enforcement of traffic laws, and demand for garages, parking lots, and metered spaces. Primary generators of parking revenues include the Parking Tax, meters, fines and penalties on parking fines, and income from City-owned garages.

In Fiscal 2020, the City imposed a moratorium on penalties generated from unpaid Parking fines to alleviate parking related charges during the pandemic. The Fiscal Year 2025 Budget projection assumed that penalties for unpaid parking violations occurring after July 1, 2024, would be assessed. Based on data from the first half of Fiscal 2025, this action has generated an additional \$2.3 million in revenue compared to the Fiscal Year 2024 year-end estimates. The Fiscal Year 2026 budget projection assumes continued compliance with parking penalty payments, resulting in \$3.9 million in revenue, an increase of \$0.6 million from the Fiscal Year 2025 3rd Quarter projections. In the second half of Fiscal Year 2025, License Plate Reader (LPR) technology will be implemented to enforce residential parking permits. Residential permit parking violations, with the assistance of LPR technology, are projected to generate \$1.2 million in revenue for Fiscal Year 2026. Lastly, the City has been focused on filling all vacant Traffic Enforcement Officers which will increase staff capacity for parking enforcement.

Hotel Tax

Fiscal 2026 Adopted Budget Projection: \$28.5 million
Change from Fiscal 2025: (7.4)% decrease

Hotel Tax Revenue (Net Transfer to the General Fund)
(Dollars in millions)

Hotel Tax revenue is projected to be \$(2.3) million lower than the Fiscal 2025 Adopted Budget. The Fiscal 2026 budget adjusts for how interest and penalty payments for hotel tax collections are recorded. The projected amounts shown here do not include interest and penalties from late payments. Room rates and demand continue to increase. During calendar year 2024 demand increased by 5% and the average nightly room rate increased by 11.7%.

Prior Fiscal 2021, Visit Baltimore received 40% of the gross Hotel Tax receipts, plus or minus the reconciliation resulting from any differences between the budget and actual receipts of the most recently completed fiscal year. This process was modified during the 2021 Legislative Session when the Maryland General Assembly passed House Bill 1301, modifying the appropriation calculation to be based on 40% of the three-year rolling average of actual Hotel Tax receipts from the last three audited fiscal years. In Fiscal 2022, this change was adopted, preventing Visit Baltimore from experiencing sharp annual fluctuations in its appropriation when the economy, specifically the tourism industry, is affected.

In 2019, the Baltimore Tourism Investment District (TID) was created, and a 2% surcharge was imposed in addition to the 9.5% Hotel Tax. This 2% surcharge is estimated to yield \$6.9 million in Fiscal 2026 and will be used to fund additional marketing strategies to promote the City and increase tourism.

The table below summarizes the City’s allocation of Hotel Tax proceeds:

Appropriation Category	Actual Amount		Budget Amount	
	FY24	FY25	FY25	FY26
Hotel Tax Revenue	36,717,352	35,262,000	33,000,000	
Convention Center Debt Service	(4,500,000)	(4,500,000)	(4,500,000)	
General Fund Subtotal	32,217,352	30,762,000	28,500,000	
Convention Center Hotel	(2,339,159)	(2,600,000)	(3,778,448)	
Visit Baltimore	(8,052,405)	(8,711,305)	(8,896,279)	
Net Hotel Tax in General Fund	21,825,788	19,450,695	15,825,273	

Table in dollars.

The following pie chart shows the distribution of Hotel Tax revenues:

GRAND TOTAL: \$33.0 million

Values may not sum to 100% or 'Grand Total' due to rounding.

Speed and Red Light Camera Violations

Fiscal 2026 Adopted Budget Projection: \$29,547,000
Change from Fiscal 2025 : 10.1% increase

Speed and Red Light Camera Violations Revenues
(Dollars in millions)

Traffic Camera revenue is projected to be \$2.7 million higher than the Fiscal 2025 Adopted Budget. These automated enforcement systems are designed to improve road safety by deterring speeding and running red lights, while also supporting funding for the City’s transportation initiatives and public safety programs.

The Adopted Budget increases revenue from speed and red light cameras by \$1.2 million compared to the Preliminary Budget. The Adopted Budget reflects the new tiered fine structure approved by the General Assembly as part of the 2025 legislative session. The table below summarizes the new tiered fine structure that will go into effect in October 2025 (the Adopted Budget assumes 9 months of revenue from this change).

Threshold	Fine Amount
12-15 MPH	\$40
16-19 MPH	\$70
20-29 MPH	\$120
30-39 MPH	\$230
More than 40 MPH	\$425

The City analyzes camera violation data by location, deployment date, and when payments occur. Within the first year of issuance, collection rates average 55.0% then increase towards reaching levels as high as 93% over time. Considering all violations issued and all payments made since 2017, the rolling collection is 73.0% for red-related cameras and 70.9% for speed cameras.

Average Red Light Camera Violations Issued over Time per Camera

Average Speed Camera Violations Issued over Time per Camera

The graphs above display the trends in the volume of issued citations over time for both red light and speed cameras. Within the initial months of deployment, the volume of citations tends to rise sharply, reaching their peak after two to three months of deployment. As behavior changes due to awareness of the cameras, the volume of citations drops substantially over the course of time.

In Fiscal 2025, payments from prior years represented 44.2% of payments for speed camera violations and 43.0% of payments for red light violations as of December 2024. This has been an ongoing trend since this program has been in place. Outstanding violations are recorded with the State, and individuals are required to pay these fines before being able to renew or modify their vehicle registration.

The Fiscal 2026 Budget assumes there will be 6 new speed cameras installed and 30 cameras will be redeployed. These actions are projected to generate \$2.0 million of additional revenue. The budget also reflects installed 16 new red-light cameras projected to generate \$1.2 million in additional revenue.

Interstate 83 Speed Cameras

During the 2021 Legislative Session, the Maryland General Assembly passed House Bill 967, authorizing the expansion of two speed monitoring cameras on the Baltimore City section of Interstate 83 (I-83). These cameras were installed in Spring 2022, violations began being issued in July 2022.

The volume of citations issued by I-83 cameras has continued to decline due to changes in driver behaviors. In Fiscal 2026, it is anticipated that the City will yield \$5.4 million in revenues from this program.

Based on State law, proceeds from these citations are restricted to fund operating costs and future safety improvements on I-83 and are therefore budgeted in a Special Revenue Fund, separate from the General Fund. Based on Fiscal 2026 projections, revenue from these cameras will support the operating costs of the program but will not be sufficient to fund capital projects on I-83.

Earnings on Investments

Fiscal 2026 Adopted Budget Projection: \$24.4 million
Change from Fiscal 2025 : (41.3)% decrease

Earnings on Investments Revenue
(Dollars in millions)

Investment earnings revenue is projected to be \$(17.2) million lower than the Fiscal 2025 Adopted Budget. The Fiscal 2025 3rd Quarter projection reflects a \$7.2 million deficit compared to the adopted budget. Data as of February 2025 shows a reduction of \$285.3 million in the annual average cash available for investment, or a \$48.2 million reduction in the monthly average cash available compared to the Budget. The Treasury Management interest rate dropped to 3.8% as of February 2025, which is 0.6% lower than the anticipated rate of 4.4% for Fiscal 2025. Additionally, the cash available for investment from ARPA funds is lower than originally projected when the Fiscal 2025 Budget was created. The Fiscal 2026 Budget assumes a further decline in cash available for investment from ARPA funds compared to Fiscal 2025, and anticipates a Treasury Management interest rate of 3.9%, lower than the projected average rate of 4.4% for Fiscal 2025.

Other Sources of Revenue

Fiscal 2026 Adopted Budget Projection: \$357.1 million
Change from Fiscal 2025: 69.1% increase

All Other Revenue
(Dollars in millions)

Other miscellaneous revenue sources are projected to be \$146.0 million higher than the Fiscal 2025 Adopted Budget. This increase is driven by multiple sources:

- **Admissions and Amusement Tax:** The overall revenue is projected to be \$6.6 million higher than Fiscal 2025 based on the CFG Arena agreement. Under the terms of this agreement the City keeps \$1.7 million of Admissions and Amusement tax generated by CFG while the remainder is refunded back to the arena. The M-R: Convention Complex budget includes the expenditure authority for this payment.
- **Water and Wastewater Utility Overhead:** The administrative overhead paid by the Water and Wastewater Utilities is projected to increase by \$3.8 million driven by increased expenditures in the Utilities.
- **Taxicab and Transportation Network Company (TNC) Excise Tax:** This revenue source is projected to increase by \$2.4 million compared to the Fiscal 2025 Budget. Pending the Mayor and City Council approval, the City will increase the per-ride charge for TNC services from \$0.25 to \$0.38 for any trip initiated or ending in the City.
- **Landfill Tipping fee and Solid Waste Surcharge:** The Fiscal 2026 Adopted Budget includes the proposed increase in the combined charge for Tipping fee and Solid Waste surcharge from \$67.5 to \$135 per ton. This rate increase is projected to generate additional \$8.4 million.
- **Emergency Medical Services (EMS) revenues:** Starting on Fiscal 2026, EMS revenues, previously posted in a Special Fund, will be recognized in the General Fund. The revenue projection reflects an assumed 20% increase to EMS fees in Fiscal 2026.
- **Grocery Bag tax:** The BOE Recommended Budget included \$240,000 of additional revenue based on an anticipated change to the cost share structure between retailers and the City. The City Council rejected this proposal through their amendments to the budget. There is no change in assumed revenue from the Grocery Bag tax in Fiscal 2026.

Summary of City Real Property Tax Credit Programs

The table below describes tax expenditure costs for all locally authorized Real Property Tax Credit programs. In Fiscal 2026, the City budget estimates Real Property Tax Credit expenditures totaling approximately \$130.0 million. This represents an increase of \$6.2 million compared to the total Fiscal 2025 projected expense of \$123.8 million.

	Fiscal 2025 Projection	Fiscal 2026 Budget
<u>Homestead Tax (104% Assessment Phase-In)</u>		
A 4% taxable assessment increase cap on owner-occupied dwellings.	\$26,826,000	\$35,822,000
<u>Targeted Homeowners Tax Credit</u>		
An annual credit based on improvement assessment values. The credit is granted to owner-occupied properties with an approved Homestead Tax Credit application only.	\$29,157,000	\$32,000,000
<u>Enterprise Zone Property Tax Credit (EZTC)</u>		
A 10-year tax credit (80% in the first 5 taxable years and declining by 10 percentage points thereafter) in designated State Enterprise Zones on the increased value of a commercial property after improvements. Includes Enterprise Zone Tax Credit costs for real property, personal property, and PILOT projects.	\$14,365,000	\$11,763,000
<u>Historic Restoration and Rehabilitation Property Tax Credit</u>		
A 10-year tax credit (100% for projects with costs below \$5 million; and 80% in the first 5 taxable years and declining by 10 percentage points thereafter for projects with costs above \$5 million) on the increased value of a historic property due to improvements.	\$11,360,000	\$10,807,000
<u>Supplemental Homeowner's Property Tax Credit</u>		
An annual credit providing tax relief to low-income City residents eligible for the existing State Homeowner's tax credit.	\$1,007,278	\$1,400,000
<u>High-Performance Market-Rate Rental Housing Property Tax Credit</u>		
A 15- and 10-year tax credit (15-year if project is located within a targeted area and 10-year for all other City locations) on the increased assessment value of improvements on the construction or conservation of high-performance market rental housing. The 15-year credit is 100% for the first two taxable years, 80% for the following three, 70% and 60% for the next two, 50% for the following three, and declining by 10 percentage points annually thereafter. The 10-year credit is structured the same as the EZTC.	\$16,302,000	\$15,576,000
<u>High-Performance and Newly Constructed Dwelling Property Tax Credits</u>		
These are five-year tax credits (50% in the first taxable year and declining by 10 percentage points thereafter) on new constructed or city-owned, vacant rehabbed dwellings, with an additional requirement for "High Performance" for the HPNCTC. While the NCTC credit expired on June 30, 2019, there is an annual cost to the City for all applications approved before the expiration. Both credits are included in these amounts.	\$825,630	\$1,228,000
<u>Brownfields Property Tax Credit and Other Local Tax Credits</u>		
The Brownfields Property Tax Credit is five-year tax credit (50%, except for projects that spend more than \$250,000 in eligible work, in which case it is 70%) on the increased value of brownfields sites after eligible improvements are made. For sites located in a State-designated Enterprise Zone area, the credit is for a 10-year period. Other Local Tax Credits include the cost of the Low-Income Employee, Public Safety Officers, Vacant Swellings, Fallen Heroes, Residential Retention (Portability), Energy Conservation Devices, and Cemetery Dwellings property tax credit programs.	\$23,982,000	\$21,386,000
Total	\$123,824,908	\$129,982,000

Note: Figures reported in this table may not match figures cited in the Major Revenue Forecast due to rounding.

Selected Real Property Tax Expenditures

Tax expenditures are foregone revenues – based on tax laws – which include exemptions, deductions, credits, deferrals, payments in lieu of taxes (PILOTS) and differential tax rates. Tax expenditures are alternative government policy instruments that provide direct financial support (e.g. land cost write-downs) to qualifying individuals, organizations and businesses to encourage specific policy objectives. Because they are substitutes for direct operating expenditures, it is important to document and review their costs as part of the annual budget process.

Energy Conservation Device Tax Credit

In 2023 the City established the Energy Conservation Devices Tax Credit. This credit is available to Baltimore City property homeowners whose dwelling uses a solar or geothermal energy device. The credit is granted for eligible costs associated with the purchasing and installation of the device.

Eligible property owners can receive one-time credit per eligible property against the City portion of their real property tax. The credit is equal to the lesser of 50% of the eligible installation costs up to a maximum of \$5,000, or 50% of the eligible costs up to \$1,500 if the device is used exclusively to provide hot water in the home. The City may not grant more than 1 tax credit for each dwelling.

As of April 21st, 2025, there have been two Energy Device Conservation Tax Credits granted. The total cost for this tax credit is \$10,000. The tax credit is promoted in the Department of Finance’s section of the City of Baltimore webpage. Additionally, the web address that promotes all city real property tax credits is included with each tax bill sent by the City to all property owners.

The Department of Finance will not be accepting applications for this tax credit after June 30, 2028.

Newly Constructed Dwelling Tax Credit Report

The Newly Constructed Dwelling Tax Credit (NCTC) law requires the Director of Finance to report the public costs and benefits of the tax credit to the Board of Estimates and to the Mayor and City Council. Section 9-304 of the Tax-Property section of the State law authorizing this credit expired on June 30, 2019. Therefore, the following table summarizes the number of credits and gross costs on an annual and cumulative basis for all applications approved before this expiration:

Fiscal Year	Number of Credits Granted		Dollar Value of Credits Granted	
	Annual New	Cumulative	Annual Total	Cumulative
1997 - 2011*	200	3,242	1,427,137	25,423,078
2012	233	3,475	3,164,268	28,587,346
2013	253	3,728	3,619,532	32,206,878
2014	226	3,954	3,147,838	35,354,716
2015	155	4,109	2,823,800	38,178,516
2016	259	4,368	2,354,271	40,532,787
2017	203	4,571	2,296,387	42,829,174
2018	149	4,720	2,022,954	44,852,128
2019	293	5,013	2,139,502	46,991,630
2020	0	5,013	1,625,547	48,617,177
2021	0	5,013	1,305,621	49,922,798
2022	0	5,013	1,109,010	51,031,808
2023	0	5,013	167,582	51,199,390
2024	0	5,013	165,656	51,365,046
2025	0	5,013	0	51,365,046

¹ Annual amounts are averages for this period.

Since the program’s adoption, administrative costs have been absorbed within existing City operations and the cost associated with applications granted before its expiration still places it as the City’s eighth largest local Real Property Tax Credit expense.

High Performance Newly Constructed Dwelling Tax Credit Report

With the expiration of the Newly Constructed Dwelling Tax Credit, the Mayor and City Council passed legislation 19-0456 establishing the High-Performance Newly Constructed Dwellings Tax Credit (HPNCTC). The term and structure of this credit is identical to the NCTC prior to its expiration but includes additional requirements to fit the description of “High Performance”. This tax credit is schedule to end on June 30, 2027. The following table summarizes the number of credits and gross costs on an annual and cumulative basis for all applications as of February 2025.

Fiscal Year	Number of Credits Granted		Dollar Value of Credits Granted	
	Annual Total	Cumulative	Annual Total	Cumulative
2020	22	22	54,918	54,918
2021	66	88	443,255	498,173
2022	67	155	634,978	1,133,151
2023	33	188	681,768	1,814,919
2024	48	236	808,318	2,623,237
2025	36	272	825,630	3,448,867

¹ Annual amounts are averages for this period.

Analysis

The online applications for the HPNCTC includes a survey component completed by recipients. The Department of Finance has published the results of this survey for the former NCTC and recent HPNCTC since 2000. In preparing this report, the Department of Finance has reviewed and processed 36 HPNCTC applications during Fiscal 2025. The following analysis includes information from survey respondents who have received the HPNCTC for the first time in Fiscal 2025.

The tax credit is promoted in the Department of Finance's section of the City of Baltimore webpage. Additionally, the web address that promotes all city real property tax credits is included with each tax bill sent by the City to all property owners. Additionally, the tax credit is promoted on the Live Baltimore website.

The 36 new recipients of the HPNCTC reside in six of the City's 278 neighborhoods. One neighborhood, Locust Point, accounted for 28 applications or 77.8% of the new credits. The neighborhood of Harbor East received the second largest number of allocated credits with three or 8.3% of the total. The remaining six or 23.4% of new credits are dispersed amongst Canton, Cheswolde, Lauraville and Locust Point Industrial Area.

Recipients of the HPNCTC were able to indicate their primary reasons for moving by noting their top three perceived advantages of the new location of their home. Of the 36 recipients of the credit, the top three primary reasons for moving included a lower crime rate (37.1%), a better lot or yard size (25.7%) being closer to family/friends (17.1%). Another advantage of note according to the recipients was a shorter commute to work (8.6%).

One of the primary goals of the HPNCTC program is to attract homebuyers to the City in order to expand the City's taxable base. However, of the 36 new recipients of the credit, 69.4% had already been residents of the City prior to purchasing their new home. Even though this represents an improvement over the previous fiscal year, when 74.5% of new credit recipients were already City residents before purchasing their new home, it falls short in the intended goal of this program. The survey results show that even though 52.8% of recipients were first time homebuyers, 88.9% of recipients were only looking to purchase homes in the City. These results are indicative of the tax credit being a successful incentive for current City residents to purchase a home rather than working as a tool to bring new home owning residents to the City.

Despite the survey responses noted above, there are signs that the tax credit was influential in the respondents decision to purchase their home and that the tax credit is a successful means to keep homeowners in the City for years to come. When surveyed, 41.7% of new recipients stated the tax credit was "very important" and 50.0% responded that the tax credit was "important". Only three of the respondents noted the tax credit was "not important". Respondents were asked as part of the survey about how long they plan on staying in their newly purchased home. Of the 36 new recipients of the tax credit, 83.81% responded that they plan on staying in their residence for the foreseeable future.

Even though the primary purpose of this tax credit is to promote homeownership and the construction of new homes, the HPNCTC may run counter to broader efforts to provide equitable opportunities amongst families and individuals of varying income levels. Data indicates that high income households represent a substantial portion of the program's applicants. Over 89.5% of all survey respondents have incomes above the City's median household income of \$59,623 and roughly 68.9% have incomes above the state's median household income of \$101,652. Survey responses indicate that out of the new recipients of the credit in 2025, 73.5% had household incomes over \$200,000, an increase of 15.2% compared to new recipients in Fiscal 2024. Additionally, 17.7% had incomes between \$100,000-\$150,000, and 8.8% had incomes between \$150,000-\$200,000. No respondents had income below \$100,000.

The data provides insights into the demographics of the typical tax credit recipient. In terms of race and ethnicity new credit recipients identified as 58.3% White-Not Hispanic, 11.1% as Black-Not Hispanic, 8.3% as Hispanic, 8.3% as two or more races/ethnicities, and 2.8% as Asian. There were three respondents who preferred not to respond to this question. Furthermore, 31.4% have a college degree while 65.7% have graduate or professional education. The most common age range for those receiving the credit was 26-35 (43.8%) followed by 36-50 (40.6%).

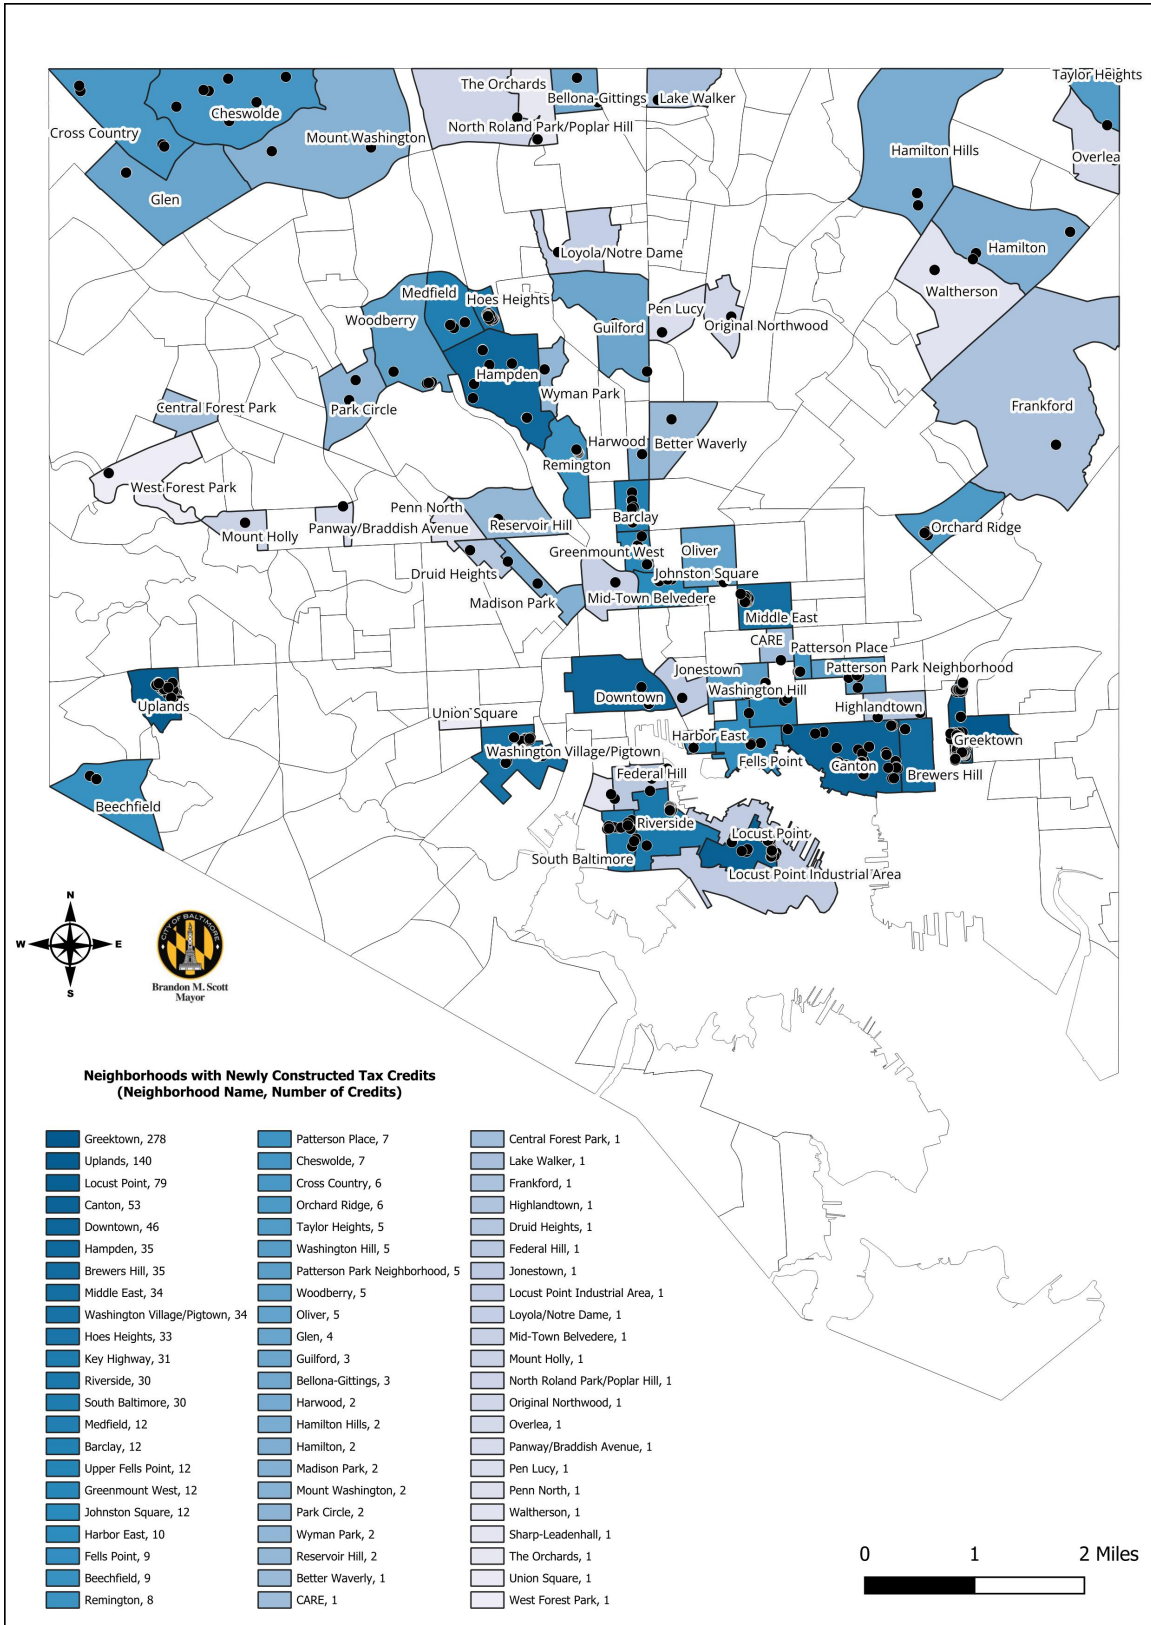

When comparing survey responses from new recipients in Fiscal Year 2025 to those in Fiscal Year 2024, demographic trends, income levels, motivations, and ownership preferences among tax credit recipients showed minimal change. Additionally, a 25% decline in new recipients of the tax credit was observed in Fiscal Year 2025. Despite this decline, projections for Fiscal Year 2026 indicate growth in new tax credit recipients, driven by the ongoing construction and sale of eligible properties.

Maps on the following pages detail the location of properties that have received a NCTC and HPNCTC. The map labeled "Fiscal Year 2015-Fiscal Year 2019" indicates properties to which the City has granted a NCTC during the last five years of the program. The map labeled "Fiscal Year 2020-Fiscal Year 2025" indicates properties that received the HPNCTC since the new iteration of the program started. Properties that first received the credit in Fiscal 2025 will receive the credit for the following four years, as long as they continue to meet eligibility requirements.

Budgetary Funds and Projected Revenues

General Fund

Policy and Objectives

The General Fund is the City's principal fund to support ongoing operating expenses and Pay-As-You-Go (PAYGO) capital projects. The budget for this fund includes all unrestricted revenues that support appropriations not required to be budgeted in another fund. Appropriations are approved in the Ordinance of Estimates or supplemental appropriations for any service or activity not prohibited by the City Charter, public local law, or other applicable law. The top five major types of revenues (Property Tax, Income Tax, State Shared Tax, Other Local Tax, and Charges for Current Services) collectively comprise 89.0% of the \$2.6 billion Fiscal 2026 General Fund budget. Revenue Transfers represent revenue in excess of expenses in certain other funds that are available to the General Fund such as the Convention Center Bond Fund and Parking Management Fund.

Major Revenues

Local Taxes: These revenues, not including State Shared Revenues, account for \$1.9 billion or 73.3% of total General Fund revenues and funding sources. Current year Real and Personal Property Tax receipts represents the largest revenue source for local taxes at \$1.2 billion (62.8%) in Fiscal 2025. Budgeted Income Tax revenue represents \$493.7 million (25.8%) of total local taxes. Sales and Service revenue is mainly composed of taxes on energy consumption, telecommunication lines, and hotel occupancy at \$112.6 million (5.9%). Recordation and Transfer taxes are estimated at \$104.4 million (5.5%).

Local Taxes	FY26 Budget
Property Tax	1,200.3
Income Tax	493.7
Sales and Service	112.6
Recordation and Transfer Tax	104.8
Others	(0.9)
Total	1,910.5

Table in millions of Dollars.

State Shared Revenues: This category includes Highway User Revenues (HUR) and the City's share of the Cannabis sale and use tax. HUR is distributed by the State from the motor fuel tax, corporate income tax, sales and use tax as well as motor vehicle titling and registration fees. The anticipated State HUR for Fiscal 2026 is \$271.9 million, which represents 10.4% of the total Fiscal 2026 General Fund revenue and is \$37.2 million or 15.9% higher than the Fiscal 2025 budget. The projected increase reflects the changes to the allocation formula for Fiscal 2026 resulting from House Bill 1187, passed in the 2022 Maryland General Assembly. The City's share of HUR revenues will increase from an allocation of 11.0% of total funds in Fiscal 2025 to 12.2% of total revenues in Fiscal 2026. Revenues from HUR must be used for projects related to the operational maintenance of City rights-of-way, such as street resurfacing, bridge repair, street tree trimming and traffic management among other services.

Through a ballot referendum in 2022, Maryland voters legalized cannabis usage in the State and sales of adult-use cannabis began on July 1, 2023. Maryland law imposes a nine percent sales and use tax on retail sales of adult-use cannabis. Five percent of the State tax proceeds are dispersed amongst the counties, with the City anticipated to receive \$0.4M in General Fund Revenues during Fiscal 2026. The remainder of the City's disbursements go to a special fund that is intended to fund community-based initiatives to benefit low-income communities, community-based initiatives that serve communities disproportionately harmed by cannabis prohibition and enforcement, and fund any related administrative expenses.

State Shared Revenues	FY26 Budget
State Highway User Revenue	271.9
City's Share-Sale and Use Tax-Cannabis	0.4
Total	272.4

Table in millions of Dollars.

State Aid: State Aid accounts for \$101.4 million or 3.9% of the Fiscal 2026 General Fund budget. The largest sources of State Aid are the Income Tax Disparity Grant (\$79.1 million) and the Local Health Operations Grant(\$10.4 million). The Fiscal 2026 Income Tax Disparity Grant budget is consistent with Fiscal 2025. This grant, established in 1992 by the Maryland General Assembly, is based on a formula designed to ensure that jurisdictions statewide receive per capita Income Tax receipts equivalent to at least 75% of the statewide average. In Fiscal 2013, the State transferred a share of the teachers' retirement costs to all jurisdictions, establishing the Teachers Retirement Supplemental Grant. In Fiscal Year 2026 the Teacher's Retirement Supplement Grant is (\$5.0) a 50% reduction from Fiscal Year 2025. Additionally, State aid revenues include funding for library services (\$6.8 million) and (\$0.2 million) for the War Memorial Building.

State Grants	FY26 Budget
Income Tax Disparity	79.1
Local Health Operations	10.4
Library Services	6.8
Teachers Retirement Supplement	5.0
War Memorial	0.2
Total	101.4

Table in millions of Dollars.

Charges for Current Services: These revenues account for \$138.6 million, or 5.3%, of the Fiscal 2026 General Fund budget. In Fiscal 2026 Emergency Medical Services (EMS) revenues were moved from a Special Fund to the General Fund. In Fiscal 2026 EMS revenue (\$78.5 million) accounts for 57% of all charge for service revenue. The next largest share of this revenue is administrative overhead charges from the utility funds, followed for sanitation and tipping fees. The remaining \$17.2 million in revenue come from District Court services, the sale of lien reports, port fire protection, checkout bag surcharge, and other services rendered by the City.

Charges for Current Services	FY26 Budget
Emergency Medical Services (EMS)	78.5
Charges for Central City Services	23.9
Sanitation and Waste Removal	19.0
Other	17.2
Total	138.6

Table in millions of Dollars.

Fines and Forfeits: These revenues account for \$39.2 million, or 1.5%, of the Fiscal 2026 General Fund budget. Fines and Forfeits are primarily composed of traffic camera ticketing (\$29.5 million), environmental citations (\$6.7 million), and other misc. fines (\$3.0 million).

Fines and Forfeits	FY26 Budget
Traffic Cameras	29.5
Environmental Control Board	6.7
Other	3.0
Total	39.2

Table in millions of Dollars.

Licenses and Permits: These revenues account for \$38.2 million, or 1.5%, of the Fiscal 2026 General Fund budget. License and permits for Public Safety and Regulations account for the largest portion of this revenue group with \$26.3 million, and comprise building, housing, animal control, and certain trades' permits. The Cable TV Franchise Fee also included in this group is estimated to generate \$4.4 million. General Government licenses and permits add up to \$5.1 million and are mainly comprised of business, alcoholic beverage, and marriage licenses; other proceeds within this category include food dealer permits, minor privilege permits, and special event permits. The Fiscal 2026 budget assumes fee revenue will increase by \$4.5 million based on a comprehensive fee study that is currently underway.

Licenses and Permits	FY26 Budget
Public Safety and Regulations	26.3
Other Licenses and Permits	6.8
Business, Alcoholic Beverage, and Marriage Licenses	5.1
Total	38.2

Table in millions of Dollars.

Use of Money and Property: These combined revenues account for \$39.1 million, or 1.5%, of the Fiscal 2026 General Fund. The largest revenue source is Earnings on Investments estimated at \$24.4 million, a decrease of \$17.2 million from Fiscal 2025. The largest source of funds for the Use of Property revenue is the Convention Center, which is anticipated to generate \$9.4 million or 24.1% of this category in Fiscal 2026. Other significant revenue sources in this category include revenue tied to lease payments for the Southwest Resource Recovery Facility (\$3.3 million) and rental of city property (\$1.2 million).

Use of Money and Property	FY26 Budget
Earnings on Investments	24.4
Convention Center	9.4
SW Resource Facility - Lease	3.3
All Other	2.0
Total	39.1

Table in millions of Dollars.

Other Revenues and Transfers: In addition to the revenues detailed above, the General Fund receives about \$68.0 million (2.6%) in other revenues and net transfers from other funds. Other revenues include Fund Balance (\$54.0 million to fund additional HUR capital projects), interest and penalty charges for delinquent payments excluding Real and Personal property taxes (\$3.4 million) and charges related to vacant structure boarding and cleaning (\$2.2). Revenue transfers include the net proceeds from the Parking Management Fund of \$22.0 million and the transfer to the Children's Fund of \$16.2 million for Fiscal 2026. Fund balance that is included in Fiscal 2026 is used for additional Pay-As-You-Go Capital projects and one-time real estate transactions.

Other Revenues	FY26 Budget
Fund Balance	54.0
Other Revenues	8.1
Revenue Transfers	5.9
Total	68.0

Table in millions of Dollars.

Federal, State, and Grant Funds

Policy and Objectives

These dedicated grant funds were established to appropriate operating revenues received from Federal, State, and private sources. The funds are restricted by law, contract, or regulation to expenditures for specific purposes. Revenues from Federal, State, and special purpose grants are recognized for accounting purposes at the time the specific designated expenditures are made. Budget appropriations for dedicated grant funds represent spending authority allowance for grants anticipated to be received during the budget year.

Federal Funds

Total Operating Budget = \$216.4 Million; \$9.7 million increase from Fiscal 2025

Total Capital Budget=\$65.5 Million

The Federal funds budget is based on known grant awards at the time the budget amounts were finalized in Spring 2025. Major increases are for the Mayor’s Office of Homeless Services and the City’s Health Department. The Fiscal 2026 budget will be amended to reflect any major changes to grant awards throughout the fiscal year.

State Funds

Total Operating Budget = \$144.7 Million; \$9.7 million decrease from Fiscal 2025

Total Capital Budget=\$81.2 Million

The State funds budget is based on known grant awards at the time budget amounts were finalized in Spring 2025. The budget reflects reductions in the Health and Police departments.

Special Grants

Total Operating Budget = \$144.7 Million; \$9.7 million decrease from Fiscal 2025

Total Capital Budget=\$0

The Special Grants budget includes grant awards to the City from private entities. These funds primarily support services with the Mayor’s Office of Neighborhood Safety and Engagement and the Mayor’s Office of Employment Development.

Special Revenue Funds

Policy and Objectives

These dedicated revenue funds are derived from a variety of revenue sources that are restricted to a specific use by law, mandate, or policy. Budget appropriations for dedicated revenue funds represent spending authority allowance for revenue anticipated to be received during the budget year.

Special Funds

Total Operating Budget = \$144.7 Million; \$9.7 million decrease from Fiscal 2025

Total Capital Budget=\$0

The Special Funds budget includes anticipated allocations within various special revenue funds. Budgeted amounts are based on the availability of funding within distinct special revenue accounts. The Fiscal 2026 budget includes allocating \$36.7 million from the Opioid Restitution Funds. Additional detail regarding special fund allocations is included in the Special Revenue Fund section of the document.

Water, Wastewater, and Stormwater Funds

Policy and Objectives

A Charter Amendment approved in 1978 established the Water and Wastewater Utility Funds as two separate enterprises. The utility funds must be financially self-sustaining, as well as operated without profit or loss to other City funds. The establishment of these two funds enables the City to issue revenue bonds to finance related capital improvements. Ordinance 941, passed in December 1978, requires the Board of Estimates, upon recommendation of the Director of Finance and the Director of Public Works, to establish rates and charges sufficient to make the two utility funds self-supporting. The Stormwater Utility Fund, established in the Fiscal 2014 Budget, was created with the purpose of planning and budgeting for the capital and operating expenses associated with the City's stormwater management system. In 2012, the Maryland General Assembly passed a law mandating that certain jurisdictions, including the City, create a watershed protection program beginning July 1, 2013. Nearly all the funding sources for the utility operations come from the sale of services. Rates vary depending on volume, level of treatment and distribution costs. In the case of industrial users, rates vary according to the types of contaminants discharged into the Wastewater system. For Fiscal 2026, the Water and Stormwater rates are 3.0% and the Wastewater rate of 3.5%.

Water Utility

Total Operating Budget=\$229.9 Million; \$3.3 million increase from Fiscal 2025

Total Capital Budget=\$25.0 Million

The Water Utility is funded through user rates. In addition to providing water to the City of Baltimore, the City supplies treated water to Anne Arundel County, Baltimore County, and Howard County. Untreated water is sold at wholesale rates to Carroll County and Harford County. The rate schedules are established pursuant to the Board of Estimates' actions and, in the case of Baltimore County, are subject to provisions of State law and City/County agreements regarding cost allocation. The law and agreement with Baltimore County obligates the City to supply water at cost. The City and County allocate operating and maintenance costs on all jointly used facilities. The increased Fiscal 2026 budget is driven by increased debt service and personnel costs from a recently implemented salary study.

Wastewater Utility

Total Operating Budget=\$361.2 Million; \$19.1 million increase from Fiscal 2025

Total Capital Budget=\$10.0 Million

The Wastewater Utility is funded through user rates. Costs for the wastewater utility are shared with Counties based on their proportional share of the system. The budget increase is driven by personnel costs from a recently implemented salary study and increased costs for materials and supplies.

Stormwater Utility

Total Operating Budget=\$45.1 Million; \$13.1 million increase from Fiscal 2025

Total Capital Budget=\$10.0 Million

The Stormwater Utility is funded through user rates. The Stormwater user fee provides a dedicated revenue source for the purpose of enabling the City to meet State and federal water quality requirements, improving water quality and flood control, reducing runoff into the harbor, and expanding green space. The increased Fiscal 2026 budget is driven by increased contractual costs.

Parking Enterprise Fund

*GRAND TOTAL: \$73.6 million
(Dollars in millions)*

Policy and Objectives

The Parking Enterprise Fund was established in 1983 to budget for parking related revenues and debt service expenses resulting from parking revenue bonds, notes, and other revenue obligations. The City issues debt to finance acquisition or construction of parking facilities. Revenue from garage operations and installment purchase payments received from developers are deposited in the fund and are designated to support the debt service obligation of the fund. Parking taxes, open-air garage licenses, parking fines, penalties on parking fines, and parking meter revenues also are deposited in this fund. These revenues provide a guaranteed flow of income and an additional security for the payment of debt service.

Providing that debt service obligations and other security requirements of the fund are met, the City is permitted to transfer monies from the Parking Enterprise Fund. Revenues in excess of debt service and operating expense requirements are transferred to the Parking Management Fund.

Parking Enterprise

Total Operating Budget=\$17.7 Million; \$435k increase from Fiscal 2025

The Parking Enterprise fund is supported by parking taxes, parking meters, parking fines, penalties on parking fines, and garage income. This fund supports costs for the Parking Authority of Baltimore City and expenses for the Charm City Circulator. The increased Fiscal 2026 budget is driven by general inflationary increases.

Parking Management Fund

Policy and Objectives

The Parking Management Fund was established in Fiscal 1992 to budget for parking activities exclusive of those expenses funded by the Parking Enterprise Fund. Taken together, the activities of the two funds provide a more complete accounting for the City’s entire parking operations. The Parking Management Fund supports appropriations for on-street activities including the parking meter system, parking enforcement, and special parking programs and off-street parking activities including parking lots and garages financed by general obligation bonds or other General Fund sources. The primary purpose of the fund is to achieve clear management accountability and improve performance of all parking activities in order to increase revenues and improve public services in the most cost-effective manner. The Parking Management Fund is a budgetary fund. The results of fiscal operations of the fund are combined with the General Fund in the City’s Annual Comprehensive Financial Report.

Parking Management

Total Operating Budget=\$31.9 Million; \$836k increase from Fiscal 2025

The Parking Management fund is supported by income from City-owned parking garages and the residential parking program. The fund supports costs for parking enforcement (including parking fine collections) and operating costs for city-owned lots and garages. After expenses in the Parking Management Fund are covered, the remainder is transferred to the General Fund; the Fiscal 2026 budget assumes transferring \$22.0 million to the General Fund. The increased Fiscal 2026 budget is driven by general inflationary costs.

Convention Center Bond Fund

Policy and Objectives

The Convention Center Bond Fund was established in Fiscal 1995 to budget for hotel tax revenue to be dedicated to support the payment of principal and interest associated with City indebtedness incurred to finance one-third of the \$151.0 million cost of the joint City-State expansion of the Baltimore Convention Center. The fully expanded and renovated Convention Center facility reopened in April 1997. The Convention Center Bond Fund is a budgetary fund. The results of fiscal operations of the fund are combined with the General Fund in the City's Annual Comprehensive Financial Report. In Fiscal 2020, the City completed its final debt service payment of \$1.8 million for the bonds issued to fund the renovation. The City intended to continue making annual contributions to the Convention Center Bond Fund to offset future Convention Center expansion or renovation costs; however, due to lost revenues from the COVID-19 pandemic, the City temporarily paused this contribution. In Fiscal 2023, the City reactivated this commitment and the Fiscal 2026 budget includes an appropriation of \$4.5 million contribution for future expansion of the Baltimore City Convention Center.

Major Revenues

The sole revenue source for the fund is the 9.5% sales and service tax levied on transient room rentals at hotels, motels, short term residential rentals, and bed and breakfast facilities located in the City. Fiscal 2026 hotel tax receipts are estimated to be \$33.3 million. The City will transfer \$28.5 million in estimated hotel tax proceeds to the General Fund. As a result of legislation enacted by the 1997 Maryland General Assembly, the City must appropriate 40.0% of its total hotel tax receipts to support the operations of Visit Baltimore, Inc. The legislative requirement for funding this organization is mandated through Fiscal 2027.

Conduit Enterprise Fund

Policy and Objectives

The Conduit Enterprise Fund was established in Fiscal 2002. The fund accounts for revenue from charges to non-City entities and City agencies renting space in the City-owned and operated underground conduit system. The conduit system is a unique public resource that provides access to substantial portions of the public right of way without the necessity of opening and closing streets and disrupting traffic that is common in many urban areas. The fund will appropriately highlight the costs of operations and funding reserve requirements in order to achieve clear management accountability and improve performance of conduit-related operations in the most cost-effective manner.

Major Revenues

The Fiscal 2026 receipts for the Conduit Fund are estimated at \$9.1 million, an increase of 5.5% from Fiscal 2025 which sat at \$8.6 million. The sole revenue source for the fund is the rental charge levied on City agencies and other non-City users of the conduit system. Rental receipts in excess of the current operating expenses are reserved for maintenance, capital, and other requirements of the conduit system.

Conduit Enterprise

Total Operating Budget=\$9.1 Million; \$473k increase from Fiscal 2025

The Conduit Fund is supported by rental fees paid by users of the system. In 2023 the City entered into an agreement with Baltimore Gas and Electric (BGE) for maintenance and capital improvement costs for the system. Under the terms of the agreement BGE will invest \$120 million in capital improvements to the system by December 2026 in addition to \$1.5 million in annual contributions.

Capital Fund

GRAND TOTAL: \$932.0 million
(Dollars in millions)

Policy and Objectives

Governmental accounting standards and the City Charter require operating revenues and expenses to be clearly distinguished from revenues and expenses associated with capital projects, e.g., the design, development, construction and extraordinary repair and rehabilitation of physical plant and facilities. The Board of Estimates has defined capital projects as physical improvements that cost more than \$50,000; equipment and items of repair and maintenance that cost more than \$100,000; Bureau of Water and Wastewater items of repair, maintenance or emergency nature costing more than \$250,000; and the salaries other than those that are properly capitalized as part of the project cost. Each capital project appropriation reflects all revenue sources used to finance the particular project. Major revenues are received from various sources, all of which comprise this fund.

Major Revenues

Excluding Pay-As-You Go funding, three types of funding sources (grants, loans and bonds, and all other) total \$737.4 million and comprise 79.1% of the Fiscal 2026 capital appropriations. The magnitude of the various funding sources changes significantly from year-to-year due to the timing of projects and grant funding. The largest funding sources in the Fiscal 2026 capital budget are \$457.0 million, or 49.0%, in Revenue and General Obligation Bonds, \$146.7 million, or 15.7%, in Federal and State grants; and \$194.6 million, or 20.9%, in Pay-As-You-Go funding from current operating revenues. Other funding sources make up \$133.7 million, or 14.3%, of the total capital budget for Fiscal 2026.

Internal Service Fund

Policy and Objectives

This fund finances goods and/or services provided by certain City agencies to other City agencies on a cost reimbursement basis. In Fiscal 2026, \$223.9 million has been adopted for vehicle fleet repair and maintenance, print shop, post office, telephone, energy, risk management, rental of public buildings, and unemployment and worker's compensation services. These funds are to operate on a fully self-supporting basis, including the financing of reserves for capital equipment replacement.

Table in dollars.

¹ Change is calculated between Fiscal 2025 and Fiscal 2026

² Equitable Neighborhood Dev. = Equitable Neighborhood Development

³ Responsible Stewardship = Responsible Stewardship of City Resources

The chart below summarizes the Fiscal Year 2026 Adopted Budget by Pillar.

Expenditures by Pillar

Dollars in millions. Totals may not equal 100% or table budget amount due to rounding.

The Fiscal Year 2026 Adopted Budget was developed using the Pillars reflected in Mayor Scott’s Action Plan: Prioritizing Our Youth, Building Public Safety, Clean and Healthy Communities, Equitable Neighborhood Development, and Responsible Stewardship of City Resources.

The Pillars focus on the operating budget; for details on the capital budget, see [Capital Budget](#).

The diagram below shows how the Pillars and goals are linked to population-level indicators that are used to monitor progress on achieving strategic outcomes for the City. Indicators are measured annually and use an external source to ensure integrity of the data. Taken together, the Pillars, goals, and indicators serve as a report card on how well the City is doing in advancing these citywide goals.

The indicators draw from a variety of data sources to capture citywide trends. Budget summaries for each of the outcomes in the next section highlight how the Fiscal 2026 budget investments prioritize services that are highly impactful and closely aligned with the Mayor’s Action Plan.

PRIORITIZING YOUTH

PILLAR GOALS

- 1 Ensure access to quality educational and recreational environments
- 2 Increase quality of opportunities for disconnected youth
- 3 Decrease number of justice-involved youth
- 4 Ensure children are ready to succeed upon entering kindergarten
- 5 Increase engagement with Baltimore youth

PILLAR INDICATORS

- Academic Achievement
- College & Career Readiness
- Infant Mortality

BUILDING PUBLIC SAFETY

PILLAR GOALS

- 1 Reduce violent crime
- 2 Achieve significant progress on the consent decree
- 3 Decrease the flow of illegal guns into Baltimore
- 4 Increase support for returning residents
- 5 Accelerate and expand 9-1-1 diversion
- 6 Modernize the City’s EMS
- 7 Strengthen coordination on joint efforts

PILLAR INDICATORS

- Homicides & Non-Fatal Shootings
- Property Crime

CLEAN AND HEALTHY COMMUNITIES

PILLAR GOALS

- 1 Reduce public health disparities
- 2 Provide support services to reduce housing insecurity
- 3 Improve the cleanliness of Baltimore
- 4 Ensure every neighborhood affordable, healthy food and safe, reliable public transportation, streets and sidewalks
- 5 Provide affordable, world-class water service
- 6 Move towards a more sustainable future

PILLAR INDICATORS

- Recycling Rate
- Citywide Energy Use
- Asthma Visits
- Recreational Opportunities
- Water Cleanliness
- Opioid-Related Deaths

EQUITABLE NEIGHBORHOOD DEVELOPMENT

PILLAR GOALS

- 1 Continue to ensure an equitable recovery from COVID-19
- 2 Increase capital investment and ensure equitable access
- 3 Reimagine and provide support to Baltimore economy with a focus on local business owners
- 4 Increase population
- 5 Close the digital divide once and for all

PILLAR INDICATORS

- Employment Rate
- Number of Jobs
- Visitors to Baltimore
- Neighborhood Revitalization

RESPONSIBLE STEWARDSHIP OF CITY RESOURCES

PILLAR GOALS

- 1 Improve the overall reliability, access, and transparency of the City’s financial systems
- 2 Deliver quality, efficient customer service to all residents
- 3 Recruit, retain, and develop a diverse and high-achieving workforce
- 4 Improve government performance, accountability, and cross-agency collaboration
- 5 Increase transparency and meaningful resident participation in government

PILLAR INDICATORS

- Prompt Vendor Payment
- 311 Responsiveness

Board of Elections

The Board of Elections for Baltimore City is authorized by the Public General Laws of Maryland and is authorized to make rules consistent with State laws to ensure the proper and efficient registration of voters and conduct of elections.

The Board of Elections, appointed for a four-year term by the Governor, consists of five regular members. Meetings are held at least monthly. The administrators and staff are responsible for overseeing election precincts, recruiting election judges, and ensuring the proper use of election materials. Daily activities include answering various types of voting-related inquiries and responding to registration requests that come via telephone, office visits or through the mail. During election years, additional duties include accepting the filing of candidates, receiving campaign treasury reports, and training election judges.

Adopted Budget

Fund Name	Fiscal 2025 Budget		Fiscal 2026 Budget	
	Dollars	Positions	Dollars	Positions
General	9,894,804	0	9,629,962	0
Total	9,894,804	0	9,629,962	0

899: Fair Conduct of Elections	9,894,804	9,629,962
Total	9,894,804	9,629,962

The Fiscal 2026 Adopted Budget reflects:

- Fully funding costs for the primary elections for the November 2026 election. The Fiscal 2026 budget is based on cost estimates provided by the Board of Elections.
- Eliminating funding to lease a new office and warehouse location for the Board of Elections. Funding will be allocated in a future budget when a location has been identified.

City Council

The City Council was created by the City Charter as the legislative branch of the City government. The City Council conducts regular meetings; provides various services to constituents; enacts laws, including the annual Ordinance of Estimates; reviews and considers City expenditures and operations; confirms certain municipal officers; and holds hearings on topics of public interest.

The City Council is headed by a President who is elected to a four-year term in a citywide election. The President of the City Council shall be ex-officio Mayor in case of and during sickness, temporary disqualification, or necessary absence of the Mayor. The President presides over the weekly Board of Estimates meetings. The City Council is comprised of the President and Council Members from 14 single-member districts.

100: City Council	10,650,904	14,742,051
Total	10,650,904	14,742,051

The Fiscal 2026 Adopted Budget reflects:

- Increasing individual Council District budgets from \$423,000 to \$485,000 (a 14.7% increase). The Adopted Budget annualizes funding for staff reclassifications that occurred in Fiscal 2025 and recurring funding for professional development for Council staff.
- Funding for 1 Fiscal Legislative Analyst that was included as part of the Fiscal 2025 adopted budget and 1 Council Assistant position.
- \$2.9 million to provide grants to community-based organizations, funds are allocated by the Council President and individual Council members. This funding was added to the budget through an amendment approved by the City Council during their budget deliberations.

Comptroller

The mission of the Comptroller’s Office is to encourage sound fiscal policy for the City, aid in the cost-efficient and effective delivery of City services, and promote the prudent management of City resources. This mission is accomplished through the performance of Charter mandated functions, legislation, and related duties. The Comptroller is an elected official of City government and a member of the Board of Estimates and Board of Finance pursuant to Article V of the City Charter. The Comptroller has executive responsibility for the City’s independent audit function as well as the Department of Accounts Payable, the Department of Real Estate, the Department of Telecommunications, and the Municipal Post Office.

Total	27,472,255	29,016,024

The Fiscal 2026 Adopted Budget reflects:

- Creating an Operations Officer II position midyear in Fiscal 2025. This position is focused on data management and data projects within the Comptroller's Office.
- Increased funding of \$250,000 is included in the Internal Service Fund for a new municipal post office, Charm City PASS, that opened mid-year 2025 to expand constituent services at the convention center.

Council Services

The Office of Council Services provides professional staff support to the City Council and its committees. The agency is responsible for analyzing proposed legislation, support the technical needs of City Council meetings, and manage logistics associated with scheduling City Council meetings and hearings.

Courts: Circuit Court

The Circuit Court for Baltimore City is a division of the State judicial system established by the Constitution of Maryland. There are currently 35 permanent judges who rotate among civil, domestic, juvenile and criminal courts. The Circuit Court currently has 15 magistrates and 17 retired judges who preside over various dockets on an as-needed basis.

Total	28,708,456	30,458,643

The Fiscal 2026 Adopted Budget reflects:

- \$270,000 for additional staffing to support the increased number of cases associated with the City's vacant properties. These positions will support additional judicial capacity that was funded in the State's Fiscal 2026 budget.
- Allocating \$400,000 in federal funds to support child support administration services.

Courts: Orphans' Court

The Orphans' Court was established by the Maryland Constitution as a division of the State judicial system. Orphans' Court judges preside over probate, estate, and guardianship cases; ensure responsible guardianship in proceedings regarding minors and their property; ensure proper accounting and administration of estates and trusts; and provide information and advice to parties seeking guidance in probate and guardianship matters.

The primary objectives of the Orphans' Court are to establish a position of statewide leadership in probate and guardianship matters; exercise judicial prerogatives to protect rights of minors and determine placement in guardianship cases; and institute strict accounting guidelines in the administration and disposition of estate cases. Article IV, Section 40 of the State Constitution mandates the election of three Orphans' Court judges.

The Fiscal 2026 Adopted Budget reflects:

- Maintaining the current level of service.

Employees' Retirement Systems

The Employees' Retirement System (ERS), the Elected Officials Retirement System (EOS), and the Fire and Police Retirement System (F&P) were created to provide lifetime service retirement benefits, survivor benefits, and permanent disability benefits to eligible members and their beneficiaries. The cost of such programs includes recurring benefit payments, lump sum death benefits, payments to terminated members, and the cost of administering the system. The Systems are committed to protecting and prudently investing member assets and providing accurate and timely benefits with quality service to members and beneficiaries.

As of June 30, 2024, ERS membership consisted of 17,989 members, which includes 9,185 retirees and beneficiaries (currently receiving benefits), 7,534 active members (current employees), and 1,192 terminated members (entitled but not yet receiving benefits). F&P membership consisted of 9,859 members, which includes 6,506 retirees and beneficiaries and 3,353 active members.

The Retirement Savings Plan (RSP) is a 401(a) defined contribution retirement plan with hybrid and non-hybrid membership options designed to provide a secure retirement for City of Baltimore employees hired or rehired on or after July 1, 2014. The Deferred Compensation Plan (DCP) is a 457(b) retirement savings plan that provides employees an opportunity to build additional savings for retirement. As of June 30, 2024, RSP membership consisted of 4,103 hybrid members and 1,054 non-hybrid members. The DCP consisted of 8,713 members.

Administrative costs are appropriated in the City's annual operating budget. Administrative expenses for ERS and F&P systems are paid from the earnings of the systems and not from direct City support. The annual operating budget for each system's administration is approved by their respective boards, which have the legal and fiduciary responsibility to manage all operations. City contributions to F&P, ERS, and RSP are allocated to agencies based on the number of budgeted positions. ERS and F&P pension systems had positive returns in Fiscal 2024, 6.4% and 9.8% respectively.

The Fiscal 2026 Adopted Budget reflects:

- Maintaining the current level of service.

Enoch Pratt Free Library

The mission of the Enoch Pratt Free Library is to empower, enrich, and enhance the quality of life for all through equitable access to information, services, and opportunity.

The Enoch Pratt Free Library was created by Maryland law in 1882, which enabled the City to accept the donation from Enoch Pratt to establish "The Enoch Pratt Free Library of Baltimore City." Under the terms of Mr. Pratt's gift, the Library is owned by the City but administered by a private Board of Trustees. The Library system consists of the Central Library, 21 neighborhood libraries, and two bookmobiles. The Central Library is designated as the State Library Resource Center under State law, with responsibility for providing a wide variety of services including the operation of "Sailor," the internet-based network of the Maryland library community.

The Fiscal 2026 Adopted Budget reflects:

- Maintaining the current level of service.

Finance

The mission of the Department of Finance is to provide a full range of financial services to City agencies; collect and invest all monies due the City; manage City debt; develop and implement the annual operating budget; manage the City's self-insurance programs; maintain the City's financial records and execute fiscal policy as established by the Board of Estimates.

The Department is comprised of six bureaus: Accounting and Payroll Services (BAPS), Budget and Management Research (BBMR), Procurement, Revenue Collection (BRC), Risk Management, Treasury and Debt Management, as well as the Office of Fiscal Integrity and Recovery and the Grants Management Office (GMO). The Finance Department also oversees the City's Print Shop and Surplus Property divisions. The Finance Director's Office provides administrative direction and control and performs the departmental personnel functions.

Total	47,464,002	49,100,097

The Fiscal 2026 Adopted Budget reflects:

- Creating 6 new positions within the Department (2 in Revenue Collections and 4 in Finance Project Management) to reduce the agency's use of contracted services. The net savings from this action is approximately \$750,000 annually.
- Creating two new services: Finance Grant Management and Corporate Revenue Compliance. These services were previously embedded in the Finance-Administration service. Funding for these services maintains the current level of service.
- Creating 12 new positions for Procurement for the ongoing Procurement Transformation work. These newly established positions are funded by enterprise funds to support specific procurements within these funds.
- Creating six new positions in Payroll, these positions were funded in the Fiscal 2025 budget and created midyear.
- Reducing the budget for Service 710-Fiscal Integrity and Recovery by \$100,000. Savings will be realized through reduced spending on personnel and contractual costs. This action was part of a City Council-approved amendment to reallocate funds during budget deliberations.

Fire

The Baltimore City Fire Department (BCFD), established by the City Charter, is dedicated to fire prevention, suppression, and emergency medical services, all delivered with professionalism and compassion. BCFD employs innovative strategies in fire safety, community outreach, public education, and other services. While emergency response is the primary focus, increased prevention efforts—such as residential fire safety training, the Mobile Safety Center, the Youth Fire and Life Safety Program, early childhood education, and free smoke detector programs—have significantly reduced fire incidents and related injuries.

Total	327,235,341	361,832,566

The Fiscal 2026 Adopted Budget reflects:

- Allocating \$5.2 million for the Opioid Restitution Fund for contracted EMS Services, 911 Nurse Triage, and Population Health.
- Eliminating the EMS Special Fund and transferring all EMS costs to the General Fund. Moving forward, all EMS revenue will be recorded as General Fund revenue. In Fiscal 2026 the City estimates receiving \$75 million in EMS revenue.
- Allocating \$500,000 to create additional positions within Fire Code Enforcement to improve turnaround time for permit review.
- Eliminating \$400,000 for the Asset Management System that was added to the Fiscal 2026 budget. This action was part of a City Council-approved amendment to reallocate funds during budget deliberations.

General Services

The Department of General Services (DGS) was established as an independent agency on July 1, 2009 as the result of a voter approved Charter change. The Department's mission is to deliver results for our City partners through services and solutions that are timely, cost-effective, and sustainable. DGS is comprised of five (5) divisions: Administration, Fleet Management, Facilities Management, Public and Private Energy Performance, and Capital Projects Design and Construction. The Department is fully committed to providing healthy working environments and safe, reliable vehicles for City employees.

Adopted Budget

734: Capital Projects Division - Design and Construction	1,179,208	1,257,086
Total	180,214,335	194,044,702

The Fiscal 2026 Adopted Budget reflects:

- Additional funding (\$125,000) for contractual cleaning services and to create two new positions, one in DGS and one in DPW, to mitigate hazards and ensure employee safety at 8 Solid Waste facilities.
- Funding for the continuation of the Master Lease Program in Fiscal 2026 within the Fleet Management budget, which will include debt service for approximately \$37.8 million in new borrowing. This funding will support the replacement of an estimated 226 vehicles, ensuring the City's fleet remains reliable and operationally efficient.
- Reducing holding costs for surplus school sites by \$200,000 to reflect current spending trends.
- Reducing funding for various capital related contractual expenditures. Moving forward these costs will be charged directly to capital projects.
- Utilizing \$2.9 million from the Surplus Property Disposal fund to cover holding costs for the 311 Saratoga Street building vacated by the State of Maryland in 2024. The budget assumes this building will be sold during Fiscal 2026.

Health

The Baltimore City Health Department is the local public health authority responsible for protecting health, reducing disparities, and improving community well-being through education, coordination, advocacy, and direct services. It also enforces City ordinances related to public health. The department's responsibilities include managing acute communicable diseases, animal control, chronic disease prevention, emergency preparedness, HIV/STD care, maternal and child health, restaurant inspections, school health, senior services, and addressing youth violence.

In partnership with other city agencies, healthcare providers, community organizations, and funders, the Health Department works to empower residents with the knowledge, resources, and environment needed to live healthy lives.

Total	208,147,825	200,844,206

The Fiscal 2026 Adopted Budget reflects:

- Allocating \$7.85 million from the Opioid Restitution Fund to support the City's opioid response within the Health Department. This funding is part of a multi-year \$20.0 million commitment to increase opioid-related services through the Opioid Restitution Fund. In Fiscal 2026 this funding will support 25 new positions.
- Increasing the annual allocation for BARCS by \$500,000 from \$1.5 million to \$2.1 million.
- Allocating \$850,000 for the B'more for Health Babies program. This funding leverages 100% matching Medicaid funding.
- Increasing funding by \$819,500 to create IT Associates, HR Generalists, HR Assistants, Contract Managers, medical billing support, and Policy Analyst positions in Service 715 Administration to expand billing capacity for the agency.
- Creating four new positions (three in Service 303- Clinical Services and one in Service 316-Youth and Trauma Services) to meet programmatic requirements of these services.

Housing and Community Development

The Department of Housing and Community Development (DHCD) works to ensure that all Baltimore City residents have access to safe, affordable housing in thriving neighborhoods. DHCD is dedicated to expanding housing options, fostering healthy communities, and preventing displacement through investments, code enforcement, property redevelopment, community capacity-building, and support for various programs, including emergency assistance and summer food initiatives. DHCD also focuses on preserving and developing affordable rental housing for low- and moderate-income residents through subsidies, financing, and site assembly assistance.

DHCD also supports neighborhood stability and affordable housing through homeownership repair programs, homeowner counseling, and homebuyer incentives. It promotes safe housing through code inspections, litigation, and a national receivership program, while also overseeing permitting, demolition, revitalization, and property registration and licensing.

The budget for DHCD also includes the City's annual funding for the Baltimore Development Corporation (Services 809, 810, and 813), Waterfront Partnership (Service 814), Live Baltimore (Service 815), and East Baltimore Development Inc (activity within Service 749). This goals and mission of these organizations align with the goals of DHCD. Funding for these organizations is allocated through grant agreements reviewed and approved by the Board of Estimates.

Total	88,958,213	88,672,756

The Fiscal 2026 Adopted Budget reflects:

- Allocating \$800,000 to create additional positions to support the Vacants initiative. This funding was reduced from \$1.0 million to \$800,000 as part of a City Council-approved amendment to reallocate funds during budget deliberations.
- Transferring funding for 7 positions from the General Fund to the Community Development Block Grant (CDBG). The Recommended Budget assumes the Fiscal 2026 CDBG allocation will be \$19 million, 11% lower than Fiscal 2025.
- Shifting management of the Northwood Childcare Center to the Department of Recreation and Parks due proximity of the recreation center and school, while continuing funding for the Waverly Childcare Center. Funding for the Northwood Childcare center was realigned to service 752- Emergency Management.
- Increasing funding by \$725K to support 8 positions (7 general funded and 1 CDBG funded), including 3 newly created positions in service 752 Community Outreach Services.
- Moving the Office of the Zoning Administrator from DHCD to the Department of Planning, reducing funding in Service 751- Building and Zoning Inspections and permits.
- Maintaining funding levels for BDC, Waterfront Partnership, Live Baltimore, and East Baltimore Development Inc., with a 3% inflationary increase for all these organizations.

Human Resources

The Department of Human Resources (DHR), in partnership with City agencies, is responsible for attracting, developing, and retaining a diverse and quality workforce by creating and implementing the City's human resource policies, regulations, programs, and special projects. DHR guides City agencies to foster a healthy, safe, equitable, and productive work environment for employees, their families, and the community. The agency is comprised of 8 business units: Classification and Compensation, Employee Benefits, Learning and Development, the Employee Assistance Program, Shared Services and Recruitment, Policy and Compliance, Human Resources Information Technology, and Engagement and Strategic Partnership. DHR serves as support to the Civil Service Commission which advises the Mayor on personnel issues to include investigations and rulings on appeals of termination, suspensions over 30 days, and demotions of civil service employees.

Total	15,251,824	15,367,440

The Fiscal 2026 Adopted Budget reflects:

- Creating the Chief of Recruitment, this position was funded in the Fiscal 2025 budget and created midyear.

Law

The Department of Law is a City government agency established by the City Charter. The City Solicitor, appointed by the Mayor and confirmed by the City Council, leads the department. As the City's legal adviser and representative, the City Solicitor oversees all legal matters involving the City and its entities and serves as a member of the Board of Estimates.

Under the City Solicitor's leadership, the Law Department acts as the City's full-service law firm. Its key responsibilities include representing the City in litigation, protecting its financial and corporate interests in contracts, real estate, and financial transactions, collecting debts owed to the City, and providing legal counsel to the Mayor, City Council, and City agencies.

Law Department attorneys focus on the City's financial and operational needs, emphasizing innovation, revenue collection, and preservation. They engage in preventive legal work to minimize liability and resolve issues creatively to avoid disputes. These efforts have recovered hundreds of millions of dollars for the City and helped prevent significant financial losses, all while supporting the City's objectives.

Total	24,106,826	26,019,392

The Fiscal 2026 Adopted Budget reflects:

- Allocating \$1.55 million to create additional staff capacity for the Law Department. This recommendation includes \$550,000 from the General Fund and \$1.0 million from the Opioid Restitution Fund. The General Fund portion of this funding was reduced by \$200,000 as part of a City Council-approved amendment to reallocate funds during budget deliberations.

Legislative Reference

The Department of Legislative Reference was established by the City Charter to study and report on the subjects of proposed legislation and to advise the City Council on the preparation of any bill, ordinance, or resolution. The agency also organizes and maintains the City Code and the Code of Baltimore Regulations Annotated. As required by the Charter, the department serves as the official repository of City documents for historical preservation and research through its oversight of the City's records management program and of the City Archives. Legislative Reference's collection and indexing supports other City agencies and the public by maintaining a reference library for legislation, records, and other materials germane to the operations of City government.

107: Archives and Records Management	1,096,449	1,173,387
Total	2,087,787	2,407,825

The Fiscal 2026 Adopted Budget reflects:

- Annualized funding for a Legislative Service Technician that was created midyear in Fiscal 2025.
- Increasing funding for the City Archives rental space by \$46,000 to accommodate the final negotiated rent and required tenant improvements.
- Allocating \$150,000 for additional staff resources to support the agency's role in drafting legislation for the City Council. This action was part of a City Council-approved amendment to reallocate funds during budget deliberations.

Liquor License Board

The Board of Liquor License Commissioners, a State of Maryland agency, regulates the sale, storage, and distribution of alcoholic beverages in Baltimore City. It is also responsible for licensing and regulating adult entertainment businesses.

The Board's duties include processing applications and renewals for alcohol licenses, conducting inspections of licensed businesses, collecting license fees and fines, and taking action—such as fines, suspensions, or revocations—against violators of liquor laws.

In May 1999, the Board was granted the authority to regulate adult entertainment businesses in Baltimore City through House Bill 1120, enacted in 1998, and Baltimore City Ordinance 99-417, which transferred this responsibility from the Department of Housing and Community Development to the Board.

Total	2,845,045	3,277,625

The Fiscal 2026 Adopted Budget reflects:

- Increasing funding for personnel by \$4450,000 to reflect state administered increases and promotions. Allocating \$75,000 to upgrade part-time staff to full-time. This action was part of a City Council-approved amendment to reallocate funds during budget deliberations.

Mayorality

The Baltimore City Charter establishes the Mayor as the Chief Executive Officer and empowers the appointment of persons to aid in the discharge of duties. The Mayor's Office oversees the operation of City departments, establishes citywide policies, reviews and develops programs, and executes ordinances and resolutions.

The Mayorality is comprised of the following activities: City Administrator, Administrative Services, Chief of Staff, Mayor's Office, Communications and External Affairs, Neighborhoods, Constituent Services, Special Events, Public Safety, Economic Development, Equity, Youth, and Human Services, and Government Relations. In Fiscal 2026, the following offices have been established as stand-alone services: Immigrant and Multicultural Affairs, African American Male Engagement, LGBTQ Affairs, Older Adults Affairs and Advocacy, Performance and Innovation, Infrastructure Development, Opioid Restitution Administration, and Art, Culture, and Entertainment.

Adopted Budget

Fund Name	Fiscal 2025 Budget		Fiscal 2026 Budget	
	Dollars	Positions	Dollars	Positions

Total	17,420,550	105	26,721,936	118

Budget by Service

Service	Budget	
	Fiscal 2025	Fiscal 2026
125: Executive Direction and Control-Mayorality	17,420,550	11,671,532
903: Office of Performance and Innovation	0	2,032,776
904: Office of Immigrant and Multicultural Affairs	0	2,966,348
905: Office of African American Male Engagement	0	1,849,764
906: Office of LGBTQ Affairs	0	405,140
907: Office of Infrastructure Development	0	1,738,874
908: Office of Older Adult Affairs and Advocacy	0	523,281
918: Opioid Restitution Administration	0	3,534,221
920: Mayor's Office of Art, Culture, and Entertainment	0	2,000,000
Total	17,420,550	26,721,936

The Fiscal 2026 Adopted Budget reflects:

- Creating stand-alone services for the following offices: Performance and Innovation, Immigrant and Multicultural Affairs, African American Male Engagement, LGBTQ Affairs, Infrastructure Development, and Older Adults Affairs and Advocacy.
- Funding the Opioid Restitution oversight team and Restitution Advisory Board housed within the Mayor's Office. The Adopted Budget includes \$3.5 million for this service funded by the Opioid Restitution Fund.
- Creating the Mayor's Office of Art, Culture, and Entertainment. The Adopted Budget includes \$2.0 million for this newly established service; funding for the new service was reallocated from Special Events funding previously allocated elsewhere in the City's budget.
- Allocating \$500,000 for African American Male Engagement to increase staffing levels for youth related programs.
- An increase of \$2,000,000 for Immigrant and Multicultural Affairs. Funding in this service will support expanded legal and support services for immigrant populations. This action was part of a City Council-approved amendment to reallocate funds during budget deliberations.

M-R: Art and Culture

The Art and Culture Grants offer financial support to non-profit cultural organizations. This program includes three key services: Art and Culture Grants, the Baltimore Office of Promotion and the Arts (BOPA), and the Bromo Seltzer Arts Tower. Notable organizations funded through these grants include the Baltimore Symphony Orchestra (BSO), Walters Art Museum, the Baltimore Museum of Art (BMA), and the Maryland Zoo in Baltimore.

BOPA, with support from the City, promotes arts and culture for all Baltimore residents. As the City's Arts Council and Film Office, BOPA offers public art programs, grants to arts organizations and individual artists, and cultural events. It helps position Baltimore as a national hub for creativity. Additionally, BOPA manages historic sites like the Cloisters Castle, Bromo Seltzer Arts Tower, and School 33 Art Center.

Adopted Budget

Fund Name	Fiscal 2025 Budget		Fiscal 2026 Budget	
	Dollars	Positions	Dollars	Positions
General	11,470,661	0	11,142,891	0
Total	11,470,661	0	11,142,891	0

Service	Budget	
	Fiscal 2025	Fiscal 2026
493: Art and Culture Grants	8,627,672	8,549,902
824: Events, Art, Culture, and Film	2,727,780	2,477,780
828: Bromo Seltzer Arts Tower	115,209	115,209
Total	11,470,661	11,142,891

The Fiscal 2026 Adopted Budget reflects:

- The Adopted Budget includes \$2.6 million for the Baltimore Office of Promotion and the Arts. The final allocation is \$250,000 less than the BOE Recommended Budget based on an amendment passed by the City Council.
- Providing standard inflationary increases to all Art and Culture grantees.

M-R: Baltimore City Public Schools

Public schools in Maryland are funded by both local governments and the State. Prior to Fiscal 2023, local government contributions were determined by Maintenance of Effort (MOE), a formula that required appropriating at least the same level of funding on a per pupil basis as the prior year. In 2020, the Maryland General Assembly passed the Blueprint for Maryland's Future, commonly referred to as Kirwan, which implemented the recommendations of the Commission on Innovation and Excellence in Education, or the Kirwan Commission. The goal of the Kirwan Commission was to establish a new funding formula for school funding across Maryland to address five key policy priorities: early childhood education, high quality and diverse teachers and leaders, college and career readiness, equitable access to resources, and accountability.

The Blueprint dramatically changed the education funding formula in Maryland and will continue to significantly impact the City's required contribution to City Schools. Under the Blueprint, local governments are required to contribute whichever amount is greater of either MOE or the combination of local share aid formulas. The local share funding formulas are based on student enrollment data, specifically students receiving free and reduced meals, English language learners, students in special education programs, and pre-kindergarten enrollment; local wealth, which is based on county property values and personal income; and education funding provided in the prior fiscal year. The formula aims to reduce the burden on less wealthy jurisdictions by providing concentration of poverty grants and the Education Effort Adjustment, which provides additional relief to jurisdictions with local share requirements that are a larger proportion of their wealth when compared with the state average.

Adopted Budget

Fund Name	Fiscal 2025 Budget		Fiscal 2026 Budget	
	Dollars	Positions	Dollars	Positions
General	396,915,556	0	410,325,314	0

Service	Budget	
	Fiscal 2025	Fiscal 2026
352: Baltimore City Public Schools	396,915,556	410,325,314
Total	396,915,556	410,325,314

The Fiscal 2026 Adopted Budget reflects:

- Increasing the City's Local Share to City Schools by \$3.0 million based on the State funding formula as part of the Blueprint for Maryland's Future. In the Fiscal 2026 funding formula the City remains in Tier Two of the Education Effort Index in the Blueprint funding formulas.
- Increasing funding for the contribution towards Baltimore City Public Schools retiree health benefits by \$10.4 million. The Fiscal 2026 funding level includes \$8.8 million for new teacher pension costs that were part of the State's Fiscal 2026 budget actions; the remaining additional \$1.6 million represents inflationary-based adjustments for the retiree medical plans.

Special Exhibit: City Support for Baltimore City Public Schools

Public schools in Maryland are funded by both local governments and the State. Prior to Fiscal 2023, local government contributions were determined by Maintenance of Effort (MOE), a formula that required appropriating at least the same level of funding on a per pupil basis as the prior year. In 2020, the Maryland General Assembly passed the Blueprint for Maryland’s Future, commonly referred to as Kirwan, which implemented the recommendations of the Commission on Innovation and Excellence in Education, or the Kirwan Commission. The goal of the Kirwan Commission was to establish a new funding formula for school funding across Maryland to address five key policy priorities: early childhood education, high quality and diverse teachers and leaders, college and career readiness, equitable access to resources, and accountability.

The Blueprint dramatically changed the education funding formula in Maryland and will continue to significantly impact the City’s required contribution to City Schools. Under the Blueprint, local governments are required to contribute whichever amount is greater of either MOE or the combination of local share aid formulas. The local share funding formulas are based on student enrollment data, specifically students receiving free and reduced meals, English language learners, students in special education programs, and pre-kindergarten enrollment; local wealth, which is based on county property values and personal income; and education funding provided in the prior fiscal year. The formula aims to reduce the burden on less wealthy jurisdictions by providing concentration of poverty grants and the Education Effort Adjustment, which provides additional relief to jurisdictions with local share requirements that are a larger proportion of their wealth when compared with the state average.

Fiscal 2026

Initial projections from the Blueprint legislation estimated both State and Local funding steadily increasing. State funding was projected to increase by 77% over 10 years while City funding was projected to increase by 67% over the same period.

In Fiscal 2023, the State and Local share for schools were established through State law rather than utilizing the education funding formula. Fiscal 2024 was the first year of using the formula to set the State and Local share amounts for schools. Based on the results of the formula, the City’s share for City Schools grew at a much higher rate than what was assumed in the initial projections from the Blueprint legislation. This growth was driven by a sharp drop off in the Educational Effort Index. Previously, the City received a 100% credit through this component of the formula; due to the drop in the City’s calculation in Fiscal 2024, that credit fell to 35%.

In Fiscal 2026 the City’s Educational Effort Index dropped slightly, while the credit through this program increased from 45% to 55%. In Fiscal 2026 the City’s local share will increase by \$3.0 million, or 0.77%.

	FY24	FY25	FY26	Change (\$)
State Aid	1,077,130,035	1,154,010,365	1,269,451,554	115,441,189

Table in dollars.

Support for City Schools

In Fiscal 2026 total City support for Schools is \$504.3 million, \$27.2 million (or 5%) higher compared to Fiscal 2025. This increase reflects increasing annual GO Borrowing for school construction (+8.5 million, 31%), additional costs for retiree health benefits for school employees (+\$1.6 million, 12% increase), and a new direct allocation to the State pension system for teacher pension costs (+\$8.8 million, 100% increase).

M-R: Cable and Communications

The Mayor's Office of Cable and Communications was established by an Executive Order to oversee the City's cable, audio/visual, and broadcast media activities. Its responsibilities include advising the Mayor and other City officials on cable television and electronic communications services and technology, developing policy recommendations, monitoring the City's cable system, promoting access to the system for schools, colleges, and the public, and providing consumer protection for cable subscribers.

Total	1,950,182	1,983,979

The Fiscal 2026 Adopted Budget reflects:

- Providing \$30,000 to cover the increase cost for closed captioning services for programming aired by CharmTV.
- Removing funding for one vacant Media Producer Director I position.

M-R: Civic Promotion

Civic Promotion grants provide subsidies to non-profit organizations that provide cultural, historical, educational, and promotional activities in Baltimore. Civic Promotion provides funding for Visit Baltimore, Sail Baltimore, Pride of Baltimore, Baltimore National Heritage Area, Lexington Market, and Baltimore Public Markets.

Adopted Budget

Fund Name	Fiscal 2025 Budget		Fiscal 2026 Budget

Total	10,198,539	10,428,129

The Fiscal 2026 Adopted Budget reflects:

- A 2% increase to the allocation for Visit Baltimore. This increase includes the final repayment of a \$7.3 million loan to help the organization stabilize in the wake of the Covid-19 pandemic.
- Maintaining the current level of service for the Baltimore Heritage Area, Lexington Market, and Baltimore Public Markets.

M-R: Conditional Purchase Agreements

The City has entered into various Conditional Purchase Agreements (CPAs) to construct or purchase certain facilities and acquire equipment for City agencies. CPAs are long-term capital leases that require annual principal and interest appropriations to fully acquire the assets upon completion of all scheduled payments. CPAs do not count as debt for the City under constitutional or statutory limitations, and they do not pledge the City's full faith, credit, or taxing power. Unlike general obligation debt, the City is not required to make an annual appropriation. If the City fails to allocate enough funds for CPA payments, the agreements are terminated. However, the City intends to make the required payments and secure ownership of the facilities and equipment that support its public service objectives. Key CPAs include payments for the emergency response 800MHz system for Fire and Police Communications and payments for public buildings.

129: Conditional Purchase Agreement Payments	3,496,220	2,496,220
Total	3,496,220	2,496,220

The Fiscal 2026 Adopted Budget reflects:

- Decreasing unallocated debt service funding for conditional purchase agreements by \$1.0 million.
- Maintaining current funding for conditional purchase agreement debt service of public buildings at \$1.7 million. Debt service costs for Convention Center energy projects, Transportation street lights, Police helicopters, and Fire energy enhancements are budgeted in each respective agency.

M-R: Consumer Protection and Business Licensing

The Department of Consumer Protection and Business Licensing was established in 2025 to administer, oversee, and enforce licenses, permits, and practices, as well as related business processes.

The Department receives and investigates complaints, sets licensing fees with the approval of the Board of Estimates, brings enforcement actions against businesses for violations, issues summons and supeonas during related investigations, issues environmental and civil citations, reports information concerning violation of consumer protection laws, and advises the Mayor and City Council on issues related to City business licensing and consumer protection.

921: Consumer Protection and Business Licensing	0	0	0	250,000
Total	0	0	0	250,000

The Fiscal 2026 Adopted Budget reflects:

- Allocating \$250,000 for the newly established agency to recruit and hire a Director and Deputy Director. Following the hiring of these positions, existing staff dedicated to business licensing will be transferred to the new agency. The full annualized cost of the agency will be reflected in the Fiscal 2027 budget. This action was part of a City Council-approved amendment to reallocate funds during budget deliberations.

M-R: Contingent Fund

The Contingent Fund was established in accordance with Article VI, Section 5(b) of the Baltimore City Charter as amended. The Charter provides that: "The Board may include annually in the proposed Ordinance of Estimates a sum up to one million dollars of the General Fund appropriations to be used during the next fiscal year as a contingent fund in case of an emergency or necessity for the expenditure of money in excess of or other than the appropriations regularly passed for any municipal agency. At least one week before it approves a contingent fund expenditure, the Board shall report to the City Council the reasons for the expenditure."

Total	1,000,000	1,000,000

The Fiscal 2026 Adopted Budget reflects:

- Maintaining funding at a total appropriation of \$1.0 million, the maximum allowed under the City Charter.

M-R: Convention Center Hotel

The construction of the Convention Center Hotel in Downtown Baltimore was funded with revenue bonds issued by the City of Baltimore in 2006. The initial amount borrowed was \$300,940,000 with bonds maturation set for 2039. In 2017, the City refinanced the existing hotel bond debt, selling \$269 million in new bonds with a lower interest rate to pay off the older bonds. Savings from the refinance went to capital upgrades for the facility. The new round of bonds will be paid off in 2047.

There are several categories of revenues used to pay these costs. First, the property tax revenues generated by the Hotel above the base level, as part of a Tax Increment Financing (TIF) District, will be dedicated to the repayment of the debt costs. In addition, the Hotel Tax revenues generated only by the Convention Center Hotel will also be dedicated to the debt payment.

Any of these funds that are unused are returned to the City. If these revenues, in addition to the operating revenue from the Hotel, are not sufficient to cover the annual debt service cost, the City will budget a portion of the citywide Hotel Taxes other than those generated by the Convention Center Hotel in this account not to exceed 25% of the annual maximum debt service payment for the Convention Center Hotel to cover any deficits.

Adopted Budget

Total	11,631,508	13,632,928

The Fiscal 2026 Adopted Budget reflects:

- Increasing General Fund support for the hotel's annual debt service payment by 17% from \$4.7 million to \$5.5 million.

M-R: Convention Complex

The mission of the Convention Complex is to provide the highest quality convention experience to all residents and visitors accessing these facilities. This budget includes both the CFG Bank Arena and Baltimore Convention Center, although there is no operational link between the two facilities.

The Baltimore Convention Center was built in 1979 and serves the City and State as a catalyst for tourism and economic development. The Convention Center has 300,000 square feet and sells space to host events, trade shows and events by local and community, national, and international associations. The events bring attendees from outside the region to the City contributing to positive economic impact and tax revenue generation for the City and State. On an annual basis, the Convention brings in an average of 500,000 attendees and hosts over 115 events. Convention Center staff are responsible for facilitating events and ancillary services for clients and attendees, collaborating with Visit Baltimore to market and maximize building usage, and maintaining the facility and its infrastructure.

In 2022 the City entered into a new management agreement for the CFG Bank Arena. In calendar year 2024, CFG hosted 172 live performances attracting 1.5 million visitors to the arena. Under the terms of the management agreement, the City and CFG Bank Arena operator share admissions and amusement revenue generated at the facility.

Adopted Budget

Fund Name	Fiscal 2025 Budget		Fiscal 2026 Budget	
	Dollars	Positions	Dollars	Positions
General	15,463,886	155	20,169,926	157
Special	11,378,708	0	13,549,266	0

Budget by Service

Service	Budget	
	Fiscal 2025	Fiscal 2026
540: CFG Arena Operations	0	4,049,279
855: Convention Center	26,842,593	29,669,913
Total	26,842,593	33,719,192

The Fiscal 2026 Adopted Budget reflects:

- Adding \$4.0 million for the CFG Arena to reflect the terms of the current management agreement. Under the terms of the agreement, the City retains \$1.7 million of Admissions and Amusement tax generated by arena events, any additional Admission and Amusement tax revenue is refunded back to the operator. In Fiscal 2026 arena events are projected to generate \$5.9 million in Admissions and Amusement revenue (40% of the total admissions and amusement revenue).
- \$8.4 million in projected revenue for bookings at the Convention Center based on booked and projected events, approximately \$1.2 million less than Fiscal 2025. The projected revenue reduction results in an increase in Convention Center's projected operating deficit, the cost of which is shared by the State (2/3 of deficit) and City (1/3 of deficit). Based on Fiscal 2026 budget projections, the State's share is \$13.5 million and the City's share is \$6.8 million.
- \$1.0 million for additional facility repairs and upgrades. This increase is funded by a one-time increase in the Convention Center's food and beverage contract.
- Increasing funding for the Convention Center's maintenance and repair budget to support urgent maintenance needs and mechanical failures due to the building's age.
- Funding for 2 additional positions created within Service 855: Convention Center. These positions include 1 Operations Officer I and 1 PC Support Technician.

M-R: Debt Service

Debt Service is the amount the City must pay each year for the principal and interest on funds borrowed to finance the purchase and/or construction of capital facilities. Appropriations in this program support general obligation loan authorization principal and interest payments for the General Fund. This program does not include revenue obligations for the enterprise operations of Water Utility, Waste Water Utility, Storm Utility, Loan and Guarantee or Parking Enterprise Funds, which are provided in the respective programs for those funds. The amount of debt authorized and issued annually is subject to limits incorporated in the City’s debt policy. The debt policy is subject to review every five years or as recommended by the Director of Finance. The City will seek authority to increase the annual issuance to an “up to” amount of \$125 million each in Fiscal 2026 and 2027.

Adopted Budget

Total	91,972,219	99,006,361

The Fiscal 2026 Adopted Budget reflects:

- Increasing debt service payments to reflect the next debt issuance anticipated in summer 2025 (anticipated borrowing=\$103 million). The Adopted Budget also anticipates \$3.0 million in savings from prepayment of
- Maintaining current funding for other prior debt service issuances including Highways, Housing and Community Development, City Schools, Public Buildings, Recreation and Parks Public Facilities, and other issuances.
- The Fiscal 2026 Capital Budget seeks to authorize \$125 million in GO Borrowing, up from \$80 million in the prior issuance. This increase is part of the City's goal to increase GO Borrowing over the next 10 years. The debt service impacts of increased GO Borrowing will be realized in future budgets.

M-R: Educational Grants

Educational Grants provide funding and grants to organizations related to the education of City residents and youth. These grants fund educational programs to include operational support for Baltimore City Community College (BCCC) and support for grassroots youth-focused organizations that provide children with academic supports and extracurricular activities, and tuition reimbursement and scholarships for BCCC students.

446: Educational Grants	27,526,701	22,441,055
Total	27,526,701	22,441,055

The Fiscal 2026 Adopted Budget reflects:

- Reallocating \$1.3 million from Expanded Youth Programming (administered by the Family League) to support additional program costs at Rec Centers, supporting youth engagement programs administered by the Mayor's Office of African American Male Engagement, and the Safe Passages program. Reallocated funding was previously awarded to these agencies through a grant program administered by the Family League.
- Reallocating \$4.9 million from the Children and Youth fund to support youth related programming in the Mayor's Office of Employment Development (MOED). The MOED budget includes specific appropriations that will be funded by the Youth and Children Fund in Fiscal 2026.
- Maintaining the current funding levels for all other grants funded through this program.
- Allocating \$500,000 for expanded youth and family related programs. This action was part of a City Council-approved amendment to reallocate funds during budget deliberations.

M-R: Environmental Control Board

The Environmental Control Board (ECB) is an independent, administrative hearing board where persons or entities can contest environmental citations issued by other Baltimore City agencies. The mission of the ECB is to change behavior and to encourage compliance with the Baltimore City Code through its administration hearing process. The mission of the ECB is to change behavior and to encourage compliance with the Baltimore City Code.

ECB also provides an appeal process for decisions made by The Department of Public Work's Office of Water Advocacy & Customer Appeals. ECB's proposed appeal decisions are recommendations that are made to the Director of DPW.

ECB provides education and community support through the BMORE Beautiful program, which encourages compliance with the Code requirements through a peer-to-peer network.

117: Adjudication of Environmental Citations	1,682,953	1,841,027
Total	1,682,953	1,841,027

The Fiscal 2026 Adopted Budget reflects:

- Maintaining the current level of service.

M-R: Health and Welfare Grants

This agency provides grants to various Health and Welfare organizations to aid disadvantaged residents and residents with various special needs in the City. Grants are awarded to the Legal Aid Bureau, the Maryland School for the Blind, and the Family League of Baltimore City's Pre- and Post-natal Home Visiting Program.

The Legal Aid Bureau is a statewide nonprofit law firm whose mission is to provide high quality, effective civil legal assistance for low-income persons throughout the State. Legal Aid serves those with incomes equal to or less than 125% of the Federal Poverty Guidelines. Resources are focused on the most pressing needs of low-income residents and support the integrity, safety, and well-being of the family, prevent the loss of housing, and maintain and enhance economic stability.

The Maryland School for the Blind currently has an enrollment of 42 students from Baltimore with visual impairments, in combination with other moderate to severe disabilities. As required by State law, the City provides per pupil funding support, as calculated yearly by the Maryland State Department of Education.

Family League of Baltimore (Family League) works collaboratively to support data-informed, community-driven solutions that align resources to dismantle systemic barriers that limit the possibilities for children, families, and communities. Through Family League's maternal and child health portfolio, there are investments in home visiting programs.

385: Health and Welfare Grants	1,611,072	1,659,405
Total	1,611,072	1,659,405

The Fiscal 2026 Adopted Budget reflects:

- Providing the standard inflationary increase for grantees funded through this program.

M-R: Miscellaneous General Expenses

This program provides funding for activities that do not relate to any specific agency or program. This category of appropriations also includes the annual Pay-As-You-Go (PAYGO) capital contributions from the General and utility funds.

Adopted Budget

122: Miscellaneous General Expenses	30,707,666	234,855,102
Total	30,707,666	234,855,102

The Fiscal 2026 Adopted Budget reflects:

- \$194.6 million for PAYGO capital across all fund sources (General Fund PAYGO Capital=\$149.6 million), PAYGO capital is up by \$35.1 million compared to Fiscal 2025. This increase is due to the higher HUR allocation for Fiscal 2026. See the Capital Budget section for additional details on the Fiscal 2026 capital budget. The Adopted Budget increased funding for General Fund PAYGO by \$1.0 million for additional traffic calming projects, this action was part of a City Council-approved amendment to reallocate funds during budget deliberations.
- Adjustments to various activities included in this overall category of appropriations. Fiscal 2026 amounts have been updated based on trend data and planned expenditures.
- Reducing funding for Special Projects and Legal Fees by \$4.1 million. This action was part of a City Council-approved amendment to reallocate funds during budget deliberations.

M-R: Office of Children and Family Success

The Mayor's Office of Children and Family Success (MOCFS) was established as an independent agency in 2020 when the Office of Human Services was split. Services provided by MOCFS seek to improve the lives Baltimore's children and families by ensuring access to the resources and opportunities needed to succeed and thrive. The agency works to coordinate City, State, and nonprofit resources that seek to benefit children and families.

Specific services provided by the agency include: the Baltimore City Community Action Partnership (CAP) and Head Start. The agency also oversees the City Youth Commission.

Adopted Budget

Fund Name	Fiscal 2025 Budget		Fiscal 2026 Budget	
	Dollars	Positions	Dollars	Positions

741: Community Action Partnership	13,884,460	10,071,682
Total	27,228,377	23,062,025

The Fiscal 2026 Adopted Budget reflects:

- Increasing funding to reflect current space costs for the City's 5 Community Action Partnership (CAP) Centers. In Fiscal 2026 these costs are up \$221,000.
- Increasing the General Fund share for CAP Center positions jointly funded by the City and various grants. Growth in state and federal grants are not keeping pace with increased personnel costs.
- An overall \$4.1 million (or 19%) reduction in federal, state, and special grant awards for the agency. The bulk of this decline is in Service 741-Community Action Partnership. Anticipated State funding for home energy programs is down by \$2.0 million compared to the Fiscal 2025 budget.
- A net decrease of 23 positions across all funds. The eliminated positions reflect the anticipated reduction in State funding in Fiscal 2026.

M-R: Office of Employment Development

The Mayor's Office of Employment Development (MOED) empowers and assists Baltimore City residents to become successfully employed. It provides all residents with easy access to employment and training services, and targeted populations with intensive services that address multiple barriers to employment. MOED develops partnerships with businesses, educational institutions, government agencies and community-based organizations to achieve its mission.

800: Workforce Services for WIOA Funded Youth	3,398,352	4,066,348
Total	43,441,089	49,470,747

The Fiscal 2026 Adopted Budget reflects:

- Funding youth related programming within MOED through the Children and Youth Fund. In Fiscal 2026 \$4.8 million from the Children & Youth Fund will be allocated to YouthWorks. Funding for the program is anticipated to support 8,500 slots in Fiscal 2026.
- Shifting of \$564,000 of award administrative overhead costs from the General Fund to respective grants. This includes transferring 3 Human Resource Specialist and 2 Workforce Managers from various grants to the General Fund.

- Increasing Private Grant funding via a grant from The Cities for Financial Empowerment (CFE) program to provide funding to develop, launch, replicate, and test financial empowerment strategies.
- Increasing in operational positions for new Federal Funded programs, such as Amtrak and Key Bridge construction workforce support services, Comprehensive Opioid, Stimulant, and Substance Use Site-based Program (COSSUP) for justice-involved residents, and the Quality Jobs, Equity, Strategy, and Training program for all city residents.

M-R: Office of Equity and Civil Rights

The Office of Equity and Civil Rights (OECR) aims to promote equity, eliminate discrimination, and protect civil rights. OECR is responsible for administering the following Commissions and services: Wage Commission, the Equity Office, the Community Relations Commission, the Police Accountability Board, the Mayor's Commission on Disabilities, and the Baltimore Commission for Women.

Adopted Budget

914: Administration - OECR	0	1,800,437
Total	6,316,618	11,206,170

The Fiscal 2026 Adopted Budget reflects:

- Abolishing two long-term vacant positions. This action is projected to save \$144,887 annually.
- Reorganizing activities and positions across services within the agency's budget. This reorganization includes eliminating Service 848: Police Community Relations. Service 849: Police Civilian Oversight now includes the Police Accountability Board and eliminates the Civilian Review Board that no longer exists. The reorganization is net neutral across the agency.
- Allocating \$5,000,000 from the Community Reinvestment and Reparations Fund; this includes \$300,000 to complete the citywide equity assessment.

M-R: Office of Homeless Services

The mission of the Mayor's Office of Homeless Services (MOHS) is to make homelessness rare, brief, and preventable by providing outreach and emergency services to individuals and families. MOHS became a stand-alone agency in Fiscal Year 2020, when the Mayor's Office of Human Services was split to form MOHS and the Mayor's Office of Children and Family Success (MOCFS).

MOHS administers the federal, state, and local funding that is awarded to the City of Baltimore to address homelessness. The agency contracts with nearly 40 local service providers to provide permanent, transitional, and temporary housing, in addition to emergency shelter, supportive services, and outreach to individuals experiencing homelessness. MOHS coordinates the City's application for federal Continuum of Care funding and manages all reporting and monitoring requirements. The agency's Homeless Management Information System compiles data on services provided, supports over 300 users, and is used to monitor program and system outcomes.

Adopted Budget

Fund Name	Fiscal 2025 Budget		Fiscal 2026 Budget	
	Dollars	Positions	Dollars	Positions

896: Permanent Housing for the Homeless	37,531,684	41,465,788
Total	62,203,048	73,723,949

The Fiscal 2026 Adopted Budget reflects:

- A \$5.2 million (47%) increase in operating and service provider contracts at the City's homeless shelters. The Adopted Capital Budget also includes \$18.0 million for capital investments in the City's network of homeless shelters. Since the onset of the COVID-19 pandemic increased shelter costs have been funded through temporary sources (i.e. FMEA, CARES Act, and ARPA).
- Centralizing administrative staff under the General Fund and Service 356: Administration. This results in an additional contract administrator and accounting assistant being funded via the General Fund.
- Assigning operational staff to their respective award-funded funding source, and unfunding 4 vacant positions whose grant funding has expired.

M-R: Office of Information and Technology

The Baltimore City Office of Information and Technology (BCIT) is responsible for providing information technology leadership to the entire City, utilizing and leveraging information technology to enhance productivity, broaden the capabilities, and reduce the operating costs of Baltimore City government, thereby improving the quality and timeliness of services delivered to residents.

BCIT is modernizing the IT environment to keep up with increasing demands of a digital society. To this end, BCIT will move workloads to the cloud and use virtualization technology whenever possible. From projects that help to improve broadband access to increasing the City's mobile application portfolio, BCIT will seek partnerships and make technology investments to improve service delivery, replace aging infrastructure, and secure City data.

Adopted Budget

911: Digital Services	0	484,087
919: Municipal ID	0	1,349,635
Total	66,862,733	67,432,964

The Fiscal 2026 Adopted Budget reflects:

- Creating two new services: Service 911: Digital Services and Service 919: Municipal ID. Digital Services will promote equitable access to information and services available through the City's digital platforms. Municipal ID will manage the municipal identity card program, which aims to increase access to government-issued identification.
- Holding funding for contractual services flat compared to Fiscal 2025. The Adopted Budget reallocates \$750,000 from funding for contractual staffing to support creation of new positions.
- Continuing the IT Optimization Plan focused on aligning citywide IT resources under the direction of BCIT. The Fiscal 2026 budget transfers \$197k from the Department of Housing and Community Development to support DHCD's permitting system.

M-R: Office of the Labor Commissioner

The Office of the Labor Commissioner was created by City ordinance to serve as the professional labor relations liaison between Baltimore City municipal government and its employees' collective bargaining units. The responsibilities of the Office of the Labor Commissioner include serving as chief negotiator of the City's management team for collective bargaining, consulting with the administration on labor relations issues, and recommending new, and revising existing, policies on employee labor relations. The Labor Commissioner negotiates contracts with eight City unions and meets and confers with one managerial and professional society. The office oversees contract administration by handling grievance hearings, mediation sessions and arbitration cases, interpreting contract language, responding to labor relations questions from City officials, union leaders and employees, and providing timely information through an office publication (Labor Commissioner's Office Bulletin).

Adopted Budget

128: Labor Contract Negotiations and Administration	1,315,787	2,466,074
Total	1,315,787	2,466,074

The Fiscal 2026 Adopted Budget reflects:

- Fully budgeting the cost of legal fees for union negotiations within the Labor Commissioner's budget (these costs were previously reflected elsewhere in the City's budget). This funding was reduced from \$1.9 million to \$1.15 million as part of a City Council-approved amendment to reallocate funds during budget deliberations.

M-R: Office of Neighborhood Safety and Engagement

The Mayor's Office of Neighborhood Safety and Engagement (MONSE) leads efforts to address crisis levels of gun violence today, while addressing broader social determinants of health for a safer and more equitable Baltimore. MONSE leads the implementation of the five-year Comprehensive Violence Prevention Plan (CVPP) and serves as an interagency accountability partner.

Adopted Budget

Fund Name	Fiscal 2025 Budget		Fiscal 2026 Budget	
	Dollars	Positions	Dollars	Positions

758: Coordination of Public Safety Strategy - Administration	2,547,536	3,394,250
Total	17,201,666	22,403,410

The Fiscal 2026 Adopted Budget reflects:

- Funding for 12 positions previously funded by ARPA to the General Fund. These positions support a variety of services and activities within MONSE. This action will allow the agency to expand the Group Violence Reduction Strategy (GVRS) citywide in Fiscal 2026.
- Increasing funding by \$105,000 within the General Fund to support security costs for the Baltimore City Visitation Center which serves victims of domestic violence. This increase will provide 24/7 security services at the Visitation Center managed by the City.
- Flat funding for grants and contracts to community organizations in Fiscal 2026.
- An overall \$2.8 million increase, or 24%, in Federal, State, and Private grant funding. The Fiscal 2026 reflects all grants the agency expects to receive in the upcoming fiscal year. This amount includes receiving two new grants: Supportive Housing for Returning Citizens in Baltimore City under the Performance Incentive Grant Fund (JRA GF) program and Baltimore City Visitation Center under the STOP Violence Against Women Formula Grant Program.

M-R: Office of Recovery Programs

In Fiscal 2022, the Mayor's Office of Recovery Programs was established for the purposes of administering funding received by the City for the American Rescue Plan Act (ARPA). ARPA provided \$641,170,126 in one-time funds in response to the COVID-19 health emergency and its negative economic impacts. The City was required by law to obligate funds by December 31, 2024. The City must fully expend all funds by December 31, 2026.

In addition to continuing its work overseeing ARPA funds, in Fiscal 2026, the Mayor's Office of Recovery Programs will also be responsible for administering the Opioid Restitution Fund across multiple city agencies, following a series of settlements with various pharmaceutical manufacturers and distributors.

Adopted Budget

917: Opioid Grant-Named Organizations	0	17,400,000
Total	0	17,989,399

The Fiscal 2026 Adopted Budget reflects:

- Funding of \$589,399 to support administration of Opioid Restitution Fund programming.
- Funding of \$17.4 million from the Opioid Restitution Fund for grants to named organizations.
- The budgeted amounts reflected here include the Opioid Restitution Funds. Additional detail regarding the budget to actual spend for ARPA funds is summarized in the Appendix - COVID-19 section.

M-R: Office of Small and Minority Business Advocacy & Development

The Mayor's Office of Small and Minority Business Advocacy and Development works to provide local, small minority and women owned businesses with equitable access to contracting opportunities and capital while working to ensure prompt and fair payment terms, and access to developmental tools and resources to allow for additional availability and utilization of minority and women owned businesses. Pursuant to Baltimore City Code Article 5, Section 28-10, the agency is responsible for the administration of the Minority & Women's Business Program (City Code Article 5, Subtitle 28), investigates violations, conducts outreach, and certifies minority and women owned business enterprises (M/WBE). The Minority & Women's Business program works to remedy past discrimination in the City's contracting process by prime contractors against minority and women's business enterprises, which has resulted in the significant underutilization of minority and women's business enterprises in contracts awarded by the City in the major contracting markets: construction, commodities, architectural, engineering, and professional services. The program is narrowly tailored to remedy this underutilization by setting participation goals on a contract-by-contract basis, seeking to utilize M/WBEs on small spends under \$50,000, limiting certification to the Baltimore City market area, and requiring regular reviews of the necessity of the program by completing a Disparity Study, which was completed in August 2022. Beyond connecting firms with City contracts, this agency is also focused upon providing support and services to small minority and women owned businesses.

This office was established as a standalone agency in the Fiscal 2024 budget. These services were previously included in Mayoralty and the Law Department.

834: Small and Minority Business Advocacy & Development	5,274,937	6,142,442
Total	5,274,937	6,142,442

The Fiscal 2026 Adopted Budget reflects:

- Increasing funding for Main Street grants by 25%. In Fiscal 2026 each of the nine Main Street programs will receive a \$75,000 operating grant.
- An overall increase of 4 positions. These positions were created during Fiscal 2025 outside the budget process. As part of the budget recommendations 1 vacant Compliance Officer position will be reduced. There is no anticipated service impact from eliminating this position.

M-R: Retirees' Benefits

This service provides funding for health care benefits for retired City employees. Of 23,184 retirees eligible to enroll in City retiree healthcare plans, 14,340 or 62% are enrolled in plans. Among those retirees enrolled in plans, 8,856 are City retirees and 5,484 are retirees of City Schools or State librarians. \$17.9 million for Baltimore City Public School retirees is budgeted in Service 352: Baltimore City Public Schools. In addition, \$3.9 million of funding is paid by Enterprise Funds to this service for the cost of retirees of Enterprise Fund services. The City pays 50% of the healthcare premium cost for the majority of enrolled retirees based upon years of service. Prescription drug coverage is bundled with medical coverage for retirees over the age of 65 enrolled in City plans. The City pays 80% of the premium of the prescription drug premium cost for the 2,466 retirees under the age of 65 enrolled in a prescription drug plan.

In 2007, the Governmental Accounting Standards Board (GASB) instituted an accounting rule change which mandates that Other Post-Employment Benefits (OPEB) be recorded as accrued liabilities in the annual financial statements of governmental entities. Pursuant to this change, the City established an OPEB Trust Fund.

Adopted Budget

Fund Name	Fiscal 2025 Budget		Fiscal 2026 Budget	
	Dollars	Positions	Dollars	Positions
General	19,532,638	0	23,336,225	0

351: Retirees' Benefits	19,532,638	23,336,225
Total	19,532,638	23,336,225

The Fiscal 2026 Adopted Budget reflects:

- Increased funding for retiree health benefits of \$3.8 million, due to inflationary-based adjustments for the retiree medical plans. This includes both the City's General fund contribution and cost shares borne by the City's enterprise funds.

M-R: Self-Insurance Fund

The City's Self-Insurance Fund provides funding to cover property losses, tort claims, auto liability, and workers' compensation. The fund is managed by the Office of Risk Management in the Department of Finance. The annual contribution to the Self-Insurance Fund is made from a variety of funding sources. This service provides a portion of the General Fund contribution to the Self-Insurance Fund and to the Unemployment Insurance Fund. Other contributions to the Self-Insurance Fund, such as those from grant funds, and the Water and Waste Water Utility Funds, are contained within the respective agencies' budgets. The Baltimore City Public Schools System also participates in the City program. Appropriations are based on both prior loss experience and on estimated premium costs for insurance policies. Beginning in Fiscal 2006 annual worker's compensation costs were allocated to all City agency budgets. This initiative is meant to further the City's goal of holding individual agencies more accountable for their worker's compensation expenses. The goal is to provide an incentive for agency heads and managers to implement safety initiatives and other means of reducing the occurrence and severity of employee injuries.

Adopted Budget

Total	27,371,052	24,700,544

The Fiscal 2026 Adopted Budget reflects:

- Reducing funding for legal fees and settlements by \$3.5 million, based on lower projected cost identified from recent claims experience.
- Increasing funding for risk management premiums and administrative costs of \$800,000; this is based on identified 5% inflationary growth for self-insurance costs for the upcoming fiscal year.

M-R: TIF Debt Service

Tax Increment Financing (TIF) Bonds are special obligations of the City secured by the incremental increase in property taxes resulting from development projects. The City utilizes this financing option by designating within its borders a TIF district. The district is then given a base property valuation (assessable base) from which taxes continue to be collected and used for general government purposes.

Once the assessed valuation within the district increases, the taxes derived from the increased valuation (tax increment) are used to pay debt service on the bonds used to fund necessary public improvements within the district. When the TIF debt is repaid, the district is dissolved and the taxes collected from the increased assessed valuation revert to the City's General Fund.

Adopted Budget

Fund Name	Fiscal 2025 Budget		Fiscal 2026 Budget	
	Dollars	Positions	Dollars	Positions
General	24,744,046	0	25,717,046	0
Total	24,744,046	0	25,717,046	0

Budget by Service

Service	Budget	
	Fiscal 2025	Fiscal 2026
124: TIF Debt Service	24,744,046	25,717,046
Total	24,744,046	25,717,046

The Fiscal 2026 Adopted Budget reflects:

- Increasing funding to support the Perkins Home Tax Increment Financing project at \$1.7 million.
- Maintaining funding for current Tax Increment Financing projects, which includes the Belvedere Square, Clipper Mill, Harbor View, Strathdale Manor, Mondawmin Mall, Harbor Point, North Locust Point, EDBI Phase Two, Poppleton, and Port Covington projects.
- Decreasing unallocated debt service funding for Tax Increment Financing by \$700,000.

Municipal and Zoning Appeals

The Board of Municipal and Zoning Appeals (BMZA) is a Charter agency established to hear and render decisions regarding zoning, land use, and other municipal matters that promote the health, security, morals, and general welfare of the community. The BMZA acts as a quasi-judicial board and administrative appeals agency for major departments of City government. The BMZA also makes recommendations to the City Council on land use, zoning, and municipal matters. The BMZA’s goal is to ensure proper land use and development through the application of the appropriate City Code and apply the relevant law to the facts presented. The agency evaluates appeals filed by businesses, homeowners, and others with an interest in Baltimore City property balancing the appeal request with the interests of public safety, impact on neighboring land uses, and maintaining harmony with the purpose and intent of City Code.

Adopted Budget

Fund Name	Fiscal 2025 Budget		Fiscal 2026 Budget	
	Dollars	Positions	Dollars	Positions
General	607,196	4	722,454	5
Total	607,196	4	722,454	5

Service	Budget	
	Fiscal 2025	Fiscal 2026
185: Board of Municipal and Zoning Appeals	607,196	722,454
Total	607,196	722,454

The Fiscal 2026 Adopted Budget reflects:

- A net increase of one position in the General Fund; one Zoning Officer position was transitioned from American Rescue Plan Act (ARPA) funding to the General Fund.

Office of Inspector General

The Office of the Inspector General (OIG) seeks to promote accountability, efficiency, and integrity in the City government by identifying financial waste, fraud, and abuse. The OIG was created in 2005 by Mayoral Executive Order and was established as a Charter agency in 2018. The Office conducts and supervises objective and independent reviews and investigations to: prevent and detect fraud, waste, abuse, and misconduct in City government; promote economy, efficiency, and effectiveness of City operations; promote program and public integrity; review and respond to citizen complaints; and inform the Mayor and agency heads of problems and deficiencies, and recommend corresponding corrective actions.

Adopted Budget

Fund Name	Fiscal 2025 Budget		Fiscal 2026 Budget

910: Office of Ethics	0	416,604
Total	2,663,158	2,789,810

The Fiscal 2026 Adopted Budget reflects:

- The creation of a new service, Office of Ethics, which better represents the Ethics Board as an independent body separate from Service 836: Inspector General. The budget moves \$417,000 from Service 836: Inspector General to the new service, including 3 positions and \$100,000 for software maintenance funding.
- Allocating \$112,000 to fund an additional OIG Agent primarily focused on DPW-related investigations. This action was part of a City Council-approved amendment to reallocate funds during budget deliberations.

Planning

The Department of Planning oversees urban planning, historic preservation, zoning, design, development, and capital budgeting in Baltimore. It promotes the City's economic, social, and community development, in line with Articles VI and VII of the Baltimore City Charter and the Zoning Code.

The Planning Commission, which includes the Mayor (or a designee), the Director of Public Works (or a designee), a City Council member, and six Mayor-appointed residents, regulates the City's physical development. Its responsibilities include updating development plans, reviewing land subdivisions, submitting the annual capital budget and Capital Improvement Program, and recommending changes to the Zoning Ordinance. The Comprehensive Master Plan guides future development.

The Department also supports several advisory groups, including the Commission on Historical and Architectural Preservation, the Sustainability Commission, the Planning Academy, the Food Policy Advisors, and a group for the Comprehensive Plan. These groups, along with the Community Planning and Revitalization Division, ensure the Department stays connected to the community and operates transparently and equitably.

Adopted Budget

Fund Name	Fiscal 2025 Budget		Fiscal 2026 Budget	
	Dollars	Positions	Dollars	Positions

Total	12,435,260	54	13,818,955	65

Budget by Service

Service	Budget	
	Fiscal 2025	Fiscal 2026
761: Development Oversight and Project Support	1,236,120	1,006,331
762: Historic Preservation	642,479	800,036
763: Comprehensive Planning and Resource Management	5,530,928	5,618,651
765: Planning for a Sustainable Baltimore	3,170,975	3,832,027
768: Administration - Planning	1,854,757	1,959,481
909: Office of the Zoning Administrator	0	602,429
Total	12,435,260	13,818,955

The Fiscal 2026 Adopted Budget reflects:

- Transferring the Office of the Zoning Administrator from the Department of Housing and Community Development to Planning. The Adopted Budget includes \$602,000 and seven positions for this service. Previously, this activity was embedded within Service 751: Building Code Permitting, Inspections, and Compliance in DHCD. The staffing level and budget for this service is consistent with Fiscal 2025 funding levels.

- Two positions created midyear in Fiscal 2025 to support the capital budget process. These positions are responsible for supporting capital budget development and oversight, system administration, and special projects. These positions are fully funded by the capital budget; the Adopted Budget eliminates \$109,000 previously allocated for additional capital budget staff.
- \$100,000 for plan implementation and development including the Comprehensive Plan and various sustainability plans. This funding was reduced by \$100,000 as part of a City Council-approved amendment to reallocate funds during budget deliberations.

Police

The Baltimore Police Department's (BPD) mission is dedicated to enforcing laws fairly, impartially, and ethically. BPD is committed to creating and maintaining a culture of service that builds trust and legitimacy in all communities, values the sanctity of human life, and provides for the safety and well-being of all. The agency's purpose is to safeguard the lives and properties of persons within the areas under the control of the City of Baltimore, and to assist in securing protection under the law for all persons.

The BPD endeavors to reduce violent crime and strengthen public trust while striving to be national leaders in policing. These goals align with the Federal Consent Decree, a court enforceable agreement made in April 2017 between the City and the U.S. Department of Justice (DOJ). The consent decree is designed to develop a stronger police department that fights crime while protecting the civil and constitutional rights of residents. To meet its goals, the BPD will focus on three broad strategies: targeted enforcement, community engagement, and building partnerships.

The Department's first objective is to reduce violent crime through targeted enforcement. This is accomplished by focusing on identifying and apprehending the most violent offenders in the City. BPD emphasizes proactive policing, maximizing the impact of personnel through effective communication, coordination, and information sharing.

The second objective is to engage the community to assist in crime fighting efforts. BPD is working to instill a community policing mindset throughout the agency to effectively communicate with the public and build trust. Through increased neighborhood foot patrols, neighborhood-policing programs, and other initiatives, police officers provide support to residents so they are able to assume an active role in preventing crime. By working collaboratively with our City's residents, businesses, advocacy groups, non-profit organizations, faith leaders, elected officials, and other city, state, and federal agencies, BPD provides a multi-layer approach to solving underlying issues that lead to crime.

The third objective is to build strong partnerships with fellow law enforcement agencies along with other City agencies. The BPD employs a data-driven enforcement policing model, capitalizing on partnerships and technology as force multipliers. Police officers act as advocates for the neighborhoods to which they are assigned, working with other City agencies to address problems such as drug abuse, inadequate housing, and trash removal. Collectively, new strategies are formed to attack the catalysts of gun and group violence.

Adopted Budget

Fund Name	Fiscal 2025 Budget		Fiscal 2026 Budget

853: Patrol Support Services	5,477,015	5,682,686
Total	592,852,341	612,864,239

The Fiscal 2026 Adopted Budget reflects:

- Creating 9 new civilian positions to professionalize the agency’s district administration offices, Employee Health and Wellness Section, and the Asset Forfeiture section. These civilian positions will allow 15 positions to return to Patrol functions and reduce overtime costs. The net savings from this action is \$1.1 million.
- 29 civilian positions that were created mid-year with funding provided in the Fiscal 2025 budget. As part of the professionalization process, these positions include 17 Investigative Specialists in Service 623: Criminal Investigation Division, 7 Police Information Technicians in Service 807: Compliance Bureau, 3 Operations Director IIs and 1 Operations Assistant I in Service 621: Admin Bureau, and 1 Operations Officer II in Service 622: Police Patrol.
- Fully funding the Fiscal 2025 union contract with the Fraternal Order of Police, which includes salary increases and adjustments for contractual requirements.
- An additional savings of \$3.4 million based on historic spending for grant-funded position benefits in the agency, \$1.0 million of which was reduced based on an amendment passed by the City Council.
- The creation of 5 new cost centers in Service 623: Criminal Investigation Division and Service 642: Crime Laboratory and Evidence Control. The budget also transfers the Building Security cost center from Service 626: Data Driven Strategies to Service 622: Police Patrol. In addition, 11 cost centers were discontinued in an effort to accurately reflect structural assignments and eliminate historic cost centers no longer in use.
- \$19.6 million in State Aid for Police Protection (SAPP) grant funding to support recruitment and retention programs, training, and operational and technological enhancements. The SAPP grant continues to support both phases of the professionalization efforts in the department.
- \$11.4 million in State Crime Reduction Block Grant Continuation to fund 69 sworn positions to assist the agency in public safety efforts through community patrols and targeted violence initiatives.

Public Works

The Department of Public Works' mission is to enhance and sustain healthy quality of life for every resident and customer by providing efficient management of its services. The Department of Public Works consists of three major divisions: the Bureau of Solid Waste, the Bureau of Water and Wastewater, and the Surface Water Service.

The **Bureau of Solid Waste (BSW)** is responsible for providing waste removal and recycling services, including curbside collection of mixed refuse, recycling, and seasonal waste for residents in approximately 210,000 households. The Bureau also provides vacant and abandoned property maintenance services, rat control services, and public right-of-way cleaning of streets, alleys, and lots. The BSW is also responsible for disposal of refuse in accordance with governmental regulations and mandates. This includes the management of the Northwest Transfer Station on Reisterstown Road, which is a transfer point for mixed waste and recycling as well as housing the Small Haulers Program, and management of a 125- acre active landfill at Quarantine Road. Through agreements with the Wheelabrator Waste to Energy facility and recycling service providers, the BSW provides for the proper and safe disposal of waste and a variety of recyclable materials. The Bureau also promotes and markets special initiatives for a cleaner and greener Baltimore.

The **Bureau of Water and Wastewater** is responsible for the operation of a water distribution system that supplies water to 1.8 million customers in the Baltimore Metropolitan Region. These responsibilities include the operation, maintenance, and security of three watershed systems; three filtration plants; pumping stations; and 3,800 miles of water distribution mains. The Bureau's wastewater activities include collection and treatment of wastewater, the operation and maintenance of two wastewater treatment plants, approximately 3,100 miles of collection and conveyance lines, pumping stations, and the City's system of storm drains.

The **Surface Water Service** consolidates all Stormwater related functions and includes the Watershed Liaison Office, Stormwater Management and Sediment and Erosion Control, Storm Drain Engineering, Storm Drain and Waterway Maintenance, Water Quality Monitoring and Inspections, and Environmental Engineering. The Division's mission is to restore the City's surface water to swimmable, fishable conditions in compliance with the Environmental Protection Agency and the Clean Water Act. The Maryland General Assembly passed a law mandating that certain jurisdictions, including Baltimore, create a Stormwater remediation fee by July 1, 2013. The State rescinded the mandate in 2015, but allows jurisdictions such as Baltimore to determine whether to charge the fee. Baltimore began collecting this fee on July 1, 2013. The fee provides a dedicated revenue source for the purpose of improving water quality and flood control, reducing runoff into the harbor, and expanding green space. Revenue from the fee is deposited in the Stormwater enterprise fund and used exclusively for stormwater related services.

On January 22, 2025, the Board of Estimates approved a rate adjustment for the water, wastewater, and stormwater utility funds for the remainder of Fiscal 2025 through Fiscal 2027. The preliminary budget reflects the second of a three-year rate change with a rate of 9.0% for water, 9.0% for sewer, and 3.0% for stormwater. The rate changes will finance major capital projects to replace aging infrastructure and improve customer service.

676: Administration - DPW	12,385,329	14,592,436
Total	726,508,569	774,729,927

The Fiscal 2026 Adopted Budget reflects:

- An overall increase of \$5.0 million in funding for solid waste services. This funding will support 6 months of continued contractual solid waste staffing for the first half of Fiscal 2026 and creation of 15 additional solid waste crews for the latter half of Fiscal 2026.
- Additional funding (\$125,000) for contractual cleaning services and to create two new positions, one in DPW and one in DGS, to mitigate hazards and ensure employee safety at 8 Solid Waste facilities.
- \$1,050,000 of cost savings through aligning the budget with current spending trends. Savings will be realized from tipping fees, various contractual services, and software costs.
- Decreasing funding (\$545,000) for administrative non-personnel costs to reflect current spending trends.
- A net increase of 29 positions in the General Fund for Fiscal 2026. These positions include 10 Solid Waste crews that were created with ARPA funding in Fiscal 2024 and transitioned to the General Fund in Fiscal 2025.
- An overall increase of \$34.9 million, or 5.82%, across the Water, Wastewater, and Stormwater utility budgets. This reflects anticipated rate increases for the Water, Wastewater, and Stormwater Utilities.

- Additional funding (\$750,000) to support the Office of Waste Diversion's Yard Waste Collection Phase I. This allocation is based on an amendment passed by the City Council.

Recreation and Parks

Baltimore City Recreation and Parks (BCRP) is the primary provider of recreational, cultural, and physical activities to the residents of the City of Baltimore. The agency is comprised of three major divisions: Recreation, Parks, and Horticulture.

The Recreation Division administers activities in its more than 45 community centers. In addition to full-time staff, the agency operates with up to 600 part-time and seasonal employees during the busy summer months. The agency also provides therapeutic recreation activities and senior recreation programs. City residents can participate in many types of activities which include indoor/outdoor aquatics, ice and roller skating, hockey, soccer, basketball, football, dancing, acting, music, tennis, track and field, boxing, biking, kayaking, after-school, and out-of-school programs.

The Parks Division is responsible for the beautification, management, and maintenance of parkland, playgrounds, and turf. It also plans and implements outdoor recreation programs in City parks, including nature and environmental education, sports, and various festivals. Regular park maintenance functions include grass mowing, ball field preparations, and building and playground repairs.

The Horticulture Division is responsible for the Rawlings Conservatory and Cylburn Arboretum. The Urban Forestry Division is responsible for the planting and caring of all trees in the public rights-of-way and City parks. Park Programs is responsible for the Rhythm and Reels program, park permits, park volunteer program, the "\$5 5K" running series, biking, kayaking, hiking, and camping in city parks.

912: Facility Maintenance	0	7,389,425
Total	75,406,194	79,292,241

The Fiscal 2026 Adopted Budget reflects:

- Eliminating three positions and the costs associated with the care and housing of the former mounted unit under now under the joint partnership between Rec and Parks and BPD's Community Policing Section.
- Reducing the Aquatics budget by \$268,000 to reflect opening six days a week during summer 2025. The six-day week will allow for maintenance and upkeep of park pools once/week.
- Increasing operating costs for three newly renovated Recreation Centers, Chick Webb, Gardenville, and Parkview, that will come online in Fiscal 2026. The Adopted Budget includes a \$2.6 million increase for these facilities, this increase includes additional staff and operating costs for these locations.
- Creating a new Facility Maintenance service within the agency. The total budget for the new service is \$7.4 million including 28 positions. This service was created by reallocating existing positions and services from elsewhere in agency. The new service is intended to improve the agency's ability to monitor and track agency wide maintenance costs.
- Continuing State funding of \$10 million from Program Open Space, with \$7 million dedicated to operating expenses and \$3 million to support ongoing capital projects.

Sheriff

The mission of the Baltimore City Sheriff's Office is to provide law enforcement services to the City's District and Circuit Courts and citizenry of Baltimore City as required by the State Constitution and the Public General and Local Laws of the State of Maryland. These services include, but are not limited to, service of court documents, execution of warrants and Sheriff's sales, collection of fines and fees, transportation of prisoners, and providing courthouse security. Deputy Sheriffs have the authority to enforce civil, criminal, and traffic laws allowing them to perform duties in conjunction with the Baltimore City Police Department. These duties include, but are not limited to, criminal patrol and crime suppression details, traffic enforcement, and crowd control for special events.

Adopted Budget

Fund Name	Fiscal 2025 Budget		Fiscal 2026 Budget

889: Child Support Enforcement	2,048,302	0
Total	28,347,567	27,904,159

The Fiscal 2026 Adopted Budget reflects:

- Allocating \$750,000 to partially restore \$1.0 million cut to the Sheriff's Office budget that was reflected in the BOE Recommended budget. 6 positions and various non-personnel spending were restored with this funding. This action was part of a City Council-approved amendment to reallocate funds during budget deliberations.
- Reducing the Special Fund (Sheriffs Asset Forfeiture Fund) appropriation by \$1.6M. This reduction is based on the actual balance in the fund as of Spring 2025.

State's Attorney

The mission of the State's Attorney's Office (SAO) is to represent the citizens of Baltimore City in the prosecution of criminal offenses. These duties include investigating and prosecuting misdemeanors, felonies and juvenile petitions; and conducting Grand Jury investigations. The SAO also provides assistance to victims and witnesses of crime in Baltimore City and supports community engagement efforts involving both youths and adults.

Adopted Budget

Fund Name	Fiscal 2025 Budget		Fiscal 2026 Budget

Budget by Service

Service	Budget	
	Fiscal 2025	Fiscal 2026
115: Prosecution of Criminals	41,001,833	45,560,178
781: Administration - State's Attorney	9,999,268	8,149,776
786: Victim and Witness Services	4,648,164	4,580,323
Total	55,649,265	58,290,277

The Fiscal 2026 Adopted Budget reflects:

- Funding for an additional 27 positions in the General Fund, including 21 Assistant State Attorney's, 4 Paralegal positions, and 2 Law Clerks that were previously frozen. These positions were funded by reallocating funds within the State's Attorney budget.
- Increase of \$400,000 in the General Fund for Paralegal positions previously funded through the Discovery Compliance Camera Unit grant. This action was part of a City Council-approved amendment to reallocate funds during budget deliberations.
- Reducing funding in Service 115-Prosecution of Criminals by \$112,000 (savings will be realized through eliminating a vacant position). This action was part of a City Council-approved amendment to reallocate funds during budget deliberations.

Transportation

The Department of Transportation (DOT) is responsible for building and repairing public streets, bridges, and highways, as well as maintaining streetlights, alleys, footways, and the conduit system. Other duties include managing traffic movement; inspecting City construction projects; and developing sustainable transportation solutions. Capital and Federal funds are allocated for engineering, design, construction, and inspection of streets and bridges.

The agency maintains nearly 4,800 lane miles of roadways, including 305 bridges and culverts. The City's road network comprises 540 miles of collector streets and 1,460 miles of local streets. About 8.1% of statewide vehicle miles traveled occur on City roadways. This amounts to 3.5 billion vehicle miles per year. The Department of Transportation maintains 3,600 miles of sidewalks, 1,100 miles of alleys and 80,000 roadway and pedestrian lights throughout the City.

The Department of Transportation ensures the orderly and safe flow of traffic by conducting studies on pedestrian and vehicular safety, and providing traffic signals, signs and pavement markings. The agency maintains about 1,300 signalized intersections, over 250,000 traffic and informational signs and over 4.5 million linear feet of lane markings. The agency also operates public transportation options, including the Charm City Circulator and water taxi "Harbor Connector" commuter service, and is providing oversight for a dockless scooter and bicycle program.

The City has several traffic safety initiatives. The traffic camera program is designed to reduce the number of motorists who run red lights and violate speed limits. Also, the agency conducts safety education programs, such as Safety City and related bicycle programs, and deploys approximately 230 crossing guards at elementary and middle schools.

Finally, the agency maintains and repairs all open air malls across the City, operates a vehicle storage facility, conducts the sale of abandoned and/or unclaimed vehicles at public auctions, and is responsible for the removal and impounding of illegally parked, abandoned, or disabled vehicles. The agency leads snow removal efforts and facilitates special events. The Department of Transportation works closely with the Parking Authority, which is responsible for on-street and off-street parking, including the management of the metered parking system and maintenance of over 800 pay-by-license-plate multispace parking meters, and over 3,400 single-space parking meters; administration of special parking programs such as residential permit parking and car sharing; enforcement of parking regulations; and management and development of offstreet parking facilities.

697: Traffic Safety	36,428,306	33,511,105
727: Real Property Management	3,185,138	3,514,289
Total	223,519,662	236,097,516

The Fiscal 2026 Adopted Budget reflects:

- Increasing funding for the Dock Master service by \$140,000 to support movement of Marina Store lease to DOT from Miscellaneous General Expenses.
- Reducing the agency's overall full-time position count by seven positions. This reduction reflects unfunding 3 federally funded positions that are no longer associated with grants; transferring 1 Operations Manager I position to Mayoralty, unfunding 1 vacant Office Support Specialist II, and adjusting 2 Crossing Guards to permanent part-time status.
- Maintaining the current level of service for General Fund services within in the agency. Most operating costs in DOT are funded through Highway User Revenue. In Fiscal 2026 the City will receive 12.2% of statewide Highway User Revenue (see page 39 for a full summary of Highway User Revenue spending plan reflected in the Recommended Budget).
- Ongoing costs for the City's traffic camera program. In Fiscal 2026 the City will operate 152 speed cameras and 182 red light cameras. Costs for this program are included in Service 697-Traffic Safety. The Adopted Budget also includes \$5.4 million for the I-83 speed camera program. Revenue from the I-83 program is used for the cost of operating the program and capital investments for I-83; to date there has not been sufficient revenue to fund capital improvements.
- Reducing overtime funding for the traffic camera program. Legislation passed by the General Assembly in 2025 will no longer require Police sign off for traffic citations issued by the City's traffic cameras. This action will eliminate the need for Police overtime to complete this activity. Savings from this action was reallocated throughout the budget based on an amendment passed by the City Council.

Intentionally left blank.

Permanent Full-Time Positions

This section summarizes position counts by agency as reflected in the Fiscal 2026 Budget. The budget includes funding for 14,341 full-time positions-an increase of 260 (1.8%) compared to the Fiscal 2025 budget. The overall increase includes capturing positions that were created following adoption of the Fiscal 2025 budget (+115 positions; 80 in the General Fund), creating new positions as part of the Fiscal 2026 budget (+84 positions; 49 in the General Fund), and funding previously unfunded positions (+61 positions; 37 in the General Fund).

FISCAL 2026

SUMMARY OF THE ADOPTED BUDGET

Special Revenue Budget Recommendations

Intentionally left blank.

Special Revenue Fund Summaries

Casino: Video Lottery Terminals and Table Games

Casino related revenue is used to support City services and capital investment in neighborhoods impacted by the Pimlico Racetrack and Horseshoe Casino. Along with investments in these neighborhoods, casino revenue is also used for citywide school construction, recreation and parks projects, and property tax relief.

Casino-related Revenues
(Dollars in millions)

The Fiscal 2026 allocations adhere to the following funding formulas:

Horseshoe Ground Lease Agreement Revenue - \$14.0 million

- The Horseshoe Casino ground lease payment to the City is calculated at either 2.99% of the Casino’s gross gaming revenue, comprised of both Table Games and Video Lottery Terminals, or an alternate minimum payment amount determined by the contract, whichever is higher.
- The Fiscal 2026 estimated payment is the minimum payment of \$14.0 million.
- Of this amount, 90% is allocated to the General Fund to support the Targeted Homeowners Tax Credit (THTC) and 10% is dedicated to school construction.

Horseshoe Ground Lease	Allocation	FY26 Budget
THTC	90.0%	12.6
School Construction	10.0%	1.4
Minimum Ground Lease Payment		14.0

¹ Budget in millions of dollars.

South Baltimore/Horseshoe Casino Local Impact Fund - \$17.8 million

- The State combines gross terminal revenue from Video Lottery Terminals (VLTs) at the Maryland Live, MGM National Harbor, and Horseshoe casinos.
- 5.5% of total combined VLT revenue is used as the starting point for the City's local impact fund allocation.
- 82% of the 5.5% total combined VLT revenue is then equally divided among Baltimore City, Anne Arundel, and Prince George's counties; the City receives approximately 27.1% of this amount.
- The Fiscal 2026 estimate for Baltimore City is \$17.8 million, an increase of \$800,000 compared to the Fiscal 2025 Adopted Budget.
- State law requires that 50% of the City's allocation be remitted to the South Baltimore Gateway Community Benefits District to support local projects.
- The remaining 50% is budgeted for core City services within one mile of the casino area, such as security costs, support for park operations, sanitation, and employment development, among other projects.

South Baltimore/Horseshoe	Allocation	FY26 Budget
South Baltimore District	50.0%	8.9
Horseshoe One-Mile Radius	50.0%	8.9
Baltimore City Allocation		17.8

¹ Budget in millions of dollars.

Park Heights/Pimlico Local Impact Fund - \$4.3 million

- The remaining 18% of the 5.5% of total combined VLT revenue is dedicated to Baltimore City after reductions of \$720,000 for smaller jurisdictions.
- Of the 18% distribution, \$3.5 million is withheld for the State Lottery fund for Pimlico redevelopment, \$2.8 million or 24% is withheld for Park Heights Renaissance, \$1.0 million is withheld for Prince George's County, and \$500,000 is withheld for communities within 3 miles of the Laurel Race Course.
- The Fiscal 2026 projection for Baltimore City is \$4.3 million, \$847,000 more than the Fiscal 2025 Adopted Budget.
- The City has allocated 85% towards the Park Heights Master Plan since Fiscal 2018; in Fiscal 2026, the City will continue to allocate 85%, or \$3.6 million, for this purpose.
- The remaining funding of 15%, or \$600,000 must be spent within a one-mile radius of the Pimlico Race-track. Some projects funded within the one-mile radius include Ambassador Theater, Ashburton Area Community Lighting, Community Organizing and Services Support in Fallstaff, and Community Organizing in the Northwest Community Planning Forum Area.

Park Heights/Pimlico	Allocation	FY26 Budget
Park Heights	85.0%	3.6
Pimlico One-Mile Radius	15.0%	0.6
Baltimore City Allocation		4.3

¹ Budget in millions of dollars.

² Values may not match Allocation due to rounding.

Table Games Revenue - \$2.3 million

- Baltimore City receives 5% of gross Table Games revenue generated by the Horseshoe Casino.
- The Fiscal 2026 projection for Baltimore City is \$2.3 million, \$960,000 less than the Fiscal 2025 Adopted Budget. This additional funding will support the expansion of citywide Recreation and Parks capital projects and school construction debt service.
- State law requires that 50% of the funding be used to support citywide recreation and parks projects and that 50% be allocated for school construction debt service.

Table Games Revenue	Allocation	FY26 Budget
Recreation and Parks	50.0%	1.1
School Construction	50.0%	1.1
Baltimore City Allocation		2.3

¹ Budget in millions of dollars.

² Values may not match Allocation due to rounding.

Casino Parking Garage Property Tax Agreement - \$3.2 million

- As part of the Horseshoe Casino Ground Lease Agreement, the City grants a partial credit on the Real Property Tax due from the Casino’s parking garage.
- If the net tax due is less than \$3.2 million, the Casino must make an additional contribution so that the total minimum guarantee to the City equals \$3.2 million.
- The Casino parking garage’s Real Property Tax net of credits has never exceeded \$3.2 million; the Fiscal 2026 projection continues to assume the minimum guarantee.
- This revenue supports the General Fund at large.

Gambling Local Impact Aid Expenditures

The Adopted Budget recommends \$13.1 million from Local Impact Aid funding, consisting of approximately \$8.9 million of Baltimore Casino and \$4.3 million of Pimlico funds. Of that, \$5.7 million is appropriated for operating expenditures and \$6.9 million is appropriated for capital projects. The following tables show Fiscal 2026 budgeted operating and capital expenditures for these funds.

Operating Budget - Projects

Agency	Project Description	FY26 Budget
Baltimore Casino Funded Projects		
Children and Family Success	Educational Partnerships	140,000

Opioid Restitution Fund

In August 2024, Mayor Scott released an Executive Order outlining the playbook on how opioid restitution funds would be invested back in the community. The Executive Order established five directives for this funding:

1. Establish a separate Baltimore City Opioid Restitution Fund
2. Establish a trust fund that will sustain the impact of these funds for at least 15 years
3. Create positions in the Mayor’s Office including an Executive Director of Overdose Response and an Opioid Restitution Program Manager
4. Establish a Restitution Advisory Board
5. Outline key documents that the City will publish for accountability and transparency

Upon receipt, these funds were placed in a segregated fund. In February 2025 the City Council approved a supplemental appropriation allocating \$14.6 million for this fund. Balances remaining from this supplemental appropriation will carry forward to Fiscal 2026.

Fiscal 2026 Adopted Funding Level

The Adopted Budget recommends \$36.7 million in appropriations from the Opioid Restitution Fund. Appropriations from this fund were determined based on recommendations from the ongoing needs assessment guiding the City’s response.

This allocation represents 13% of the total amount awarded to the City. To date, the City has received \$181.9 million from companies involved in the lawsuit. The City expects to receive an additional \$80.0 million in Fiscal 2026. Litigation is ongoing, the remaining funds are due to the City when all appeals have been exhausted.

The Fiscal 2026 adopted funding level is based on projections aimed at hitting the 15-year target for these funds. Large appropriations against the fund could negatively impact the City’s ability to hit this target.

Agency Name	Budgeted Amount
	FY26
Fire	5,193,671
Health Department	6,009,503
Law	1,000,000
M-R Office of Homeless Services	3,000,000
Mayoralty	3,534,221
M-R Office of Recovery Programs	17,989,399
Total	36,726,794

Table in dollars.

Fire Department: \$5,193,671

This funding will be used to for the Population Health and 911 Nurse Triage programs focused on reducing the number of non-emergency 911 calls. Funding will also be used to expand the use of contracted EMS services.

Health Department: \$6,009,503

This funding establishes the Division of Overdose Prevention within the Health Department. Funds will be used to create 25 new positions, expanding the SPOT Mobile Clinic, and funding the needle exchange program.

Law Department: \$1,000,000

This funding will be used to create additional positions within the Law Department to continue work for ongoing litigation regarding the impacts of the opioid epidemic in Baltimore.

Mayor's Office of Homeless Services: \$3,000,000

This funding will be used to further enhance services in the City's shelters. This funding will ensure the City has adequate beds to provide shelter for men, women, and families along with additional shelter capacity during the winter.

Mayoralty: \$3,534,221

This funding supports staff responsible for providing the overall guidance and oversight for the Opioid Restitution Fund. This also includes stipend and support costs for the Restitution Advisory Board. This funding also provides \$2.0 million for additional non-profit community-based grants based on a funding process overseen by the Restitution Advisory Board.

Mayor's Office of Recovery Programs: \$17,989,399

This majority of this funding (\$17.4 million) is allocated for non-profit organizations named in specific settlements. In total, there was \$87.0 million set aside for specific organizations as part individual settlements. The Fiscal 2026 Adopted funding level assumes these grants will be paid out over a 5-year period.

The Adopted budget for the Mayor's Office of Recovery Programs also includes supporting additional staff responsible for coordinating and overseeing grant agreements with individual non-profits receiving grants through the Opioid Restitution Fund.

Total Capital Budget: \$932.0 Million

Where the Money Comes from

How the Money is Used

Totals may not equal 100% or "Total Capital Budget" due to rounding. Charts in millions.

Capital Budget Trends

The Fiscal 2026 Adopted Capital Budget is \$932.0 million, an increase of \$200 million, or 27%, from Fiscal 2025. The capital budget can fluctuate considerably from year to year due to project schedules, the timing of borrowing, and the availability of grant funding. Per Board of Estimates policy, a capital project is a physical betterment or improvement costing more than \$50,000 and any preliminary studies relative to that project. It does not include projects that cost less than \$50,000, vehicular equipment, repairs and maintenance costing less than \$100,000, and salaries for positions that are not part of the cost of the project. The chart and table below show historical trends of the capital budget by fund type.

Table in dollars.

Fiscal 2026 Adopted Budget Highlights

The City's capital budget includes capital General Funds (PAYGO capital), General Obligation Bonds (debt), and General Funds- Highway User Revenues (HUR; PAYGO capital dedicated to transportation). Fiscal 2026 is the fourth of a five-year increase in the City's allocation of HUR revenue. In Fiscal 2026, the City will receive 12.2% of statewide HUR. Funding for transportation-related capital projects represents 31% of the total HUR budget.

General Funds and Highway User Revenue Pay-As-You-Go Funding

Using General Funds for PAYGO reduces the City's debt burden while also being one of the most flexible funding sources for capital projects. The City dedicates a portion of its annual State Highway User Revenue (HUR) allocation to capital improvements. HUR is collected by the State and allocated to jurisdictions for certain eligible uses, such as transportation projects.

The Fiscal 2026 Adopted Budget includes \$149.6 million in General Funds and HUR for capital projects, including:

- \$18 million for acquisition and/or renovation of homeless services facilities
- \$45 million for Complete Streets-compliant road resurfacing, including \$4.0 million to upgrade ADA ramps along resurfaced roads
- \$5.7 million for traffic signal construction and reconstruction
- \$13.9 million for sidewalk reconstruction and repair, in addition to \$12.0 million for the ADA partial consent decree

General Obligation Bonds

In 2024, voters authorized \$125 million in General Obligation bonds per year for Fiscal 2026 and 2027. General Obligation bonds must be used for affordable housing, schools, public infrastructure, and community and economic development in accordance with the loan authorization approved by voters. The debt service to repay the bonds is paid from the City's General Fund revenue. Funded projects for Fiscal 2026 include:

- \$21 million for Phase I and Phase II of Eastside Transfer Station (renovation of existing administrative building and compost facilities)
- \$4 million for demolition and stabilization of vacant and abandoned buildings
- \$8 million for investments in Impact Investment Areas
- \$3 million toward an expansion of the Quarantine Road Landfill
- \$8 million toward police station HVAC improvements (Southeast District, Eastern District)
- \$2.9 million to complete full funding for the Forest Park Library Addition and Renovation
- \$27.5 million for Baltimore City Public Schools facilities, including \$1.4 million toward the expansion of Armistead Gardens Elementary/Middle, \$2.9 million toward renovation of Edmonson High School, \$2.5 million toward construction of the new Furley Elementary School, \$2.3 million for Curtis Bay Elementary HVAC, and \$17.3 million for healthy schools projects across various buildings.
- \$6.5 million for the Affordable Housing Trust Fund

Federal Funds

The Fiscal 2026 Adopted Budget includes approximately \$65.5 million in Federal Funds. Funded projects for Fiscal 2026 include:

- \$42 million per year in federal Highway Transportation funds for the Department of Transportation. The City must provide a 20% match for eligible projects, such as bridges.
- Community Development Block Grant funds to be used for capital projects that serve low and moderate-income residents.

State Funds

The Fiscal 2026 Adopted Budget includes \$70.7 million in State Funds. State Funds include items requested from the State. This figure will likely be higher once the State budget is finalized and changes are incorporated in the City's capital budget. Funded projects for Fiscal 2026 include:

- Recreation and Parks allocates Program Open Space funding for various capital projects. A portion of these funds require a 25% match from the City that has been appropriated in local funding sources.
- The Department of Housing and Community Development recommendations include \$20 million in State funds as part of the Baltimore Vacants Reinvestment Initiative for Impact Investment Areas.
- The recommendations for DPW include a \$20 million grant for the Middle Branch Resiliency Initiative for improvements to restore shoreline along the Middle Branch of the Patapsco River and protect neighborhoods from storms and flooding.

Utility Funds

Utility funds include bonds issued by the City to be repaid with future revenue and funds from current operating revenues such as water bills. The Fiscal 2026 capital recommendations also include utility projects funded through existing cash (Pay-As-You-Go).

Water, Wastewater, and Stormwater Funds

The Water, Wastewater, and Stormwater funds are overseen by the Department of Public Works. Capital investment in the utilities are fully funded with enterprise revenue generated by the fees paid for water, sewer, and stormwater services. Individual projects are funded through a combination of revenue bonds, Pay-As-You-Go (PAYGO) cash, and grants.

Capital Budget Process

The [Capital Budget and Capital Improvement Plan \(CIP\) process](#) operates on a similar timeline to the operating budget process, but is managed and facilitated by the Department of Planning. The Department of Planning works with agencies to prepare recommendations for the Planning Commission, which submits recommendations to the Board of Estimates. The budget process begins in late September as the Department of Planning works with participating agencies to solicit project requests, prioritize projects for funding, and prepare the six-year CIP. The major capital budget agencies are the Departments of Information Technology, General Services, Recreation and Parks, Transportation, Public Works, Housing and Community Development, as well as the Baltimore Development Corporation and City School System. Once the Planning Commission recommends a six-year CIP, it moves on to the Board of Finance and then the Board of Estimates for review and approval. Once approved, the first year of the CIP is submitted to City Council as part of the Ordinance of Estimates. Finally, the Ordinance of Estimates is formally adopted by the City Council and signed by the Mayor.

Funding Considerations

Funding for capital projects comes from either current revenues (referred to as “Pay-As-You-Go” or “PAYGO”) or from borrowed funds (referred to as “Loans and Bonds”). Loan and bond fund amounts are constrained by the need to ensure that future repayment of debt service can be made from the City’s operating budget. Discretionary sources are limited to General Obligation (GO) bonds and PAYGO capital. The City follows the requirements of the GO bond authorization, which specifies how that source can be spent. The City also must ensure that outstanding debt meets reasonable benchmarks and does not put an undue financial burden on future generations. Every five years, the City conducts a study to evaluate the City’s debt burden and make recommendations on appropriate annual borrowing levels.

Baltimore’s aging infrastructure requires hundreds of millions of dollars of investments to address decades of deferred maintenance, in addition to investments to provide modern facilities and amenities. Therefore, capital budget planning requires the City to prioritize limited resources in upgrading and maintaining City structures and infrastructure. The City must balance these infrastructure needs with community and economic development activities.

Capital Projects Impact on Operating Budget

Policy

Agencies are required to report the estimated operating budget impacts of capital projects. Agencies must identify and project reasonably quantifiable revenue and expenditure impacts of capital projects on the operating budget following completion.

Fiscal 2026 Operating Impact of Capital Projects

Most of Baltimore City’s capital program focuses on capital infrastructure maintenance and replacement. New facility projects or expansions with operating impacts are limited.

The City pays debt service, the interest and principal costs on the bonds issued by the City to build capital projects, through the operating budget.

Intentionally left blank.

FISCAL 2026

SUMMARY OF THE ADOPTED BUDGET

Appendix

Intentionally left blank.

ACTIVITY: A subdivision of a service that specifies how the service is performed. Some services may be accomplished through the performance of only one activity, while other services may require the performance of two or more activities.

ACTUAL: This term is used in various contexts with different meanings. The definitions for the two contexts in this book are specified below.

- **Performance Management:** A number that reflects the result(s); this is different from a target, which is a prediction of result(s).
- **Financial:** The recorded (or posted) revenues and expenditures; this is different from a budget, which is a planned estimate.

AGENCY: An organization authorized by the Mayor and City Council to operate in the best interest of the public. Each agency is obligated by the City Charter to submit a budget request outlining projected costs of operation for the upcoming fiscal year to the Director of Finance and/or Planning Commission, as applicable.

AMERICAN RESCUE PLAN ACT (ARPA): [The American Rescue Plan Act \(ARPA\)](#) is a \$1.9 trillion economic stimulus package passed by the U.S. Congress and signed into law in March 2021. ARPA includes State and Local Fiscal Recovery Funds (SLFRF), which provides direct aid to state, local, and Tribal governments to support the response to and recovery from the COVID-19 public health emergency.

APPROPRIATION: The legislative authority to spend and obligate a specified amount from a designated fund account for a specific purpose.

ASSESSABLE BASE: The value of all taxable property within the boundaries of the City of Baltimore.

ASSESSED VALUATION: A valuation set upon real estate and other taxable property by the State Department of Assessments and Taxation and utilized by the City of Baltimore as a basis for levying taxes. All taxable real property follows a 3-year reassessment cycle, and the resulting assessed valuation is an estimate of the current market value.

BALANCED BUDGET: When the revenues the City projects to receive in the next fiscal year from all existing revenue sources are sufficient to cover the total anticipated expenditures of the next fiscal year. Total revenues are either equal or greater than the recommended appropriations, and may be supplemented, if necessary, with prior year fund balance.

BLUEPRINT FOR MARYLAND'S FUTURE: Commonly referred to as [Kirwan](#). This legislation was passed in 2021 guided by the Kirwan Commission on Innovation and Excellence in Education. The law enacts a comprehensive reorganization of education funding in Maryland to improve the quality of education and close equity gaps. The Blueprint for Maryland's Future is different from the City schools' [Blueprint for Success](#).

BOARD OF ESTIMATES (BOE): [The Board of Estimates \(BOE\)](#) is the highest administrative body of the City. It consists of five voting members: the President of the City Council, who serves as President of the Board, the Mayor, the Comptroller, the City Solicitor, and the Director of Public Works. The BOE is responsible for formulating and executing the fiscal policy of the City, with its primary policy tool being the recommended annual Ordinance of Estimates, the City's budget. It is also responsible for awarding contracts and supervising all purchasing by the City.

BUDGET: A proposed plan of revenue and expenditure for a given year.

CAPITAL FUND: A set of budget accounts established to plan for specific capital projects financed by revenues received from City funds, bonds, State, federal, and other miscellaneous funds.

CAPITAL BUDGET: The appropriations for capital projects, which comprise the first year of the Capital Improvement Program.

CAPITAL IMPROVEMENT PROGRAM (CIP): A six-year plan specifying physical improvements recommended by the Planning Commission after reviewing the requests of City agencies.

CAPITAL PROJECT: An improvement to City property, which by policy of the Board of Estimates must be physical betterment or improvement costing more than \$50,000 and any preliminary studies relative to that project. It does not include projects that cost less than \$50,000, vehicular equipment, repairs and maintenance costing less than \$100,000, and salaries for positions that are not part of the cost of the project.

CHARTER: A [legal document](#) that defines the City's:

- organization (agencies, commissions, offices, etc.),
- rules and processes,
- services provided, and
- authority and powers held by specific offices or agencies.

CONDUIT ENTERPRISE FUND: Established to budget for revenue charged to private and public entities renting space in the City-owned and operated underground conduit system and system-related expenses.

CONVENTION CENTER BOND FUND: Established in Fiscal 1995 to budget and account for hotel tax revenues to be dedicated to support the payment of principal and interest associated with City indebtedness to finance one-third of the \$150 million cost of the joint City-State expansion of the Baltimore Convention Center. In Fiscal 2020, the City fully paid off the bonds associated with this expansion; however, the City may continue appropriating funds for future renovation or expansion of the Center.

CORONAVIRUS AID, RELIEF, AND ECONOMIC SECURITY ACT (CARES): [The Coronavirus Aid, Relief, and Economic Security Act \(CARES\)](#) is a \$2.2 trillion economic stimulus bill passed by the U.S. Congress and signed into law in March 2020, in response to the economic fallout of the COVID-19 pandemic in the United States. Under CARES, state, local, territorial, and Tribal governments received direct aid to assist in responding to the pandemic.

CURRENT LEVEL OF SERVICES BUDGET: Estimates of the appropriations needed by each municipal agency for the next ensuing fiscal year. These estimates are formulated in order to maintain the same service level for each particular service, purpose, activity, or project included in each agency's budget.

DEBT SERVICE: Principal and interest payments on debt (bonds) incurred by the City.

DEDICATED FUNDS: Includes revenue, which by law, contract, or regulation may be used only to support appropriations for specific purposes.

ESTIMATE: An approximation of the amount to be spent or collected.

EXPENDITURE: Spending to purchase goods or services.

FEDERAL EMERGENCY MANAGEMENT AGENCY (FEMA): [The Federal Emergency Management Agency \(FEMA\)](#) is an agency of the United States Department of Homeland Security, which coordinates the response to disasters and emergencies that occur in the United States. As part of the federally declared COVID-19 emergency, FEMA emergency aid has been made available to state and local governments on a reimbursement basis.

FISCAL YEAR: The time frame to which the annual budget applies; this period is July 1 through June 30.

FORECAST: An estimate of expected, actual future spending and/or revenues for a specific period of time.

FUND: A sum of money segregated for specific activities. Use of this money requires adherence to special regulations established for each type of fund. The funds identified within Baltimore City's budget are the Capital Fund, Conduit Enterprise Fund, Convention Center Bond Fund, General Fund, Internal Service Fund, Parking Enterprise Fund, Parking Management Fund, Special Grant Fund, Special Revenue Fund, Stormwater Utility Fund, Water Utility Fund, and Wastewater Utility Fund.

FUND BALANCE: A fund balance is the accumulated difference between actual revenues and expenditures over time in each fund.

FUNDING SOURCE: Income/revenue received which supports an appropriation.

GENERAL FUND: A central fund into which most of the City's tax and unrestricted revenues are budgeted to support basic City operations and pay-as-you-go (PAYGO) capital projects.

GENERAL OBLIGATION BOND: A municipal bond backed by the full faith and credit of the jurisdiction. Every two years, the City of Baltimore must get permission from voters through a ballot referendum to issue General Obligation Bonds (GO Bonds). GO bonds are borrowed funds that are used for capital projects, including affordable housing, schools, public infrastructure, and community and economic development. The debt service to repay the bonds is paid from the City's future General Fund revenue.

GRANT: A contribution made from either the private sector to the City or by one governmental unit to another unit. The contribution is usually made to support a specified service, function, or project.

HIGHWAY USER REVENUE (HUR): Money received from the State from specific taxes (e.g., gasoline, titling) associated with driving vehicles.

INDICATOR: A measure that represents a quality of life improvement that the City tracks and is ultimately aiming to improve. The City has measurable Indicators organized within each of the Priority Outcomes that reflect many of the City's greatest challenges.

INTERNAL SERVICE FUND: Established to budget for the financing of goods and/or services provided by certain City agencies to other City agencies or programs on a cost reimbursement basis.

LIABILITY: A contractual obligation to pay an amount of money, usually associated with legal settlements.

OBJECT OF EXPENDITURE: A group of similar services, commodities, equipment, or personnel costs used to clarify spending within the budget. Objects of expenditure identified within Baltimore City's budget are:

- **Salaries:** Payment to personnel for services rendered to the City including overtime, shift differential, sick leave conversion, full-time, part-time, and contractual personnel costs.
- **Other Personnel Costs:** Payment for benefits provided to City personnel including City contributions for Social Security, retirement, health plans, and prescription drug costs.
- **Contractual Services:** Payment for services rendered to the City under contractual arrangements, such as rents and telephone service.
- **Materials and Supplies:** Payment for consumable materials and supplies, such as custodial supplies and heating fuel.
- **Equipment:** Payment for replacement or procurement of City property other than real property.
- **Grants, Subsidies and Contributions:** Payment in support of various non-profit or private sector activities, which will provide health, welfare, educational, cultural, and/or promotional benefits to residents of Baltimore.
- **Debt Service:** Payments for interest and principal of bonds issued by or on behalf of the City.
- **Capital Improvements:** Payment for the acquisition of real property or improvements made to existing City property.

OPERATING BUDGET: A plan, approved by the Mayor and City Council, for appropriating funds to agencies for operating costs during the fiscal year. This plan establishes legal expenditure limits and will reflect appropriations budgeted according to services, sources of funding, and costs of service operation other than capital improvements over \$50,000; items of repair, maintenance or emergency nature over \$100,000; or Bureau of Water and Wastewater items of repair, maintenance, or emergency nature over \$250,000.

ORDINANCE OF ESTIMATES: A bill enacted by the City Council, and approved by the Mayor, which gives legal effect to the appropriations included in the annual budget.

OTHER POST EMPLOYMENT BENEFITS (OPEB): The Government Accounting Standards Board (GASB) mandates that OPEB be recorded as accrued liabilities in the annual financial statements of governmental entities. Annual contribution to a Post-Employment Benefits Trust Fund is required.

OUTCOME BUDGETING: A budget process that aligns resources with results that matter most to residents. It's a budgeting tool that integrates strategic planning, long-range financial planning, and performance management.

OVERTIME: Payments to employees eligible for additional compensation for services rendered after a regularly scheduled work period subject to negotiated labor contracts and the federal Fair Labor Standards Act.

PARKING ENTERPRISE FUND: Established to budget for operating and debt service expenses for City financed garages substantially supported by revenues derived from operation of these garages.

PARKING MANAGEMENT FUND: Established to budget for the administration of the City's parking garages and lots, parking enforcement activities, and operation of garages and lots financed with General Obligation Bonds.

PAY-AS-YOU-GO (PAYGO): Capital projects funded from current year General Fund revenues.

PERFORMANCE MEASURES: Specific performance metrics that show the results or public benefits of the services provided. The benefits can be in the form of an amount of products or services provided (outputs); reflect the cost per unit of output or outcome (efficiency); gauge how well a service meets customer expectations (effectiveness); or changes in attitudes, behaviors, knowledge, skills, and conditions as a result of the service (outcome).

PILLARS: Goals established by the Mayor for improving the quality of life for Baltimore's residents. The current Pillars are:

- Prioritizing Our Youth
- Building Public Safety
- Clean and Healthy Communities
- Equitable Neighborhood Development
- Responsible Stewardship of City Resources

POSITIONS: Represents those permanent full and part-time jobs that have a job number assigned.

- **Permanent Full-Time:** Payments to an employee filling a permanent full-time budgeted position for services rendered on a continuing basis.
- **Permanent Part-Time:** Payments to an employee who works less than a full-time schedule.

PROJECTION: An estimate of likely, possible future spending and/or revenues for a specific period of time.

RESULTS TEAMS: An interdisciplinary group of six to eight members assigned to a particular Pillar that reviews and ranks agency budget proposals in order to help the Mayor develop a budget recommendation that maximizes outcomes, or results, achieved for dollar spent.

REVENUE: Income generated by taxes, fines, penalties, notes, bonds, investment income, property rental, user charges, federal grants, State grants, private grants, county grants, and miscellaneous services.

REVENUE BUDGET: A forecast of the next fiscal year's income based on the collection of received payments in the current fiscal year, policy and legislative changes affecting the collection of income, and economic and market conditions.

SERVICE: Replaces program in the budget structure. An activity or set of activities performed by an agency that has:

- identifiable costs for budgeting purposes,
- a clear public purpose and measurable objectives,
- and clear lines of accountability for its performance and fiscal management.

Services are the means to achieving desired outcomes for City residents. Each Service has a unique three-digit numeric code used to identify services within an agency.

SEVERANCE PAY: Payments to permanent full-time and part-time employees due to them for accumulated leave balances, including vacation, personal, sick, etc., pursuant to provisions of negotiated labor agreements.

SPECIAL FUNDS: Established to budget for revenues derived from certain State, federal, and private governmental grants, as well as other revenue sources that are restricted to expenditures for specific purposes.

STIPENDS: Payments to participants in certain grant-funded programs for a specific purpose.

STORMWATER UTILITY FUND: Established to budget for the operating and capital expenses of the City's stormwater management system.

SUB-OBJECT OF EXPENDITURE: A subdivision of an object of expenditure in which groups of similar services or related articles are further delineated into more specific types of expenditures.

SUPPLEMENTARY APPROPRIATIONS: Additional spending authority provided by the City Council and approved by the Mayor derived from revenues from any source, other than the full rate property tax and other taxes, imposed in excess of or in addition to those relied upon by the Board of Estimates in determining the tax levy required to balance the annual Ordinance of Estimates. These appropriations include grants from private or governmental sources that could not be expected with reasonable certainty at the time of the formulation of the proposed Ordinance of Estimates, additional appropriations for services included in the annual budget made necessary by a material change in circumstances, or new services which could not be reasonably anticipated at the time of formulation of the Ordinance of Estimates.

All such appropriations must be embodied in a separate ordinance limited to a single service, purpose, activity, or project and provide the revenue necessary to support the appropriation.

TARGET: Targets are the annual numerical benchmarks an agency aims to achieve for a performance measure.

TAX: Any charge of money or property by a government upon individuals or entities that the government has authority to collect from.

TAX CREDIT: An incentive that lets taxpayers subtract an amount from their owed tax based on specific qualifications.

TRANSFERS: Charges or expenditure reimbursements used as follows:

- To reimburse a program for costs which are charged as overhead to special grants.
- To transfer expenditures between funds in order to adjust the amounts derived from various sources for a multi-funded program rather than split each object and sub-object of expenditure.
- To reimburse a program for services rendered where the reimbursement is calculated on a fee basis rather than for specific expenditures.

WASTEWATER UTILITY FUND: Established to budget for the operating and capital expenses of the City's sewage facilities.

WATER UTILITY FUND: Established to budget for the operating and capital expenses of the City's water supply system.

WORKDAY: An enterprise, cloud-based application designed for human capital management (HCM) and financial management systems. Baltimore's Workday implementation is divided into multiple phases:

- Phase 1 involved the City's HCM system (personnel management and payroll) and went live in January 2021.
- Phase 2 involves the City's financial management systems (grants management, accounting, procurement, etc.) and went live on August 8, 2022.
- Phase 3 involves the City's recruitment and learning systems (job postings, application processing, employee training, etc.) and is going live in incremental stages, beginning in December 2022 through summer 2023.

COMMUNITY GUIDE

to the Fiscal 2026 Adopted Budget Plan

FISCAL 2026 ADOPTED BUDGET BREAKDOWN

FY26 REVENUE SOURCES

BMORE BUDGET

REVENUE CHANGES

Between FY25 and FY26

Property Taxes

- Growth captures reassessments for Group 1 (northern part of City and downtown). Overall assessments growing by 17.4% in Fiscal 2026.
- No change in property tax rate.

4.9%

Income Taxes

- Increase based on local and statewide labor market. Does not reflect changes in labor market since January 2025.

5.8%

Highway User Revenue (HUR)

- Growth based on 4th of 5th year increase for City allocation. In Fiscal 2025 the City will receive 12.2% of statewide highway user revenue.

15.9%

Recordation & Transfer Taxes

- Growth based on increase in home value prices.

BALANCING THE BUDGET

The Fiscal 2026 budget balances an \$85.0 million shortfall that was driven by expenditure growth that outpaced revenue growth.

Budget Balancing Actions

REVENUE GENERATION

Targeted increases to General Fund revenue to avoid broad base tax increases

\$26.6m

OPTIMIZE CITY COSTS

To achieve savings citywide by right-sizing personnel, contractual, and equipment budgets across all city agencies

\$43.7m

AGENCY SAVINGS

To achieve savings through targeted actions to remove legacy & miscellaneous funding, eliminating long-time vacant positions, and transferring certain eligible expenses to be covered by grants

\$14.7m

\$85.0 MILLION

CITY COUNCIL AMENDMENTS

The City Council considered 3 amendments to the budget. Two amendments were adopted. these actions decreased the General Fund budget by \$240,000.

Amendment 1:

Multiple actions to transfer funds to address Council priorities.

Passed

Amendment 2:

Transfer \$112k from State's Attorney Office to Office of Inspector General for new OIG agent.

Passed

Amendment 3:

Transfer funds to Employment Dev. & eliminate use of Children & Youth fund for YouthWorks.

Did not Pass

Amendment 1 Highlights

- \$2.0m for immigrant support services
- \$750k for Zero Waste pilot
- \$2.9m for City Council grants to community-based organizations
- \$250k for new Dept. of Consumer Protection & Business Licensing

COMMUNITY GUIDE

to the Fiscal 2026 Adopted Budget Plan

KEY FISCAL 2026 INVESTMENTS HIGHLIGHTS

Prioritizing Our Youth \$634.4 million

- Continue the City's increased **investment in City Schools** under the Blueprint for Maryland framework. In Fiscal 2026 the City's overall investment in City Schools is \$504 million, 5% higher than Fiscal 2025.
- Through a partnership with the Children and Youth Fund, provide **funding for 8,500 YouthWorks slots** for summer 2025.

Building Public Safety \$1.189 billion

- Provide recurring funding to maintain investments in the Mayor's Office of Neighborhood Safety and Engagement **to offer Group Violence Reduction Strategy (GVRS) services citywide.**
- **Expand Emergency Medical Services (EMS)** by allocating funds for additional EMS contracted units and invest in a 911 Nurse Triage to help resolve non-acute 911 calls.

Clean & Healthy Communities \$1.086 billion

- Invest \$5.0 million to continue **enhancing staffing levels in the Bureau of Solid Waste.** This funding will allow for shorter routes for weekly trash and recycling.
- Allocating \$36.7 million from the Opioid Restitution Fund to further **invest in the City's response to the Opioid Epidemic.**

Equitable Neighborhood Development \$349.6 million

- Invest in the B'more Fast initiative **to improve the City's permit process.** The investment includes funding the newly created Permit Czar and increasing Fire Department staffing for permit review.
- Invest \$1.0 million for additional staffing **to continue scaling up the Mayor's Vacants Initiative.**

Responsible Stewardship of City Resources \$221.7 million

- Invest \$250,000 in the Department of Public Works and General Services **to focus on maintenance and improvements at the City's Solid Waste Facilities.**
- Invest funding to create permanent positions **to reduce the use of external contracts** to support administrative services. This action is estimated to save \$1.5 million annually.

Capital Budget \$932 million

- Invest \$275.6 million from General Fund sources for capital projects.
 - \$18.0 million for **homeless facilities**
 - \$94.1 million for **transportation projects** including ADA repairs, traffic signal upgrades, and road resurfacing
 - \$21.0 million **to improve the Eastside Transfer Station**

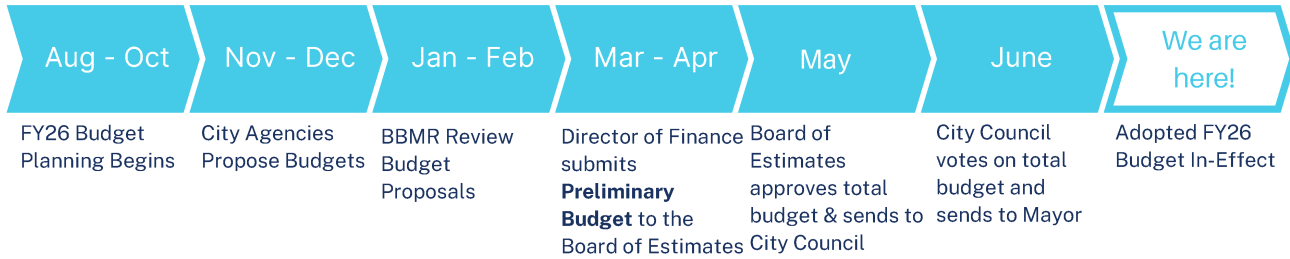

*Numbers represent the Total amount of dollars per outcome

COMMUNITY GUIDE

to the Fiscal 2026 Adopted Budget Plan

WHERE ARE WE IN THE FY2026 BUDGET PROCESS?

HOW TO READ BUDGET PUBLICATIONS?

Preliminary Budget

- Published in April when the Mayor releases the initial budget recommendations.
- Outlines revenue estimates, budget balancing actions, and agency budget summaries.

Executive Summary

- Published in mid-May to reflect the Board of Estimates budget recommendations.
- Includes all revenue detail, economic outlook, and agency budget summaries.

Agency Detail

- Published in mid-May to reflect the Board of Estimates budget recommendations.
- Outlines detailed budget information for each agency, highlighting performance, positions, and budgetary changes on the service level.

Summary of the Adopted Budget

- Published in the summer following the final budget based on City Council actions.
- Includes revenue and agency budget summaries for the Adopted Budget.
- Includes additional community information and financial background that impacts the City's budget.

12 **SECTION 3. AND BE IT FURTHER ORDAINED,** That the amounts set forth in Section 2 above
 13 designated deappropriations and enclosed in parentheses shall revert to the surpluses of the
 14 respective funds and be available for appropriation by this or subsequent ordinances.

15 **SECTION 4. AND BE IT FURTHER ORDAINED,** That:

16 (a) The City reasonably expects to reimburse the expenditures described in
 17 Subsection (b) of this Section with the proceeds of one or more obligations (as such
 18 term is used in Treas. Reg. Section 1.150-1(b) to be incurred by the City (or any entity
 19 controlled by the City within the meaning of Treas. Reg. Section 1.150-1). The City
 20 intends that this Section of this Ordinance of Estimates (as this Ordinance of
 21 Estimates may be amended from time to time) shall serve as a declaration of the
 22 City’s reasonable intention to reimburse expenditures as required by Treas. Reg.
 23 Section 1.150-2 and any successor regulation.

24 (b) The City intends that this declaration will cover all reimbursement of expenditures for
 25 capital projects or programs approved in the capital budget contained in this
 26 Ordinance of Estimates to the extent that the City has appropriated in this Ordinance
 27 of Estimates to pay the cost thereof from one or more obligations to be issued by the
 28 City (or any entity controlled by the City within the meaning of Treas. Reg.
 29 Section 1.150-1). The term “obligation” (as such term is defined in Treas. Reg.
 30 Section 1.150(b) and as used in this Section) includes general obligation bonds and
 31 notes, revenue bonds and notes, leases, conditional purchase agreements and other
 32 obligations of the City (or any entity controlled by the City within the meaning of
 33 Treas. Reg. Section 1.150-1).

34 (c) The maximum anticipated debt expected to be incurred by the City to reimburse the
 35 cost of each capital project or program in this Ordinance of Estimates is the applicable
 36 appropriation listed in this Ordinance of Estimates from the proceeds of one or more
 37 obligations, as such appropriations may be increased or decreased.

38 **SECTION 5. AND BE IT FURTHER ORDAINED,** That the foregoing appropriations in summary
 39 consist of:

ARTICLE VI BOARD OF ESTIMATES

§ 1. Establishment and organization.

(a) *In general.*

There shall be a Board of Estimates composed of the Mayor, President of the City Council, Comptroller, City Solicitor, and Director of Public Works, none of whom shall receive any additional salary as members of the Board.

The President of the City Council shall be President of the Board, and one of the members shall act as Secretary.

The Board may employ such employees as may be necessary to discharge its duties; their number and compensation shall be fixed in the Ordinance of Estimates.

(b) *Meetings.*

The first meeting of the Board in every year shall be called by notice from the Mayor or President of the City Council personally served upon members of the Board. Subsequent meetings shall be called as the Board may direct.

(c) *Representatives.*

If a member is unable to attend a Board meeting, that member's representative, as designated in the Charter, may attend and exercise the powers of the member. The Mayor may designate a municipal officer or member of the Mayor's personal staff to represent the Mayor and exercise the Mayor's power at Board meetings in the Mayor's absence.

§ 2. Powers and duties.

The Board of Estimates shall formulate and execute the fiscal policy of the City to the extent, and in the manner provided for, in the Charter. To exercise its powers and perform its duties, the Board may promulgate rules and regulations and summon before it the heads of departments, bureaus or divisions, municipal officers, and members of commissions and boards.

Editor's Note: For statutory requirements governing the proposal, adoption, and publication of administrative rules and regulations, see General Provisions Article, Title 4 {"Administrative Procedure Act – Regulations"}.

§ 3. Fiscal year; Budget schedule.

(a) *Fiscal year.*

The fiscal, budget, and accounting year of the City shall begin on the first day of July and end on the thirtieth day of June in every year unless otherwise provided by law.

BOARD OF ESTIMATES

ART. VI, § 4

(b) Notice and hearing.

At least thirty days prior to the adoption by the Board of Estimates of a proposed Ordinance of Estimates the Board shall make public the Director of Finance's recommended operating budget, the Planning Commission's recommended capital budget and long-range capital improvement program, and the reports of the Director of Finance and Planning Commission on these documents.

Thereafter, the Board shall hold public hearings at which members of the City Council, heads of municipal agencies, and citizens shall have the opportunity to appear before the Board to speak for or against the inclusion of any appropriation in the proposed Ordinance of Estimates.

(c) Submission to Council.

The Board of Estimates shall submit to the City Council the proposed Ordinance of Estimates for the next fiscal year at least forty-five days before the beginning of that fiscal year.

(d) Adoption by Council.

The City Council shall have at least forty days after receipt of the Board's proposed Ordinance of Estimates to enact an Ordinance of Estimates. The City Council shall adopt an Ordinance of Estimates at least five days prior to the beginning of the fiscal year to which it is applicable if the Board of Estimates submits its proposed Ordinance of Estimates within the period prescribed by Section 3(c).

§ 4. Assistance from Finance Director and Planning Commission.

To assist the Board of Estimates in the preparation of the proposed Ordinance of Estimates:

(a) Recommendations on agency estimates.

The Director of Finance shall submit for the consideration of the Board a recommended operating budget, which shall include the estimates submitted by the municipal agencies for the next fiscal year, the recommendations of the Director of Finance thereon, and all other estimates for appropriations to be made in the next fiscal year, other than for capital improvements; provided, however, the estimates for the Fire Department shall include such amounts, if any, as may be determined by a final decision of a board of arbitration convened to arbitrate unresolved negotiations between the City and the certified employee organizations representing the fire fighters and fire officers, as prescribed by existing Section 53 of Article VII.

(b) Recommendations on capital budget, etc.

The Planning Commission shall submit for the consideration of the Board a recommended capital budget, a recommended long-range capital improvement program, and a report on both. The Director and Board of Finance shall review the recommended capital budget and program, and make a report and recommendations about both to the Board of Estimates.

ART. VI, § 1

BALTIMORE CITY CHARTER

§ 5. Preparation of proposed Ordinance of Estimates.*(a) Contents.*

After receiving the recommendations of the Department of Finance and the Planning Commission, the Board shall prepare its proposed Ordinance of Estimates, which shall consist of:

- (1) an operating budget: estimates for the next fiscal year of the appropriations needed for the operation of each municipal agency and for all other purposes, other than for capital improvements. These estimates shall state the amounts needed by every municipal agency for each particular program, purpose, activity, or project and the source of funds, if other than general funds, for each.
- (2) a capital budget: estimates of the amounts to be appropriated to each municipal agency for capital improvements in the next fiscal year. The capital budget proposed by the Board also shall include the projects that the Board includes in the first year of its long-range capital improvement program and the source of funds for all capital improvements. However, no capital project shall be included in the capital budget portion of the proposed Ordinance of Estimates submitted by the Board of Estimates to the City Council unless the Board has received and considered the reports and recommendations of the Planning Commission, the Director of Finance, and the Board of Finance with regard to such capital project. The Board of Estimates may establish additional procedures for the development of a long-range capital improvement program and a capital budget.

(b) Contingent fund.

The Board may include annually in the proposed Ordinance of Estimates a sum up to one million dollars (\$1,000,000.00) of the General Fund appropriations to be used during the next fiscal year as a contingent fund in case of an emergency or necessity for the expenditure of money in excess of or other than the appropriations regularly passed for any municipal agency.

At least one week before it approves a contingent fund expenditure, the Board shall report to the City Council the reasons for the expenditure.

§ 6. Adoption of proposed Ordinance of Estimates.*(a) Adoption, submission, and publication.*

After the public notice and hearings prescribed by Section 3(b), the Board shall adopt a proposed Ordinance of Estimates by a majority vote of all the members. The Board shall deliver the proposed Ordinance of Estimates to the President of the City Council and contemporaneously publish a copy of the proposed ordinance in two daily newspapers in Baltimore City.

BOARD OF ESTIMATES

ART. VI, § 6

(b) *Accompanying materials.*

The proposed Ordinance of Estimates that the Board submits to the City Council shall be accompanied by the following materials:

- (1) a breakdown of the amounts stated for each program, purpose, activity, or project of each municipal agency in the proposed operating budget by standard categories of expenditure, for
 - (a) personal services,
 - (b) materials, supplies, and equipment,
 - (c) debt service, and
 - (d) such other categories as the Board of Estimates may deem advisable.

The personal services category shall include the compensation of every officer and salaried employee of the City; provided, however, that the salaries for employees in the same classification who have a uniform salary or salary range may be combined into a single entry, which shall indicate the number of such employees, their aggregate salaries, and the name or title of the classification.

- (2) a comparison by standard categories of expenditures of the appropriations contained in the proposed operating budget with
 - (a) the amounts requested by the municipal agencies in their budget submissions
 - (b) the amounts appropriated for the current fiscal year and
 - (c) the amounts expended in the prior fiscal year;
- (3) detailed information about the sources of funds to meet the aggregate total of the appropriations contained in the proposed Ordinance of Estimates;
- (4) the long-range capital improvement program adopted by the Board and for each capital project included in the capital budget, the following:
 - a brief description and location,
 - the total estimated cost,
 - the appropriations authorized to date,
 - the appropriations proposed for the next fiscal year,
 - the appropriations required thereafter to complete the project, and
 - the estimated additional annual maintenance and operation cost.

ART. VI, § 7

BALTIMORE CITY CHARTER

(5) a statement setting out:

- (a) the revenues which the City can reasonably expect to receive in the next fiscal year from all existing sources of revenue at existing rates other than the full rate property tax but including amounts believed to be collectible from taxes for prior years and including an estimate of the surplus expected at the end of the current fiscal year;
- (b) the difference between the revenues expected under (a) above and the total amount of appropriations provided in the proposed Ordinance of Estimates;
- (c) the estimated taxable basis for the next ensuing fiscal year for the levy of full rate property taxes;
- (d) the rate for the levy of full rate property taxes which, given the revenues expected under (a) above, the total appropriations in the proposed Ordinance of Estimates, and the taxable basis, will be necessary to raise sufficient total revenues to cover total anticipated expenditures;
- (e) new sources of revenue or new rates on existing sources of revenue, and the amounts which can reasonably be expected from each of them, which the Board of Estimates believes should be adopted for the next fiscal year; also the rate for the levy of full rate property taxes which, in view of such new sources of revenue or new rates on existing sources of revenue, will be necessary to bring total expected revenues for the next fiscal year into balance with total anticipated expenditures for the year;

(6) a message from the Mayor explaining the major emphasis and objectives of the City's budget for the next fiscal year;

(7) such other information as the Board of Estimates may deem advisable.

§ 7. Enactment of Ordinance of Estimates.(a) *Introduction; authorized cuts.*

- (1) ON receipt of the proposed Ordinance of Estimates and the accompanying materials, the President of the City Council shall promptly cause it to be introduced in the City Council, and the Council shall hold public hearings on the proposed Ordinance of Estimates.
- (2) By a majority vote of its members, the City Council may reduce or eliminate any of the amounts in the proposed Ordinance of Estimates, except:
 - (i) amounts fixed by state or federal law;
 - (ii) amounts for the Fire Department established by a board of arbitration and included in the proposed Ordinance of Estimates; and
 - (iii) amounts for the payment of the interest and principal of the municipal debt.

12/08/22

-160-

BOARD OF ESTIMATES

ART. VI, § 7

(b) *Increases and additions.*

(1) Except as provided in this subsection, the City Council does not have the power to increase the amounts fixed by the Board or to add any amount for any new purpose in the proposed Ordinance of Estimates.

(2) (i) By a majority vote of its members, the City Council may increase items of appropriation within the general fund or add items within the general fund for new purposes provided that:

(A) the aggregate amount of the increase does not exceed the aggregate amount by which the City Council has reduced or eliminated from the Ordinance of Estimates under subsection (a) of this section;

(B) the increases authorized by this subsection do not derive from the reduction or elimination of revenue, which by law, contract, or regulation must be used to support appropriations for specific purposes; and

(C) an item added for a new purpose is or will be authorized by legislation separate and apart from the Ordinance of Estimates.

(ii) In no event, however, may:

(A) the total amount of the Operating Budget or the Capital Budget, as amended by the City Council, exceed the total amount of the Operating Budget or Capital Budget, respectively, as proposed by the Board of Estimates; or

(B) any increase or addition be made to or for any item described in subsection (a)(2)(i), (ii), or (iii) of this section.

(3) If the carrying out of a particular program, purpose, activity, or project depends on action by a body other than the City, the City Council may insert a specific provision in the proposed Ordinance of Estimates making the appropriation for the particular program, purpose, activity, or project contingent on that action.

(Res. 20-025, ratified Nov. 3, 2020, effective July 1, 2022.)

(c) *Revenue ordinances.*

As soon as practicable after the passage of the Ordinance of Estimates, the City Council shall enact such revenue ordinances as are necessary to produce sufficient expected revenues, as estimated by the Board of Estimates, to cover the total anticipated expenditures authorized by the Ordinance of Estimates. The Council may adopt revenue sources or revenue rates other than those proposed by the Board and in each such instance the estimate of the revenue to be yielded by such a source or rate shall be made by the Board of Estimates.

ART. VI, § 8

BALTIMORE CITY CHARTER

The Board of Estimates shall, taking into account any reductions and eliminations made by the City Council in the anticipated expenditures contained in the proposed Ordinance of Estimates and the revenues to be derived from all existing sources and from any new sources or new rates enacted by the City Council, certify to the Council the difference between the anticipated expenditures for the next fiscal year contained in the Ordinance of Estimates and all expected revenues other than from the full rate property tax. The Board shall then state a rate for the levy of full rate property taxes sufficient to realize the amount required to meet the said difference and the ordinance making the annual levy of full rate property taxes shall fix a rate not less than that stated by the Board so that it shall not be necessary at any time for the City to create a floating debt to meet any deficiency, and it shall not be lawful for the City to create a floating debt for any such purpose.

§ 8. Deficiencies; Supplementary appropriations.

(a) *Deficiencies.*

No temporary loan shall be authorized or made to pay any deficiency arising from a failure to realize sufficient income from all sources to meet the amounts provided in the Ordinance of Estimates, but the City may temporarily borrow money for its use in anticipation of the receipts of taxes levied for any year. In case of any such deficiency the Board of Estimates shall effect reductions (which need not be pro rata) in appropriations other than those for the payment of the principal and interest of the City debt and such amounts as are fixed by law and contained in the Ordinance of Estimates, except to the extent that the City Council shall, upon the recommendation of the Board of Estimates, enact an ordinance which shall supply revenues to meet all or any part of such deficiency. No emergency loan shall be made except in accordance with the provisions of Article XI of the Constitution of Maryland.

(b) *Supplementary appropriations — when authorized.*

- (1) Except as provided herein, the Ordinance of Estimates shall include all the moneys to be appropriated by the City for all purposes for the fiscal year for which the ordinance is applicable.
- (2) Additional appropriations are permitted during the fiscal year only in the following circumstances and under the following conditions:

(i) *Excess revenues.*

Revenues from any source other than the full rate property tax and other taxes imposed under the authority of Article II, in excess of or in addition to those relied on by the Board of Estimates in determining the tax levy required to balance the budget, may be made available for expenditure by the municipal agency responsible for the production of those revenues by a supplementary appropriation ordinance recommended to the City Council by the Board of Estimates, duly passed by the City Council by a majority vote of its members and approved by the Mayor.

BOARD OF ESTIMATES

ART. VI, § 9

(ii) *Unanticipated grants.*

Grants from private or governmental sources that could not be expected with reasonable certainty at the time of the formulation of the proposed Ordinance of Estimates may be made available to the appropriate municipal agency for expenditure by a supplementary appropriation ordinance recommended to the City Council by the Board of Estimates, duly passed by the City Council by a majority vote of its members and approved by the Mayor.

(iii) *Material changes; new programs.*

Further appropriations for programs included in the proposed Ordinance of Estimates made necessary by a material change in circumstances, or additional appropriations for new programs that could not reasonably be anticipated at the time of the formulation of the proposed Ordinance of Estimates may be made available to the appropriate municipal agency for expenditure by a supplementary appropriation ordinance recommended to the City Council by the Board of Estimates, duly passed by the City Council by a vote of three-fourths of its members and approved by the Mayor.

(Res. 20-025, ratified Nov. 3, 2020, effective July 1, 2022.)

(c) *Supplementary appropriations – Requisites of ordinance.*

Every such further or additional appropriation shall be embodied in a separate ordinance limited to a single program, purpose, activity or project therein stated, and each such supplementary appropriation ordinance shall also, anything contained in the Charter to the contrary notwithstanding, provide the revenue necessary to pay the appropriation by a source, other than the full rate property tax, imposed under the authority of Article II. The revenue shall be levied and collected as directed in the ordinance. The estimate of the revenues to be derived from any source proposed in a supplementary appropriation ordinance shall be made by the Board of Estimates.

§ 9. Uses of appropriations.(a) *In general.*

Following the passage of the Ordinance of Estimates and the enactment of the revenue measures necessary to achieve a balance between expected revenues and anticipated expenditures for the next fiscal year, the sums contained in the Ordinance of Estimates shall, after the beginning of the fiscal year to which it is applicable, be and become appropriated for the purposes therein named.

No appropriation provided for in the Ordinance of Estimates shall be used for any purpose other than that named in that ordinance, except:

- (1) the Board of Estimates may increase the amount for a particular program, purpose, activity, or project or introduce an amount for a new program, purpose, activity or project by transferring thereto amounts already appropriated to that agency; and

**ARTICLE VII
EXECUTIVE DEPARTMENTS**

DEPARTMENT OF FINANCE

§ 5. Department of Finance: Established.

There is a Department of Finance, the head of which shall be the Director of Finance.

§ 6. Department of Finance: Director.

(a) *Duties; Qualifications.*

The Director of Finance shall supervise and direct the Department. The Director shall have substantial experience in financial administration.

(b) *Appointment; Term.*

The Director shall be appointed, must be confirmed, and shall serve, pursuant to Article IV, Section 6.

(c) *Salary.*

The Director's salary shall be set in the Ordinance of Estimates.

§ 7. Department of Finance: Deputy Director; Employees.

(a) *Deputy – Appointment.*

The Director shall appoint a Deputy Director of Finance pursuant to this section.

(b) *Deputy – As Acting Director.*

Whenever a vacancy shall occur in the office of Director, or whenever the Director shall be incapacitated or otherwise unavailable for duty for any cause, the Deputy Director appointed pursuant to this section shall be the Acting Director.

(c) *Other employees.*

The Director may appoint such other employees as provided in the Ordinance of Estimates.

§ 8. Department of Finance: Budget preparation.

In accordance with rules established by the Board of Estimates, the Department shall prepare the preliminary operating budget for the consideration of the Board of Estimates, shall make reports and recommendations on the capital budget and capital improvement program, and shall otherwise participate in the making of the proposed Ordinance of Estimates.

§ 9. Department of Finance: Budget administration.

Under the direction of the Board of Estimates, the Director shall implement the Ordinance of Estimates. In the interest of economy and efficiency, the Director shall survey the administration and organization of municipal agencies to support the Director's recommendations to the Board of Estimates on the budget requests of the agencies and the Director's reports to the Mayor on measures which might be taken to improve the organization and administration of City government.

Supplemental Appropriations and Transfers

Expenditures for each adopted annual budget may not legally exceed appropriations at the agency level. Administratively, the Department of Finance has the authority to transfer appropriations between activities within the same program of an agency. The Board of Estimates has the authority to transfer appropriations between services within the same agency. Only the City Council can authorize the transfer of appropriations between agencies.

The City Charter permits further appropriations for programs included in the original Ordinance of Estimates made necessary by material changes in circumstances, additional appropriations for new programs, or grant awards that could not be reasonably anticipated when formulating the original Ordinance of Estimates. These changes require supplemental appropriation ordinances approved by the Board of Estimates and the City Council.

The table below summarizes supplemental appropriations that were approved by the Board of Estimates and City Council to amend the Fiscal 2026 Adopted Budget.

Agency	Amount	Reason
Operating		
Special Revenue		
M-R: Miscellaneous General Expense	2,165,000	Funding to support the purchase of real property for the Center Place Road Extension Project, funded by a grant from Baltimore County. Approved by the Council in October 2024.
General Fund Balance		
City Council	5,250,000	Funding to support additional staffing and training costs and funding for grants to external grantee organizations. Approved by the Council in November 2024.
Public Works	6,000,000	Funding to support additional staffing support for the Bureau of Solid Waste. Approved by the Council in November 2024.
Housing and Community Development	315,000	Funding to support additional staffing costs for Code Enforcement. Approved by the Council in November 2024.
Mayoralty	350,000	Funding to support various programming costs. Approved by the Council in November 2024.
Recreation and Parks	905,000	Funding to support additional programming costs for after school programming at Recreation Centers along with additional funding for park maintenance and youth/adult sports programs. Approved by the Council in November 2024.
Transportation	25,000	Funding to support additional bridge assessments. Approved by the Council in November 2024.
M-R: Miscellaneous General Expenditures	39,990,000	Funding to support a series of items: carry forward purchasing activity \$16,750,000, additional PAYGO capital \$12,220,000, economic development commitments \$10,200,000 and prior year commitments \$820,000. Approved by the Council in November 2024.
M-R: Office of Small and Minority Business Advocacy and Development	315,000	Funding to support increased funding for annual grants for the City's Main Streets. Approved by the Council in November 2024.
MR-Office of Neighborhood Safety Engagement	700,000	Funding to support additional staffing costs and a human trafficking grant program. Approved by the Council in November 2024.
State Grant		
Recreation and Parks	90,000	Funding to support efforts addressing deer-related ecological damage in forested park areas, particularly within EPA-designated disadvantaged communities. Funded by the Maryland Department of Natural Resources. Approved by the Council in June 2025.

Agency	Amount	Reason
M-R: Office of Employment Development	1,375,655	Funding to provide case management, barrier removal, supportive services, and skills training for workers displaced by the Key Bridge disaster. Approved by the Council in May 2025.
Health	90,236	Funding to support dementia-related services under the Advocacy for Seniors program, funded by the Maryland Department of Aging. Approved by the Council in May 2025.
M-R: Office of Employment Development	206,822	Funding to support a Recovery-Friendly Workplace pilot program, funded by the Maryland Department of Health's Office of Overdose Response. Approved by the Council in May 2025.
<i>Opioid Restitution Fund</i>		
Mayoralty	1,773,000	Funding to create three positions within the Mayor's Office to coordinate the citywide response, stipends and support costs for the Restitution Advisory Board, community outreach costs, and start-up costs associated with establishing the trust fund for these dollars. Approved by the Council in March 2025.
Law	100,000	Funding to create two additional Assistant Solicitor positions to assist with developing and overseeing grant agreements for non-profits receiving grants through the Opioid Restitution Fund. Approved by the Council in March 2025.
Health	500,000	Funding to provide for planning costs for a replacement facility for the Westside clinic. Approved by the Council in March 2025.
Health	2,000,000	Funding to provide funding for staffing and support costs for opioid response and recovery strategies. Approved by the Council in March 2025.
M-R: Office of Recovery Programming	10,000,000	Funding to provide partial grant funding for non-profit organizations named in settlement agreements. Approved by the Council in March 2025.
M-R: Office of Recovery Programming	270,000	To provide funding for additional positions to oversee grants awarded through the Opioid Restitution Fund. Approved by the Council in March 2025.
Total	72,420,713	

COVID-19 Federal Aid

Federal aid served as a lifeline for the City through the COVID-19 pandemic. Since the onset of the pandemic, the City has been receiving federal support to offset costs associated with the response and impacts of COVID-19 on the community. FEMA first declared the national emergency for the pandemic in January 2020, the emergency declaration ended on May 11, 2023. During this time the City tracked all expenses associated with the COVID-19 response to receive reimbursement from FEMA. The City is in the final stages of seeking reimbursement for these costs.

In addition to FEMA funds, Baltimore received funding through the Coronavirus Aid, Relief, and Economic Security (CARES) Act and the American Rescue Plan Act (ARPA). All funds received from CARES (\$103.4 million) were fully expended by the December 2021 deadline. All funds received from the American Rescue Plan Act (\$641 million) have been fully obligated and will be spent down by the December 31st, 2026 deadline.

Sustainability

The Fiscal 2026 budget does not include funds from federal programs associated with COVID-19. The City's fiscal policy establishes that when temporary grant funding ends, costs and services are not taken on by the General Fund. Planning efforts surrounding the remaining ARPA fund programs are ongoing with City agencies, the Mayor's Office of Recovery Programs, and BBMR to identify sustainability plans for these programs following ARPA deadlines.

FEMA Funding

The FEMA reimbursement period for COVID-19 response costs ended on May 11, 2023. The City is in the final stages of submitting documentation to receive reimbursement for these costs. Throughout the pandemic the City received reimbursement for the following costs: hotel sheltering for individuals experiencing homelessness, Health Department staffing for COVID-19 related activities, feeding programs, and the vaccine rollout. These expenses were unbudgeted throughout the pandemic due to their temporary nature. All programs were either transitioned to other funding sources or suspended following the FEMA cost reimbursement deadline. Over the course of the pandemic the City has received \$116.36 million in cost reimbursement, with an additional \$80.3 million pending reimbursement.

Type of Expense	Funding Status		Total
	Reimbursed	Pending	
Feeding	42,630,548	1,610,553	44,241,101
Materials, Supplies, & Equipment	1,463,958	1,277,632	2,741,590
Other	15,573,926	22,369,024	37,942,950
Sheltering	44,882,674	43,769,324	88,651,998
Vaccines	11,805,438	11,263,308	23,068,746
Total	116,356,544	80,289,841	196,646,385

Table in dollars.

ARPA Funding

The American Rescue Plan Act (ARPA), specifically the State and Local Fiscal Recovery Fund, allocated \$641 million to the City of Baltimore in response to the COVID-19 public health emergency and its negative economic impacts. In Fiscal 2022, Mayor Brandon M. Scott established the Mayor's Office of Recovery Programs (MORP) to administer this funding on behalf of the City.

To date, the full ARPA award has been committed to individual projects being implemented by City agencies, quasi-agencies, and local non-profits. Per spending deadlines, ARPA funds were obligated by December 31st, 2024, and must be fully spent down by December 31st, 2026.

MORP provides regular updates regarding spending through quarterly reports to the U.S Department of Treasury, monthly reports to the City Council, and an annual report. These reporting tools provide project level detail regarding the status of ARPA-funded projects. All reporting materials are available on the MORP [website](#).

Learn More

Below are ways to engage with the Bureau of the Budget and Management Research (BBMR) and learn more about the City's budget.

Budget Publications

Every year, the City publishes five budget documents.

1. The Preliminary Budget Plan publication contains the initial budget recommendations from the Department of Finance, which is presented to the Board of Estimates.
2. The Executive Summary publication contains the Board of Estimates recommendations for the budget, which is presented to the City Council.
3. The Agency Detail publications, Volume I and Volume II, contain detailed budget information by agency and service.
4. The Community Guide to the Budget contains an overview of the major funding recommendations of the budget.
5. Summary of the Adopted Budget contains the adopted budget, as well as additional exhibits about the City's financial policies and practices as outlined in the Government Finance Officers Association (GFOA) Distinguished Budget Presentation Awards Program.

A copy of the Executive Summary and Agency Detail budget publications can be found at the Enoch Pratt Central Library in the Maryland Room for reference use. The Central Library is located at 400 Cathedral St, Baltimore, MD 21201.

All publications are available in PDF format from the [BBMR website](#).

Capital Improvement Program

The Department of Planning develops the City's six-year Capital Improvement Program. Information on the capital budget process, agency proposals, the annual equity analysis, and more details about the capital budget can be found on the [Department of Planning website](#).

Taxpayers' Night

Every year, the Board of Estimates, which is tasked in the City Charter with formulating and executing the fiscal policy of the City, hosts a public hearing on the Preliminary Budget Plan called Taxpayers' Night, as required by the City Charter. This event provides City residents the opportunity to provide feedback on the Preliminary Budget, which the Board of Estimates takes in to consideration before submitting the recommended budget, formally called the Ordinance of Estimates, to the City Council. The City Council also hosts a Taxpayers' Night on the Ordinance of Estimates.

Annual Comprehensive Financial Report

The Annual Comprehensive Financial Report (ACFR) is a financial document that complies with standards set by the Governmental Accounting Standards Board. Baltimore City's current and past ACFRs can be accessed through the [Department of Finance website](#).

Baltimore City Charter

The City Charter is a legal document that establishes the organization, powers, functions, and essential procedures for Baltimore City. It can be accessed through the [Department of Legislative Reference website](#).
