Child lifejackets, for passengers weighing ninety pounds or less, are in marked compartments to the front or rear of the vessel. To wear a lifejacket, undo the buckle, open the center, place your head through the opening, wrap the strap around your back, and buckle at the front, adjusting for a snug fit. Tuck in any loose straps, return to your seat, and wait for further instructions from the crew. Parents, please secure your life jackets first and then assist your children.
