Re: Addendum #3 for Request for Proposals (RFP) 1429

This Addendum #3 is issued to clarify the level of work needed for National Environmental Policy Act (NEPA) analysis as part of the civil/roadway preliminary design phase of the Revitalize Hanover Street Project.

The scope of services has been amended on pp. 1, 7, 8, and 9 to reflect that NEPA staff on the selected Project Team for this RFP will assist and coordinate with a singular NEPA analysis for the entire corridor. NEPA analysis will begin following selection of a forthcoming second Project Team for the structural phase of the Project, to include the Vietnam Veterans Memorial Bridge. The selected Project Team for the structural phase will lead the corridor-wide NEPA analysis and may rely on support from civil/roadway phase staff to assist in its completion.
