C. Continuum Structure & Definitions

The **Continuum of Care** (hereinafter referred to as “**Continuum**”) is a collaborative body, consisting of **Continuum Members**. Continuum members include organizations that serve homeless persons, homeless and formerly homeless persons themselves, and other organizations and individuals that are interested in ending homelessness in Baltimore City. It is organized to carry out responsibilities required by the HUD Continuum of Care (CoC) program.

The **Continuum Board**, comprised of elected and appointed positions, acts on behalf of the full Continuum to maintain direction and oversight for the mission of the Continuum, including selection and oversight of Appointed Entities, as required by the Continuum Charter and Bylaws policies and provisions and HUD processes and requirements. The Board must include representation from at least one homeless or formerly homeless constituent. The Board has the authority to establish **Continuum Committees and**

Workgroups, which are responsible for specific activities and strategies, and which will be reported to the Board.

The **Appointed Entities** are:

- The Continuum's **Collaborative Applicant**, an eligible applicant that must submit the annual CoC Consolidated Application for funding and apply for a grant for Continuum of Care planning.
- The Continuum's **Homeless Management Information System (HMIS) Lead**, which operates the Continuum's HUD-required HMIS on its behalf.
- The Continuum's **Support Entity**, which coordinates, directs, and advocates for the work of the Continuum and the Board.

The Continuum, in accordance with and subject to all applicable regulations, designates one or more entities to hold private and public funds.

Nothing in this charter precludes designation of a single entity to carry out more than one appointed entity role.

Seat Type:

If a Board member changes agency affiliation but still represents their seat category, then the person retains the seat. If they no longer represent their seat, then the Chair, in consultation with the Board, will decide whether the member can stay in the seat through the term, including whether they can transfer to another open seat category. Factors such as the person's relevant lived or professional experience will be evaluated. The Chair's decision and rationale must be documented and shared with the CoC Board.

Definitions

- **Homeless and at-risk of homelessness service providers** are employees of a funded or non-funded provider agency that primarily serves individuals or families that are experiencing or at-risk of homelessness. Examples include agencies who do and do not receive federal funding; those serving individuals, families, youth, veterans, or any other targeted population; a wide range of services such as outreach, shelter, transitional housing, supportive housing, victim services, service only, etc.; and a mix of secular, faith-based, and community providers.
- **At-large representatives** are individuals affiliated with agencies who do not primarily focus on homelessness but nonetheless play a critical role and provide necessary resources to address homelessness. Examples include businesses, faith-based entities, philanthropic organizations, community associations, universities, and housing developers.
- **System leaders** are representatives of public and private organizations with the authority to influence multiple resources and high-level decision-making to address structural issues that impact homelessness. Examples include systems such education, public safety, health, behavioral health, employment, and child welfare.
- **City Agency** representatives are Baltimore City government employees and leaders from a variety of agencies and sectors that serve people experiencing or at risk of homelessness. Examples include Department of Housing and Community Development, the Mayor's Office of Economic Development, Housing Authority of Baltimore City, the Mayor's Office of Children and Family Services.
- The Appointed Entity seats are for the agencies that the Board appoints to the Collaborative Applicant, HMIS Lead, and Support Entity roles. One seat is available per agency, regardless of if they hold multiple appointed entity roles.

Selection Mechanism Definitions:

- **Elected by CoC Membership:** These seats must follow the Board election process in Section III.C. of the CoC Bylaws.
- **Elected by LEAC or YAB Committees:** These seats are elected by the respective committee members. The person elected as the Chair of the LEAC and YAB will occupy a seat on the Board.
- **Selected by the Mayor or Designee:** The City Council seat selection process will follow City rules for selection.

- **Selected by the Board:** The Board discusses and selects these seats via a Board vote. The Chair may select one of these seats without requiring a Board vote. These seats do not need to be voted on by the full CoC membership.

Terms:

Board members elected by the CoC Membership serve three-year terms. Members may serve up to two consecutive terms, totaling six years. After this term limit is reached, members must not hold a Board seat for at least one year before re-occupying a Board seat. These term limits are per individual, regardless of the seat occupied.

If a sitting Board member is elected as Chair or Co-Chair, their Board membership is extended for the remainder of their two-year Chair/Co-Chair tenure. If a person fills a short-term vacancy or partial term, this time does not count against the term limit. These are two instances in which a Board member may ultimately be on the Board for more than six years.

Member terms will be staggered such that approximately one-third (1/3) are up for election each year.

C. Board Member Elections

Oversight: The Governance Committee, Support Entity (Mayor's Office of Homeless Services [MOHS]) and Chairs of the Lived Experience Advisory Committee (LEAC) and/or YAB (Youth Action Board) are responsible for the development and oversight of all CoC Board elections. Annually around August, the CoC leadership, Governance leadership and the Support Entity will develop an election timeline. Refer to Appendix A for [example Timeline](#).

Accessibility and Inclusion: The Governance Committee is responsible for ensuring that the CoC Board election process is inclusive and representative of the diverse experiences within the CoC. This includes actively engaging the LEAC and YAB in all stages of the election process, from timeline development to nominee review, and CoC leadership selection procedures. The Governance Committee meetings are open to CoC membership, and lived experience representation is encouraged in all CoC subcommittees, including the Governance Committee. The Governance Committee, Support Entity, and Chair of LEAC and/or YAB must ensure members with lived experience are involved in CoC Board election planning, including:

- Regular consultation with LEAC and YAB to identify barriers to participation and address them appropriately.
- Transparent communication of election processes.
- Proactive outreach to encourage and support individuals with lived experience in running for Board positions.

- Consideration of accommodations, such as flexible meeting times, to reduce barriers to engagement.

Governance Discretion: During the CoC Board Selection process, situations may arise that require additional Governance Committee discretion to proceed. In instances where guidance is not provided by this policy or the Charter and Bylaws, the Governance Committee will provide suggestions for review and approval by the Board.

Process Review: The CoC Governance Charter must be reviewed at least once (1) every year, and the CoC Board Selection Process must be reviewed at least once every five (5) years. A revision history including an adoption date is required to document the review, update, and approval of both the CoC Governance Charter and CoC Board Selection Process. The Governance Committee will review and document criteria, scoring forms, internal prioritization standards, and the voting process associated with these decisions, as well as revision history with updates. The Governance Chair brings the results to the full CoC Board for vote. The Continuum will save evidence of process review by using a [Process Review Tracking Form](#) (see Appendix F) and share these documents with the Support Entity.

Internal Prioritization Standards: The Baltimore City CoC Board prioritizes a diverse and representative membership to ensure alignment with the community it serves. Board seats are designated to reflect key stakeholder groups, including individuals with lived experience, service providers, at-large representatives, and systems leaders. The Baltimore City CoC conducts a community-wide recruitment and nomination process that allows for community members to nominate themselves and/or others to CoC Board seats. Once nominated, the individuals have the opportunity to accept or deny the nomination. The Governance Committee reviews nominees to determine if they meet designated seat categories and ensures representation standards are met before finalizing a ballot to present to the Board. A fair and impartial, confidential electronic voting process occurs. Upon completion, the Support Entity prepares a report of the results for the Governance Committee. The Governance Committee reviews the report and presents the outcome at the next Board meeting. The sitting Board certifies the results of the election outcome.

Board Recruitment

Determine Vacancies: Annually around September, the Governance Committee will launch Board recruitment efforts, starting with assessing current and upcoming vacancies. The Support Entity tracks Board member meeting attendance. The Governance Committee and CoC leadership should assess the need for Board removal, following the protocol outlined in the Charter and Bylaws (refer to section. **D. Board Vacancy, Removal & Resignation** of the Charter and Bylaws).

Targeted Outreach: Current Board members and the Governance Committee are responsible for identifying specific individuals or organizations who align with the Board's needs and encourage them to consider Board membership. The CoC should actively engage with City officials, including council members and other leaders to strengthen partnerships

and enhance representation. One position for a city council member is selected by the Mayor with the leadership of the Director of the Support Entity.

System Leaders: The Board will recruit, nominate, and elect System Leaders. System leaders will be reflective of a diverse group of individuals who represent their field of practice including leadership from public schools, public safety, health, behavioral health, employment, and child welfare.

Board Nominations

Oversight: The Support Entity (MOHS) and Governance Committee are responsible for managing nominations.

Process Summary: All nominations are managed electronically through the CoC member database (Member365) over the course of one (1) month. Any CoC member can self-nominate or nominate another individual. All Board members completing a partial or first three-year term are eligible to run for a second, three-year term. The Support Entity (MOHS) manages the nominations, notifies nominees of their nomination, and prepares a report of the nomination results to be reviewed by the Governance Committee. The Governance Committee reviews nominations and develops a recommended slate of proposed Board members, following a protocol for ensuring that the election process meets all of the Board composition requirements of the Charter and Bylaws (refer to Charter and Bylaws section **B. Board Terms, Composition & Guidelines**). The Governance Committee will then submit the recommended ballot to the Board for approval. Once approved, the Support Entity will distribute nominee bios and manage the development and distribution of the election ballot on the CoC's member management system.

Partial terms: Any Board member elected by the Board to fill a vacancy will serve for the remainder of the original Board member's term. At the end of the original term, to continue serving on the Board, Board members serving a partial term must run in the regular election.

Accessibility and Inclusion: In collaboration with the Chair and Co-Chair of the LEAC and YAB, the Governance Committee, with support from the Support Entity, should ensure that LEAC members, YAB members, and general CoC members have accessible opportunities to participate in the nomination process. This may include organizing in-person meetings specifically for this purpose and providing electronic devices to facilitate engagement in the process. The Governance Committee is responsible for collaborating with the YAB and LEAC to assess for, and address, possible barriers to participation.

Nomination Form: The Support Entity is responsible for creating the CoC Board nomination form in the CoC member database. All nominations must be submitted electronically via the CoC member database. There must be an opportunity to submit nominations electronically at an in-person CoC General Body meeting. The Support Entity is responsible for supporting individuals who need assistance with submitting their

electronic nomination forms. Refer to Appendix B for an [Example CoC Board Nomination Form](#).

Notice of Nomination: Upon receiving a nomination, the Support Entity will contact the nominated individual to:

1. Confirm acceptance or denial of the nomination.
2. Request confirmation of agreement to the CoC Board Member Roles and Responsibilities and signed Code of Conduct, Conflict of Interest & Recusal Policy.
3. Verify agency or CoC affiliation.
4. Confirm that eligibility of the Board seat category is consistent with the definition outlined in Charter and Bylaws.
5. Confirm membership in the CoC member database.
6. Request a bio for public distribution. Refer to Appendix C for [Example Board Bio Template](#).

The nominee has until the nomination deadline to provide the Support Entity with the requested information. Any nomination received on the same date as the deadline will be given three (3) business days to confirm their nomination.

Nomination Report for Governance Committee: The Support Entity prepares a report of the nomination results for review by the Governance Committee.

Slate Preparation: The Governance Committee will review nominations and develop a recommended slate for the Board election, following a protocol to ensure that the election process meets all of the Board composition requirements of the Charter and Bylaws. The Governance Committee invites lived experience committee members to attend the slate preparation meeting. The Governance Committee documents their rationale for Board seat categorization.

Board Voting Process

Oversight: As the manager of the CoC member database, the Support Entity is responsible for oversight of the electronic voting process.

Process: The Support Entity prepares the ballot on the CoC member database. Each CoC member who registered in the CoC member database by the deadline, as determined by the election timeline, is eligible to vote in the election for new CoC Board members. Each individual and agency receives one ballot to cast one vote. After the election closes, the Support Entity prepares a report of the election results for review by the Governance Committee. To ensure transparency, this report includes election results and the percentage of eligible CoC voters who participated in the election. The Governance Committee presents the results to the Board for vote. Once approved, the Support Entity notifies nominees and the general CoC membership of the election results.

Accessibility and Inclusion: During the election period, there must be at least one opportunity for community members to submit their electronic vote during an in-person CoC General Body meeting.

CoC Leadership Selection and Transition

Oversight: The outgoing Chairs are responsible for the leadership of the CoC until the new Chairs are elected. The outgoing chairs, Governance Committee, and Support Entity are responsible for preparation and oversight of CoC Board Chair elections.

Process Summary: A CoC Board orientation will take place in January where there will be a call for CoC Board Chair and Vice Chair nominations. Board members will submit Chair nominations electronically on the CoC member database. The Support Entity will inform nominees of their nomination, request a finalized bio, and prepare the bios and ballot on the CoC member database. The Governance Chair plans and facilitates a “Question and Answer” meeting of the Board Chair and Vice Chair nominees. The Governance Chair will solicit questions from the Board to be included in the “Question and Answer” session. The nominee bios and electronic ballot will be made available to Board members to cast a vote on the CoC member database. The Support Entity will gather the election results and prepare an election report for the Governance Committee. The Governance Committee reviews, approves, and certifies the election. The Support Entity notifies the nominees and the Board. In collaboration with the Support Entity, the newly elected Chair and Vice Chair will prepare the materials for the following Board meeting.

Succession Planning: The Chair and Vice Chair have a responsibility to a successful succession by continuing in their position until the new leadership is elected and onboarded, not to exceed two months.

Nomination Form: Only Board members can nominate for the Chair and Vice Chair position. The Support Entity is responsible for creating the CoC Board Chair and Vice Chair Nomination form in the CoC member database. All nominations must be submitted electronically via the CoC member database. The CoC should plan to offer in-person support to individuals who need assistance submitting their nominations electronically on the CoC member database. Refer to Appendix D for [Example Leadership Nomination Form](#).

Notice of Nomination: Upon receiving a nomination, the Support Entity will contact the nominated individual to:

1. Confirm acceptance or denial of the nomination, clarifying if they accept for (1) Chair, (2) Vice Chair, or (3) both; based on the nomination.
2. Request a bio for public distribution. Refer to Appendix E for [Example Leadership Bio Template](#).

The nominee has until the nomination deadline to provide the Support Entity with the requested information. Any nomination received on the same date as the deadline will be given three (3) business days to confirm their nomination.

Election: Only voting Board members can participate in the Chair and Vice Chair elections. The ballot becomes available on the CoC member database to voting Board members after the CoC Board Meet and Greet session. Board members should be provided time to cast their vote, as determined by the timeline developed by the Governance Committee.

Board Member Orientation and Training

Oversight: The outgoing CoC Chairs and Support Entity are responsible for the preparation, oversight, and delivery of the CoC Board Member Orientation and Training.

Process Summary: The CoC Board Member Orientation will take place after CoC Board elections and is designed to equip new and continuing Board members with the knowledge, expectations, and tools required to serve effectively. If scheduling allows, the orientation should be planned in December and include the outgoing Board members as well as the incoming Board members. Homelessness prevention must be provided in accordance with the housing relocation and stabilization services requirements in § 576.105, the short-term and medium-term rental assistance requirements in § 576.106, and the written standards and procedures established under § 576.400.

Rapid re-housing

From National Alliance to End Homelessness: Rapid Re-Housing: Creating Programs that Work (July 2009)

Rapid Re-Housing is for “individuals and families who are experiencing homelessness (residing in emergency or transitional shelters or on the street) and need temporary assistance in order to obtain housing and retain it” (HUD Homelessness Prevention and Rapid Re-Housing (HPRP) Notice, March 19, 2009).

These are the key components:

- 1) The individual or family is currently homeless
- 2) The “Rapid” in Rapid Re-Housing means that the household is assisted to obtain permanent housing as quickly as possible. People move directly from homelessness to housing. There are no intermediate programs that delay their move to housing.
- 3) Rapid Re-Housing provides the minimal amount of assistance—amount and length—needed to obtain and retain housing.
- 4) Households are empowered to make their own choices and to respond to the consequences of those decisions.
- 5) The key to successful re-housing is understanding the individual’s barriers to getting and keeping housing—then finding ways to eliminate or compensate for those barriers.
