Livestock Weighted Average Report for 10/13/2021 - Final

AUCTION

	This Week	Last Reported 10/6/2021	Last Year
Total Receipts:	3,743	4,444	6,138
Feeder Cattle:	3,743(100.0%)	4,444(100.0%)	6,138(100.0%)

Compared to last week: best test on steers 900 to 1000 lbs and heifers 850 to 900 lbs steady. Calves too lightly tested today for comparison. Good to very good demand for many strings, loads, and packages of yearlings. Just like last week, quality varied but many attractive yearlings to choose from. Flesh light to moderate plus with some heavy flesh at times, cattle came both off grass and out of yards again this week. Just a couple consignments of spring calves, these were met with mostly moderate demand with best demand seen for a consignment of Red Angus calves. The area received quite a bit of moisture over the weekend and again today which kept most of the spring calves at home. Inches of rain have made for muddy roads and lots and have brought harvest to a halt for now. There is little interest in putting calves into these wet and muddy conditions. An active market for yearlings, moderate at best for calves. Next feeder cattle sale is Wednesday, October 20. Supply included: 100% Feeder Cattle (63% Steers, 37% Heifers). Feeder cattle supply over 600 lbs was 95%.
