Compared to last week, not enough auctions or receipts for a test of the market this week. A couple of sales last Monday with light offerings and then a couple of cow sales late week and over the weekend which also had very light offerings was the extent of cattle movement this week at reported locations. Record breaking cold over the entire state and snow that ranged from just a little in spots north to eleven inches in the in the south central and southeast areas of the state brought auction activity to a standstill for most of the week. As typical weather has already pulled a 180 and auctions should all be back to normal business this week. The monthly cattle on feed report was released on Friday. No big surprises for the most part, nearly everyone expected placements to be larger than a year ago as last January placements were recorded at a record low for a January report due to weather interruptions in contrast to this year in which January movement was very good with little to no issues. All that being said when the dust settled the actual number came in at 101.7 which was below the average pre report estimate of 103.00. Marketings were reported at 101.4 which was a bit less than expected and on feed numbers were right on at 99 percent of last year. All in all, the report was neutral to slightly bullish. Boxed beef cutouts were lower for the week. Choice closed on Friday at 310.77, down 3.93 and Select closed at 302.56, down 4.58 compared to last Friday. Negotiated feedlot sales as of the Friday afternoon report totaled near 41K head as of the 2:00 report cutoff time. Live sales were mostly 3.00-5.00 lower and dressed sales 5.00-6.00 lower. Live sales were reported mostly 199.00-201.00 and dressed sales mostly 315.00. The Missouri Stocker formula consists of 757 head with a weighted average weight of 573.51 lbs. and a price value of 327.61, 10.65 lower than last week. The steer/heifer spread is 42.88 per cwt. Supply included: 84% Feeder Cattle (56% Steers, 42% Heifers, 2% Bulls); 10% Slaughter Cattle (7% Steers, 8% Heifers, 71% Cows, 13% Bulls); 6% Replacement Cattle (19% Stock Cows, 47% Bred Cows, 24% Bred Heifers, 10% Cow-Calf Pairs). Feeder cattle supply over 600 lbs was 73%.
