Livestock Weighted Average Report for 5/20/2025 - Final

AUCTION

	This Week	Last Reported 5/13/2025	Last Year
Total Receipts:	260	922	824
Feeder Cattle:	56(21.5%)	174(18.9%)	109(13.2%)
Slaughter Cattle:	126(48.5%)	300(32.5%)	481(58.4%)
Replacement Cattle:	78(30.0%)	448(48.6%)	234(28.4%)

Compared to last week: Feeder steers and heifers were both too lightly tested this week to develop any market trend. Feeder quality this week was mostly plain to average. Demand for feeders was mostly good, despite a low quality and light offering. Market activity was mostly moderate to active today. Weigh up cows sold on moderate to good demand for light offerings. Demand for slaughter cows was mostly moderate. Packers showed slightly stronger demand for slaughter cows this week as they pushed to gather supplies before the Memorial day holiday. Feeding demand was good to very good again this week which kept prices mostly over slaughter ticket prices. Slaughter cows were too lightly tested to develop an accurate market trend, however higher undertones were noticed. Feeding cows sold on good to very good demand as private feeders and packer buyers both showed good demand for high quality cows to feed. Feeding cows sold mostly steady to 3.00 higher in a narrow comparison. Quality this week was average to attractive. Weigh up conditions were average to above average this week as many cows were empty coming off grass. Slaughter bulls sold on moderate to good demand this week. Slaughter bulls sold generally steady to weak in a narrow comparison. Bull quality was average to attractive this week. Young cows suitable to feed or rebreed sold on good demand for light offerings. Most offerings sold with steady undertones in a narrow comparison. Quality was mostly average to attractive today. A large portion of the young cows were baron and had never had a calf. Offerings with bags continue to sell with the best demand. Very little difference in price was seen between 2 and 3 year old cows which had lost calves as demand for rebreed and recip cows remains very good. Supply included: 22% Feeder Cattle (46% Steers, 23% Heifers, 31% Bulls); 48% Slaughter Cattle (62% Cows, 36% Bulls, 2% Dairy Cows); 30% Replacement Cattle (80% Stock Cows, 5% Bred Heifers, 15% Cow-Calf Pairs). Feeder cattle supply over 600 lbs was 87%.
