Livestock Weighted Average Report for 10/15/2025 - Final

AUCTION

	This Week	Last Reported 10/8/2025	Last Year
Total Receipts:	3,301	3,142	3,590
Feeder Cattle:	3,301(100.0%)	3,142(100.0%)	3,590(100.0%)

Compared to last week: yearling steers not well compared. Best test on yearling heifers 900 to 949 lbs 15.00 to 20.00 higher. No good comparisons on spring calves. Very good demand for yearlings today with those coming off grass seeing the best demand. Several strings of grass cattle available, mostly in light to moderate flesh and attractive in quality. A few consignments of lot cattle also, some in heavy flesh, but buyers are happy to own these cattle also, just with a price adjustment. A few spring calves on offer today, these met with good to very good demand. Mostly packages of calves with just a couple loads, flesh ranged from light to moderate plus. Buyers are very choosy on vaccinations and those calves without a solid shot record are discounted. Quality varied on calves, from plain to attractive. An active market with buyers and farmer feeders in the seats. The recent advances of the futures complex have put quite a bit of enthusiasm back in the market and buyers are wanting to have cattle on hand to market in the future, which looks very bright. Next feeder cattle sale is Wednesday, October 22. Supply included: 100% Feeder Cattle (45% Steers, 55% Heifers). Feeder cattle supply over 600 lbs was 86%.

FEEDER CATTLE

STEERS - Medium and Large 1 (Per Cwt / Actual Wt)

Head	Wt Range	Avg Wt	Price Range	Avg Price
19	300-343	317	607.50-640.00	625.75

Please Note:

The above USDA LPGMN price report is reflective of the majority of classes and grades of livestock offered for sale. There may be instances where some sales do not fit within reporting guidelines and therefore will not be included in the report. Prices are reported on an FOB basis, unless otherwise noted.
