Heifer calves 5.00-15.00 lower. Demand moderate for feeder cattle after a sharp decline in futures last Friday. Live cattle now trading higher and front 2 months of feeder cattle futures have now turned to the positive side. Demand continues good for steer calves but moderate for heifer calves. Days weaned and rounds of shots very important with weather beginning to change. Weather finally starting to act like it is October; 85 degree temp today with strong southerly winds but they will change out of the north later and tomorrow the highs expected to reach just over 70. Quality not as attractive as last week and mostly average. Supply included: 100% Feeder Cattle (66% Steers, 33% Heifers, 1% Bulls). Feeder cattle supply over 600 lbs was 62%.
