Livestock Weighted Average Report for 10/22/2025 - Final

AUCTION

	This Week	Last Reported 10/15/2025	Last Year
Total Receipts:	4,833	3,301	3,125
Feeder Cattle:	4,833(100.0%)	3,301(100.0%)	3,125(100.0%)

Compared to last week: Yearling steer 800 to 849 lbs mostly steady, 950 to 999 lbs 5.00 to 7.00 higher. Best test on yearling heifers 850 to 899 lbs 4.00 to 8.00 higher. Too light a calf test last week to compare. Good to very good demand for yearlings today with loads and strings off grass seeing the best demand. These cattle were most attractive in quality and flesh condition as yearling quality varied widely today, especially on packages. Producers are gathering and cleaning out any leftover yearlings to prepare for the next generation of calves. A larger calf offering than last week with demand for calves moderate to good. Many packages and just a handful of loads on offer, all off the cow. Quality varied quite a bit on calves, from plain to attractive. A wide range of shot programs, from no shots or just a 7 way to a full, comprehensive program. The wide price spreads reflect the discount buyers give to calves which have not been fully vaccinated. An active market on yearlings, moderate to active on calves. The feeder cattle futures fell sharply today putting quite a bit of uncertainty back into the fall outlook. Next feeder cattle sale is Wednesday, October 29. Supply included: 100% Feeder Cattle (58% Steers, 42% Heifers). Feeder cattle supply over 600 lbs was 48%.

FEEDER CATTLE

STEERS - Medium and Large 1 (Per Cwt / Actual Wt)

Please Note:

The above USDA LPGMN price report is reflective of the majority of classes and grades of livestock offered for sale. There may be instances where some sales do not fit within reporting guidelines and therefore will not be included in the report. Prices are reported on an FOB basis, unless otherwise noted.
