Livestock Weighted Average Report for 10/23/2025 - Final

AUCTION

	This Week	Last Reported 10/2/2025	Last Year
Total Receipts:	4,347	706	3,249
Feeder Cattle:	4,347(100.0%)	706(100.0%)	3,249(100.0%)

First large feeder cattle sale offering both spring born calves and yearlings, recent price comparisons not available. Very good demand for this nice offering of spring born calves, several large strings of calves including full load lots. The calf market was very active as there were many buyers ready to buy these good light calves. Good demand for the large offering of yearling steers and heifers, many long strings of yearlings, offered in load lots, including 1 string of 650 steers offered in multiple load lots. Flesh condition mostly moderate to moderate plus on the steers, the heifers were carrying plenty of flesh. The market was not as active on the heifers, due to their flesh condition, much more active on the more attractive fleshed steers. Another day of volatility seen in the cattle futures complex, which is causing cattle feeders to feel less certain in the direction of the fat cattle market. Next feeder cattle sale Oct 30, 2025. Supply included: 100% Feeder Cattle (69% Steers, 31% Heifers). Feeder cattle supply over 600 lbs was 75%.
