Livestock Weighted Average Report for 1/19/2026 - Final

AUCTION

	This Week	Last Reported 1/13/2026	Last Year
Total Receipts:	6,156	2,917	6,306
Feeder Cattle:	6,156(100.0%)	2,917(100.0%)	6,306(100.0%)

Compared to last week: Feeder steers and heifers unevenly steady, except 700-800 lbs steers 10.00 to 15.00 lower. Very good demand for this very large offering of home raised steers and heifers, along with a couple of consignments of long strings of yearling steers and heifers. The market was active, yet there was some pressure on the market due to the sharp declines in the cattle futures contracts last Friday. The market remains the most active on those lighter weight steers and heifers, as fewer of those light cattle in the offering. Flesh condition continues to run more towards the moderate to moderate plus as until this past weekend the weather was incredibly mild for January, cattle have been able to gain weight very easily. Prices achieved this week reflected the heavier flesh condition. Below zero temps overnight and more in the forecast for this week. Quality of home raised calves was really attractive overall. Long strings and full loads, including multiple loads commanded top prices. Flesh condition of yearlings was mostly moderate and sold accordingly, the market was active as full loads of yearlings are hard to find. Supply included: 100% Feeder Cattle (57% Steers, 43% Heifers, 0% Bulls). Feeder cattle supply over 600 lbs was 73%.

FEEDER CATTLE

STEERS - Medium and Large 1 (Per Cwt / Actual Wt)

Please Note:

The above USDA LPGMN price report is reflective of the majority of classes and grades of livestock offered for sale. There may be instances where some sales do not fit within reporting guidelines and therefore will not be included in the report. Prices are reported on an FOB basis, unless otherwise noted.
