Livestock Weighted Average Report for 3/1/2026 - 3/7/2026

LIVESTOCK SUMMARY

	Current Week	Last Reported 2/23/2026	Last Year
Total Receipts:	5,837	5,268	7,471
Feeder Cattle:	2,062(35.3%)	4,727(89.7%)	3,291(44.1%)
Slaughter Cattle:	942(16.1%)	362(6.9%)	1,392(18.6%)
Replacement Cattle:	2,833(48.5%)	179(3.4%)	2,788(37.3%)

Compared to last week: Steers 500-749 lbs sold generally steady to weak. All other weights of steers were too lightly tested last week to develop an accurate market trend, however steady to weak undertones were noticed. Heifers under 450 lbs were too lightly tested to develop any market trend, 450-649 lbs heifers sold generally steady to 10.00 lower on a lower quality offering. Heifers over 650 lbs sold generally steady in a narrow comparison. Most cattle were offered in small to moderate size packages this week and considerably smaller packages compared to last week, forcing buyers to patch together loads. Quality was mostly average this week and overall not as attractive as last weeks offering. Demand overall was good. Demand for high quality cattle, suitable to run on grass, remains very good. Replacement and feeding heifer buyers both showed very good demand for heifers which could fit both buyers needs. CME positions showed strong gains to start the week but sold off as lower cash fed cattle offers and outside influences weighted on the market. The March closed at 355.625, 0.20 higher than last Friday. The April closed at 351.62, 0.425 higher than last Friday. The May contract closed Friday at 348.075, 0.875 higher than last Friday. Market activity was mostly active despite fewer buyers and offerings. Weigh up cows sold on mostly good to very good demand for light offerings. Feeding cow demand remains the driving force in the market. Feeding cows sold mostly 3.00-8.00 higher. Private feeders pushed all offerings higher this week as they showed very good demand for offerings. A large crowd of feeding cow buyers were present at all sales this week. Feeding cows moved higher without packer support as tighter supplies and very high quality offerings helped push cow prices higher. Cow quality this week was very attractive. Weigh up conditions were mixed this week. Buyers showed willingness to take even blemished cows to feed as supplies are currently very tight as very few older cows are being marketed. Slaughter cow demand remains strong as packers continue to show good demand for limited slaughter offerings. Slaughter cows were too lightly tested to develop an accurate market trend, however higher undertones were noticed on all offerings. Slaughter bulls sold mostly 5.00-8.00 higher as packer search for lean meat to blend down excess fat currently on the market. Demand for young age cows suitable to feed or rebreed was mostly moderate to good this week. A few cows and heifers which lost calves are starting to be marketed. Demand for high quality offerings is very good. Coming 2 year old cows sold mostly 10.00-15.00 higher on an average to attractive quality offering. A large offering of bred cows was also on the market this week and sold on very good demand. A large crowd of ranchers were in the stands actively bidding on offerings to expand herds. Supply included: 35% Feeder Cattle (30% Steers, 0% Dairy Steers, 61% Heifers, 9% Bulls); 16% Slaughter Cattle (85% Cows, 15% Bulls, 0% Dairy Cows); 49% Replacement Cattle (21% Stock Cows, 71% Bred Cows, 7% Bred Heifers, 1% Cow-Calf Pairs, 1% Heifer Pairs). Feeder cattle supply over 600 lbs was 46%.

FEEDER CATTLE

STEERS - Medium and Large 1 (Per Cwt / Actual Wt)

Head	Wt Range	Avg Wt	Price Range	Avg Price
7	401-415	403	630.00-640.00	638.53

Please Note:

The above USDA LPGMN price report is reflective of the majority of classes and grades of livestock offered for sale. There may be instances where some sales do not fit within reporting guidelines and therefore will not be included in the report. Prices are reported on an FOB basis, unless otherwise noted.

Explanatory Notes:

Stage (Cattle) - Represents pregnancy stage (O = open; T1 = 1st Trimester, 1 to 3 months; T1-2 = 1st/2nd trimester, 1 to 6 months; T2 = 2nd Trimester, 4 to 6 months; T2-3 = 2nd/3rd Trimester, 4 to 9 months; T3 = 3rd Trimester, 7 to 9 months; T1-3 = all trimesters, 1 to 9 months)

Age - Numerical representation of age in years.
