Compared to last week: Feeder cattle were all too lightly tested last week to develop an accurate market trend, however higher undertones. Quality this week was average to attractive and better overall than last week. Most cattle were offered in moderate size packages. Quality was mostly average to attractive. Demand was mostly good on light to moderate supplies. CME positions improved this week. The March closed at 357.75, 8.275 higher than last Fridays close. The April closed at 351.175, 8.075 higher than last Friday. The May contract closed Friday at 346.375, 7.205 higher than last Friday. Market activity was mostly active with a larger crowd of buyers noticed all week. Weigh up cows sold on mostly good to very good demand for light offerings. Feeding cow demand remains the driving force in the market. Feeding cows sold generally steady. Major packers were back in the market this week and were very aggressive as they purchased cows to feed. Canadian buyers were not as active this week as the exchange rate turned unfavorable which made cows too high for their orders. A large crowd of feeding cow buyers were present at all sales this week. Cow quality this week was average to attractive. Weigh up conditions were mostly average to below average. Buyers showed willingness to take even blemished cows to feed as supplies are currently very tight as very few older cows are being marketed. Slaughter cow demand remains strong as packers continue to show good demand for limited slaughter offerings. Slaughter cows were too lightly tested to develop an accurate market trend, however higher undertones were noticed on all offerings. Slaughter bulls sold mostly 3.00-4.00 higher. Demand remains good as packer search for lean meat to blend down excess fat currently on the market. Feeding bull demand was mostly good to very good again this week. Feeding bulls sold 5.00-8.00 higher on very good demand. Packers and feeding bull buyers were both competing over similar offerings this week which helped improve prices on both classes. Demand for young age cows suitable to feed or rebreed was mostly good this week. Cows and heifers which lost calves are being marketed, but with very good weather conditions limited offerings are being seen. Demand for high quality offerings is very good. Coming 2 year old cows sold mostly steady to firm. Quality was average to attractive, and similar to last week. Supply included: 72% Feeder Cattle (36% Steers, 57% Heifers, 3% Bulls, 2% Beef/Dairy Steers, 2% Beef/Dairy Heifers); 18% Slaughter Cattle (81% Cows, 19% Bulls); 9% Replacement Cattle (73% Stock Cows, 20% Bred Cows, 3% Bred Heifers, 4% Cow-Calf Pairs). Feeder cattle supply over 600 lbs was 77%.
