Livestock Weighted Average Report for 4/14/2026 - Preliminary

AUCTION

	This Week	Last Reported 4/7/2026	Last Year
Total Receipts:	2,000	7,880	5,970
Feeder Cattle:	2,000(100.0%)	7,880(100.0%)	5,970(100.0%)

Compared to last week: Steer calves over 500lbs 5.00-10.00 higher, under 500lbs steady. Last week, five-weight steers were only modestly higher while flyweight steers were dollars higher; this week was the exact opposite. Heifer calves were 5.00 to 10.00 higher. While no trend will be set on unweaned cattle, it was noteworthy that unweaned steer calves were lower, while unweaned heifer calves were higher. The steer market started the day inconsistent, with some weight classes trading lower and others higher, but improved as the sale progressed. The heifer market, on the other hand, started strong and remained that way throughout the sale. Today's sale included several drafts of brahma cross steers and heifers, thin fleshed, that sold close to number 1 money. Estimated receipts for tomorrow's yearling sale are 5500 head. Supply included: 100% Feeder Cattle (54% Steers, 35% Heifers, 11% Bulls). Feeder cattle supply over 600 lbs was 24%.
