This was the first reported feeder cattle sale since spring at this sale barn. A price comparison can not be made. Moderate to good demand for a nice offering of mostly yearling steers and heifers, with a handful of lighter weight calves. Heifers were a mix of both spayed and tested open. Most of the offering was carrying light to moderate flesh, with most showing the effects of a hot, dry summer. Drought conditions and extreme heat has continued in the area, with many producers forced to make some hard decisions. Supply included: 100% Feeder Cattle (64% Steers, 36% Heifers). Feeder cattle supply over 600 lbs was 96%.
