Livestock Weighted Average Report for 9/2/2026 - Final

AUCTION

	This Week	Last Reported 8/19/2026	Last Year
Total Receipts:	1,423	1,067	0
Feeder Cattle:	1,140(80.1%)	604(56.6%)	0(0.0%)
Slaughter Cattle:	234(16.4%)	404(37.9%)	0(0.0%)
Replacement Cattle:	49(3.4%)	59(5.5%)	0(0.0%)

Compared to last sale (8-19-26): Steer and heifer calves were too lightly tested last sale to develop any market trend. Yearling steers were too lightly tested to develop any market trend. Yearling heifers were too lightly tested to develop an accurate market trend, however steady to weak undertones were noticed on all offerings. Quality this week was mostly average to attractive. Most yearling offerings were in small packages or as singles, while most calf offerings were in small to moderate size package. Demand was mostly moderate to good for both yearlings and calves. Demand for calves improved this week as several large packages of high quality calves were noticed. Calf quality was mostly attractive this week. Demand for lightweight calves suitable to develop into yearlings remains very good despite lower CME positions. Demand for calves over 450 lbs was mostly moderate to good. Demand did improve as additional buyers started loads. Yearling demand suffered as the volume of offerings limited demand. Yearling quality was mostly average today. Market activity was mostly active, with a large crowd of buyers in the stands and over the internet bidding on offerings. Weigh up cows sold on mostly light demand and light offerings. Heavier cow offerings have started to be marketed and packers have lowered bids on both cows and bulls as a result. Feeding cow quality was mostly plain to average this week. The last sale was 2 weeks ago so all comparisons are to that sale. Feeding cows sold mostly sold mostly 6.00-10.00 lower. Slaughter cows sold sharply lower on breaking flesh cows, with most sales 15.00-20.00 lower than two weeks ago. Boning and lean cows sold mostly 10.00-15.00 lower. Slaughter bulls sold mostly 18.00-20.00 lower. Weigh up conditions were mixed this sale with both full and empty offerings noticed. Young age offerings were too lightly tested both last sale and today to develop an accurate market trend. Demand for limited offerings was mostly good. Quality was mostly plain to average. Many young cows were fleshy coming off grass, especially if they have not calved. Supply included: 80% Feeder Cattle (46% Steers, 48% Heifers, 6% Bulls); 16% Slaughter Cattle (77% Cows, 22% Bulls, 1% Dairy Cows); 3% Replacement Cattle (83% Stock Cows, 17% Bred Cows). Feeder cattle supply over 600 lbs was 24%.

Please Note:

The above USDA LPGMN price report is reflective of the majority of classes and grades of livestock offered for sale. There may be instances where some sales do not fit within reporting guidelines and therefore will not be included in the report. Prices are reported on an FOB basis, unless otherwise noted.

Explanatory Notes:

Stage (Cattle) - Represents pregnancy stage (O = open; T1 = 1st Trimester, 1 to 3 months; T1-2 = 1st/2nd trimester, 1 to 6 months; T2 = 2nd Trimester, 4 to 6 months; T2-3 = 2nd/3rd Trimester, 4 to 9 months; T3 = 3rd Trimester, 7 to 9 months; T1-3 = all trimesters, 1 to 9 months)

Age - Numerical representation of age in years.
