Demand was mostly good to very good for heavy offerings. Lamb quality this week was average to very attractive and similar to last sale. Many long strings of lambs were seen this week and many were coming off range. Lambs on offer today were in mostly light flesh and offered buyers good weigh conditions, bolstering demand. Several local farmer feeders were in the stands again this sale and they showed very good demand for light weight lambs that they could slow grow until spring and market for the spring religious holiday season. Demand was very consistent this sale as buyers competed over higher quality offerings and stayed throughout the long sale which stretched into the evening. Very few woolled lambs were purchased for immediate harvest this sale as feeding demand outpaced slaughter demand. Demand for light fleshed hair lambs suitable to feed was mostly good to very good. These offerings sold mostly 20.00-30.00 higher. Most heavy weight hair lambs were purchased for slaughter this sale, these offerings sold mostly 10.00-15.00 lower than last sale. One attractive set of fed hair lambs were seen this week these offerings sold with mostly moderate demand. Market activity this sale was active with rapid bidding noticed. Slaughter ewes sold on good to very good demand. Slaughter ewes sold fully steady on good ewes, utility ewes sold mostly steady to 3.00 higher. Cull ewes were too lightly tested to develop any market trend. All goats sold on good to very good demand. Feeding kids sold sharply higher with several ranchers in the stands actively bidding on lightweight kids to feed. Feeding kids sold sharply higher with most sales 75.00-90.00 higher. Slaughter kids sold mostly 25.00-50.00 higher. Goat quality was mostly average and overall not as attractive as last sale. Supply included: 52% Feeder Sheep/Lambs (90% Lambs, 10% Hair Lambs); 32% Slaughter Sheep/Lambs (20% Hair Breeds, 74% Ewes, 2% Hair Ewes, 3% Rams, 0% Hair Rams); 0% Replacement Sheep/Lambs (100% Hair Ewes); 9% Feeder Goats (100% Kids); 7% Slaughter Goats (53% Kids, 26% Nannies/Does, 7% Bucks/Billies, 14% Wethers).
