

Advertised Prices for Specialty Crops Products at Major Grocery Store Outlets ending during the period of 10/17/2026 to 10/29/2026

The information contained in this report reflects prices advertised by major grocery retailers to consumers through circulars and digital promotions and gathered by USDA through a weekly survey.

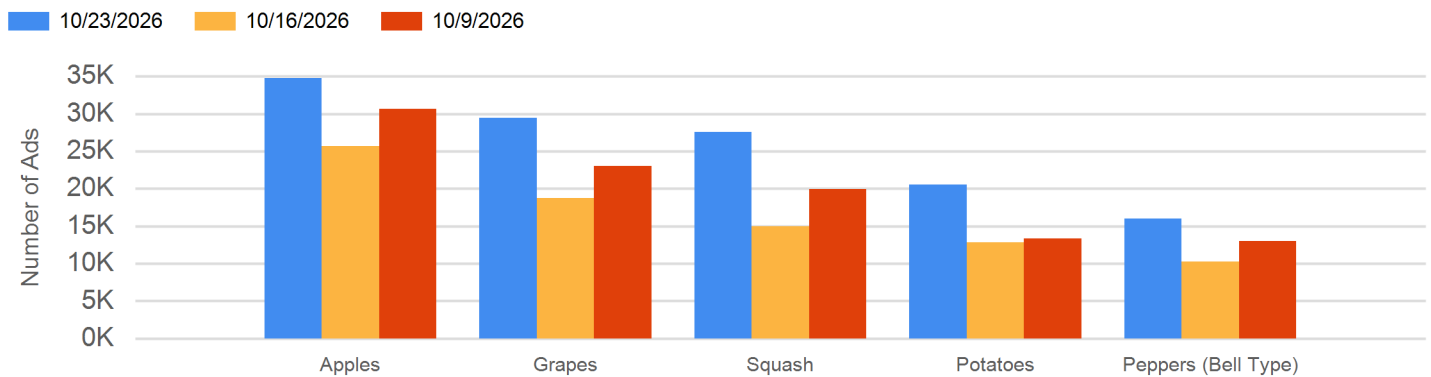

Spooky Savings

Produce prices were anything but scary this week, as grocers helped shoppers save money with lower prices across the department. Fall fruit favorites like apples, grapes and pears shared ad space with all varieties of berries and avocados. Not surprisingly, fall squash, along with pumpkins and Bell peppers, led vegetable ads, while onions and potatoes also had a strong showing. With Halloween only a week away, candy and costumes were also prominently featured. Many stores offered quick meal ideas and prepared foods for parties or football viewing. Floral departments featured colorful fall mums alongside arrangements for Dia de Los Muertos and other seasonal displays.

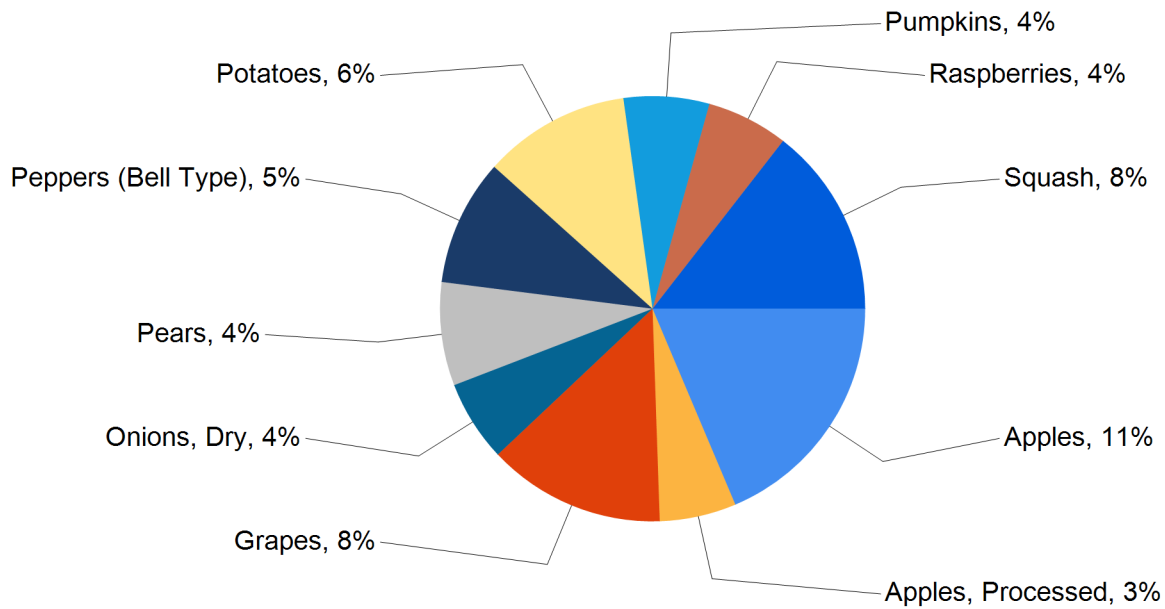

Total ad numbers this week were 327,596, a 24% increase from last week's total of 265,062. The total for the same week last year was 10% lower at 298,197. The total number of ads broken out by commodity groups: fruit 170,095 (52%), onions and potatoes 31,414 (10%), vegetables 119,032 (36%), herbs 1,740, ornamentals 2,189, hemp 653, and honey 2,473. The number of ads for organic produce was 36,628, 11% of total ads.

The following are the prices of major advertised items (3,000 plus ads) this week, compared to the same week last year. Significant increases in price for fruit this week included Bosc pears and black seedless grapes both at 14%, Bartlett pears and blackberries both at 13%, and red pears at 10%. Significant decreases included only Envy apples at 22%. Significant increases for potatoes and onions this week included only 5 lb. bags of Russett potatoes at 11%. Significant decreases included only 24 oz bags of yellow potatoes at 14%. There were no significant increases in price for vegetables this week. Significant decreases included only 10-12 oz salad mixes at 16%.
