

At Subaru of America, Inc., we're dedicated to supporting and improving the communities in which we live and work. We approach our community investments with the same drive and energy as we do all of our core business functions.

It is our aim to partner with organizations that best support the mission and practice the values of Subaru. And as the only auto manufacturer based in the Philadelphia area, we are thrilled to support the Barnes' education initiatives and to provide transportation for their educational outreach.

The principles of Corporate Social Responsibility have always been an integral part of the Subaru business in the United States. We have a strong history of building relationships with all stakeholders – employees, customers, business partners, and the community.

Our commitment to all of our stakeholders remains strong. Like Subaru products, we bring innovation and a creative spirit to building relationships with partners who share our passion and drive.

About Subaru of America, Inc.

Subaru of America, Inc. is a wholly owned subsidiary of Fuji Heavy Industries Ltd. of Japan. Headquartered in Cherry Hill, N.J., the company markets and distributes Subaru Symmetrical All-Wheel Drive vehicles, parts and accessories through a network of more than 600 dealers across the United States. All Subaru products are manufactured in zero-landfill production plants and Subaru of Indiana Automotive Inc. is the only U.S. automobile production plant to be designated a backyard wildlife habitat by the National Wildlife Federation.
