BAYLOR HEAD COACH KIM MULKEY

On the most interesting thing that was seen tonight...
“Well, I don’t know if it was interesting, but I enjoyed getting to see Te’a Cooper in action [and] the new ones. Pretty much know what to expect from the others. Those three, just watching them play. It was very much pretty obvious that we were overpowering them but at the same time we gotta play. Gotta play hard.”

On what you can get out of a game like this...
“Try not to look at the score. Try not to embarrass them. Played some zone there in the fourth quarter. Didn’t even play half my team. Just play.”

On Jordyn Oliver tonight...
“Jordyn is as ready a freshman as you’ll ever see in the country. Ready to help us play at an elite level. She’s playing point guard in practice against Te’a Cooper everyday. Her natural position is probably the wing. She’s a very talented player.”

BAYLOR SENIOR FORWARD LAUREN COX

On getting a game under her belt...
“It’s just good to not beat up on each other and go beat up on somebody else a little bit. It was good for us. Good to see some new players out there and get some good playing time and some good minutes.”

On getting back out in front of the fans...
“It’s just fun. I mean it’s a Friday night and a lot of people came out to see us play and we appreciate that. It’s always fun to get back into the Ferrell Center and play for our fans.”

BAYLOR GRAD TRANSFER TE’A COOPER

On her first in-game experience with the team...
“It was good being out there with the team. That was our first little get together so that was nice.”

On what you can take out of a game like this...
“Just learning the game. Learning how it’s supposed to be played. Learning a new system. Learning how to play with new players and just enjoying it.”
