meet information

COVID-19 Protocol

Every student-athlete should wear their mask in our facility. Those competing in field events may remove their mask when it is their turn to throw or jump, but we expect that student-athlete to put their mask back on after each attempt. Runners can take off their mask at the starting line, place it in an individual bag, and retrieve that bag at the finish line. Each of those bags will be gathered and put in separate containers, labelled with the hip/lane number.

The grandstands are reserved for those that have purchased tickets. The east side of the track, opposite side to the grandstands, will be reserved for student-athletes. Additionally, there is no access to the restrooms under the grandstands. Portable restrooms will be located in the team camp area.

Please take personal responsibility for your team to ensure masks are worn and everyone is keeping a safe distance from each other to mitigate the risk of COVID-19. Please screen student-athletes and staff before entry into our facility.

Entry Procedure

Student-athletes must be entered through Direct Athletics. You may only use marks verified on TFRRS beginning on March of 2019. If the student-athlete does not have a mark, you may enter a speculative mark, but please add a note for the speculative mark.
