Housed within the Center of Excellence for Women in STEM (CEWS), the Bay Path University Women in STEM Honors Program (WiSH) offers a four-year curriculum consisting of integrated and advanced study and research for dedicated future women scientists.

APPLICATION

The difference between science and the arts is not that they are different sides of the same coin even, or even different parts of the same continuum, but, rather, that they are manifestations of the same thing. The arts and sciences are avatars of human creativity.

MAE JEMISON
First African-American female U.S. astronaut and a physician, scientist, and teacher

TO BE SUBMITTED WITH APPLICATION:

• Having read the above Mae Jemison quote, utilize your imagination and creativity. Submit a written piece, video (three minutes or less), blog, digital portfolio, research documentation, music recording, piece of visual art or use whichever medium works best for you to express your views on the above quote.
• Applicant must submit one recommendation by an individual who can speak to the applicant’s scientific and/or research ability and potential.

MINIMUM REQUIREMENTS:

• Entering first-year — Students with a minimum high school GPA of 3.5 and a combined SAT score of at least 1200 (minimum of 600 Math/minimum 600 Verbal) or an ACT Composite of 24 with corresponding minimum ACT English of 24. Submit either SAT or ACT scores.
• Transfer students — Transfer students accepted for admission may also apply for admission to the WiSH Honors Program if they maintained a 3.75 GPA during their first year in college.

RECOMMENDATION DETAILS

Choose an individual who can speak to your scientific and/or research ability and potential.
