Amateur Sports Tourism and Wicomico County Parks

LPPRP Update, 2026

The sports tourism industry is one of the fastest-growing, resilient, and competitive industries in the United States. Through its Tourism division, Wicomico County is a major player in this space, generating millions of dollars of annual visitor spending through events hosted throughout the County. This appendix will explore Wicomico County's sports marketing efforts in the current national and regional landscape, discuss the importance of parks and the impact of park facilities on the local and regional economy, and identify future objectives necessary to keep the County relevant in the market.

Sports Tourism: A National Industry

According to the SportsETA 2026 State of the Industry Report, participatory sports tourism, which includes primarily adult and youth amateur and collegiate events, is a major economic driver in the United States, generating $60.1 billion in direct spending and $149.1 billion in total economic impact annually. The industry supports more than 880,540 jobs nationwide and contributes $11.3 billion in state and local tax revenue, underscoring its significant value to local communities and economies. Participatory sports tourism has experienced five consecutive years of growth following the pandemic, with direct travel spending increasing from $39.7 billion in 2021 to a record $60.1 billion in 2025—a more than 50% increase. This sustained upward trend reflects the continued strength and growing economic impact of sports-related travel nationwide.

In the State of Maryland, sports tourism has also had a major impact on the state's economy. In FY25, amateur sports events in Maryland contributed $311 million in direct visitor spending

and $1.1 billion in total economic impact. To help perpetuate this trend, the State initiated two grant programs (The Amateur Sports Grant and the Major Event Fund) which were designed to support amateur sporting events and large-scale events in Maryland that boost tourism. In FY25, these grants supported events which generated $18.2M in state and local tax revenues and helped support over 37,000 jobs in hospitality, retail and event management.

One of the reasons that the industry has grown so large is its resilience. Unlike leisure travelers who may be heavily influenced by economic fluctuations or seasonal demand, tournament participants and their families are more apt to travel regardless of economic conditions, providing communities with a reliable source of visitor spending. This was clearly apparent in the aftermath of the COVID-19 pandemic, as illustrated above.

As a result, more communities are desiring for a share in the market, making it a much more competitive industry. Jurisdictions across the country are building mega-sports complexes, both indoor and outdoor, in order to lure event organizers to their respective area. Other tactics, such as heavily subsidizing or incentivizing event organizers, are also becoming more commonplace. This landscape makes it much more difficult to compete, particularly for smaller and less wealthy jurisdictions, such as Wicomico County.

Wicomico County and Amateur Sports Tourism

Over the past decade, sports tourism has emerged as one of the fastest-growing segments of Wicomico County's economy. Wicomico County is uniquely positioned within the Delmarva region to capitalize on this trend. Its central location and easy accessibility allows the County to attract visitors from throughout the Mid-Atlantic region and beyond. Routes 50 E/W and 13 N/S are major roadways that provide direct access through Wicomico County, making the County the "crossroads" of the peninsula. The County is also easily accessible through air travel via the SBY Regional Airport, Maryland's 2nd largest commercial airport.

When teams travel to Wicomico County, the economic impact extends across multiple sectors:

- Hotels and lodging establishments
- Restaurants and food service providers
- Retail stores
- Fuel and transportation services
- Entertainment venues
- Local attractions
- Event vendors and suppliers

For Fiscal Year 2025, Wicomico County hosted:

- 46 organized events
- 164,000+ total attendees

DRAFT

- 48,000+ hotel room nights

Several marquee events illustrate the scale of economic activity generated by the County's sports tourism initiatives.

The USSSA Eastern National Championships, which celebrated its 20th straight year in Wicomico County in 2026, remains one of the region's largest youth sporting events in the country, bringing hundreds of teams and thousands of visitors to Wicomico County and surrounding area each summer. Across multiple tournament weeks, the event generates thousands of hotel room nights and supports restaurants, retailers, and tourism-related businesses throughout the region. In FY25, the USSSA Eastern Nationals event generated nearly 17,000 hotel room nights over three weeks and $14.9 million in total economic impact to the region.

Other high-impact events include:

- Athletx Youth World Series
- Perfect Game Baseball tournaments
- Prep Baseball Report tournaments
- Pemberton 24
- MAWA Eastern Nationals
- Governor’s Challenge

These events provide economic activity during multiple seasons of the year, helping reduce tourism seasonality and creating more consistent demand for local businesses.

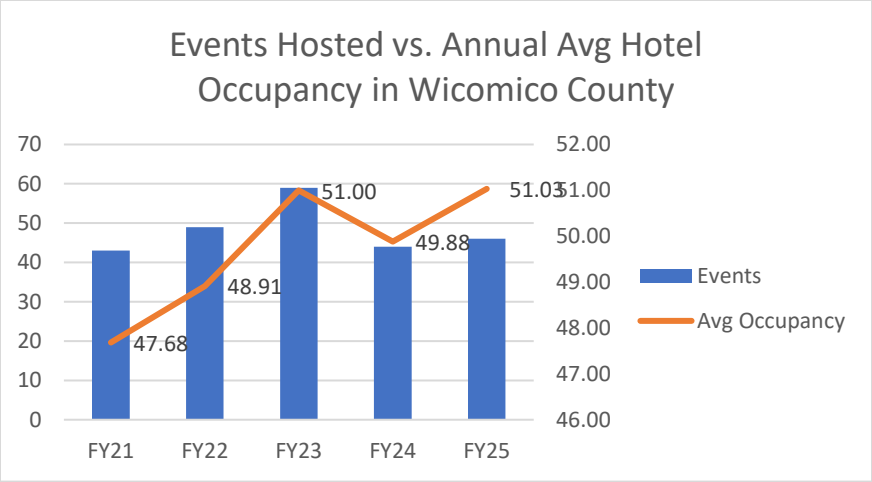

Hotel room demand directly supports:

- Employment within lodging establishments
- Local purchasing by hotels
- Tourism-related tax revenues
- Additional visitor spending throughout the community

Room tax collections have historically demonstrated a strong correlation with major event activity. As tournament attendance grows, visitors generate increased overnight stays, resulting in higher room tax receipts that support public services and tourism development efforts.

This relationship creates a positive cycle in which successful events generate revenue that can be reinvested into facility improvements, marketing efforts, and future event recruitment.

DRAFT

Additionally, many visitors experience the County for the first time through sports tournaments and special events. Positive visitor experiences can lead to future leisure travel, business investment, and potential relocation consideration.

The Importance of Park Facilities on the Local and Regional Economy

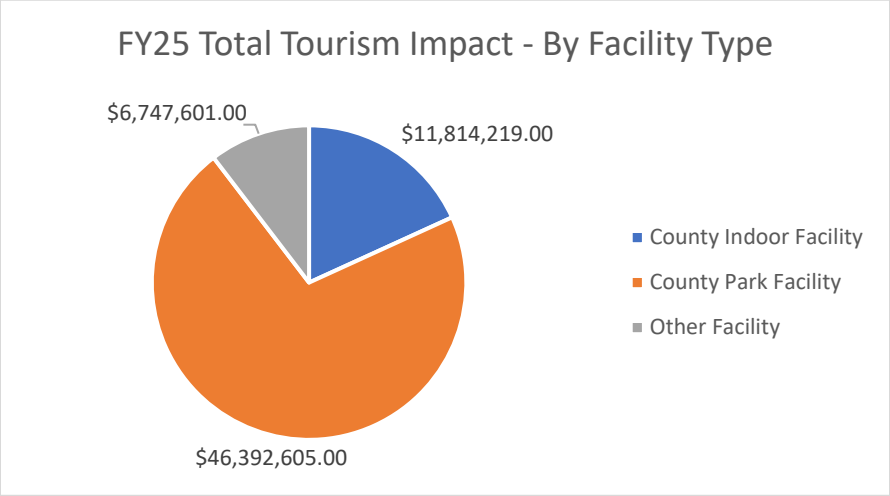

High-quality park and recreation facilities are essential investments that strengthen both communities and local economies. According to the National Recreation and Park Association (NRPA), local park and recreation agencies generated nearly $218 billion in economic activity, supported 1.3 million jobs, and contributed more than $68 billion in labor income through their operations and capital spending.

Wicomico County's parks, athletic facilities, and recreation venues serve a purpose far beyond providing recreational opportunities for residents. Collectively, these facilities function as significant economic development assets that attract visitors, generate tourism spending, support local businesses, create employment opportunities, and contribute to the County's tax base.

Of the 46 Tourism-related sporting events hosted in FY25, the County held 38 in its park system, which generated over 38,000 hotel room nights and $29 million in direct visitor spending. Just over 71% of the economic activity generated through tourism events were held in the County's outdoor recreational facilities, further illustrating the importance of the County's park system related to its tourism efforts. As a result, the County continues to invest in quality athletic facilities, parks, and event infrastructure, which has positioned the County to compete for tournaments, championships, festivals, and special events that bring visitors from outside the local market. Recent examples of this include multi-million-dollar investments in facilities such as: the Henry S. Parker Athletic Complex (HPAC), Pemberton Park, Winterplace Park, The Courts at Harmon Field, the Mason Dixon Sports Complex and various other recreation venues throughout Wicomico County.

DRAFT

These facilities enable Wicomico County to host a diverse portfolio of events ranging from youth and adult baseball, softball, pickleball, flag football, festivals, cultural celebrations, and community events.

The Henry S. Parker Athletic Complex serves as the cornerstone of the County's sports tourism strategy.

Activities held at this facility account for approximately 77% of all projected room nights generated through County tourism events. This concentration of visitation demonstrates the facility's regional significance and its ability to attract overnight travelers.

The Wicomico Civic Center also serves as another important venue, particularly for indoor events including: basketball tournaments, volleyball tournaments, wrestling competitions, and community gatherings.

Together, these facilities create a comprehensive event infrastructure capable of supporting a wide variety of tourism-generating activities throughout the year.

Beyond these direct economic benefits, park facilities also improve public health and wellness, increase nearby property values, enhance environmental resilience, and help attract businesses and workers to the County when they are considering re-location options.

This dual-purpose model allows Wicomico County to maximize the return on public investments while enhancing quality of life for residents.

Future Objectives to Keep the County Relevant

Although Wicomico County has earned a reputation for successfully hosting regional and national events, limited resources threaten its ability to retain existing events and attract new ones, especially in an increasingly competitive marketplace. As a result, the County has forged regional partnerships to leverage collective assets including event facilities, hotel inventory,

visitor attractions, and shared bid fees. This regional approach strengthens both the County and neighboring jurisdictions and helps position the Lower Shore as an ideal destination for large-scale events. The primary example of this collaborative approach is the Mid-Atlantic Amateur Sports Alliance (MAASA), a decade-long partnership between Wicomico County, Worcester County and Ocean City designed to bring large-scale amateur sporting events to the Eastern Shore. The partnership allows individual MAASA partners to share resources, expertise, and marketing efforts and ultimately recruit larger events than the jurisdiction could secure independently.

Because the national and regional landscape is so competitive, communities that continue investing in quality facilities, visitor experiences, technology, and other support infrastructure will be best positioned to capture future growth.

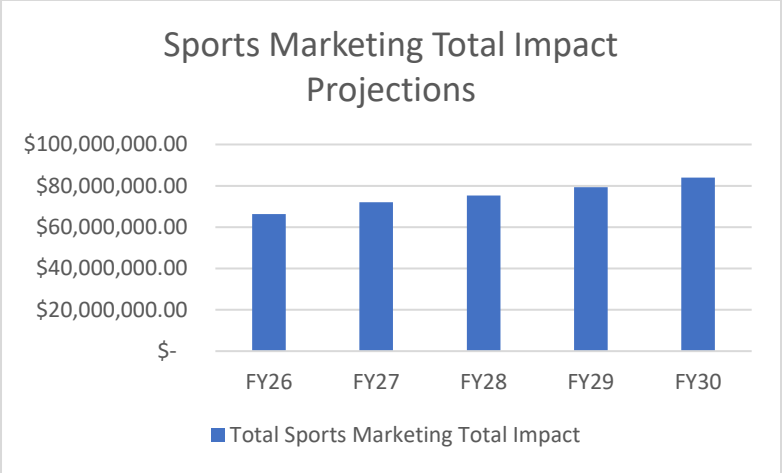

Besides regional partnerships, other tactics, Wicomico County could explore to remain competitive include:

- Expansion of existing tournament partnerships with event organizers;
- Enhancement of facilities to capture emerging sports markets such as pickleball and flag football;
- Enhancement of spectator amenities and visitor experiences;
- Strategic facility development, such as a dedicated indoor recreation space, that can be leveraged to extend the sports tourism season throughout the year;
- Expansion of local partnerships, including the Wicomico County Public Schools and private sports facility venues to enhance the County's menu of available facilities;
- Development of non-sports-related assets such as the Connelly Mill property, Pirate's Wharf, and other properties to draw visitors and support existing events.

By continuing to leverage its parks and recreation assets as economic development tools, Wicomico County can strengthen its position as a premier destination for sports tourism and special events throughout the Mid-Atlantic region.

To support the County's continued growth, the tourism division has developed a five-year strategic plan for tourism events. Economic impact projected for fiscal years 2026–2030 are included below:

DRAFT

By the end of Fiscal Year 2030, the division hopes to increase the total economic impact of tourism events to $83 million annually, representing a 27% increase over the Fiscal Year 2025 baseline. Of that projected growth, $65 million (78%) of the total annual economic impact is expected to be generated through the County's park system alone.

Conclusion

Wicomico County's parks and recreation system is a significant economic engine that generates measurable tourism activity and community benefits.

The continued success of sports tournaments, festivals, and special events demonstrates that investments in parks and recreation infrastructure deliver returns that extend well beyond recreation alone. These facilities support local businesses, generate tax revenue, create employment opportunities, enhance quality of life, and strengthen Wicomico County's reputation as a regional destination.

As the County plans for future growth, the economic contributions of its parks and recreation system should remain a key consideration in facility planning, capital investment, and tourism development strategies.

44	Boating and adaptive recreation also. The above dropdown would only allow me to pick 1 instead of 3	2/14/2026 7:30 AM
45	General Recreation--Consider programs for seniors	2/13/2026 10:39 PM
46	Back in the day (70's), Wicomico county had a summers parks program with locations through the county. Mr Bailey was the county director and my dad was the Doverdale playground director. When Mr Bailey had to step down my dad applied/was selected to fill the County director position. I don't know what caused that program to stop, but it definitely had a negative impact to summer recreation options for youth who may have been considered "at risk"from an economic standpoint. I believe that organized playground activity provided positive guidance for the youth across the county.	2/13/2026 10:24 PM
47	Specifically, I think the county is in dire need of bike *trails*, not bike *lanes* - we need more areas to hop on a bike and ride on a paved or packed dirt/gravel trail through the woods, or paved rail trail-esque areas not on roadways. If you want an example of what I mean, look at Newark Delaware's "Pomeroy Trail". It checks literally all the boxes	2/13/2026 9:26 PM
48	Disc golf - Winterplace	2/13/2026 7:12 PM
49	Multi sport parks for youth	2/13/2026 4:18 PM
50	Historical, Camping, Special Events	2/13/2026 3:27 PM
51	More options for outdoor use	2/13/2026 2:26 PM
52	public swimming pool	2/13/2026 11:53 AM
53	Pickleball courts on the east side.	2/13/2026 10:51 AM
54	Dog Park	2/13/2026 8:27 AM
55	Badly in need of a rec center for indoor sports, fitness, health etc. Snow Hill rec center is great. something similar is really needed	2/12/2026 4:40 PM
56	Connelly Mill Park should be built.	2/12/2026 11:44 AM
57	Trails for Walking and Biking	2/12/2026 9:43 AM
58	We could use more pickleball courts	2/11/2026 5:10 PM
59	The Wicomico River should be a Draw for our county. Complete Pirates Warf boating access.	2/11/2026 9:00 AM
60	We really need a Rec Center! One similar to the 2 rec centers in Worcester County would be perfect!	2/10/2026 11:40 AM
61	Picnic areas	2/6/2026 8:35 AM
62	Nature observation	1/21/2026 2:42 PM
63	We need more low-impact parks like pirates wharf. Connelly Mill would be a great site for this.	1/19/2026 11:44 AM
64	Pickleball	1/17/2026 9:43 AM

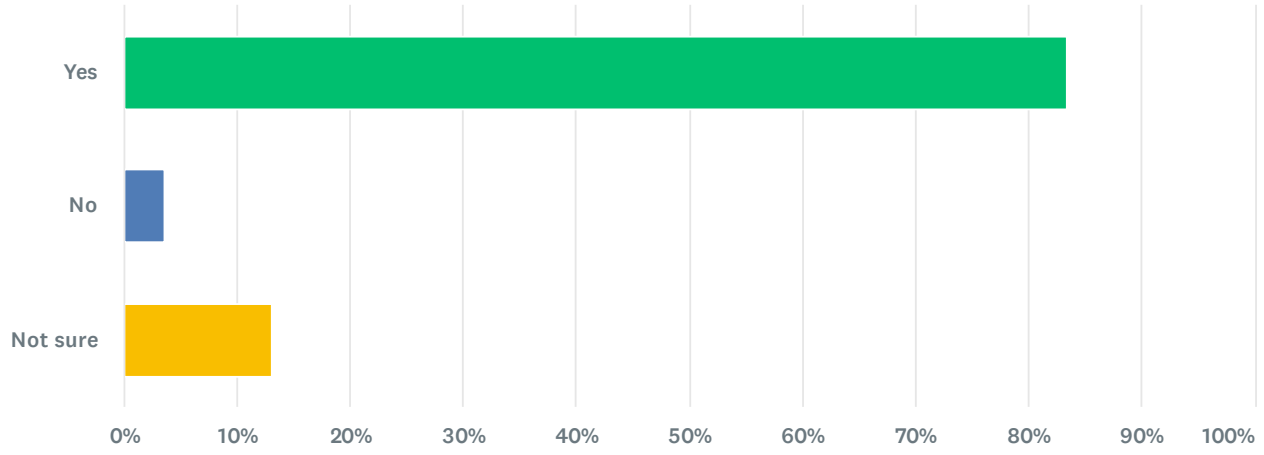

65	Indoor pickleball	1/17/2026 9:33 AM
66	Festival/Special events Playground	1/17/2026 8:14 AM
67	skateboarding	1/16/2026 11:24 AM
68	More seating along trails and parks because resting places are needed for physically challenged old and young.	1/15/2026 11:12 PM
69	Interactive arts programs - use nature to make art pieces, or make art as a group in natural settings	1/12/2026 9:43 AM
70	Playgrounds	1/11/2026 6:14 AM
71	Need an1) Must pave walking/running paths like Pirate's Wharf, Pemberton Park. 2) indoor/outdoor pool(s)!!!! YMCA is too expensive just to swim!!!!!!!!!	1/5/2026 9:50 AM
72	Paved paths rather than gravel or dirt	1/5/2026 9:38 AM
73	Dog Park	12/21/2025 7:32 PM
74	Horses,fishing	12/20/2025 7:09 PM
75	Festival/ special events	12/19/2025 6:56 PM
76	It would be nice to have a small bath house or concession stand near Roaring Point Beach	12/19/2025 3:31 PM
77	Upgrade fields, new nets, and protection for spectators	12/19/2025 2:39 PM
78	A beautiful workout park like in Ocean View, Delaware! It’s also accessible.	12/15/2025 10:23 PM
79	Summer camps	12/15/2025 10:32 AM
80	Youth football! We drive almost a half an hour away for my sons to play.	12/15/2025 10:09 AM
81	Education	12/15/2025 8:16 AM
82	This county desperately needs a public swimming pool.	12/15/2025 8:03 AM
83	Also environmental education and arts	12/14/2025 6:25 PM
84	None!	12/13/2025 6:29 AM
85	Senior activities and adaptive sports for seniors...shortage of resting seats along pathways and parks for people with handicapping conditions	12/12/2025 9:28 PM
86	Fishing AND playgrounds should equally be considered as they both need lots of work!!!	12/12/2025 7:40 PM
87	Rec center	12/12/2025 6:28 PM
88	Fishing easier to get to the ares	12/12/2025 4:53 PM
89	Soccer fields, other counties attach to their schools and have amazing areas.	12/12/2025 1:57 PM
90	Dedicated County Recreation Center like Worcester County, Snow Hill	12/12/2025 1:44 PM
91	Better picnic areas, better updated playground in safe areas, swimming pools in safe areas that's affordable, better camping areas, dog parks, clean up the water for swimming again, add archery locations	12/11/2025 9:41 PM
92	Boat ramp at pirates wharf park	12/10/2025 6:07 PM
93	Summer camp in Westside area with after camp care to encourage parents to utilize this location	12/10/2025 5:42 PM

135	Conn. Mill Property- Would love to see this property designed with nature walking trails, ponds for aquatic life. would be nice if the property was designed for younger families with children to include a nice playground and covered pavilion for picnics. Consider partnering with local animal shelters to hold events to engage with the public and other pop up events maybe even small festivals/ concerts. Although many have mixed views on this property and its uses over the past, I believe the residents in Shadow Hills would appreciate a family friendly park. Nice thing with this area is that being so close to the Delaware line Not only will it accommodate Wicomico residents, guest from Delaware will be able to enjoy the park as well.	2/19/2026 11:34 AM

Henry S Parker already has limited sensory friendly trails, but it would be great if they were expanded into the beautiful land that Connelly Mill has to offer to the community. These trails would allow for birdwatching, hiking, biking, and even lead into areas where picnicking, paddle boarding, canoeing, and many other activities can be held.	2/12/2026 7:59 PM
231	I believe that Connelly Mill is a great property to develop a park. It already has connections to the minimal trails we have coming from Henry Parker park, and it’s a beautiful area.	2/12/2026 7:54 PM
232	Connelly Mill in Delmar with low-impact activities such as wildlife observation, hiking, and fresh	2/12/2026 5:42 PM

	water fishing and paddling.	
233	Connelly Mill!!!! Walking,running, biking trails, boating, wildlife observation. Connelly Mill would help alot of people including our seniors and elderly get out and walk, spend time in nature, something proven to relieve stress and improve mental and physical health. The shady trails would be good for them. This is critical as the hot sun is a deterrent for our older community members trapping them indoors sometimes. They enjoy walking in shade and many are stuck indoors and often alone. The zoo is shady but animal smells are strong and so many young children running around, it's not great for elderly who want fresh air and a safe place to walk in nature. Construction of a community rec center like Worcester County has 2 of, is also essential whether Connelly Mill could be a location for this or elsewhere, it's badly needed. Seems there could easily be room on 234 acres for a rec center, even if you exclude the pit areas. Perhaps if a rec center was built there, the storm water management requirements could be met using the ponds already there saving money. A possible win-win on many fronts and especially with the location being central to the hub of business activity in Salisbury. Shopping, stores, restaurants, gas stations and hotels nearby would all benefit as well. People wanting to get in a little healthy exercise, walk around the ponds or trails, take their dogs to the dog park and then for a long trail walk…this could easily fit into their day while running errands or doing shopping. This encourages a more healthy lifestyle. Wicomico Co ranks low in health rankings and our diabetes and obesity rates are high. We have alot of low income families who can't afford sports and paid venues for kids to get exercise and enjoy the outdoors. VA Beach has a neat mural walking tour to encourage walking and fitness. They post maps and signs about the the tour in their sports centers and many public places directing people how to get out and get healthy. That's a cool idea that could be adapted to the north end in Salisbury and at Connelly Mill. With child and teen mental health plumeting, suicide rates quickly rising in recent years and the social media grasp, it's essential to give kids more options to get outdoors and away from devices. The Anxious Generation: How the Great Rewiring of Childhood Is Causing an Epidemic of Mental Illness is a book that delves into this. One way to combat this is to get more parks open with interesting activities for kids. They need to be inspired to be creative and nature is the best place to grow imagination.	2/12/2026 4:54 PM

249	The Connelly Mill property should be a priority. There is nothing like that area in the county and that could be a jewel of the Wicomico County parks! Really that should be the state park in the county. Trails with elevation for running are needed here. also, there could be water features - paddling, fishing. The second place that should be priority is finishing Pirate's Wharf Park. The land across the street from the park, also owned by the county, should be brought back to how it looked years ago, and actually made better. 270	Wicomico Demonstration Forest trails	2/5/2026 11:30 AM
271	We need better maintained trails and more than just Pemberton. Funny we have trails like Cordrey Tract but no one knows them and they're greatly labeled and maintained. The whole demonstration forest needs better marketing to the locals.	2/5/2026 10:16 AM
272	Connelly mill / Pirates wharf	2/2/2026 6:56 PM
273	One in which people can get to and access fairly easily. Parks with trails for biking and walking. Public bathrooms are important, places to park and picnic areas would be nice. Encourage gathering for healthy activities. Connelly Mill is suppose to be an upcoming park and the area is beautiful for all these things.	2/2/2026 4:47 PM
274	Connelly Mill Park trails, wildlife, education programs, community projects	1/22/2026 10:29 AM
275	Think Wicomico should definitely offer a state park. We are the only county in Maryland without one. Having a state park would be an asset for us. Connolley Mill would be great to expand into a partnership with the state and make into a state park.	1/19/2026 8:32 PM

306	Paved paths for walking. Dog parks divided by small and large animal areas. Aquatics facility.	1/5/2026 9:39 AM
307	For Wicomico County, partnership park agreements should prioritize improving and maintaining existing parks such as Pemberton Historical Park, WinterPlace Park, and neighborhood parks in underserved areas. High priorities should include should include accessible playgrounds and inclusive recreation for children with disabilities, safe walking and biking trails, youth sports fields, after-school and summer recreation programs, and wellness activities for families and seniors. Partnerships with schools, nonprofits, and local organizations should focus on safety improvements, lighting, cleanliness, and expanded programming while preserving natural areas and open space.”	1/5/2026 8:59 AM

Also more playgrounds designed for older kids as well as younger not just one or other and preferably not just one side of the country but all throughout!!! Bring more to east side!!!	12/12/2025 7:42 PM
347	Bring back county soccer fields with a county league. More county, low rate, everyone welcome, sports. Travel and leagues should not be the go to as there are families that can afford and or can't get play time to learn because winning and being a college prospect is more important in the travel and little leagues. There needs to be more community activities for less serious players that just want to learn and have fun.	12/12/2025 7:33 PM

407	Hiking/walking park	12/5/2025 4:18 AM
408	Walking paths on the West Side	12/4/2025 11:35 PM
409	Find a bike path for the WestSide not along a road where we bikers are not a target for distracted drivers. A crummy lane along the road offers no protection from distracted drivers. A dedicated bicycle path makes it safer for walkers, runners, bike riders of all ages and even rollerblading. The current situation is an advertisement for organ donation.	12/4/2025 9:46 PM
410	Coulbourn Mill	12/4/2025 9:11 PM
411	Sharptown would be a great place to partner for better pickleball/tennis facilities with additional seating at Cope Bennett Park. The baseball concession stand at Cope Bennet needs remodeled to hold an announcement/speaker system so we can call baseball games and hold more events, the concession stand also needs new doors, and a large window put in toward to field so we can show movies for community movie nights. We need better fishing areas that do not flood,new seating, and improved bulkhead at the free fishing area near the water plant. It is also time for an upgraded pier structure at Cherry Beach. The now regular high tides have taken a toll on the pier, and it could be redesigned to create a safer swim or wading area.	12/4/2025 9:07 PM
412	Baseball/softball fields and soccer fields.	12/4/2025 7:49 PM
413	Historical points on the Westside of Wicomico. Splash pad at Cedar Hill Park. Outdoor youth activities on the Westside. There is soooo much that can be done at these parks out here.	12/4/2025 7:47 PM
414	Accessibility for disabled individuals; parks in convenient locations for many people, especially historically underserved areas	12/4/2025 7:45 PM
415	The county needs to prioritize 1) accessibility for ALL disabled people. And should have at least 1 trail option that is paved - WITH permeable pavement- so that wheelchair users can have access to nature as well. Almost all the parks here do not have trails that are equitable for disabled people. The second highest priority for the parks should be a commitment to removing invasive species. Chinese wisteria, Bradford pear, English ivy, BLUE CATFISH etc. we are watching Salisbury be swallowed up in real time and that's detrimental to our native species from monarchs and other insects to the many species of migratory birds this area sees in the winter. We need to have more established monarch meadow areas to support pollinators and more nature programs to teach residents how incredibly important this issue is especially since this region relies on our agriculture system. None of that would be possible if we lose our biodiversity. The park system needs to fund educational programs to help reduce the impacts of blue cat at any park that has water access. I Identification boards should be put at every fishing location. Every park should have a dedicated garden area for pollinators. Environmental science programs for ALL ages should be funded heavily. Not just for children during the summer. It would be great if the county would have jobs directly tackling the invasive species problems (I would do it) not just the MD conservation corps but hired through the county and PAID not just volunteers. The annual blue cat fishing contest is a good idea but that is not enough to even make a dent. The county should encourage anglers to prioritize theses invasive species through a buy back program and partner with local restaurants to pay fisherman who catch blue catfish. Perhaps even the state would chip in. There needs to be a county wide ban on the planting of Bradford pears I'm tired of seeing them in our parks and neighborhood they are rapidly taking over. Making everyone's allergies worse and destroying biodiversity here. Also the county should start a program planting oysters at all waterfront parks that are suitable and that would be a great educational resource as well. We need to do our part to restore the bay. Which includes all its smaller tributaries that run through our county	12/4/2025 7:39 PM

435	The county desperately needs a public swimming pool!	12/4/2025 11:53 AM
436	more baseball fields for our youth, it had become a very popular sport in our areas, and the growth is exceeding the current capabilities, plus having a local avenue for girls' softball would be appreciated so our girls can prepare for future opportunities instead of being forced to do baseball which they cannot do in middle/high school. Also, baseball fields with lights to accommodate our own areas fall ball capabilities so families do not have to travel or miss out on fall ball for their children.	12/4/2025 11:53 AM

457	Connelly Mill Park has the potential to be a community resource like Pemberton Park and offer natural access to a greater population in a different part of the county. It could easily become a showcase park	12/2/2025 8:44 PM

467	Any way that we can get outside support is a win - but particularly in managing recreational facilities focused upon water (paddling particularly) and environmental education. Water is THE top environmental amenity of the lower eastern shore, and the greatest opportunity for growth in Wicomico County, where much water access is private, and the general public is massively underinformed about the beautiful paddles available to them right in Salisbury. The lack of any recreational rental infrastructure hurts.	12/1/2025 10:28 AM
468	No matter the location, one should feel safe in a public park. At this point, I would not visit any county parks because there is so much potential for violence/harm especially if you're alone.	11/29/2025 8:35 AM

480	Location - Connelly Mill and other forested or mixed land use properties. Pemberton Park is the only park that allows for longer walking and hiking opportunities by connecting to different trails. It would be fantastic to have more trail-based amenities for walking, biking in a more nature-based setting. If there is a property that is adjacent to the river, even better! Length of the trail and/or having different trail options is key. I would also advocate for the county to consider a rail trail or other walking/biking paths that are longer and are not on roadways for increased safety. One example that comes to mind is the Indian Head Rail Trail in Charles County. It is in a quiet, nature-based setting. The trail is long enough to allow for users to do substantial mileage off of a roadway.	11/25/2025 9:30 AM

494	Our residents need opportunities to experience nature and connect with our landscape. Pemberton park is great, and Pirate’s wharf is lovely, but they are not within reach for many families who don’t live nearby. Trails are fairly easy to build and maintain, especially with volunteers. There aren’t many biking trails (more akin to Trap Pond’s trails), and a space where people can stretch their legs, and be outside are vital. If those spaces can be used for festivals as well, then it will help pay for itself and bring activity to the location. You listed basketball courts as an ‘indoor’ sport, but there are only a few outdoor courts in the whole county (the pocket parks near some communities are nice, but also tucked away which may prevent usage). People need places to connect. To each other, to nature - yes, it’s vital we understand what is around us and our role in biodiversity loss. We need places to be free without expectation of paying to visit. Parks are vital. Parks are community.	11/22/2025 5:28 PM

528	Land preservation in any form. Wicomico Co is running out of natural habitat for the many forms of wildlife that are native to this area. Their survival is critical to our survival.	11/18/2025 1:41 PM
529	A dedicated indoor recreation facility. These facilities can be costly to build, maintain, and operate. Partnering with the state could help ease some of that burden. The facility could also house a minor league soccer or ice hockey team to drive in revenue to aid in operation costs as well as boost local tourism. Local soccer participation numbers are at record highs and the closure of the ice rink in Harrington has left a void on the shore that a multipurpose indoor recreation facility could fill. It could offer some opportunities for expansion as a satellite location for some of Wicomico County's hugely popular annual basketball tournament.	11/18/2025 1:36 PM

538	I am thrilled about the new proposal for a State Park in Bivalve but that's a State program. I do not believe there is anything on the East side of Wicomico County for recreation; that would be a great location, especially because of the growth in population. Winter Place is just not large enough	11/18/2025 11:48 AM
539	Maybe the State of Maryland could partnership to help with the Connelly Mill area and turn it into the recreational park it was intended. I think I read it was to provide lakes, hiking, biking. Also, there was discussion about a state park, Wetipquin Creek in Tyaskin. I feel the Connelly Mill area might be easier to bring to a park status right now than the Wetipquin area. Maybe complete the Connelly Mill area and double back to Wetipquin afterwards. I feel we definitely need both. 1	Delaware has such beautiful parks with ponds. I would love to have that more accessible to us in Wicomico County... a park like that of our own.	2/28/2026 10:29 PM
2	we need outdoor volleyball.	2/28/2026 5:27 PM
3	We desperately need safe, trail based recreation, paddle recreation and an indoor recreation center like Worcester County has in a safe area for Northern area families to enjoy.	2/28/2026 2:39 PM
4	We need a parks a Rec space. I travel to snow Hill weekly and love their facility. There are so many activities for everyone	2/28/2026 2:02 PM
5	Best of luck!	2/28/2026 10:39 AM
6	The Connelly Mill property is a great, unaffected, natural area that is a great contender for a partnership park and should become one.	2/28/2026 5:10 AM

8	Needs improvement. Now it does not look beautiful.	2/26/2026 5:50 PM
9	It would be wonderful to see more art related nature activities for both adults and kids.	2/26/2026 2:31 PM
10	Keep Connelly mill as is	2/25/2026 6:15 PM
11	We would like more parks in Wicomico County area that are child friendly and trails that allow leashed dogs. No dog parks!	2/25/2026 5:54 PM
12	I would be cautious over working with the state and giving up any ownership of lands.	2/25/2026 5:47 PM
13	Please add a kayak launch to the Pirates Wharf park	2/25/2026 4:37 PM
14	My friends and I used to walk and go birdwatching (and wildlife watching) on that property. It is so beautiful. Now it is all locked up and closed off to the public. Other options (Pirates Wharf etc.) are more than 30-45 minutes away. The forest off Naylor Mill Road is beautiful but the bikers make it a dangerous walk for older adults. I'm glad the kids have a place to ride their bikes on such nice trails but the people in the county who want to walk in nature have no options other than the city park. While the city park is nice it can't compare to what the Connelly Mill site has to offer - a place we used to have access to. Very disappointed that such a wonderful place was taken away from us. The Salisbury/Wicomico County residents who want a convenient and spectacularly beautiful place to stay active are sadly out of luck.	2/25/2026 2:23 PM
15	I think Connelly Mill Park would increase the water sites for kayaks, canoes, SUP, etc. Also think that Wicomico County needs an outdoor swimming facility and water park with sprinklers like Unity Sqare. Having the swimming pool run by the Salvation Army on Lake Street is not enough.	2/25/2026 12:37 PM
16	We need more open spaces	2/25/2026 8:59 AM
17	Complete Pirate's Wharf and look at other future possibilities.	2/24/2026 7:50 PM
18	We need more walking trails with easy parking for senior adults	2/24/2026 12:09 PM

23	Develop a bike route through Worcester, Somerset and Wicomico counties	2/22/2026 1:33 PM

24	Keep DNR at bay. They support DNR forestry who, if they had their way, all parks would like Pocomoke State Forest, which is managed solely to support the loggers and the mills. No diversity among flora or fauna.	2/22/2026 12:58 PM
25	You should partner with local entities like lower shore, land trust – not the state of Maryland, which is known for mismanaging its departments partners and budget	2/22/2026 8:18 AM
26	It would be awesome for the county to go for grant money to fund the community art space better. Look at Columbia SC and their arts program. They have a city run ceramics studio that is so affordable and offers a variety of programming. Even partnering with SU to make something more affordable pr more than just one up classes.	2/21/2026 10:17 PM
27	Our parks and natural beauty are the most amazing parts of Maryland and we need to work to keep them as protected, clean, and accessible as possible.	2/21/2026 9:40 PM
28	It’s very important to preserve our natural resources for today and for our future.	2/21/2026 2:41 PM
29	Preserving our land is essential for generations to come. Families', nature, and parks go hand in hand.	2/21/2026 1:58 PM
30	Connelly Mill should become a state or partnership park. It should become a park as soon as possible. Also, what ever happened to soccer fields?	2/21/2026 9:57 AM
31	Our local parks need better maintenance care, especially Pemberton Park.	2/21/2026 8:48 AM
32	Please save connelly mill park and the wildlife.	2/20/2026 8:02 PM
33	Please complete the development of the Connelly Mill Park. We need more green spaces in Wicomico County!	2/20/2026 5:43 PM
34	It would make a nice extension for the Henry Parker Complex	2/20/2026 3:31 PM
35	The county deserves to have this beautiful piece opened up to enjoy AND the wildlife and natural habitats deserve to be treated with respect. We have torn through our shore with construction, etc. Our wildlife needs a place to be protected.	2/20/2026 1:50 PM
36	We need to preserve our open space with all of the development going on. If we don’t preserve it now, there won’t be any for the future generations.	2/20/2026 1:05 PM
37	I think the parks that currently exist are great and I really enjoy them. I just think the additions that I mentioned would be great to enhance what exists.	2/20/2026 8:49 AM
38	In general, I'd like to see more parks with natural areas and trail for wildlife viewing. And more environmental programs for young people (and the general public) to help education them about the wonderful diversity of species we have here in Wicomico County.	2/19/2026 10:27 AM
39	We loved the marina at Cedar Hill, but no longer sail.	2/19/2026 10:03 AM
40	Wicomico County is lacking an indoor recreation center facility for the residents.	2/18/2026 11:44 PM

42	We desperately need fields with lights during daylight savings	2/18/2026 7:03 PM
43	Make fish better	2/18/2026 6:53 PM
44	CONNELLY MILL LAND WOULD MAKE A GREAT PARK. IT'S AN EASY DO AND WOULD GREATLY BENEFIT WICOMICO COUNTY CITIZENS.	2/18/2026 1:30 PM
45	Let's protect more open space in Wicomico County	2/18/2026 12:49 PM
46	Security while in the parks is a top priority	2/18/2026 12:30 PM
47	We need Connelly Mill to become a park for all. But it should be for walking, birding, family enjoyment. Not motorized vehicles or other noisy machines. Connelly Mill is a very special place that needs to be maintained as it is. The quarry makes it a very special place for birds. It should be on the order of Pemberton Park or Winterplace or Pirates Wharf. Birders would come in big numbers, and they stay in Wicomico County, and eat here too. It would be a huge boost to the local economy! And they don't damage the park in any way...just walking and birding. It's so important!!	2/18/2026 7:43 AM
48	There is a picture of a Wicomico Indian on the county seal. We know the Wicomico people	2/18/2026 12:27 AM

54	Walking trails and watching nature can be anywhere. We need more festivals and lively action.	2/17/2026 3:49 PM
55	Keep Jeep type events out of existing or soon to be parks. There are better locations for these type events not a Salisbury event. Set up a venue that might attract more national entertainment groups. Will the newly remodeled Civic Center be able to attract any name entertainers, Mannheim Steamroller was here twice and then nothing. Several Broadway shows seemed to be big hits and then nothing. Have to travel to Easton for decent entertainment or the Freeman stage. Maybe need a better person in charge to work on a better venue.	2/16/2026 11:18 PM
56	most parks do not feel safe or accessible. most playgrounds in the area are also not safe or or too secluded for me to take my children to alone and feel safe. There are too many homeless people downtown and I would never take my kids to those parks or the waterfront bc we get yelled at or they hear things they shouldn't. I wish there were more places to get out into nature that felt safe and accessible.	2/16/2026 10:27 PM

74	The Connelly Mill quarry site needs to be developed into a low-impact park as promised at the	2/12/2026 5:46 PM

	time the land was acquired by the county. The Delmar and north Salisbury areas are underserved by parks. We need green space in the midst of the heavy commercial and residential development in this area.	
75	There are ovbious community benefits, as well as economic benefits to utilizing the many unique features at Connelly Mill. The donation of the land included a future public park in the vision. What an amazing gift to have at our disposal. Hopefully it's utilized as a public park soon so it's beauty and advantages can start impacting all those who visit there!	2/12/2026 4:58 PM
76	Build Connelly Mill Park	2/12/2026 11:44 AM
77	Sometimes it’s just nice to sit by the water and watch the boats or the sunset. The best we have over looks a marina. I think we can do better.	2/12/2026 10:01 AM
78	Overall Wicomico parks are great. Anything that is dissatisfied is because I would like to see more of it.	2/11/2026 7:11 PM
79	Since East Wicomico is closing the county should put money into the park redo the barn and build an indoor arena for all the horse patrons and for the dog show to have somewhere to go.	2/11/2026 5:20 PM
80	The Riverside Boat Ramp needs to clean and upgraded. The Marina is a disgrace - No Fuel Available. Complete Pirates Wharf. Support Conley Mill Park.	2/11/2026 9:01 AM

82	Wicomico County needs more parks with trails on the East side!	2/6/2026 9:50 AM
83	We have a very nice park with Pirates Wharf but it is too far away from Salisbury, too far away for an easy schoolbus trip. Also, we need a public swimming pool. Close to Salisbury within reach of the city kids.	2/6/2026 8:40 AM
84	Please consider working with local Scout troops in your efforts to improve local parks. Del Mar Va Council is all over the shore and in Sussex County and Cub Scouts and ScoutsBSA units would be interested in service/conservation projects. Scouts are required to participate in conservation and service projects. Eagle Scouts are also a great opportunity to get larger projects completed. I have a Life Scout who is looking to complete her Eagle Scout rank by next calendar year myself. A scout is helpful and we can show up and get things done! Please consider utilizing this asset in the community.	2/6/2026 7:41 AM
85	There are no walking trails in northern wicomico county, I go into Delaware as it's closer than Pemberton Park for nature walks.	2/2/2026 6:59 PM

87	The area needs more trails 3-5 miles or greater.	1/21/2026 2:44 PM
88	I hope Wicomico can bring a state park to our county sooner than later! It would be great to see Connolley Mill Park upgraded to this status.	1/19/2026 8:35 PM

92	As an avid hiker/trail runner I feel like I can safely use the public forests because of hunting. I also can't convince anyone to come walking with me because they are afraid of hunters. Why can't we have one afternoon a week at least where we can walk in peace? Also the web sites that show where you can hunt when are confusing as all get out. I've come across hunters on Sunday where both of us thought we were in the right. This should not be this difficult! Don't suggest anything with less than 5-7 miles of trails. Don't suggest hiking in the summer.	1/17/2026 10:43 AM
93	Please keep treating Schumaker pond. It is a great asset to the area	1/17/2026 10:01 AM

102	The parks need better management. City park ppl don't pick up their poop. It's all over the place.	1/16/2026 10:55 AM
103	Trails for handicapped need to be close to level surface and places to sit and rest without sitting on the ground would improve things. Benches along trails at winterplace and Pemberton and pirates wharf inner trails would make them more useable and accessible. On slopes even a pipe railing would give something to stabilize yourself in slippery or sloped areas. Some "rails to trails" parks would be super for walking and bike riding. They are wide and already level. A network of these they our county and others would be SUPER APPRECIATED BY ALL AGES, groups AND COLORS	1/15/2026 11:25 PM

107	East Salisbury Little League fields need updated. Score board half work and some are falling apart. Some fences are falling apart and while It is a voluntary position to my understanding the president needs to be someone that can dedicate proper time to keep up with paper work and responding to parents in an appropriate time manner. Kids are aging out and need "waivers" to play say in Fruitland or West Salisbury and get no where. So kids are missing out. East needs major updates; to attract sponsors, parents, players and possibly World Series games bringing money to the area.	1/10/2026 12:02 PM
108	Completing this facility will be money well spent for the community	1/7/2026 2:55 PM
109	Publicizing available amenities online and putting up better signage would be helpful.	1/5/2026 9:40 AM
110	We need more accessible swimming locations for the whole Wicomico county. There's not much offered in or around Salisbury.	1/3/2026 11:19 AM
111	Neighboring towns have nicer baseball complexes. We have no shortage of kids interested in playing little league baseball, and we could really use more and nicer fields.	12/31/2025 4:00 PM
112	Regardless of timetable for Connelly Mill Park, it seems a terrible idea to place dredge spoils there. This property is upstream by mere yards to the main Salisbury water supply wellheads. This area should be protected for the same reasons the Naylor Mill Henry Parker land was. This protected property would abut and further protect the Leonard Mill Creek, Connelly Mill creek and headwaters of the Wicomico River, as well as the Paleochannel.	12/21/2025 7:36 PM
113	There is a park in Hebron that is totally unsafe with giant holes in the tube slide. It is frustrating to see a county park not maintained. Especially in a way that could lead to children being harmed.	12/21/2025 5:59 PM
114	The tom tyler nature trail should be maintained and open	12/20/2025 7:12 PM

118	I do not like what happened to the Cove Beach. It's not a family friendly place anymore, now that most of the people come from out-of-state and bring barking dogs, publicly sexual activity, cussing, loud music, the stench of marijuana and unsupervised children to an area that used to be peaceful, relaxing and safe for kids. The parking is an absolute mess too, with people blocking you in and then you being unable to find who it is to get them to move their car. Even with the increased presence of the police, it is still much less pleasant than it used to be. The new swimming area is also closer to underwater structures that aren't safe to swim around, and my kids have had more injuries with underwater debris than they had in all the years before the swimming area was moved. It really feels like the area has been ruined for locals and is now focused on non-Wicomico County residents. I do not see how this benefits the county- the people enjoying this area are not paying taxes here. They just ruined it for those of us who do pay those taxes. The worst part of it is that I actually love meeting new people and injecting new life into our community, but many of the crowds at the Cove just feel exploitative now. Also, the number of unsupervised young children down there is crazy. I have watched cars drop off kids as young as toddler-aged with the oldest of the group being maybe ten. This is not safe for anyone. I find myself watching over these children instead of reading my book or playing with my own children, and intervened at least twice last summer when a child's life was in danger due to not having an adult to help them out of the water.	12/15/2025 4:10 PM
119	A swimming pool or ice rink would be a welcome addition to the county's rec options.	12/15/2025 8:03 AM

129	Im willing to share my opinion on this topic because I'm from Baltimore City and I'm very familiar with recreational centers and I think this town (Salisbury) my neighborhood especially needs a playground or something for the children on my block they have nothing to do unless their parents have cars or xtra money to go elsewhere just to play and meet other kids and parents . Thank you , I always wanted to operate a Rec. Center in my area but the violence was increasing so vastly I had to pack myself and my children up to give them a safe and peaceful life !	12/12/2025 6:35 PM
130	THE PROMISED CONNELLY MILL PARK LOCATION IS DESPERATELY NEEDED TO SERVE ALL OF WICOMICO COUNTY AND NEARBY AREAS, ESPECIALLY THE NORTHERN WICOMICO / DELMAR AREA WITH ITS THOUSANDS OF NEW RESIDENTS, ESPECIALLY CHILDREN AND THE ELDERLY WHO NEED A CLOSE BY PARK, WHICH WOULD GREATLY ENHANCE HEALTHY ACTIVITIES FOR FAMILIES AND BE A UNIQUELY ACCESSIBLE CLOSE RESOURCE FOR ALL AGE CHILDREN AS A VITAL OUTLET FOR PRODUCTIVE USE OF ENERGY, POSITIVE MENTAL FOCUS, AND INCREASED SELF ESTEEM, REDUCING THE VULNERABILITY TO TEEN VIOLENCE OR SELF DESTRUCTION. ADDITIONALLY, LONELINESS IS A SERIOUS PROBLEM FOR MANY PEOPLE, ESPECIALLY THE ELDERLY AND SINGLE PEOPLE, SOME OF WHOM CONTEMPLATE SUICIDE TO STOP THEIR PAIN. CLOSE BY NATURE TRAILS AND THE LIKE IS VITALLY NEEDED TO HELP PROTECT VULNERABLE PEOPLE AND ALLOW ALL PEOPLE TO FIND A NEW SENSE OF PURPOSE, RELIEF FROM PRESSURES, AND	12/12/2025 2:40 PM

	PEACE IN THEIR LIVES, WHICH IS SO LACKING IN THIS VERY FAST PACE, STRESSFUL DAILY LIFE. WHEN PEOPLE HAVE OPPORTUNITIES TO REPLENISH THEIR INNER SPIRIT AND GET BACK IN TOUCH WITH NATURE AND ITS BEAUTY, MENTAL HEALTH CAN BE BETTER PROTECTED OR IMPROVED AND PEOPLE IN THE RATRACE BUSINESS WORLD CAN ALSO ESCAPE THE STRESSFUL GRIND AND RETURN TO THE WORKPLACE WITH A MORE REPLENISHED MIND, THUS INCREASING PRODUCTIVITY AND HAPPINESS. HAPPINESS AND PEACE IN THE PARENTS DIRECTLY IMPACTS THE LEVEL OF HAPPINESS AND PEACE IN THEIR CHILDREN, OUR MOST PRECIOUS NATURAL RESOURCE, THE QUALITY OF WHOM WILL DETERMINE THE FUTURE HEALTH OF OUR AREA. LET'S NOT TAKE THIS FOR GRANTED... BE VERY CAREFUL WITH YOUR DECISIONS...WE HAVE A ONCE IN A LIFETIME OPPORTUNITY TO DIRECT RESOURCES TO THE ALREADY PREVIOUSLY AGREED UPON CONNELLY MILL PARK, WHICH WAS DONATED TO THE COUNTY FOR THE EXPRESS PURPOSE OF GIVING ALL OF US DIRECT CONTACT WITH NATURE AND THE ABILITY TO RECREATE IN A LOW IMPACT WAY, WHILE VITALLY PROTECTING OUR PALEOCHANNEL AND ITS WATER SUPPLY THAT WE ALL CONSUME. WE DESTROY OUR OWN LIVES IF OUR BASE INFASTRUCTURE AND SURROUNDING ENVIRONMENT IS NOT HEALTHY ENOUGH TO PROMOTE SAFE CONSUMPTION AND BREATHING. WE WERE GIFTED THIS OPPORTUNITY BY A STROKE OF LUCK FOR THE PURPOSE OF ENHANCING PEOPLE'S LIVES. RIGHT NOW IS THE GREATEST PROPENSITY TO ELEVATE WICOMICO COUNTY AND NEARBY AREAS IN A DIRECTION THAT WILL REWARD TREMENDOUS BENEFITS NOW AND IN OUR FUTURE TO MILLIONS OF PEOPLE...BIG BANG FOR YOUR BUCK...COMMON SENSE DICTATES THAT WE EAGERLY PURSUE THAT REWARD, AS WAS INTENDED BY THE DONOR OF THE PROPERTY. THERE IS A HIGH PRICE TO PAY IF YOUR FUTURE NEXT DOOR NEIGHBORS, BUSINESS PROFESSIONALS, MEDICAL, LAW ENFORCEMENT, FIREMEN, MAYORS, AND COUNCILS HAD NO OPPORTUNITY IN THEIR CHILDHOODS TO BUILD RESPECTFUL ATTITUDES, POSITIVE MENTAL HEALTH, AND STABLE PERSONALITIES IN THE ONE WAY THAT GUARANTEES THE BEST CHANCE OF GROWING AN ENTHUSIASTIC, MENTALLY HEALTHY ADULT, INSTEAD OF A DYSFUNCTIONAL, NEGLECTED, DESTRUCTIVE JUVENILE CRIMINAL...AND WE ALL KNOW WHERE THOSE STATS STAND AROUND HERE CURRENTLY. WE HAVE SERIOUS WORK TO DO. PLEASE EXERCISE YOUR POWER TO INVEST IN THE FUTURE QUALITY OF OUR YOUTH AND LEADERS AND PRESERVE CONNELLY MILL PARK FOR ITS ORIGINAL PURPOSE AS AGREED UPON BY COUNTY, RESIDENTS, AND ENVIRONMENTAL ORGANIZATIONS. THIS ONE ASSET WOULD BE A MAJOR DRAWING POINT FOR PEOPLE TO PURCHASE HOMES HERE AND WHEN PEOPLE COME, BUSINESSES COME. PLEASE GET THIS DONE ASAP!! THANK YOU FOR YOUR KIND AND CAREFUL CONSIDERATION TO THIS GOLD MINE OF AN OPPORTUNITY!

132	I rarely walk outside anymore. Not enough sidewalks, too many people let their dogs run loose. More green space is always good.	12/12/2025 12:52 PM
133	A marked paved walking path. I know the parks have walking but it’s ground	12/12/2025 9:54 AM
134	Well lit, safe, restrooms with changing stations for toddlers, water fountains, a mix of shade and sun areas, learning centers on trails, easy to rent for residents for outdoor family or social events with plenty of parking, ease of access for those with disabilities, and some electrical available for example for crock pots or even charging a phone. As ecologically sound as possible integrating solar energy for power and easy recycling for events. Perhaps even a tie in with the library where a library of things can be borrowed like corn hole or bocci sets.	12/11/2025 7:36 PM

138	Wicomico County is in need of an indoor recreation center	12/10/2025 2:35 PM

146	The county and the city do not do enough to promote green areas here.	12/7/2025 7:37 PM
147	Marinas and parks could be better taken care of. Lots of items that could be done over the winter seem to not get done and become major issues in the summer.	12/6/2025 10:36 PM
148	Cedar Hill needs a concrete walk or wheelchair accessible path from parking lot to the gazebo picnic area. Many people cannot access the facility. The trails are not maintained many trees have fallen and vines blocking the paths. It currently is at the point where it’s a liability.	12/5/2025 9:11 PM

153	Soccer is the passion of many of our student-athletes, yet the county currently lacks adequate facilities to support their development. At this time, the only two county-managed soccer locations I am aware of are Kilbernie Playground and Winterplace Park. I put “fields” in quotes because the Kilbernie field is nowhere near regulation size or quality, and the goals at Winterplace are locked year-round, preventing players from using the space altogether. Our community needs at least one publicly accessible soccer field that is properly maintained throughout the year. In addition to outdoor field access, it would be tremendously beneficial to provide an indoor soccer facility. The cost of renting or participating at Crown Sports Center is simply too high, limiting opportunities for many of our players. A facility similar to the Old Washington High School Gym in Somerset County would be an ideal model—accessible, affordable, and designed to support player development.	12/5/2025 8:03 AM
154	Provide more Handicapped Access. All floating docks should be equipped with boarding assist!!	12/5/2025 1:16 AM
155	So much to offer	12/4/2025 9:11 PM
156	The Sharptown and West Wicomico Soccer leagues have brought many more people into town to use the parks. There are so many families involved that the parks are being utilized for both team and private practice. Our fields at Gene Lowe Park and Cope Bennet Park both need graded and seeded for new grass. The tennis courts are in use week after week when the weather is good. It is time to resurface them again. The courts are being used by people from all age ranges. They are a great amenity for older adults. A few more nice benches would be a nice addition. The basketball court at Gene Lowe Park could use seating.	12/4/2025 9:08 PM
157	West Salisbury Little League is over capacity. Not enough fields and there is no softball. It would also be nice to have lights at some of the fields. If you would like to play girls softball you have to go to Delmar Little League.	12/4/2025 8:51 PM
158	I love what the Westside Neighborhood Alliance is doing with activities at the Westside Community Center!	12/4/2025 8:01 PM

159	I am a former state of Maryland parks ranger and previously worked at a partnership park in Dorchester county. I loved that park but an issue with the state coming in and potentially doing a partnership park is that The Maryland state park service prefers their rangers to be more of park police than actual stewards of the land. Which I wholeheartedly disagree with. I understand the need for more money to fund everything and how bringing in the state can provide that but that would cost the county some of our autonomy. as naturalists who truly care about the land and environment when the state would rather us sit and twiddle our thumbs than try to make things better in the park so that they can conserve resources and money. The management at this partnership park in Dorchester told me it was our duty to “maintain- not improve” the park. They are not local to the area and they do not care about the resources here. The state only cares about the bottom line at the end of the day and if improvements to the park cost time and money they would rather you sit on your ass and stare out the window instead of putting in any effort to make the park nicer. Just because they don’t want the headache of paperwork. I think the MPS has far too much internal political drama to be beneficial to the county parks. In a perfect world it would be great to have a partnership park but from my experience at said Dorchester county park -The MPS is FAR from perfect.	12/4/2025 7:56 PM
160	While I am generally very pleased with the parks in Wicomico county, I would like to see more invested in environmental education programs, especially because we are in such a critical time when it comes to climate change and the degradation of the environment. The facilities should especially be accessible for young people and people with disabilities.	12/4/2025 7:46 PM
161	Finish cleaning up the parks you have before starting more projects that you will not complete properly or maintain	12/4/2025 6:43 PM

164	Improve tball field at west Salisbury little league to allow young children access to appropriate field size and conditions	12/4/2025 1:47 PM
165	More fields at West Salisbury LL	12/4/2025 12:46 PM
166	Upgrade and add more baseball fields to keep up with the growth and lights to allow families to stay close to home for fall ball season which extends more opportunity for our local area kids to play. Add options for little girls to be recognized with their own sports, softball	12/4/2025 11:59 AM
167	Wicomico County must continue to invest to maintain and grow its position in the amateur and youth sports tourism market. Building and maintaining higher quality facilities beyond Parker will aid in this effort. Projects like the renovation of the Mason-Dixon complex and improvements to Winter Place and East Wicomico Little League should be prioritized and will aid in this effort along with creating better opportunities for local residents. Additionally, it is probably time to find a new home for West Salisbury Little League and move that league and the tournaments that do utilize that facility away from the sewage treatment plant. It is not an appealing place to play and certainly does not show well to out of town guests who participate in tournaments. Easily accessible, publicly-dedicated indoor venues with flexibility in layout for a wider variety of indoor sports are also lacking. While the Civic Center and Crown Sports Center offer some opportunities, they are limited or specific to certain sports. Major modifications are needed in order to utilize those facilities for certain sports. A more flexible space would be an asset. The schools could help with that need but at best, accessing them is challenging even though they are facilities owned by the public.	12/4/2025 11:57 AM
168	Need more baseball fields on the West Side of Salisbury. WSLL is excellent, but the Program has outgrown the available land and there are limited opportunities for larger events (more revenue) and practice time when the limited fields are in use.	12/4/2025 11:56 AM
169	more baseball fields for our youth, it had become a very popular sport in our areas, and the growth is exceeding the current capabilities, plus having a local avenue for girls' softball would be appreciated so our girls can prepare for future opportunities instead of being forced to do baseball which they cannot do in middle/high school. Also, baseball fields with lights to accommodate our own areas fall ball capabilities so families do not have to travel or miss out on fall ball for their children.	12/4/2025 11:53 AM
170	Please get us more fields	12/4/2025 11:52 AM
171	West salisbury is currently landlocked and has no further room to grow. Our kids are forced to	12/4/2025 11:39 AM

	play next to a sewer plant, which as you can imagine, does not smell great on most days. There has to be somewhere else on the West side of town that our kids can play baseball.	
172	Please help us find space to add fields for the kids and families involved in Little League on the West side of Salisbury. It is such a crucial program for our youth. Other areas are able to offer Fall baseball because they have adequate lighting. West can't do that currently. Also, West has started being a site for ESTB tournament games. Those tournaments generate a lot of participation which generates a lot of revenue for our county. More fields would enable more teams and more revenue. Please help!	12/4/2025 11:39 AM
173	We need more baseball fields as well as baseball fields with lights. The kids are already falling behind other kids in warmer climates as far as being able to practice year round, but since we can't make it warmer, we could get lights for the fields so they can practice longer during the warmer months.	12/4/2025 11:37 AM
174	Cedar hill boat ramp concrete is falling apart. And the wood surrounding is rotted and busted The “new” soccer and baseball field are not taken care of and make it hard to utilize. No events are held there anymore to bring life back into the park. Ie. boat docking, turtle races, lawnmower racing, dock days things of the past that would support local business and tourism	12/4/2025 11:36 AM
175	Turf more field’s brings more money in You can run countless tournaments. You want to hang with Worcester county. Then you better wake up	12/4/2025 11:33 AM
176	We need more baseball fields please	12/4/2025 11:32 AM
177	I appreciate all that rec and parks does for our county and community and involving youth in sports.	12/4/2025 10:23 AM
178	Currently, there is no publicly accessible multi-use turf field in Salisbury. In my view, this severely limits the ability to offer organized youth sports for children in Salisbury and the surrounding area. Athletics are an essential educational resource—one that our county is missing out on. Right now, there is no community-based organization that provides children with reliable opportunities to participate in structured team sports. As a result, nearly all youth sports options have become privatized, placing a financial burden on families and reducing the number of children who can participate. Sports teach far more than physical skills. They help children develop leadership, accountability, teamwork, resilience, and confidence—qualities that strengthen our community as a whole. Without accessible facilities, Salisbury is missing the chance to support and nurture these qualities in our youth. With the same resources that countless other towns across the country provide, our children could thrive. Investing in a public multi-use turf field is not merely about sports; it is about investing in the potential, growth, and future of Salisbury’s young people.	12/4/2025 10:13 AM
179	Indoor public recreation space is a glaring need in the community. We need to build an indoor Rec Center similar to Snow Hill.	12/4/2025 9:17 AM
180	Thank you for offering the opportunity to share my opinion.	12/2/2025 8:44 PM
181	Connelly Mill should be preserved as a low impact park.	12/2/2025 6:58 AM
182	I'd like to see the county acquire ecologically significant areas, especially those bordering existing parks. Examples include the marshes adjacent to Pemberton, the wooded swamp and viewshed from Osprey Point in Pemberton, the mature forest adjoining the Pemberton entrance road, and especially the marshes adjacent to Roaring Point County Park. Roaring Point would also benefit from acquisition of adjacent upland areas that could be used for parking and low-intensity recreational facilities.	12/1/2025 11:09 PM
183	Less open green grass and more pollinator meadows and beautiful flowers and wildlife habitat.	12/1/2025 7:15 PM
184	Naylor Mill park is the best walking in the county - and we almost lost it!! Focus on putting softball fields (sports fields in general) on former corn fields, and try to set aside as many forest areas as possible for hiking/birdwatching/picnicing/ etc.	12/1/2025 10:30 AM
185	Thank you for all that Wic rec & parks offers and for all of the hard work that goes into rec & parks; make locals a priority with access to facilities and fields; do not rearrange an entire season of a youth sport in order to accommodate travel teams or travel leagues/associations; keep local rec sports alive b/c not every kid is gunning to make a travel team; constantly prioritizing travel sports, whether at the association level or by changing practices and games to accommodate kids who also play travel is teaching an entire generation of kids two important things: 1. Travel kids are more important and more valuable, always. 2. Everyone in	11/29/2025 10:25 PM

	society should make exceptions for travel kids, teams, leagues and associations.; Rec high school-aged field hockey and lacrosse are needed for the area.; youth dance classes without expensive costumes is needed. Cambridge YMCA has a good program.; youth clubs based on interest, not just camps or after school profs, are needed (STEM, nature/conservation, golf, art, photography, seasonal, service, running, etc.); Wic 4-H has been in decline, so there is a need for these clubs and interests.	
186	No matter the location, one should feel safe in a public park. At this point, I would not visit any county parks because there is so much potential for violence/harm especially if you're alone.	11/29/2025 8:36 AM
187	I'd like to see the county acquire ecologically significant land adjoining existing parks; e.g., the marshes at Pemberton, the swamps in the viewshed of the Oyster Point overlook at Pemberton, the mature forest bordering the Pemberton access road, the marshes and abandoned house between Roaring Point County Park and the developed area of Roaring Point campground, and the marshes and forest adjoining the Wetipquin access point.	11/27/2025 1:49 AM
188	Safer biking trails I love what Crisfield has along 312. Something like that in wicomico would be great	11/26/2025 10:01 PM
189	Please save and use the Connelly mill land for outdoor public activities!	11/25/2025 8:43 PM
190	Need better park management for wildlife vs sterilizing iur parks by removing shrubbery etc.	11/25/2025 7:18 PM
191	Save Connelly Mill Park	11/25/2025 6:56 PM
192	More accessible parks	11/24/2025 8:57 PM
193	Very appreciative of the parks and recs opportunities in Wico County - many and diverse. Connelly Mill would be an appropriate addition	11/24/2025 8:34 PM
194	The county should pursue the preservation of Connelly Mill, continue its work to preserve and improve Pirate’s Wharf, install a public pool, and seek to provide new recreational opportunities to support tourism and ecotourism.	11/24/2025 7:37 PM
195	Need more access for non-motorized watersports e.g, kayaking and paddleboarding. Pirates wharf, Nanticoke and Cedar hill are prime locations, but the latter two are dominated by powerboats.	11/24/2025 6:39 PM
196	I'm all for more trails, more parks, more conserved land!!!	11/23/2025 8:41 PM
197	Biking trails are sorely lacking in the county; Connelly Mill is the perfect location for outdoor exploration.	11/22/2025 10:54 PM
198	Restore the full vision for Connelly Mill Park. Stop the privatization of this open space	11/22/2025 6:45 PM
199	Connelly Mill Park should be opened up to the public as it was intended!	11/22/2025 5:34 PM
200	My family and will volunteer to bring more parks to fruition. I don’t want a dredge spot where a park was promised.	11/22/2025 5:29 PM
201	Connely Mill's development as a partnership park would be the best use of the property, plus it would protect our drinking water, preserve wetlands, and provide outdoor space that all citizens could enjoy.	11/22/2025 5:06 PM
202	Please make Connelly Mill Park a priority for funding in order to be used for the purposes intended by the donor of this parcel!	11/22/2025 10:59 AM
203	Dog park is awesome. Keep making more passive use parks.	11/22/2025 3:15 AM
204	The last amount of money would be used if Connelly Mill was made the park as promised. The land is awesome the way it is.	11/21/2025 3:33 PM
205	I think Connelly Mill Park should be developed so that the community can enjoy a safe space for birdwatching, hiking, picnicking, and many more activities.	11/21/2025 1:27 PM
206	I think Connelly Mill Park would solve the problems with not having enough trails, birdwatching, and outdoor activities that Wicomico County currently lacks.	11/21/2025 1:26 PM
207	The two spots that should take priority for the county are Pirate's Wharf - get the existing side done and start the trails on the other side of Whitehaven Road, and Connelly Mill - that's the	11/21/2025 10:48 AM

	only place in the county with any elevation. Help make outdoor activity a priority for residents. This is a very unhealthy county.	
208	Looking forward to Pirates Wharf boat ramp and completion.	11/20/2025 1:37 PM
209	Continue the upgrades to the various marinas and river side beach areas. The Cove, R Point, Pirates Cove, etc.	11/20/2025 10:26 AM
210	Community announcements & public notifications prior to development or destruction of pir woods, farms, and open land. We should have a ballot placed on the next voting session to preserve the Eastern Shore from urban development	11/19/2025 8:23 PM
211	See previous comment	11/19/2025 3:10 PM
212	Not at this time	11/19/2025 1:23 PM
213	n/a	11/19/2025 12:46 PM
214	It would be nice to have a park that offered a few camping sites that would also have handicapped bathroom and showers available and handicapped accessible trails. Also Cove Road & Roaring point Parks both need bathrooms and a couldn't I'm no MK	11/18/2025 9:24 PM
215	Offer programs for young children	11/18/2025 8:28 PM
216	Need to open a launch on the river since the one by brew river non accessible since condos never were built but parking lot gone. Need to turn dump into a nice park when full and kayaking in water area.	11/18/2025 5:31 PM
217	Who do I complain to about noise from overhead planes?	11/18/2025 5:21 PM
218	Also need to fix the ladders on the cedar hill ramp. One of the ladders is set up for an easy fall for an older or disabled person. The rung does not allow a foot only a toe to sit on it. Thx	11/18/2025 5:19 PM
219	It would be great if roots on the trails could be covered with wood chips (not slash from the landfill)	11/18/2025 4:04 PM
220	Connelly Mill Park is uniquely situated to address inequity of access to greenspace for our vulnerable urban communities. Developing Connelly Mill Park can address many social, physical and mental well being issues while protecting our natural resources and growing our economy!	11/18/2025 1:38 PM
221	Trails at Cedar hill marina are in poor condition and need to be maintained. They are currently a hazard with debris such as limbs and trees which have fallen on the paths	11/18/2025 1:29 PM
222	Please replair the boat ramp in Cedar Hill Marina. It's been promised for 2 years now and it's getting to the point the ramp is falling apart.	11/18/2025 11:49 AM
223	I feel Wicomico County Parks, Recreation and Tourism does a great job given the resources set aside for them.	11/18/2025 11:41 AM
224	Upgrading of the salisbury city parks lighting, landscaping, amenities, and expanding on using it for events should be a priority for the city as its urban footprint and its population both grow	11/18/2025 11:28 AM
225	The County did an excellent job in creating Pirates Wharf. Hats off to Parks and Rec. Took citizen input seriously and did excellent management of the design, permitting, and construction, despite the delays for Phase II caused by the pandemic. The County staff maintains the Park to high standards. The forest section of Pirates Wharf should be protected from any logging which would destroy the existing habitat for the diverse flora and fauna. Ditto with the future Connely Mill park.	11/18/2025 11:23 AM
226	Let's move forward with turning Connelly Mill Park into a park.	11/18/2025 11:12 AM

229	Would love more parks in Wicomico with trails for dogs. Also, I think the county should do more advertising regarding the trails that are currently in the county and what they have to offer.	11/18/2025 10:29 AM
230	The park in Allen, MD needs attention, the playground and parking lot is good but access to fishing is limited by the overgrowth of weeds and brush. More kids could fish and be outdoors	11/18/2025 10:18 AM

	if it was cleaned up.	
231	More bike trails	11/18/2025 10:10 AM
232	Connelly Mill Park could be a regional park that would attract so many	11/18/2025 9:42 AM
