Facility Planners • Program Managers

Catalysts for Building Community

October 9, 2006

To whom it may concern:

It is a distinct pleasure to recommend Joe Spinelli of Restaurants Consultants, Inc. I have recently worked with Joe Spinelli and his staff on a project in Washington, DC.

Restaurants Consultants, Inc. staff was a major factor in our company's success in navigating the permitting and approvals process as required by the city. As a result, we completed and opened our project on time and within their proposed budget.

Joe Spinelli and his staff have valuable experience in working through the approvals & permitting processes. Their knowledge in dealing with the Department of Consumer and Regulatory Affairs (DCRA) in the District of Columbia give them the tools to successfully contribute to any project. I look forward to the next opportunity to work with Restaurant Consultants, Inc.

I recommend Restaurant Consultants, Inc. for your approvals & permitting processes in dealing with various project types. They can be a tremendous asset to any project.

Sincerely,

Hakim B. Chambers
