

First Christian is grateful to partner with several local ministries, one being Clarity Solutions, the pregnancy resource center and medical clinic in our community that offers help and hope to those facing an unplanned pregnancy situation.

One of Clarity's visions is to share the Good News of Jesus Christ with these clients and point them to the Lord. And in 2018, 7 clients came to know the Lord for the first time!

However, Clarity is not a church. And they understand that in order for these new believers to truly experience the real and lasting transformation in Christ, one of the things they have to do is become connected and involved in a local church body.

But sometimes the gap between these individuals and a local church can seem scary and hard to walk across.

To meet this need, FCC is starting a ministry effort called the Bridge Project that helps facilitate a seamless transition for individuals from the crisis of an unplanned pregnancy to a local church body.

FCC is looking for ladies who have a heart to serve the 'least of these' in our community.

Those who join us in this effort will attend three orientation training sessions on how to love these unique and special individuals well and welcome them into the family of our church.

And not just how to 'do church' but how to be a disciple and follower of Christ. We believe this will help us toward fulfilling our mission to lead all people closer to Jesus.
