What is the Open House?

Every year we look forward to hosting our clients & friends at our famous Open House event. If you don't know what the Open House is, here's a little history on the subject:

- 2003: The first HF Open House took place to show off our newly renovated Maple Shade office. It went so well, the tradition was continued the following year.
- 2005: We had our first themed Open House and decked out the office in Hollywood props.
- 2007: Our 40th Anniversary was a major turning point for the event. For the first time, we held the Open House offsite, kept the theme a secret, and asked all of our employees to dress in costume. When our guests arrived, they were delighted to find they had been transported back to 1967 (the year we were founded) and thus a new tradition was born.

We work hard each year to think of a fantastic theme to wow our guests. The theme is top secret and unknown to anyone outside the firm until the first guests start to trickle into the venue. HFCO employees stand out as they are the only ones dressed in costume and our guests enjoy activities, food, and beverages all centered around the night's theme.

We're especially excited to be back in person this year after a two year hiatus - we can't wait to see you in November!

Get \$10 off a Lyft ride to the event!
