

A TESTIMONY OF DELIVERANCE

Fresh green new sprouts growing now
where once, there was waste, devastation and emptiness.

This can only happen because
Jesus put His precious blood all through me,
Soul, spirit, mind, and body.

Oh, yes, it will still be an uphill battle
for me to get on track again
But Jesus gave me a new start now,
Only because I let Him.

Through the eyes of Jesus I've seen
the waste, ugliness, and deception of the demons
that were inside of me
And what they did to me.

Yes, I still have a lot of work to do for myself
and it will take time
But I have Jesus inside me now, all the way.

Nothing but the blood of Jesus!
