Town of Bolton Town Green Improvements

KE will contact CBYD prior to work commencing.

KE will furnish the following, but not limited to:

-Install perimeter silt fence.

-Install anti-tracking construction entrance in an agreed upon location.

-Remove specified trees, brush, stumps – haul away and dispose.

-Strip topsoil layer, stockpile in agreed upon locations.

-Install new catch basins, upgrade existing catch basin top, connect basins with 15" HDPE pipe.

-Haul in clean fill material, spread to specified grade in specified locations. Fill material to be compacted to prevent settling.

-Excavate and install new walking path, with a compacted base, and a compacted stone dust surface.

-Form and pour concrete path ramps with detectable strips.

-Excavate, install compacted base, install sitting blocks.

-Install concrete piers for new gazebo location.

-Install crushed stone base for new gazebo location, spreading stone outside of gazebo footprint, and re-installing Belgian block.

-Spread stockpiled topsoil.

-Topsoil to be fine-graded, raked, and hydroseeded.

-Gazebo to be safely moved to library lawn, then reset to new location, via a crane service to ensure no damage to the structure.

-All proper erosion control methods will be in practice such as silt fence, hay bales, straw erosion blanket, and silt sacks installed.

Job Grand Total $241,000

The aforementioned list highlights the main objectives, but not every detail.

KE works diligently with our in-house engineer, Mike Rosado, who is an expert in layout, site survey, grading and drainage. Some of the members on the board know him from previous projects.

We have done a lot of work in Bolton, including projects for the land trust.

I personally grew up and lived in Bolton for 27 years, on the Fire Dept for 11 years, and have strong ties to the community and would love to be a part of improving it.

We have equipment to mobilize quickly and be ready to break ground.
